d) Future Market Outlook

Equity Market Overview and Outlook

FY16 marked a year of negative returns across equity markets globally with China being the worst performing with -20% return and only Mexico was positive with 5% return. The year saw the adoption of negative interest rate policy by central bank of Japan to prop up the economy much on the lines of Europe. Slowdown in Chinese growth continued to put pressure on commodities which saw sharp declines, although there was some back ended recovery. The year also saw a sharp 40% decline in the price of crude oil driven by strong supply from US and Middle East in the backdrop of slowing global demand growth. Fall in crude price further aggravated the global slowdown impact. US Fed started with a rate increase but has later turned dovish given the weak global environment and earnings slowdown in US corporates.

During FY16, undertone of the Indian market was negative with the Sensex declining by 9%, whereas the mid cap index showed a marginal decline and the small cap, a decline of 9%. This was contributed by weak corporate earnings growth despite a strong GDP number. Indian earnings remained subdued due to multiple factors such as overall slowdown in industrial growth, weak monsoons, a sharp fall in commodity prices and decline in exports. Sector performance in India reflected the weak sentiment, most showing a negative return during FY16 with realty sector seeing the highest decline at 26% and IT sector being the best performing one staying just flat. With regards to valuations, small/mid caps continue to trade at some premium to large caps and overall Indian market seems valued close to long term average multiples.

Given the backdrop of FII outflows from emerging markets, Indian equities saw outflows of 2.2bn\$ from FIIs. However, inflows from the domestic investors were strong as the Indian mutual fund industry saw net inflows of about 10.5bn\$ in equities. The year also saw many equity issuances getting support from the strong liquidity by domestic investors.

Going forward, FY17 could be crucial in terms of recovery of corporate profitability. Any revival of stalled projects and private capex recovery would be important from an industry perspective. The tone of the monsoons would also be critical after having failed two years in a row. What is encouraging is that Indian economy appears relatively more stable in terms of economic growth as many continue to remain weak. Further hope has been built with the Government's focus on fiscal consolidation and at the same time maintaining emphasis on its initiatives on overall infrastructure spending, Make in India and structural reforms. Benign inflation during the year has given room to RBI to cut rates (overall 150 bps in the last 15 months). Effective translation of these rates into the economy, enabling policy, stability in global environment and a low base effect could facilitate the foundation for earnings recovery over the next year.

Debt Market Overview and Outlook

Indian government bonds had a volatile year in FY16, with the 10 year government bond benchmark starting the year at 7.75%, and despite the swings through the year, ended the year with a smart rally at 7.46%. Yields thus ended lower by 30bps on the benchmark 10 year government bond. RBI cut rates in total by 125bps since Jan 15 (150bps if we include the 25bp rate cut in its FY17 policy on April 5, 2016), while inflation broadly stayed well behaved around the 5% zone on back of good food supply management by the government and weak demand side pressures, along with sharply lower commodity prices. The government surprised the markets by sticking to a policy of fiscal prudence despite pressure from various quarters to ease the FRBM targets. In its monetary policy on April 5 2016, the Reserve Bank of India (RBI) lowered the repo rate by 25 bps at 6.50% and increased the reverse repo rate by 25 bps to 6.0% with a view to ensuring finer alignment of the weighted average call rate with the repo rate. In its forward guidance, the RBI stated that "the stance of monetary policy will remain accommodative.

The outlook for fixed income market continues to remain positive. Economic growth continues to struggle, despite various government measures to revive it. Most growth indicators as well as corporate earnings growth projections continue to remain anemic, with little sign of any significant pick-up in the near term. Headline CPI Inflation has surprised on the downside, although core inflation is still stubbornly high above 5%. Globally, sentiment remains fragile, although past month has seen a revival in risk appetite across global markets including commodities. The government had surprised most street expectations by delivering on its promise of fiscal prudence, as required by the RBI, and also sharply reducing the small savings rate in the economy which was cited as a hindrance to transmission by the banks. Along with the 25bp rate cut in its April 2016 policy, the central bank has announced very significant changes and improvements to the liquidity framework. Short end liquidity should improve, as the government starts to spend more and also with RBI actively ensuring adequate liquidity.

On Credit risk front, FY16 was an eventful period for debt Mutual funds which saw an unfortunate payment default by one corporate and various credit rating downgrades that raised many concerns for investors. As per the CRISIL's update, while the number of upgrades in FY16 were still higher than number of downgrades in FY16, quantum of debt of firms (excluding financial sector) downgraded by CRISIL rose to an all-time high of Rs 3.8 trillion in FY16, suggesting that systemic credit quality remained under stress during the year. Many of the Public Sector Bank's credit ratings have also been downgraded during the year on account of high slippages on asset quality and lack of a strong capital base. Against the backdrop of credit downgrades, Securities and Exchange Board of India ("SEBI") has also tightened exposure norms for debt mutual funds. As we continue to have a cautious credit outlook in FY17, we remain conservative & very selective in picking up any credits based upon our robust internal credit rating approach which has helped us avoid any major exposure to any downgraded instruments in FY16.

Trustee's and Management's Responsibility for the Financial Statements

2. The Trustee of L&T Mutual Fund and the Management of L&T Investment Management Limited (the "Management") are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flow of the Scheme in accordance with the accounting policies and standards specified in the Ninth Schedule of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 and amendments thereto (the "Regulations"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

- 3. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
- 4. An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Our procedures included confirmation of securities owned and unit capital balances as at March 31, 2016 by correspondence with the custodian/others and registrar and transfer agent, respectively. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Trustee and the Management, as well as evaluating the overall presentation of the financial statements.
- 5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

- 6. In our opinion, and to the best of our information and according to the explanations given to us, the accompanying financial statements give the information required by the Regulations in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:
 - (a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2016;
 - (b) in the case of the Revenue Account, of the net surplus for the year mentioned above; and
 - (c) in the case of the Cash Flow Statement, of the cash flows for the year mentioned above.

 - (b) In our opinion, the Balance Sheet, Revenue Account and Cash Flow Statement dealt with by this report have been prepared in accordance with the accounting policies and standards specified in the Ninth Schedule of the Regulations.
- 8. As required by clause 5 (ii)(2) of the Eleventh Schedule to the Regulations, we report that the Balance Sheet, Revenue Account, and Cash Flow Statement dealt with by this Report are in agreement with the books of account of the Scheme.

L & T Mutual Fund VOTING POLICIES AND PROCEDURES

VOTING POLICIES AND PROCEDURES

Introduction

Securities & Exchange Board of India (SEBI), vide circular ref. SEBI/IMD/Cir No. 18/198647/2010 dated March 15, 2010 stipulated that mutual funds should play an active role in ensuring better corporate governance of listed Companies. In this regard, SEBI has mandated that, Asset Management Companies shall disclose their policy and procedure, for exercising the voting rights in respect of shares held on behalf of the mutual funds on their website as well as in the annual reports of the schemes. This document is drafted in pursuance of the above referred circular and clarificatory email received from SEBI on June 23, 2011.

The purpose of this document is to disclose general policies and procedures followed by L&T Investment Management Limited (LTIML) for exercising the voting rights in respect of shares held in the schemes of L&T Mutual Fund (the Fund).). LTIML understands its fiduciary duty to exercise its vote judiciously, on behalf of, and in the best interest of the unit holders of the fund. It further appreciates that voting decisions may affect the value of shareholdings.

General Voting Principles and Application

LTIML shall review all proposals, even though that may be considered to be routine matters. Since, LTIML endeavors to effectively manage its investment process and corporate governance responsibilities, in all cases each proposal will be considered based on the relevant facts and circumstances and in the best interest of the unit-holders.

LTIML will generally follow the below mentioned voting guidelines:

1. Corporate Governance matters (including changes in the state of incorporation, merger and other corporate restructuring and anti takeover provisions): Mergers and acquisitions and corporate restructuring proposals will be subject to appropriate review on a case-by-case basis to determine whether they would be beneficial to shareholders' interest. LTIML votes against anti-takeover proposals but will consider supporting measures for time periods in special circumstances.

2. Changes to capital structure (including increases or decreases of capital and preferred stock issuances): The proposals for approval to alter the capital structure of the company, such as an increase in authorized capital will generally be supported unless the same is considered to be unusual or excessive. LTIML does not generally favour shares with restricted or differential voting rights.

3. Stock option plans and other management compensation issues: LTIML would generally support proposals for Employee Stock option plans and other management compensation plans, but would oppose stock option plans and compensation, if it feels that approval of the plan would be against

shareholder interest by virtue of being excessively dilutive or seen as giving undue advantage to the management.

4. Corporate Social Responsibilities: LTIML believes in management discretion with regard to social and environmental issues and would generally support proposals on social issues that have demonstrable socio-economic benefits.

5. Appointment and Removal of Directors: The foundation of good corporate governance is in the selection of responsible and qualified, Independent Directors that are likely to diligently represent the interest of the shareholders and oversee management of the Company in the manner that will seek to maximize shareholder value over time. LTIML would generally support the Board's nominees in the election of Directors and generally support proposals that strengthen the independence of Board of Directors. However, each such proposal shall be evaluated on a case-by-case basis.

LTIML will generally vote in accordance with the above guidelines, but may act differently if the relevant facts and circumstances so warrant in the interests of the shareholders.

Exceptionally, LTIML may also decide to abstain where it does not have sufficient information or where LTIML wish to give a cautionary message to a Company. LTIML may also decide to abstain from voting for holdings in schemes which follow a passive philosophy towards investment.

Voting procedures

Voting in respect of proposals covered by these guidelines shall be executed by LTIML's Investment Operations team based on voting instructions received from the Investment Management Team. Proposals not covered by these guidelines would be evaluated by the Investment Management team of LTIML. LTIML may utilize the services of third party professional agencies for getting in-depth analysis of proposals and recommendations on voting. In case if the voting done by LTIML is at a variance from the recommendation provided by the service provider, approval will be obtained from either the Head of Equities or the Chief Executive Officer. Generally voting decisions on the proposals are communicated to the custodians, who in turn cast the votes on behalf of LTIML. LTIML retains the discretion to vote directly, wherever feasible.

There may be situations in which LTIML may be unable to vote, or may choose not to vote, examples of such cases are : (i) proxy ballot not received from the Custodian of the schemes of the Fund, (ii) notice of the meeting received too late; (iii) fees being imposed upon the exercise of a vote and it is determined that such fees outweigh the benefit of voting; (iv) there being legal encumbrances to voting, including blocking restrictions in certain markets that preclude the ability to dispose of a security if LTIML votes or where LTIML is prohibited from voting by applicable law or other regulatory or market requirements, including but not limited to, effective Powers of Attorney; (v) the Fund holding shares on the record date but the same been sold prior to the date of the meeting; (vi) proxy voting service not offered by the Custodian of the Fund in the relevant market; etc

L&T Mutual Fund

Conflict of Interest

LTIML recognizes that there may be a potential conflict of interest (may be in form of the company being a group / associate company or the company having investments in the schemes of the Fund) when it votes on an entity with which LTIML may have a significant relationship. In such cases, LTIML will ensure to vote in the interest of the unit holders and in accordance with the guidelines stated herein. All investments by the schemes are made based on strong fundamentals of a Company.

Review and control

This document and the actual exercise of voting will be placed before/ circulated to the members of the Investment Management Committee of LTIML on a periodic basis. Internal controls and checks are in place at various key steps in the process of exercise of votes as considered relevant/material by LTIML. On an annual basis, the voting process shall be subject to audit as per requirements under SEBI Regulations.

Disclosure requirements

In accordance with SEBI circular IMD/Cir No. 18/198647/2010 dated March 15, 2010 and CIR/IMD/DF/05/2014 dated March 24, 2014, LTIML shall disclose the following:

1. Voting policy and procedures will be made available on the website of the Fund.

2. LTIML shall disclose on its website and in the annual report of the schemes of the Fund distributed to the unit-holders, actual exercise of its voting in general meetings of listed Companies in the format as prescribed in the SEBI circulars from time to time.

Further on an annual basis, LTIML shall obtain Auditor's certification on the voting reports being disclosed by LTIML for the Schemes of the Fund. Such Auditor's certification shall be submitted to trustees and also disclosed in the relevant portion of the Mutual Funds' annual report and website.

Board of LTIML and LTMFTL shall review and ensure that LTIML has voted on important decisions that may affect the interest of investors and the rationale recorded for vote decision is prudent and adequate. The confirmation to the same, along with any adverse comments made by auditors, shall be reported to SEBI in the half yearly trustee reports.

This policy will be effective from July 21, 2015.

Dear Mr. Kulkarni,

Re: Certificate on review of disclosure of Votes Cast by L&T Mutual Fund

We refer to our appointment for conducting a review of disclosure of votes cast by L&T Mutual Fund in relation to the equity shares held in the schemes, for the year ended March 31, 2016. The scope of our activities was to review the accuracy of disclosure of votes cast by the Mutual Fund as required by SEBI Circular No. CIR/IMD/DF/05/2014 dated March 24, 2014.

Based on our discussions with the Mutual Fund, the terms of reference for the review were as follows:

- Communication of voting decisions to the Custodian.
- Execution of voting decisions by the Custodian.
- Timeliness and accuracy of reporting of voting decisions on the Website.

Our review methodology for conducting this assignment was as follows:

- Process walkthrough was conducted to gain an understanding of the process and flow of information relating to casting of votes and its disclosures.
- Accuracy of reporting on the website vis-à-vis decisions communicated to the Custodian was reviewed based on data provided by the Fund House.

<u>ANEJA ASSOCIATES</u>

CHARTERED ACCOUNTANTS

Timeliness and accuracy of reporting by the Fund House was validated.

Our review was focused on conducting three-way reconciliation between the decisions communicated to Custodian; report on execution of decisions by Custodian and disclosures made on the website.

We have limited our review to verify if voting decision as communicated by the Mutual Fund was duly executed by the Custodian and accurately disclosed by the Mutual Fund House on their Website. We have not reviewed the accuracy / appropriateness of rationale for the voting decision.

We have relied on the following data provided to us in relation to the above and no independent validation of data was conducted:

- List of disclosures made on a quarterly basis on the website by the Mutual Fund.
- Instructions given by the Mutual Fund to Custodian for exercising the voting rights clearly indicating their decision.
- Execution Report received from the Custodian confirming the execution of voting rights clearly indicated the decision.
- E-mails from IT team confirming time of upload on the website.

During the year ended March 31, 2016, a total of 2,328 decisions were available to the Mutual Fund for exercising the voting rights in respect of equity shares held in the schemes of L&T Mutual Fund.

We conducted our review based on the above terms of reference and methodology and noted that the compliance to the requirement was in order.

ANEJA ASSOCIATES CHARTERED ACCOUNTANTS

We request the Mutual Fund to submit the certificate to the Trustees, as required by the regulation.
