

The time is ripe to focus on winners.

Invest in L&T Focused Equity Fund

In a growing economy, there are some companies that exhibit good growth and earnings regardless of the business cycle. And while business cycles are directional indicators, only the right stock selection can lead to better returns. The expertise of the fund manager is critical in managing a concentrated portfolio that can achieve a higher risk-return profile.

Why Invest in L&T FOCUSED EQUITY FUND?

- Multicap portfolio of maximum 30 stocks that are sector and market-cap agnostic
- Spot companies that have good business run by able management at reasonable valuation
- Aimed to deliver higher alpha, albeit with higher volatility
- Suitable for aggressive investors looking for capitalising on the long-term growth potential of Indian equities
- Bottom-up stock selection using our proprietary G.E.M investment approach
- Strong investment process and risk management team that carries out ongoing evaluation

Fund Manager's Outlook

Various phases of the economic cycle throw up diverse stock picking opportunities. Past analysis of the Indian market shows that every rolling five-year period, wealth created in multiple sectors and stocks. The ongoing market correction has thrown up a lot of opportunities across various sectors & market caps. This fund with its differentiated strategy of being focused wants to capture the best opportunities that are available in the market. The construction of the portfolio is driven by our basic philosophy of bottom up stock picking.
