- **Foreign Account Tax Compliance Act (FATCA) / Common Reporting Standard (CRS) (“Reporting Guidelines”)**

- **FATCA:**

Foreign Account Tax Compliance Act (“FATCA”) is a United States of America’s (“USA”) law. The main objective of FATCA is to target tax non-compliance by USA tax payers having foreign accounts as the taxation in USA is on global income of USA tax payers.

FATCA’s focus therefore is reporting by US tax payers of their foreign financial accounts and offshore accounts and foreign financial institutions of all other countries to USA’s Internal Revenue Services (“IRS”) either directly or through respective local authority, about financial accounts held by USA tax payers or foreign entities in which USA tax payers hold substantial ownership interest.

Indian government is willing to co-operate in this initiative and has signed an agreement with USA.

The impact of this agreement on Indian financial institutions as defined in the agreement will be that such financial institutions (including asset management companies for respective mutual funds) will have to report certain information (like account balance, details of transactions and such other things that may be required from time to time) of specified US persons as defined in the agreement, to IRS through the specified Indian authority, on a periodic basis.

- **CRS**

On similar lines as FATCA, the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released a "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI).

On June 3, 2015, India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the "source" jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries, such information having to be transmitted "automatically" annually. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the "resident" countries.

In order to comply with the Reporting Guidelines and related rules applicable to Indian financial institutions, L&T Investment Management Limited (“LTIM”) may seek certain information and/ or documents from all its investors.

If any investor does not provide the required information or document, LTIM/ the Fund may not be able to provide the information sought under the Reporting Guidelines. In such an event, LTIM and / or the Fund may be considered in non-compliance with the Reporting Guidelines.

The applications that are incomplete with respect to providing of any information pertaining to the Reporting Guidelines, will be liable to be rejected. Any change in the information already provided to LTIM / Fund, should be informed to LTIM/Fund within 30 days of the change.

In case any of the information/document provided is found to be false or untrue or misleading or misrepresenting, the investor shall be held liable for it.

The investor authorizes updation of the records (relating to the Reporting Guidelines) basis the information/ documents received by LTIM/ Fund/ Registrar and Transfer Agent from other SEBI Registered Intermediaries. Further, the investor authorizes LTIML/Fund/Registrar and Transfer Agent, to share the information provided by the investor with other SEBI Registered Intermediaries to facilitate single submission/ updation.

Further, as may be required by domestic tax authorities, the investor authorizes LTIM/ Fund/Registrar and Transfer Agent to provide relevant information to upstream payors to enable withholding to occur and pay out any sums from the investor's account or close or suspend investor's account(s) under intimation to the investor.

The penalty of non-compliance with FATCA provisions on the Scheme could be 30% withholding tax on US Sourced income payable to the Scheme (like dividend income and amount of proceeds to be received on sale of any US investment made by the Scheme). This could impact investors, as the amount available for investment by the Scheme will be less to that extent. This withholding being penalty, the amount is not recoverable.

We believe that LTIM and the Fund are in compliance with requirements under the Reporting Guidelines; however, since the requirements under the Reporting Guidelines are complex, compliance at all times may not be assured.

LTIM, Trustee Company, the Fund or the Sponsor do not solicit or market any Scheme of the Fund outside of India. Please note that none of our distributors is authorized to solicit business from any place outside of India or market any of the Schemes of the Fund outside of India. Investors who are eligible to invest in the Scheme as per any of the regulations, therefore, may invest after considering tax implications or other regulatory implications of investing in the Scheme of the Fund in their country of residency, tax residency or citizenship other than of India.

In case the applicant / investor has registered multiple bank accounts with the AMC, pay-in from such registered single or multiple accounts can be treated as payments from the applicant's / investor's bank account.

The AMC / Registrar may check that the name mentioned in the certificate matches with the first named applicant / unit holder.
- d) If the payment for investments is made by RTGS, NEFT, ECS, bank transfer, etc., applicant / investor should attach to the Application Form, an acknowledged copy of the instruction to the bank also stating the bank account number which has been debited with the investment amount. - e) If the payment for investments is made through net banking and debit cards (if such facility is available), the AMC will endeavour to obtain the details of the bank account debited from the payment gateway service provider and match the same with the registered pay-in accounts. In case, the payment is not made from a registered bank account or is made from an account not belonging to the first named applicant / unit holder, the AMC/Registrar shall reject the application. Internal Notes:

1. Non traded/ thinly traded securities shall be valued "in good faith" by the asset management company on the basis of the valuation principles laid down below :
 - (a) Based on the latest available Balance Sheet, net worth shall be calculated as follows
 - (b) Net Worth per share = [share capital+reserves (excluding revaluation reserves) – Misc. expenditure and Debit Balance in P&L A/c] Divided by No. of Paid up Shares.
 - (c) Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose.
 - (d) The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 10% for ill-liquidity so as to arrive at the fair value per share.
 - (e) In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.
 - (f) In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero.
 - (g) In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security.
2. Unlisted equity shares of a company shall be valued "in good faith" on the basis of the valuation principles laid down below:
 - a. Based on the latest available audited balance sheet, net worth shall be calculated as lower of (i) and (ii) below:
 - i. Net worth per share = [share capital plus free reserves (excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by Number of Paid up Shares.
 - ii. After taking into account the outstanding warrants and options, Net worth per share shall again be calculated and shall be = [share capital plus consideration on exercise of Option/Warrants received/receivable by the Company plus free reserves(excluding revaluation reserves) minus Miscellaneous expenditure not written off or deferred revenue expenditure, intangible assets and accumulated losses] divided by {Number of Paid up Shares plus Number of Shares that would be obtained on conversion/exercise of Outstanding Warrants and Options }
 - b. Average capitalisation rate (P/E ratio) for the industry based upon either BSE or NSE data (which should be followed consistently and changes, if any, noted with proper justification thereof) shall be taken and discounted by 75% i.e. only 25% of the Industry average P/E shall be taken as capitalisation rate (P/E ratio). Earnings per share of the latest audited annual accounts will be considered for this purpose.
 - c. The value as per the net worth value per share and the capital earning value calculated as above shall be averaged and further discounted by 15% for illiquidity so as to arrive at the fair value per share.

The above methodology for valuation shall be subject to the following conditions:

- i. All calculations as aforesaid shall be based on audited accounts.
- ii. In case where the latest balance sheet of the company is not available within nine months from the close of the year, unless the accounting year is changed, the shares of such companies shall be valued at zero. i. All calculations as aforesaid shall be based on audited accounts.
- iii. If the net worth of the company is negative, the share would be marked down to zero.
- iv. In case the EPS is negative, EPS value for that year shall be taken as zero for arriving at capitalised earning.
- v. In case an individual security accounts for more than 5% of the total assets of the scheme, an independent valuer shall be appointed for the valuation of the said security. To determine if a

security accounts for more than 5% of the total assets of the scheme, it should be valued in accordance with the procedure as mentioned above on the date of valuation.

At the discretion of the AMC and with the approval of the trustees, an unlisted equity share may be valued at a price lower than the value derived using the aforesaid methodology.

In case of any deviation due to non-availability of any parameters required for valuation as per SEBI Regulations quoted above, the methodology used for valuation shall be documented and recorded.

3. Valuation of merged/Demerged entity:

Valuation of merged entity will be arrived at by summation of previous day's last quoted closing price of the companies prior to merger.

Where one of the demerged companies is not immediately listed, valuation price will be worked out by using previous day's last quoted closing price before demerger ("Pre-demerger Price") reduced for the last quoted closing price of the listed company after demerger ("Listed Price"). In cases where the Listed Price is equal to or in excess of the Pre-demerger Price, it is proposed that the non-traded share of the hived off company be valued at zero. Currently if the Listed Price is less, the hived off company is valued at the difference between the Pre-demerger Price and Listed Price ("Valuation Price").

In cases where the hived off company is more than one and such companies are not listed, it is proposed that the Valuation Price be allocated between the unlisted hived off companies on an appropriate basis like price earnings ratio/ net worth/ any other measure, as per the decision of the Valuation Committee.

In cases where post demerger, none of the companies are listed, it is proposed that Pre-demerger Price be allocated between all the resultant companies on an appropriate basis like price earnings ratio/ net worth/ any other measure, as per the decision of the Valuation Committee.

Cost allocation shall be proportionate to the derived value of all the resultant companies.

3.1 Un-Listed / Thinly Traded Securities by way of Corporate Action:

In case of corporate actions where the possible re-listing of the entity is envisaged or an adequate guidance is provided by the company, then no discount shall be applied to the derived price of unlisted entity. However, derived price shall be periodically (every three months from ex-date) reviewed by Valuation Committee.

Except for primary issuance through book building, polling shall be conducted to identify outlier trades. However, in case of any issuance through book building which is less than INR 100 Cr, polling shall be conducted to identify outlier trades.

Note 2

Some examples of exceptional circumstance would be stale spreads, any event/news in particular sector/issuer, rating changes, high volatility, corporate action or such other event as may be considered by valuation agencies. Here stale spreads are defined as spreads of issuer which were not reviewed/updated through trades/primary/polls in same or similar security/issuers of same/similar maturities in waterfall approach in last 6 months.

Further, the exact details and reasons for the exceptional circumstances which led to polling shall be documented and reported to AMCs. Further, a record of all such instances shall be maintained by AMCs and shall be subject to verification during SEBI inspections.

Note 3

All trades on stock exchanges and trades reported on trade reporting platforms till end of trade reporting time (excluding Inter-scheme transfers) should be considered for valuation on that day.

Note 4

It is understood that there are certain exceptional events, occurrence of which during market hours may lead to significant change in the yield of the debt securities. Hence, such exceptional events need to be factored in while calculating the price of the securities. Thus, for the purpose of calculation of VWAY of trades and identification of outliers, on the day of such exceptional events, rather than considering whole day trades, only those trades shall be considered which have occurred post the event (on the same day).

The following events would be considered exceptional events:

- i. Monetary / Credit Policy
- ii. Union Budget
- iii. Government Borrowing / Auction Days
- iv. Material Statements on Sovereign Rating
- v. Issuer or Sector Specific events which have a material impact on yields
- vi. Central Government Election Days
- vii. Quarter end days

In addition to the above, valuation agencies may determine any other event as an exceptional event. All exceptional events along-with valuation carried out on such dates shall be documented with adequate justification.

2. Definition of tenure buckets for Similar Maturity

When a trade in the same ISIN has not taken place, reference should be taken to trades of either the same issuer or a similar issuer, where the residual tenure matches the tenure of the bond to be priced. However, as it may not be possible to match the exact tenure, it is proposed that tenure buckets are created and trades falling within such similar maturity be used as per table below.

Residual Tenure of Bond to be priced	Criteria for similar maturity
Up to 1 month	Calendar Weekly Bucket
Greater than 1 month to 3 months	Calendar Fortnightly Bucket
Greater than 3 months to 1 year	Calendar Monthly Bucket
Greater than 1 year to 3 years	Calendar Quarterly Bucket
Greater than 3 years	Calendar Half Yearly or Greater Bucket

In addition to the above:

- a. In case of market events, or to account for specific market nuances, valuation agencies may be permitted to vary the bucket in which the trade is matched or to split buckets to finer time periods as necessary. Such changes shall be auditable. Some examples of market events / nuances include cases where traded yields for securities with residual tenure of less than 90 days and more than 90 days are markedly different even though both may fall within the same maturity bucket, similarly for less than 30 days and more than 30 days or cases where yields for the last week v/s second last week of certain months such as calendar quarter ends can differ.
- b. In the case of illiquid/ semi liquid bonds, it is proposed that traded spreads be permitted to be used for longer maturity buckets (1 year and above). However, the yield should be adjusted to account for steepness of the yield curve across maturities.
- c. The changes / deviations mentioned in clauses a and b, above, should be documented, along with the detailed rationale for the same. Process for making any such deviations shall also be recorded. Such records shall be preserved for verification.

3. Process for determination of similar issuer

Valuation agencies shall determine similar issuers using one or a combination of the following criteria. Similar issuer do not always refer to issuers which trade at same yields, but may carry spreads amongst themselves & move in tandem or they are sensitive to specific market factor/s hence warrant review of spreads when such factors are triggered.

- i. Issuers within same sector/industry and/or
- ii. Issuers within same rating band and/or
- iii. Issuers with same parent/ within same group and/or
- iv. Issuers with debt securities having same guarantors and/or
- v. Issuers with securities having similar terms like Loan Against Shares (LAS)/ Loan Against Property (LAP)

The above criteria are stated as principles and the final determination on criteria, and whether in combination or isolation shall be determined by the valuation agencies. The criteria used for such determination should be documented along with the detailed rationale for the same in each instance. Such records shall be preserved for verification. Similar issuers which trade at same level or replicate each other's movements are used in waterfall approach for valuations. However, similar issuer may also be used just to trigger the review of spreads for other securities in the similar issuer category basis the trade/news/action in any security/ies within the similar issuer group.

4. Recognition of trades and outlier criteria

i. Volume criteria for recognition of trades (marketable lot)

Paragraph 1.1.1.1(a) of SEBI vide circular no. SEBI/HO/IMD/DF4/CIR/P/2019/102 dated September 24, 2019 on Valuation of money market and debt securities, prescribes that the marketable lots shall be defined by AMFI, in consultation with SEBI. In this regard, marketable lot is defined as under.

The following volume criteria shall be used for recognition of trades by valuation agencies:

Parameter	Minimum Volume Criteria for marketable lot
Primary	INR 25 cr. for both Bonds/NCD/CP/CD and other money market instruments
Secondary	INR 25 cr. for CP/ CD, T-Bills and other money market instruments
Secondary	INR 5 Cr for Bonds/NCD/G-secs

Trades not meeting the minimum volume criteria i.e. the marketable lot criteria as stated above shall be ignored.

ii. Outlier criteria

It is critical to identify and disregard trades which are aberrations, do not reflect market levels and may potentially lead to mispricing of a security or group of securities. Hence, the following broad principles would be followed by valuation agencies for determining outlier criteria.

- a. Outlier trades shall be classified on the basis of liquidity buckets (Liquid, Semi-liquid, and Illiquid). Price discovery for liquid issuers is generally easier than that of illiquid issuers and hence a tighter pricing band as compared to illiquid issuers would be appropriate.
- b. The outlier trades shall be determined basis the yield movement of the trade, over and above the yield movement of the matrix. Relative movement ensures that general market movements are accounted for in determining trades that are outliers. Hence, relative movement over and above benchmark movement shall be used to identify outlier trades.
- c. Potential outlier trades which are identified through objective criteria defined above will be validated through polling from market participants. Potential outlier trades that are not validated through polling shall be ignored for the purpose of valuation.
- d. The following criteria shall be used by valuation agencies in determining Outlier Trades

Liquidity Classification	Bps Criteria (Yield movement over Previous Day yield after accounting for yield movement of matrix)		
	Up to 15 days	15-30 days	Greater than 30 days
Liquid	30 bps	20 bps	10 bps
Semi-liquid	45 bps	35 bps	20 bps
Illiquid	70 bps	50 bps	35 bps

The above criteria shall be followed consistently and would be subject to review on a periodic basis by valuation agencies and any change would be carried in consultation with AMFI.

- e. In order to ensure uniform process in determination of outlier trades the criteria for liquidity classification shall be as detailed below.

Liquidity classification criteria - liquid, semi liquid and Illiquid definition

Valuation agencies shall use standard criteria for classifying trades as Liquid, Semi-Liquid and illiquid basis the following two criteria:

- a. Trading Volume
- b. Spread over reference yield

Such criteria shall be reviewed on periodic basis in consultation with AMFI. Trading Volume (Traded days) based criteria:

Number of unique days an issuer trades in the secondary market or issues a new security in the primary market in a calendar quarter

- Liquid >=50% of trade days
- Semi liquid >=10% to 50% trade days
- Illiquid <10% of trade days

Spread based criteria:

Spread over the matrix shall be computed and based on thresholds defined, issuers shall be classified as liquid, semi liquid and illiquid. For bonds thresholds are defined as up to 15 bps for liquid; >15-75 bps for semi-liquid; > 75 bps for illiquid. (Here, spread is computed as average spread of issuer over AAA Public Sector Undertakings/Financial Institutions/Banks matrix), For CP/ CD- up to 25 bps for liquid; >25- 50 bps for semiliquid; >50 bps for illiquid. (Here, spread is computed as average spread of issuer over A1+/AAA CD Bank matrix).

The thresholds shall be periodically reviewed and updated having regard to the market. The best classification (liquid being the best) from the above two criteria (trading volume and spread based) shall be considered as the final liquidity classification of the issuer. The above classification shall be carried out separately for money market instruments (CP/ CDs) and bonds.

1. Process for construction of spread matrix

Valuation agencies shall follow the below process in terms of calculating spreads and constructing the matrix:

Steps	Detailed Process
Step 1	<p>Segmentation of corporates- The entire corporate sector is first categorized across following four sectors i.e. all the corporates will be catalogued under one of the below mentioned bucket:</p> <ol style="list-style-type: none"> 1. Public Sector Undertakings/Financial Institutions/Banks; 2. Non-Banking Finance Companies -except Housing Finance Companies; 3. Housing Finance Companies; 4. Other Corporates
Step 2	<p>Representative issuers - For the aforesaid 4 sectors, representative issuers (Benchmark Issuers) shall be chosen by the valuation agencies for only higher rating {I.e. "AAA" or AA+}. Benchmark/Representative Issuers will be identified basis high liquidity, availability across tenure in AAA/AA+ category and having lower credit/liquidity premium. Benchmark Issuers can be single or multiple for each sector. It may not be possible to find representative issuers in the lower rated segments, however in case of any change in spread in a particular rating segment, the spreads in lower rated segments should be suitably adjusted to reflect the market conditions. In this respect, in case spreads over benchmark are widening at a better rated segment, then adjustments should be made across lower rated segments, such that compression of spreads is not seen at any step. For instance, if there is widening of spread of AA segment over the AAA benchmark, then there should not be any compression in spreads between AA and A rated segment and so on.</p>
Step 3	<p>Calculation of benchmark curve and calculation of spread -</p> <ol style="list-style-type: none"> 1. Yield curve to be calculated for representative issuers for each sector for maturities ranging from 1month till 20 years and above. 2. Waterfall approach as defined in Part A (1) above will be used for construction of yield curve of each sector. 3. In the event of no data related to trades/primary issuances in the securities of the representative issuer is available, polling shall be conducted from market participants 4. Yield curve for Representative Issuers will be created on daily basis for all 4 sectors. All other issuers will be pegged to the respective benchmark issuers depending on the sector, parentage and characteristics. Spread over the benchmark curve for each security is computed using latest available trades/primaries/polls for respective maturity bucket over the Benchmark Issuer.

	5. Spreads will be carried forward in case no data points in terms of trades/primaries/polls are available for any issuer and respective benchmark movement will be given
Step 4	<ol style="list-style-type: none"> 1. The principles of VWAY, outlier trades and exceptional events shall be applicable while constructing the benchmark curve on the basis of trades/primary issuances. 2. In case of rating downgrade/credit event/change in liquidity or any other material event in Representative Issuers, new Representative Issuers will be identified. Also, in case there are two credit ratings, the lower rating to be considered. 3. Residual tenure of the securities of representative issuers shall be used for construction of yield curve.

Part B: Valuation of G-Secs (T-Bill, Cash management bills, G-Sec and SDL)

The following is the waterfall mechanism for valuation of Government securities:

- VWAY of last one hour, subject to outlier validation
- VWAY for the day (including a two quote, not wider than 5 bps on NDSOM), subject to outlier validation
- Two quote, not wider than 5 bps on NDSOM, subject to outlier validation
- Carry forward of spreads over the benchmark
- Polling etc.

Note:

1. VWAY shall be computed from trades which meet the marketable lot criteria stated in Part A of these Guidelines.
2. Outlier criteria: Any trade deviating by more than +/- 5 bps post factoring the movement of benchmark security shall be identified as outlier. Such outlier shall be validated through polling for inclusion in valuations. If the trades are not validated, such trades shall be ignored.

II. AMFI GUIDELINES ON POLLING PROCESS FOR MONEY MARKET AND DEBT SECURITIES

Please refer to Paragraph 2.2.5 of SEBI vide circular no. SEBI/HO/IMD/DF4/CIR/P/2019/102 dated September 24, 2019 on Valuation of money market and debt securities, which prescribes that considering the importance of polling in the valuation process, guidelines shall be issued by AMFI on polling by valuation agencies and on the responsibilities of Mutual Funds in the polling process, as part of the waterfall approach for valuation of money market and debt securities. In this regard, the following Guidelines were approved by the Board of AMFI, in consultation with SEBI.

Polling Guidelines:

1. Valuation agencies shall identify the Mutual Funds who shall participate in the polling process on a particular day, taking into account factors such as diversification of poll submitters and portfolio holding of the Mutual Funds. Mutual Funds who are identified by the valuation agencies shall necessarily participate in the polling process. However, in case any Mutual Fund does not participate in the polling process, detailed reason for the same shall be recorded at the time and subsequently made available during SEBI inspections. In this respect, since a Mutual Fund may have investments in similar securities, a security not forming part of investment universe may not be considered as an adequate reason for not participating in the polling process.
2. Polling will be carried out on a daily basis by the valuation agencies, in terms of points 9-11

- below.
3. Each valuation agency needs to take polls from at least 5 unique Mutual Funds on a daily basis. Hence, between the two valuation agencies 10 unique Mutual Funds to be polled. They may cover more Mutual Funds, over and above this. For benchmark securities a poll constituting at least 5 responses will be considered as valid. In case of non-benchmark securities a poll constituting at least 3 responses will be considered as valid. The responses received by each valuation agency will be shared with the other agency also.
 4. Median of polls shall be taken for usage in valuation process.
 5. The valuation agencies will also need to cover as many non- Mutual Fund participants as possible, over and above the Mutual Funds, to improve on the polling output quality.
 6. Endeavour would be made to have adequate representation of both holders and non-holders of the same bond/same issuer for non-benchmark securities in the poll process. Where this is not possible, valuation agencies may seek polls from holders of bonds with a similar structure.
 7. In the case of issuers with multiple notch rating upgrades / downgrades over short periods of time, valuation agencies shall:
 - a. Conduct polls with a larger universe of pollers.
 - b. Increase the frequency of polling
 8. Suo-moto feedback on valuations should be entertained only through formal mails from persons designated by AMC for said purpose, and the same shall be validated through re-polling. Any such feedback shall be duly recorded by the valuation agencies, including the reason for the challenge, results of re-polling and subsequent changes in valuation on re-polling, if any. Such records shall be preserved by the valuation agencies, for verification.
 9. Polling will be done for two sets of securities, Benchmark & Others.
 10. Benchmark will be defined for the following categories across tenors.
 - a) Treasury Bills
 - b) Central Government Securities
 - c) State Government Securities
 - d) AAA PSU IPFI IPSU Banks
 - e) AAA Private
 - f) NBFC
 - g) HFC
 - h) Any other as required for improving fair valuations.
 11. Polling shall be conducted in the following two scenarios:
 - a) Validation of traded levels if they are outlier trades.
 - b) Non-traded Securities (in exceptional circumstances as defined in the waterfall mechanism for valuation of money market and debt securities).
 12. Best efforts should be made by poll submitters to provide fair valuation of a security.
 13. The polling process will be revalidated by external audit of the valuation agencies with at least an annual frequency
 14. AMCs shall have a written policy, approved by the Board of AMC and Trustees, on governance of the polling process. The aforesaid policy shall include measures for mitigation of potential conflicts of interest in the polling process and shall identify senior officials, with requisite knowledge and expertise, who shall be responsible for polling. Further, the policy should outline the following aspects:
 - a. The process of participating in a polling exercise.
 - b. Identify the roles and responsibilities of persons participating in the polling.
 - c. Include policies and procedures for arriving at the poll submission
 - d. Cover the role of the Board of AMC and Trustees, and the periodic reporting that needs to be submitted to them.
 - e. All polling should be preferably over email. In case for any reason, the polling is done by way of a telephonic call then such a call should be over recorded lines, followed subsequently by an email.
 - f. AMCs should have adequate business continuity arrangements for polling, with the necessary infrastructure / skill to ensure that consistent delivery of poll submissions is made

without material interruption due to any failure, human or technical.

15. All polling done will have to be documented and preserved in format approved by the Board of AMC, for a period of eight years, along-with details of the basis of polling (such as market transactions, market quotes, expert judgement etc.).
16. AMCs shall ensure that participation in the polling process is not misused to inappropriately influence the valuation of securities. The officials of the AMC who are responsible for polling in terms of point no. 14 above, shall also be personally liable for any misuse of the polling process.
17. AMCs shall maintain an audit trail for all polls submitted to valuation agencies.

Inter-Scheme Transfer

Inter-scheme transfers shall be done in conformance with regulatory requirements and applicable internal policies at prevailing market prices.

For debt Securities

- i. IST of Securities will be done as per the average prices provided by AMFI approved Valuation agencies currently CRISIL & ICRA.
- ii. If prices from the valuation agencies are received within the pre- agreed TAT as per AMFI, an average of the prices so received shall be used for IST pricing.
- iii. If price from only one valuation agency is received, that price may be used for IST pricing.
- iv. If prices are not received from any of the valuation agencies, AMC may determine the price for the IST, in accordance with Clause 3 (a) of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996

#Disclaimer:

By using the valuation contained in this document, the user acknowledges and accepts that the valuations are provided severally (and not jointly) by the service providers and are subject to the following disclaimers and exclusion of liability which operate severally to the benefit of the relevant service provider and AMFI. The valuation uses the methodology discussed by the service providers with the Association of Mutual Funds of India (AMFI) and reflects the service providers' assessment as to the value of the relevant securities as at the date of the valuation. This is an indicative value of the relevant securities on the valuation date and can be different from the actual realizable value of the securities. The valuation is based on the information provided or arranged by or on behalf of the asset management company concerned (AMC) or obtained by the service providers from sources they consider reliable. Neither AMFI nor the service providers guarantee the completeness or accuracy of the information on which the valuation is based. The user of the valuations takes the full responsibility for any decisions made on the basis of the valuations. Neither AMFI nor the service providers accept any liability (and each of them expressly excludes all liability) for any such decision or use.

Please note that the above-mentioned Valuation Policy may change from time to time in accordance with changes in SEBI (Mutual Funds) Regulations as amended from time to time.

4. Expenses and Incomes Accrued

All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, major expenses like management fees and other periodic expenses would be accrued on a day to day basis. The minor expenses and income will be accrued on a periodic basis, provided the non-daily accrual does not affect the NAV calculations by more than 1%.

5. Changes in securities and in number of Units

Any changes in securities and in the number of Units will be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible, given the frequency of NAV disclosure, the recording may be delayed up to a period of 7 days following the date of the transaction, provided as a result of such non recording, the NAV calculation shall not be affected by more than 1%

In case the NAV of the Scheme(s) differs by more than 1%, due to non - recording of transactions, the investors or Scheme(s) as the case may be, shall be paid the difference in amount as follows:-

- If the investors are allotted units at a price higher than NAV or are given a price lower than NAV at the time of sale of their Units, they shall be paid the difference in amount by the Scheme(s).
- If the investors are charged lower NAV at the time of purchase of their Units or are given higher NAV at the time of sale of their Units, the AMC shall pay the difference in amount to the Scheme(s). The AMC may recover the difference from the investors.

The valuation guidelines as outlined above are as per prevailing Regulations and are subject to change from time to time in conformity with changes made by SEBI.

6. Accounting Policies and Standards

In accordance with SEBI Regulations, the AMC will follow the accounting policies and standards detailed below:

1. The AMC shall keep and maintain proper books of accounts, records and documents, for all the Schemes so as to explain its transactions and to disclose at any point of time the financial position of any Scheme and, in particular, to give a true and fair view of the state of affairs of the Fund.
2. For the purposes of the financial statements, the Fund shall mark all investments to market and carry investments in the balance sheet at market value. However, since the unrealised gain arising out of appreciation on investments cannot be distributed, a provision shall be made for exclusion of this item when arriving at the distributable income.
3. In respect of all interest-bearing investments, income shall be accrued on a day to day basis as it is earned. Therefore, when such investments are purchased, interest paid for the period from the last interest due date up to the date of purchase shall not be treated as a cost of purchase but shall be debited to interest recoverable account. Similarly, interest received at the time of sale for the period from the last interest due date up to the date of sale shall not be treated as an addition to sale value but shall be credited to interest recoverable account.
4. In determining the holding cost of investments and the gains or loss on sale of investments, the "average cost" method shall be followed.
5. Transactions for purchase or sale of investments shall be recognised as of the trade date and not as of the settlement date, so that the effect of all investments traded during a financial year are recorded and reflected in the financial statements for that year. Where investment transactions take place outside the stock market (for example, acquisitions through private placement or purchases or sales through private treaty), the transaction shall be recorded, in the event of a purchase, as of the date on which any Scheme obtains an enforceable obligation to pay the price, or, in the event of a sale, when the Scheme obtains an enforceable right to collect the proceeds of sale or an enforceable obligation to deliver the instruments sold.
6. Where income receivable on investments has accrued but has not been received for the period as specified in the SEBI guidelines for identification and provisioning for NPAs, provision shall be made by debiting to the revenue account the income so accrued in the manner specified in the SEBI guidelines for identification and provisioning for NPAs. Insofar as provision for the principal amount is concerned, the same shall be provided as specified in the aforesaid guidelines.

7. When Units are sold, the difference between the sale price and the face value of the Unit, if positive, shall be credited to reserves and if negative, shall be debited to reserves, the face value being credited to the capital account. Similarly, when Units are repurchased, the difference between the Purchase Price and face value of the Unit, if positive, shall be debited to reserves and, if negative, shall be credited to reserves, the face value being debited to the capital account.
8. When Units are sold, an appropriate part of the sale proceeds shall be credited to an equalisation account, and when Units are repurchased an appropriate amount shall be debited to equalisation account. The net balance on this account shall be credited or debited to the revenue account. The balance on the equalisation account debited or credited to the revenue account shall not decrease or increase the net income of any Scheme but shall only be an adjustment to the distributable surplus. It shall therefore be reflected in the revenue account only after the net income of a Scheme is determined.
9. The cost of investments acquired or purchased shall include securities transaction tax, brokerage, stamp charges and any charge customarily included in the broker's bought note. In respect of privately placed debt instruments, any front-end discount offered shall be reduced from the cost of the investment.
10. Dividend income earned by the Scheme shall be recognised on the date on which the investment is quoted on an ex-dividend basis, not on the date on which the dividend is declared. For investments, which are not quoted on the stock exchange, dividend income shall be recognised on the date of declaration.
11. Bonus shares to which the Scheme becomes entitled shall be recognised only when the original shares to which the bonus entitlement accrues are traded on the stock exchange on an ex-bonus basis. Similarly, rights entitlements shall be recognised only when the original shares on which the rights entitlement accrues are traded on the stock exchange on an ex-rights basis.

The accounting policies and standards outlined above are consistent with the existing SEBI Regulations and are subject to changes made from time to time by the AMC and / or Trustee Company. However, such changes must be in conformity with the SEBI Regulations.

As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Investor / Unit holder is advised to consult his / her own professional tax advisor.

TAX IMPLICATIONS TO UNITHOLDERS

Tax on income in respect of units:

As per the provisions of Section 10(35) of the Act, income other than Capital Gains received upto 31st March, 2020 in respect of units of a mutual fund specified under Section 10(23D) of the Act is exempt from income tax in the hands of the recipient unit holders.

With effect from 1st April, 2020, such income is taxable in the hands of the recipient units holders as per the applicable tax rates.

Equity Oriented Mutual Fund Scheme

Tax on capital gains:

As per section 2(42A) of the Act, units of the equity-oriented scheme held as capital assets, for a period of not more than 12 months immediately preceding the date of transfer, will be treated as short-term capital assets for the computation of capital gains; where the holding period is more than 12 months, they would be treated as long-term capital assets. Section 47 of the Act, provides that transfer of units in relation to consolidation of two or more similar schemes of mutual fund and transfer of units in relation to consolidation of plans within a scheme of mutual fund in accordance with SEBI (Mutual Fund) Regulations will not be regarded as a transfer under the Act and thus would not liable to capital gains tax.

Long-term and short-term capital gains arising to unit holders from the transfer of units of the Scheme will be taxable at the following rates:

Nature of income	Tax rate*
Short-term capital gains on transfer of units in an equity oriented mutual fund, either to the Mutual Fund or on a recognized stock exchange	Income-tax payable at 15 percent provided transfer of such units is subject to Securities Transaction Tax ('STT') Additionally, STT is charged by the Mutual Fund on the said redemption / buy back of the units.
Long-term capital gains on transfer of units in an equity oriented mutual fund either to the Mutual Fund or on a recognized stock exchange	Income tax payable at 10% on long term capital gains (computed without indexation benefit) exceeding Rs. 1 lakh provided transfer of such units is subject to STT. Additionally, STT is charged by the Mutual fund on the said redemption / buy back of the units.

* In addition to the aforesaid tax, surcharge at the following rates is also payable:

- In case of Individuals / HUF/ AOP/ BOI, where the total income exceeds Rs. 50 lakhs but not exceeding Rs. 1 crore - at the rate of 10% of the tax liability; where the total income exceeds Rs. 1crore – at the

- rate of 15% of the tax liability; Higher surcharge rate of 25% and 37% is not applicable on short term capital gains taxable under section 111A and long term capital gains taxable under section 112A.

 - In case of domestic companies other than those opting for concessional tax rate under Section 115BAA or 115BAB, where the income exceeds Rs. 1 crore - at the rate of 7% of the tax liability and if income exceeds Rs 10 crores then at the rate of 12%.
 - *In case of FPI/FII, the tax rate and surcharge will depend on the structure of FPI/FII

In all cases, additional cess called - Health and Education Cess at 4%, will also be levied on the aggregate of tax liability and applicable surcharge.

In the case of non-resident investors, the above rates would be subject to relief under the applicable Double Tax Avoidance Agreement / Treaty (DTAA). As per circular no. 728 dated October 1995 by CBDT read with provision of Section 90(2) of the Act, in the case of a remittance to a country with which a DTAA is in force, the tax should be deducted at the rate provided in the Finance Act of the relevant year or at the rate provided in DTAA whichever is more beneficial to the assessee. As per the Finance Act 2013 r.w. sub-sections (4) and (5) of Section 90, in order to claim the benefits under the DTAA, the assessee would have to provide a “certificate of his being resident” from the government of the country in which he/she is a resident. In addition to the said certificate, the concerned non-resident is also required to provide certain information in Form 10F such as status, nationality, Tax Identification Number, period for which the assessee is a resident in the concerned country, address and a declaration that the certificate of him/her being a resident is obtained. If any information in Form 10F is already provided in the “certificate of residency”, the same need not be provided again in the form.

However, where the unit holder, resident or non-resident, does not furnish his /her/ its Permanent Account Number (PAN) to the mutual fund, then tax will be withheld at the rate of 20% even if the relevant DTAA or the Act provide for a lower rate. However, this higher withholding tax rate of 20% may not apply for non-residents if the following details are furnished by the non-resident recipient:

- Name, e-mail id, contact number;
- Address in the country or specified territory outside India of home country of the non-resident;

- twice the rate specified in the relevant provision of the Act; or
- twice the rate or rates in force; or
- the rate of five per cent

Where provisions of section 206AA is applicable to a specified person, in addition to section 206AB, the tax shall be deducted at higher of the rates provided in the two sections. “Specified person” means a person who has not filed the returns of income for both of the two assessment years relevant to the two previous years immediately prior to the previous year in which tax is required to be deducted, for which the time limit of filing return of income under sub-section (1) of section 139 has expired; and the aggregate of tax deducted at source and tax collected at source in his case is rupees fifty thousand or more in each of these two previous years. In case an investor has purchased Units on more than one Business Day (either under the New Offer Period or through subsequent purchases) the Units purchased first (i.e. those Units which have been held for the longest period of time), will be deemed to have been redeemed first i.e. on a First-In-First-Out basis.

The AMC may mandatorily redeem Units of any Unit holder in the event it is found that the Unit holder has submitted information either in the application or otherwise that is false, misleading or incomplete or if the minimum balance is not maintained.

If a Unit holder makes a redemption request immediately after purchase of Units, the Fund shall have a right to withhold the redemption request till sufficient time has elapsed to ensure that the amount remitted by him (for purchase of Units) is realized and the proceeds have been credited to the concerned Scheme's Account. The redemption request can be made on a pre - printed form that should be submitted at any of the Investor Service Centres of the AMC or the Registrar on any business day post allotment of units.

The repurchase would be permitted to the extent of credit balance in the Unit holder's account. The repurchase request can be made by specifying the rupee amount or the number of Units to be repurchased.

If, in the course of redemption/switch-out from the Scheme, the balance units/amount available under a Scheme falls below the minimum redemption size requirement, all units in the Scheme would be redeemed/switched-out.

Unit holders may also request for redemption of their entire holding and close the account by indicating the same at the appropriate place in the Redemption Request Form. Where however, the Unit holder wishes to redeem Units for a specified amount, then the amount to be paid on redemption will be divided by the redemption price, and the resultant number of Units will be redeemed.

The redemption cheque will be payable at par at all the places where the Investor Service Centres are located. The bank charges for collection of cheques at all other places will be borne by the Unit holder. For redemptions by way of cheques is proposed to be sent by courier (where such facilities are available). Any Units, which by virtue of these limitations are not redeemed on a particular Business Day, will be carried forward for redemption to the next Business Day, in order of receipt. Redemptions so carried forward will be priced on the basis of the Applicable NAV (subject to the prevailing load) of the Business Day on which redemption is made. Under such circumstances, to the extent multiple redemption requests are received at the same time on a single Business Day, redemptions will be made on pro-rata basis, based on the size of each redemption request, the balance amount being carried forward for redemption to the next Business Day(s). If, in the course of redemption/switch-out from the Scheme, the balance units/amount available under a Scheme falls below the minimum redemption size requirement, all units in the Scheme would be redeemed/switched-out.

In respect of Units held in dematerialised mode, the provisions pertaining to minimum balance amount/number of Units will not be applicable.

- **Suspension of Sale and Redemption of Units**

Suspension or restriction of repurchase / redemption facility under any scheme of the mutual fund shall be made applicable only after the approval from the Board of Directors of the AMC and the Trustee Company. Accordingly, the Board of Directors of Trustee Company and AMC may decide to temporarily suspend determination of NAV of any of the Schemes of L&T Mutual Fund, and consequently sale and redemption of units, in any of the following events:

1. When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme are closed otherwise than for ordinary holidays.
2. When, as a result of political, economic or monetary events or any circumstances outside the control of the Trustee and the AMC, the disposal of the assets of the Scheme is not reasonable, or would not reasonably be practicable without being detrimental to the interests of the Unit holders.
3. In the event of breakdown in the means of communication used for the valuation of investments of the Scheme, without which the value of the securities of the Scheme cannot be accurately calculated.
4. During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unit holders of the Scheme.
5. In case of natural calamities, strikes, riots and bandhs.
6. In the event of any force majeure or disaster that affects the normal functioning of the AMC or the Registrar & Transfer Agent.

C) Any imposition of restriction would require specific approval of Board of AMC and Trustees.

D) When restriction on redemption is imposed, the following procedure shall be applied:

- I. No redemption requests upto INR 2 lakh shall be subject to such restriction.
