I. Highlights of the Scheme

Name of the scheme	L&T Balanced Advantage Fund																																				
Structure/Type of Scheme	An open ended dynamic asset allocation fund																																				
Investment Objective	<p>To seek to generate long-term capital appreciation from a diversified portfolio of equity and equity related securities and to generate reasonable returns by investing in a portfolio of debt and money market instruments and arbitrage opportunities in the cash and derivatives segments of the equity markets.</p> <p>There is no assurance that the object of the Scheme will be received and the Scheme does not assure or guarantee returns.</p>																																				
Plans	<p>Direct Plan: Investors proposing to purchase units of the Scheme directly from the Fund (i.e. investments not routed through an AMFI Registration Number (ARN) Holder) can invest under the Direct Plan.</p> <p>Investments under the Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund or through Registered Investment Advisor (RIA) {except Stock Exchange Platform(s) and all other platform(s) where investors' applications for subscription of units are routed through distributors}.</p> <p>Investors subscribing under the Direct Plan will have to indicate "Direct Plan" against the Scheme name in the application form. Investors should also indicate "Direct" in the ARN column of the application form. However, in case distributor code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name, the distributor code will be ignored and the application will be processed under the Direct Plan. Further, where application is received for the Scheme without distributor code or "Direct" mentioned in the ARN Column, the application will be processed under the Direct Plan.</p> <p>Regular Plan: Investors proposing to purchase units of the Scheme through an ARN Holder can invest under the Regular Plan.</p> <p>The options referred below are available under both the above mentioned plans. The above plans have a common portfolio. However, Regular Plan and Direct Plan have different NAVs.</p> <p>The application(s) will be processed under Direct / Regular Plan as stated in the table below:</p> <table border="1"> <thead> <tr> <th>Scenario</th> <th>Distributor / broker code mentioned by the investor</th> <th>Plan mentioned by the investor</th> <th>Default plan in which the application shall be processed</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Not mentioned</td> <td>Not mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>2</td> <td>Not mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>3</td> <td>Not mentioned</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>4</td> <td>Mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>5</td> <td>Direct</td> <td>Not Mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>6</td> <td>Direct</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>7</td> <td>Mentioned</td> <td>Regular</td> <td>Regular Plan</td> </tr> <tr> <td>8</td> <td>Mentioned</td> <td>Not Mentioned</td> <td>Regular Plan</td> </tr> </tbody> </table> <p>In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under the Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.</p>	Scenario	Distributor / broker code mentioned by the investor	Plan mentioned by the investor	Default plan in which the application shall be processed	1	Not mentioned	Not mentioned	Direct Plan	2	Not mentioned	Direct	Direct Plan	3	Not mentioned	Regular	Direct Plan	4	Mentioned	Direct	Direct Plan	5	Direct	Not Mentioned	Direct Plan	6	Direct	Regular	Direct Plan	7	Mentioned	Regular	Regular Plan	8	Mentioned	Not Mentioned	Regular Plan

MFCentral - Official Point of Acceptance	Based on the SEBI circular no SEBI/HO/IMD/IMD- II DOF3/P/CIR/2021/604 dated July 26, 2021, to comply with the requirements of RTA inter-operable Platform for enhancing investors' experience in Mutual Fund transactions / service requests, the QRTA's, Kfin Technologies Private Limited and Computer Age Management Services Limited (CAMS) have jointly developed MFCentral – A digital platform for Mutual Fund investors. MFCentral is created with an intent to be a one stop portal / mobile app for all Mutual fund investments and service-related needs that significantly reduces the need for submission of physical documents by enabling various digital /phygital services to Mutual fund investors across fund houses subject to applicable Terms & Conditions of the Platform. MFCentral will be enabling various features and services in a phased manner. MFCentral may be accessed using https://mfcentral.com/ and a Mobile App in future. With a view to comply with all provisions of the aforesaid circular and to increase digital penetration of Mutual funds, L&T Mutual Fund designates MFCentral as its Official point of acceptance (DISC – Designated investor Service Centre) w.e.f. 23rd September 2021. Any registered user of MFCentral, requiring submission of physical document as per the requirements of MFCentral, may do so at any of the designated Investor Service centres or collection centres of Kfintech or CAMS.							

II. Introduction

(A) Risk Factors

(i) Standard Risk Factors

- Investments in Mutual Fund Units, like securities investments, involve investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price/value/interest rates of the securities in which the Scheme invests fluctuate, the value of your investment in the Scheme may go up or down.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee/indicate the future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operations of the Scheme beyond the initial contribution of ₹ 1,00,000 (Rupees One Lakh) made by it towards setting up the Mutual Fund.
- The Scheme is not a guaranteed or assured return scheme.

(ii) Scheme Specific Risk Factors

(a) Risks associated with investing in equities

- Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolios would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.
- Investments in equity and equity related securities involve a degree of risks and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.
- The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options.

(b) Risks associated with investing in debt securities

- Investments in money market instruments would involve a moderate credit risk i.e. risk of an issuer's liability to meet the principal payments. Additionally, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- Money market instruments are also subject to price volatility due to factors such as changes in interest rates (when interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline), general levels of market liquidity, market perception of credit worthiness of the issuer of such instruments and risks associated with settlement of transactions and reinvestment of intermediate cash flows. The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will consequently be affected by the aforesaid factors. The AMC endeavours to manage such risk by the use of in house credit analysis.
- The performance of Scheme may be affected by changes in Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems.
- Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. investments in corporate bonds carry a higher level of risk than investments in Government securities. Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.
- **Interest rate/price risk:** As with all debt securities, changes in interest rates may affect the NAV of the Scheme since the price of a fixed income instrument falls when the interest rates move up and vice versa. The effect is more prominent when the duration of the instrument is higher. Hence the NAV movement of the Scheme consisting of predominantly fixed income securities is likely to have inverse correlation with the movement in interest rates. In case of a floating rate instrument, this risk is lower as a result of periodic reset of the coupon. During the life of floating rate security or a swap the underlying benchmark index may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.
- Government securities do carry price risk depending upon the general level of interest rates prevailing from time to time. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price of the Government securities (existing and new) is influenced only by movements in interest rates in financial systems.
- **Spread risk:** Though the sovereign yield curve might remain constant, investments in corporate bonds are exposed to the risk of spread widening between corporate bonds and gilts. Typically, if this spread widens, the prices of the corporate bonds tend to fall and so could the NAV of the Schemes. Similar risk prevails for the investments in the floating rate bonds, where the benchmark might remain unchanged, but the spread over the benchmark might vary. In such an event, if the spread widens, the price and the NAV of the Schemes could fall.
- **Sovereign:** The Central Government of a country is the issuer of the local currency in that country. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying no default, such securities are known as securities with sovereign credit. For domestic borrowers and lenders, the credit risk on such Sovereign credit is near zero and is popularly known as "riskfree security" or "Zero Risk security". Thus Zero-Risk is the lowest risk, even lower than a security with "AAA" rating and hence commands a yield, which is lower than a yield on "AAA" security.

- **Credit risk or default risk:** This refers to inability of the issuer of the debt security to make timely payments of principal and/ or interest due. In case of investments in government securities, the credit risk is minimal. It is reflected in the credit rating of the issuer. Hence if the credit rating of the issuer is downgraded, the price of the security will suffer a loss and the NAV will fall. Credit risk factors pertaining to lower rated securities also apply to lower rated zero coupon and deferred interest kind bonds. Lower rated zero coupon and deferred interest kind bonds carry an additional risk in that, unlike bonds that pay interest through the period of maturity, the Scheme by investing in these bonds will realize no cash till the cash payment date and if the issuer defaults, the Scheme may obtain no return on its investment.
- **Liquidity risk:** This represents the possibility that the realised price from selling the security might be lesser than the valuation price as a result of illiquid market. If a large outflow from the Scheme is funded by selling some of the illiquid securities, the NAV could fall even if there is no change in interest rates. Illiquid securities are typically quoted at a higher yield than the liquid securities and have higher bid offer spreads. Investment in illiquid securities results in higher current yield for the portfolio. Liquidity risk is a characteristic of the Indian fixed income market today. In addition, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- The corporate debt market is relatively illiquid vis-a-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
- **Reinvestment risk:** This is associated with the fact that the intermediate cash flows (coupons, prepayment of principal in case of securitised transactions or principal payment in case a security gets called or repurchased) may not be reinvested at the same yield as assumed in the original calculations.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme, to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the portfolio of the Scheme.
- **Market risk:** Lower rated or unrated securities are more likely to react to developments affecting the market and the credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.
- In addition to the factors that affect the values of securities, the NAV of Units of the Scheme will fluctuate with the movement in the broader fixed income market, money market and derivatives market and may be influenced by factors influencing such markets in general including but not limited to economic conditions, changes in interest rates, price and volume volatility in the bond and stock markets, changes in taxation, currency exchange rates, foreign investments, political, economic or other developments and closure of the stock exchanges.
- Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. investments in corporate bonds carry a higher level of risk than investments in Government securities. Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.
- Engaging in scrip lending is subject to risks related to fluctuations in the collateral value/settlement/liquidity/counter party.
- Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/liquidity risks.

(c) Risks associated with investing in derivatives

- The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations and by SEBI . Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility to the values.
- Investment in derivatives also requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned. Since in case of the Scheme all option positions will have underlying assets, all losses due to price – movement beyond the strike price will actually be an opportunity loss.
- The exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.

- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract.
- Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor.
- Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

(d) Risks associated with investing in securitised debt

- The underlying assets in securitised debt may assume different forms and the general types of receivables include auto finance, credit cards, home loans or any such receipts. Credit risks relating to such receivables depend upon various factors, including macro-economic factors of these industries and economies. Further, specific factors like the nature and adequacy of property mortgaged against these borrowings, the nature of loan agreement/mortgage deed in case of home loans, adequacy of documentation in case of auto finance and home loans, capacity of a borrower to meet his obligations on borrowings in case of credit cards and intentions of the borrower also influence the risks relating to asset borrowings underlying securitised debt. Additionally, the nature of the asset borrowings underlying the securitised debt also influences the underlying risk, for instance while residential mortgages tend to have lower default rates, repossession and recovery is easier in case of commercial vehicles. Credit rating agencies take into account a series of such factors and follow an elaborate system involving stipulation of margins, over-collateralisation and guarantees to provide a rating for securitised debt.
- In case of securitised debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitised papers.
- **Tenor risk:** While building the planned amortization schedule for a PTC, there can be a clause stating a minimum percentage of receivable by the issue to stick to the initial cash flows. If the receivables are less than the minimum stated receivables then the tenor of the PTC can get elongated or vice versa.
- **Risk due to prepayment:** Asset securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.
- **Liquidity Risk:** Presently, despite recent legal developments permitting the listing of securitised debt instruments, the secondary market for securitised debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.
- **Limited Recourse and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors (i.e. the Schemes) and thereby, adversely affect the NAV of the Schemes. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.
- **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Schemes invest is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a ‘true sale’, then the Schemes could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a ‘true sale’.
- **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Schemes may be exposed to a potential loss.

(e) Risks associated with short selling and securities/scrip lending

The Mutual Fund may lend and borrow securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board. The risk associated with upward movement in market price of security sold short may result in loss. The losses on short position may be unlimited as there is no upper limit on the rise in price of a security. Subject to the Regulations and the applicable guidelines, the Scheme and the Plans there under may, subject to compliance with SEBI Regulations, engage in securities lending.

Securities lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on expiry of the stipulated period. It may be noted that the securities lending activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends or due to it being comprised of tainted/forged securities, resulting in inadequate value of collateral until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there can also be temporary illiquidity of the securities that are lent out and the Scheme may not be able to sell such lent out securities. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

(f) Risk Factors of covered call option strategy:

- **Volatility risk:** Volatility risk arises when market are more volatile than the Fund Manager's estimation. The investment manager holds view of range bound market and the market volatility breaches these limits, thereby increasing risk to the portfolio. This risk is mitigated as we have covered with the stocks we hold.
- **Opportunity loss:** Selling call option means investment manager are obligated to deliver the stock at predetermined price. In case when the stock price move above the predetermined price, the upside opportunity is lost on the stock, because we have sold call option.

Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.

(g) Trading through mutual fund trading platforms of BSE and/or NSE

In respect of transaction in Units of the Scheme through BSE and/or NSE , allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/or NSE and their respective clearing corporations on which the Mutual Fund has no control.

(h) Additional Scheme specific risk factors

The Scheme proposes to invest in equity and equity related instruments by identifying and exploiting price discrepancies in cash and derivative segments of the market. These investments by nature are volatile as the prices of the underlying securities are affected by various factors such as liquidity, time to settlement date, news flow, spreads between cash and derivatives market at different points of time, trading volumes, etc. There is no guarantee that the Fund Manager will be able to spot investment opportunities or correctly exploit price discrepancies in the different segments of the market. The Scheme is also expected to have a high portfolio churn, especially in a volatile market. There is an execution risk while implementing arbitrage strategies across various segments of the market, which may result in missed investment opportunities, or may also result in losses. In case of a large outflow from the Scheme, the Scheme may need to reverse the spot-futures transaction before the settlement of the futures trade. While reversing the spot-futures transaction on the Futures and Options settlement day on the exchange, there could be a risk of volume-weighted-average-price of the market being different from the price at which the actual reversal is processed resulting in basis risk.

(i) Other Scheme Specific Risk factors:

- **Performance Risk:** The Scheme's performance can decrease or increase, depending on a variety of factors, which may affect the values and income generated by the Scheme's portfolio of securities. The returns of the Scheme's investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in government and Reserve Bank of India policy, taxation, political, economic or other developments and closure of the stock exchanges. Investors should understand that the investment pattern indicated for the Scheme, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there can be no assurance that the Scheme's investment objective will be attained nor will the Scheme be in a position to maintain the model percentage of investment pattern/composition particularly under exceptional circumstances so that the interest of the unit holders are protected. The AMC will endeavour to invest in highly researched growth companies, however the growth associated with equities may be generally high as also the erosion in the value of the investments/ portfolio in the case of the capital markets passing through a bearish phase is a distinct possibility. A change in the prevailing rates of interest is likely to affect the value of the Scheme's investments and thus the value of the Scheme's Units. The value of money market instruments held by the Scheme generally will vary inversely with the changes in prevailing interest rates.
- **Changes in Government Regulations:** The businesses in which companies operate are exposed to a range of government regulations, related to tax benefits, liberalization, provision of infrastructure and the like. Changes in such regulations may affect the prospects of companies.
- **Duration Risk:** Duration is a risk measure used to measure the bond/security price changes to potential changes in interest rates. Duration of portfolio x the expected changes in rates = the expected value change in the portfolio. Duration is more scientific measure of risk compared to average maturity of the portfolio. The higher the duration of the portfolio, the greater the changes in value (i.e. higher risk) to movement in interest rates. Modified duration is the duration of a bond/security given its current yield to maturity, put/call feature and an expected level of future interest rates.
- **Tax exemption risks:** In the event that the investible funds of more than 65% of the total proceeds of the Scheme are not invested in equity shares of domestic companies, the tax exemptions on income distribution will not be available to the Scheme. This is however subject to change as per Income Tax laws of India.
- **Risk Mitigation Factors:** Investments in equity and equity related securities and debt securities carry various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging. Further, the portfolio of the Scheme will be constructed in accordance with the investment restrictions specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

(B) Requirement of minimum investors in the Scheme

As per SEBI circular no. SEBI/IMD/CIR No. 10/22701/03 dated December 12, 2003, the scheme (including the plans thereunder) should have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the scheme/plan. The aforesaid conditions should be complied with in each calendar quarter on an average basis. In case of non-fulfilment with the first condition i.e. minimum of 20 investors in the Scheme, on an ongoing basis for each calendar quarter as specified by SEBI the Scheme shall be wound up by following the guidelines prescribed by SEBI. SEBI has further prescribed that if any investor breaches the 25% limit over a quarter, a rebalancing period of one month will be allowed and thereafter the investor who is in breach of the limit shall be given 15 days notice to redeem his exposure over the 25% limit. In the event of failure on the part of the said investor to redeem the excess exposure, the excess holding will be automatically redeemed by the Mutual Fund following the guidelines prescribed by SEBI from time to time in this regard.

(C) Special Considerations

- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of an

amount of ₹ 1,00,000 (Rupees One Lakh) collectively made by the Sponsor towards setting up the Mutual Fund or such other accretions and additions to the initial corpus set up by the Sponsor.

- Redemption by the unit holder due to change in the fundamental attributes of the Scheme or due to any other reasons or winding up of the Scheme for reasons mentioned in this Document may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors, officers or their employees shall not be liable for any such tax consequences that may arise.
- Neither this Scheme Information Document nor the Units have been registered in any other jurisdiction. The distribution of this Scheme Information Document in certain jurisdictions may be restricted or totally prohibited and accordingly, persons who come into possession of this Scheme Information Document are required to inform themselves about, and to observe, any such restrictions.
- No person receiving a copy of this Scheme Information Document or any accompanying application form in such jurisdiction may treat this Scheme Information Document or such application form as constituting an invitation to them to subscribe for Units nor should they in any event use any such application form unless, in the relevant jurisdiction such an invitation could lawfully be made to them and such application form could lawfully be used without compliance of any registration or other legal requirements.
- Prospective investors should review/study this Scheme Information Document carefully and in its entirety and shall not construe the contents hereof or regard the summaries contained herein as advice relating to legal, taxation or financial/investment matters and are advised to consult their own professional advisor(s) as to the legal, tax, financial or any other requirements or restrictions relating to the subscription, gifting, acquisition, holding, disposal (by way of sale, switch or Redemption or conversion into money) of Units and to the treatment of income (if any), capitalisation, capital gains, any distribution and other tax consequences relevant to their subscription, acquisition, holding, capitalisation, disposal (by way of sale, transfer, switch or conversion into money) of Units within their jurisdiction of nationality, residence, incorporation, domicile etc. or under the laws of any jurisdiction to which they or any managed funds to be used to Purchase/gift Units are subject, and also to determine possible legal, tax, financial or other consequences of subscribing/gifting, purchasing or holding Units before making an application for Units.
- The tax benefits described in this Scheme Information Document and Statement of Additional Information are as available under the prevailing taxation laws. Investors/Unit Holders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unit Holder is advised to consult his/her/their own professional tax advisor.
- L&T Mutual Fund/the AMC has not authorised any person to give any information or make any representations, either oral or written, not stated in this Scheme Information Document in connection with issue of Units under the Scheme. Prospective investors are advised not to rely upon any information or representations not incorporated in this Scheme Information Document as the same have not been authorised by the Mutual Fund or the AMC. Any subscription, Purchase or sale made by any person on the basis of statements or representations which are not contained in this Scheme Information Document or which are inconsistent with the information contained herein shall be solely at the risk of the investor.
- Subject to the Regulations, from time to time, funds managed by the associates of the Sponsor may invest either directly or indirectly in the Scheme. The funds managed by these associates may acquire a substantial portion of any Scheme's Units and collectively constitute a major investment in the Scheme. Accordingly, Redemption of Units held by such funds may have an adverse impact on the value of the Units of the Scheme because of the timing of any such Redemption and may affect the ability of other Unit Holders to redeem their respective Units.
- AMC may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form. In addition, the AMC may disclose such details to the bankers / its agents, as may be necessary for the purpose of effecting payments to the investor. Further, the AMC may disclose details of the investor's account and transactions there under to any regulatory/statutory entities as per the provisions of law.
- The AMC and its Registrar reserve the right to disclose/share investors' personal information with the following third parties:
 1. Registrar, Banks and / or authorised external third parties who are involved in transaction processing, dispatches, etc., of investors' investment in the Scheme;
 2. Distributors or Sub-brokers or Registered Investment Advisors through whom applications of investors are received for the Scheme; or;
 3. Any other organisations for compliance with any legal or regulatory requirements or to verify the identity of investors for complying with anti-money laundering requirements.
- Non-Individual Investors should note the following:
 1. A list of specimen signatures of the authorized officials, duly certified / attested should also be attached to the Application Form.
 2. In case of application for any transaction, the authorized signatories/officials should sign such application under their official designation and as per the authority granted to them under their constitutional documents/board resolutions etc.
 3. In case a generic board resolution authoring investment has been submitted, the AMC reserves the right to consider such generic resolution as a valid authorisation for all other financial and non-financial transactions including but not limited to redemption/switches etc. Accordingly, all transactions executed by the officials named in such generic resolution would be processed by the AMC.

• **Restrictions on redemption of Mutual Funds –**

The following requirement shall be observed before imposing restriction on redemptions:

- a) Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:
 - Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security.
 - Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.
 - Operational issues - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems.

- b) Restriction on redemption may be imposed for a specified period of time not exceeding 10 working days in any 90 days period.
- c) Any imposition of restriction would require specific approval of Board of AMC and Trustees.
- d) When restriction on redemption is imposed, the following procedure shall be applied:
 - i. No redemption requests upto INR 2 lakh shall be subject to such restriction.
 - ii. Where redemption requests are above INR 2 lakh, AMC shall redeem the first INR 2 lakh without such restriction and remaining part over and above INR 2 lakh shall be subject to such restriction.

- **Provision of advisory services**

The AMC will offer non-binding, non-discretionary advisory services to pooled assets, as permitted under Regulation 24(b) of the SEBI (Mutual Funds) Regulations, 1996, as amended from time to time ("the Regulations").

Further, while providing these services, the AMC shall ensure that:

- i. There is no conflict of interest with the activities of the Fund;
- ii. There exists a system to prohibit access to insider information as envisaged under the Regulations; and
- iii. Interest of the Unit holder(s) of the Scheme(s) of the Fund are protected at all times.

The Securities and Exchange Board of India vide its letter date March 18, 2016 has communicated it's no objection to provide the aforesaid services.

PMS License:

The AMC has renewed its registration obtained from SEBI vide Registration No. - INP000003682 dated April 01, 2019 to act as a Portfolio Manager under the SEBI (Portfolio Managers) Regulations, 1993. The said certificate of registration is valid unless it is suspended or cancelled by SEBI.

If you have any concern / query, you can write to Investor Relations Officer of the Mutual Fund / AMC. By choosing to invest in the Mutual Fund, it is construed that investor is providing explicit consent to AMC, RTA and other entities engaged by AMC to process investor data in their roles as per existing & prospective processes determined by MF/AMC from time to time.

(D) Foreign Account Tax Compliance Act (FATCA) / Common Reporting Standard (CRS) ("Reporting Guidelines")

- **FATCA:**

Foreign Account Tax Compliance Act ("FATCA") is a United States of America's ("USA") law. The main objective of FATCA is to target tax non-compliance by USA tax payers having foreign accounts as the taxation in USA is on global income of USA tax payers.

FATCA's focus therefore is reporting by US tax payers of their foreign financial accounts and offshore accounts and foreign financial institutions of all other countries to USA's Internal Revenue Services ("IRS") either directly or through respective local authority, about financial accounts held by USA tax payers or foreign entities in which USA tax payers hold substantial ownership interest.

Indian government is willing to co-operate in this initiative and has signed an agreement with USA.

The impact of this agreement on Indian financial institutions as defined in the agreement will be that such financial institutions (including asset management companies for respective mutual funds) will have to report certain information (like account balance, details of transactions and such other things that may be required from time to time) of specified US persons as defined in the agreement, to IRS through the specified Indian authority, on a periodic basis.

- **CRS**

On similar lines as FATCA, the Organization of Economic Development (OECD), along with the G20 countries, of which India is a member, has released "Standard for Automatic Exchange of Financial Account Information in Tax Matters", in order to combat the problem of offshore tax evasion and avoidance and stashing of unaccounted money abroad, requiring cooperation amongst tax authorities. The G20 and OECD countries have together developed a Common Reporting Standard (CRS) on Automatic Exchange of Information (AEOI).

On June 3, 2015, India has joined the Multilateral Competent Authority Agreement (MCAA) on AEOI. The CRS on AEOI requires the financial institutions of the "source" jurisdiction to collect and report information to their tax authorities about account holders "resident" in other countries, such information having to be transmitted "automatically" annually. The information to be exchanged relates not only to individuals, but also to shell companies and trusts having beneficial ownership or interest in the "resident" countries.

In order to comply with the Reporting Guidelines and related rules applicable to Indian financial institutions, L&T Investment Management Limited ("LTIM") may seek certain information and/ or documents from all its investors.

If any investor does not provide the required information or document, LTIM/ the Fund may not be able to provide the information sought under the Reporting Guidelines. In such an event, LTIM and / or the Fund may be considered in non-compliance with the Reporting Guidelines.

The applications that are incomplete with respect to providing of any information pertaining to the Reporting Guidelines, will be liable to be rejected. Any change in the information already provided to LTIM / Fund, should be informed to LTIM/Fund within 30 days of the change.

In case any of the information/document provided is found to be false or untrue or misleading or misrepresenting, the investor shall be held liable for it.

The investor authorizes updation of the records (relating to the Reporting Guidelines) basis the information / documents received by LTIM/Fund/Registrar and Transfer Agent from other SEBI registered intermediaries. Further, the investor authorizes LTIM/Fund/Registrar and Transfer Agent, to share the information provided by the investor with other SEBI registered intermediaries to facilitate single submission / updation.

Further, as may be required by domestic tax authorities, the investor authorizes LTIM/ Fund/Registrar and Transfer Agent to provide relevant information to upstream payors to enable withholding to occur and pay out any sums from the investor's account or close or suspend investor's account(s) under intimation to the investor.

The penalty of non-compliance with FATCA provisions on the Scheme could be 30% withholding tax on US Sourced income payable to the Scheme (like dividend income and amount of proceeds to be received on sale of any US investment made by the Scheme). This could impact investors, as the amount available for investment by the Scheme will be less to that extent. This withholding being penalty, the amount is not recoverable.

We believe that LTIM and the Fund are in compliance with requirements under the Reporting Guidelines; however since the requirements under the Reporting Guidelines are complex, compliance at all times may not be assured.

LTIM, Trustee Company, the Fund or the Sponsor do not solicit or market any scheme of the Fund outside of India.. Investors who are eligible to invest in the Scheme as per any of the regulations, therefore, may invest after considering tax implications or other regulatory implications of investing in the Scheme of the Fund in their country of residency, tax residency or citizenship other than of India.

(E) Suspicious Transaction Reporting:

If after due diligence, the AMC believes that the transaction is suspicious in nature as regards money laundering, the AMC shall report any suspicious transactions to competent authorities under PMLA and rules/guidelines issued thereunder by SEBI and/or RBI, furnish any such information in connection therewith to such authorities and take any other actions as may be required for the purposes of fulfilling its obligations under PMLA without obtaining the prior approval of the investor/Unit Holder/a person making the payment on behalf of the investor.

(F) Permanent Account Number ("PAN"):

As per provisions of SEBI, all investors (resident and non-resident) transacting in the scheme of the Mutual Fund, irrespective of the amount of transaction, are required to provide the PAN (supported by a copy of the PAN card to the AMC. In case of investors who do not provide a certified copy of the PAN card/ the application for transaction in units of the Scheme will be rejected by the Mutual Fund

Note: Investors are requested to submit a copy along with the original for verification at the investor service centres of the Mutual Fund/ CAMS, which will be returned across the counter. Alternatively, a distributor empanelled with the Mutual Fund can attest a copy. A true copy bearing a Bank Manager's or a Notary Public's attestation will also be accepted.

This clause does not apply to investors residing in the state of Sikkim, officials of Central Government, State Government and those appointed by the Courts e.g. Official Liquidator, Court Receiver, etc. (under the category of Government) and investors investing upto ₹ 50,000 (i.e. Micro Investments) per year (rolling 12 months period or in a financial year i.e. April to March).

Investors making Micro Investments shall, in lieu of PAN and KYC requirements, be required to furnish an attested copy (self attested/ attested by the AMFI registered distributor bearing its AMFI Registration Number) of any of the following photo identification documents and proof of address.

(a) Voter Identity Card; (b) Driving License; (c) Government/Defense identification card; (d) Passport; (e) Photo Ration Card; (f) Photo Debit Card; (g) Employee Identity cards issued by companies registered with Registrar of Companies; (h) Photo identification issued by bank managers of scheduled commercial banks/gazetted officer/elected representatives to the Legislative Assembly/Parliament; (i) Identity card issued to employees of scheduled commercial/state/district co-operative banks; (j) Senior Citizen/Freedom Fighter identity card issued by

Government; (k) Cards issued by universities/deemed universities or institutes under statutes like The Institute of Chartered Accountants of India, The Institute of Cost and Works Accountants of India, The Institute of Company Secretaries of India; (l) Permanent Retirement Account Number (PRAN) card issued to new pension system (NPS) subscribers by the central recordkeeping agency (National Securities Depositories Limited); (m) Any other photo identity card issued by Central Government/State Governments/municipal authorities/Government organizations like Employees' State Insurance Corporation/Employees Provident Fund Organisation.

It is clarified that where photo identification documents contain the address of the investor, a separate proof of address is not required.

The aforesaid exemption shall be applicable to (i) investments only by individuals (including Non Resident Indians, but not Persons of Indian Origin), minors and sole proprietary firms; and (ii) joint holders.

Mandatory updation of Permanent Account Number (PAN) & Know Your Customer (KYC) for processing of mutual fund transactions

As per the directives issued by SEBI from time to time, it is mandatory for all unitholders to update the Permanent Account Number (PAN) and complete KYC requirements for all unit holders

- In respect of folios where PAN is not updated/available (non-PAN exempt folios), it is mandatory for all the unit holders in the folio including guardian (in case of a minor) to update PAN
- In respect of non-PAN exempt folios, it is mandatory to complete the KYC requirements for all unit holders in the folio including guardian (in case of a minor).
- In case of PAN Exempt KYC (PEKRAN) folios, it is mandatory for all the unit holders in the folio including guardian (in case of a minor) to update PEKRAN.

In view of the above, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests will not be processed if the unit holders have not completed the above requirements.

Investors who wish to update their PAN can visit our website www.Intmf.com for online updation or submit a copy of self-attested PAN at any of the Investor Service Centres of L&T Investment Management Limited ('AMC') or the Registrar and Transfer Agent ('RTA') with a request letter quoting their folio.

For completing the KYC requirements, Unit holders are advised to use the applicable KYC Form and submit the same at the point of acceptance.

Further in case of non-PAN exempt folios, upon updating of PAN details with the KRA (KRA-KYC)/ CERSAI (CKYC), the unit holders are requested to intimate AMC/RTA their PAN information along with the folio details for updating in AMCs records.

(G) Investor Protection:

The Scheme is designed to support longer-term investment and active trading is discouraged. Short term or excessive trading into and out of the Scheme may affect its performance by disrupting portfolio management strategies and by increasing expenses. The Mutual Fund and the distributors may refuse to accept applications for Purchase, especially where transactions are deemed disruptive, particularly from market timers or investors who, in their opinion, have a pattern of short term or excessive trading or whose trading has been or may be disruptive for the Scheme. If in the opinion of the AMC, a Unit Holder is indulging in short term or excessive trading as above, it shall, under powers delegated by the Trustee, have absolute discretion to reject any application, prevent further transaction by the Unit Holder or redeem the Units held by the Unit Holder at any time prior to the expiry of 30 Business Days from the date of the application.

Investors are urged to study the terms of the Scheme Information Document carefully before investing in the Scheme and to retain this Scheme Information Document for future reference.

III. Information about the Scheme

(A) Scheme Specific details

(a) Type of the Scheme

An open ended dynamic asset allocation fund

(b) Investment objective

The investment objective of the Scheme is to seek to generate long term capital appreciation from a diversified portfolio of equity and equity related securities and to generate reasonable returns by investing in a portfolio of debt and money market instruments and arbitrage opportunities in the cash and derivatives segments of the equity markets.

There is no assurance that the objective of the Scheme will be realised and the Scheme does not assure or guarantee any returns.

(c) Asset allocation pattern

Under normal circumstances, it is anticipated that the asset allocation for the Scheme shall be as follows:

Instruments	Indicative allocations (% of total assets)		Risk Profile
	Maximum	Minimum	
A. Equity and Equity related instruments	100	65	High
A1. Net long equity	90	20	High
A2. Equity and equity derivatives (arbitrage opportunities)	70	0	High
B. Debt, Money Market Instruments and Government Securities (including Tri-Party Repo/ reverse repos and securitized debt)	35	20	Low

The Scheme may invest upto 35% of its net assets in securitized debt. The Scheme will not invest in foreign securities and credit default swaps.

The Scheme shall have derivatives exposure as per the SEBI/RBI Guidelines issued from time to time. Further, the Scheme may undertake interest rate derivatives transactions for the purpose of hedging and portfolio rebalancing (within the permissible limits specified by RBI/SEBI from time to time).

The cumulative gross exposure through equity, debt, derivative positions including fixed income derivatives, and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the Scheme.

However, following will not be considered while calculating the gross exposure:

- Security-wise hedged position and
- Exposure in Cash or cash equivalents with residual maturity of less than 91 days. The exposure to derivatives will be calculated on notional value of the derivative contracts.

Due to market conditions, the AMC may invest beyond the range set out above. Such deviations shall normally be for a short term purpose only, for defensive considerations and the intention being at all times to protect the interests of the Unit Holders. In the event of deviations, rebalancing will normally be carried out within 30 Business Days. With effect from July 1, 2022, for the deviation from the asset allocation mentioned above, the portfolio of the scheme shall be rebalanced within the timelines mentioned in SEBI Circular no. SEBI/HO/IMD/IMD-IIDOF3/P/CIR/2022/39 dated March 30, 2022 or any circulars issued by SEBI from time to time in this regard.

(d) Where will the Scheme invest?

The Scheme shall predominantly invest in equity and equity related instruments (including equity derivatives), debt and money market instruments.

Subject to the Regulations, the corpus of the Scheme may be invested in all or any of the following securities:

- i) Equity and equity related securities including equity warrants and compulsorily convertible instruments.
- ii) Derivatives (which includes but is not limited to stock and index futures or such other derivatives as are or may be permitted under the Regulations and/or RBI from time to time)
- iii) Securities issued or guaranteed by Central Government, State Governments or local governments and/or repos/reverse repos/ ready forward contracts in such government securities as are or may be permitted under the Regulations and/or RBI from time to time (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- iv) Securities issued (including debt issuances) by domestic government agencies and statutory bodies, which may or may not be guaranteed by Central or State Government
- v) Corporate bonds of public sector or private sector undertakings
- vi) Debt issuances of banks (public or private sector) and financial institutions
- vii) Convertible debentures
- viii) Money market instruments (which includes but is not limited to commercial papers, commercial bills, treasury bills, usance bills, government securities having unexpired maturity up to one year, certificates of deposit, bills rediscounting, TREP, repo, call money and any other like instruments as are or may be permitted under the Regulations and RBI from time to time.)
- ix) Securitised debt (asset backed securities, mortgage backed securities, pass through certificates, collateralized debt obligations or any other instruments as may be prevailing and permissible under the Regulations from time to time.)
- x) Deposits of scheduled commercial banks as permitted under the extant Regulations.

For the purpose of further diversification and liquidity, the Scheme may invest in other schemes managed by the same AMC or by the asset management company of any other mutual fund without charging any fees on such investments, provided that aggregate inter-scheme investment made in all schemes managed by the same AMC or in schemes managed by the AMC of any other mutual fund shall not exceed 5% of the net asset value of the Mutual Fund and all norms, as may, from time to time be laid down by SEBI in this regard, are complied with. Such investments must also be commensurate with the investment objective as set out in paragraph "Investment Objective".

The above list is only indicative and the Mutual Fund/AMC reserve the right to change the same in the interest of the investors depending on

the market conditions, market opportunities, applicable regulations and political and economic factors, but subject to the investment objective as set out in paragraph "Investment Objective".

(e) Investment Strategy

The fund manager will decide asset allocation between equity and debt depending on prevailing market and economic conditions. Among the metrics considered for deciding the debt-equity mix at any point of time will be the interest rate cycle, equity valuations (P/E, P/BV, Dividend Yield, Earnings yield, market cap to GDP ratio etc), medium to long term outlook of the asset class, etc.

The objective of the equity strategy will be to build a portfolio of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme also proposes to take long term call on stocks which, in the opinion of the Fund Manager, could offer better return over a long period.

Investment strategy equity portion (hedged and unhedged) of the portfolio:

The objective of the equity strategy will be to build a portfolio of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

The Scheme proposes to take long term call on stocks which, in the opinion of the Fund Manager, could offer better return over a long period.

The investment strategy on the derivative side includes identifying and investing into arbitrage opportunities between spot/cash and futures prices of individual stocks. The Scheme will deploy "Cash and Carry Arbitrage" strategy wherein the Fund Manager will evaluate the difference between price of an individual stock in the futures market and in the spot/cash market. If the price of a stock in the futures market is higher than in the spot/ cash market, after considering the associated costs and taxes, the Scheme may buy the stock in the spot/cash market and sell the same in equal quantity in the futures market simultaneously. Similarly, the Scheme may at a later date, unwind the trade by selling cash position and buying in the futures markets. The Fund Manager after careful analysis may also decide to roll over his position, if the market conditions are favorable.

Investment strategy for debt and money market portion of the portfolio

The investments in debt and money market instruments would be aimed at maintaining a balance between safety, liquidity and return on investments. The debt and money market portion of the portfolio shall be actively managed with an endeavor to generate superior risk adjusted returns. The Fund Manager shall formulate a view of the interest rate movement based on various parameters of the Indian economy, as well as developments in global markets. Investment views/decisions inter alia may be taken on the basis of the following parameters:

- i) Returns offered relative to alternative investment opportunities.
- ii) Liquidity of the security
- iii) Prevailing interest rate scenario
- iv) Quality of the security/instrument (including the financial health of the issuer)
- v) Maturity profile of the instrument
- vi) Credit Rating for the instrument
- vii) Any other factors considered relevant in the opinion of the Fund Management team.

Further, the portfolio of the Scheme will be constructed in accordance with the investment restrictions specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

Risk Control

Investments in equity and equity related instruments, derivatives, debt and money market instruments and carry various risks such as inability to sell securities, trading volumes and settlement periods, interest rate risk, liquidity risk, default risk, reinvestment risk etc. Whilst such risks cannot be eliminated, they may be mitigated by diversification and hedging.

Investments in securitised debt:

The various asset classes which are generally available for securitisation in India are:

- Commercial Vehicles
- Construction equipments
- Auto and two wheeler pools
- Mortgage pools
- Personal loan, credit cards and other retail loans
- Micro finance loans
- Corporate loans/receivables

As and when new asset classes of securitised debt are introduced, the investments in such instruments will be evaluated on a case by case basis.

The dedicated credit research team which supports the Fund Manager will generally adopt a bottom-up approach while assessing the originator and will consider various factors for the purpose of identification of the securitised debt to which the Scheme could take exposure which will include profile of the issuer/originator, nature of asset class, analysis of underlying loan portfolio, seasoning of loans, geographical distribution of loans, coverage provided by credit-cum-liquidity enhancements, pre-payment risks (if any), assessment of credit risk associated with the underlying borrower and other associated risks.

Investments in securitised debt will be done in accordance with the overall investment objective and the risk profile of the Scheme and will primarily be for the purposes of achieving portfolio diversification and optimising returns. Securitisation enables end investors to obtain exposure to large number of smaller size retail loans, which can help diversify idiosyncratic risk. Carefully created portfolio of good quality loans, combined with adequate credit enhancements can, from time to time, provide good risk-adjusted investment opportunities for the investing scheme. It must be noted that the securitised debt instruments are relatively less liquid in the secondary market, but the Scheme has an exit load which will provide adequate flexibility to the Scheme to prudently manage liquidity risks while investing in such instruments. The various disclosures with respect to securitised debt made in this Scheme Information Document will help the investors to assess and understand the risks which the Scheme will be subject to as a result of investments in securitised debt.

The issuer/originator will be evaluated based on various parameters including but not limited to -

- track record - the Fund Manager will generally consider investing in securitised debt wherein the originators/its parents normally have a track record of at least 2 years. In conjunction with the track record, other relevant factors which will be considered are level of credit enhancement, support from the parent and the ownership structure of the securitization vehicle.
- the willingness and ability to pay – For transactions with recourse to the originator, internal credit assessment of the originator would play a crucial role in determining the willingness and ability to pay. For transactions without recourse to the originator, credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc. could be obtained as a risk mitigation measure. A detailed financial risk assessment of the issuer/originator will be carried out by identifying the financial risks specific to the issuer/originator including assessment of the issuer's financial statements.

Also the following critical evaluation parameters would be considered by the Fund Manager/the credit research team:

- High default track record/frequent alteration of redemption conditions/covenants
- High leverage ratios of the ultimate borrower (for single-sell downs) – both on a standalone basis as well on a consolidated level/ group level
- Higher proportion of reschedulement of underlying assets of the pool or loan, as the case may be
- Higher proportion of overdue assets of the pool or the underlying loan, as the case may be
- Poor corporate governance
- Insufficient track record of servicing of the pool or the loan, as the case may be.

After the evaluation of the aforesaid parameters at the time of investment, the monitoring of investments in securitised debt is done on regular intervals by the credit team and in case of any major event, the assessment of the critical evaluation parameters is done again.

The underlying assets in securitised debt may assume different forms and the general types of receivables include auto finance, credit cards, home loans or any such receipts. Credit risks relating to such receivables depend upon various factors, including macro- economic factors of these industries and economies. Further, specific factors like the nature and adequacy of property mortgaged against these borrowings, the nature of loan agreement/mortgage deed in case of home loans, adequacy of documentation in case of auto finance and home loans, capacity of a borrower to meet his obligations on borrowings in case of credit cards and intentions of the borrower also influence the risks relating to asset borrowings underlying securitised debt. Additionally, the nature of the asset borrowings underlying the securitised debt also influences the underlying risk, for instance while residential mortgages tend to have lower default rates, repossession and recovery is easier in case of commercial vehicles. Credit rating agencies take into account a series of such factors and follow an elaborate system involving stipulation of margins, over-collateralisation and guarantees to provide a rating for securitised debt.

Risks associated with investments in securitised debt:

Risk due to prepayment: In case of securitised debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the re-investment of the periodic cash flows that an investor receives on securitised papers.

In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.

Liquidity Risk: Presently, despite recent legal developments permitting the listing of securitised debt instruments, the secondary market for securitised debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.

Limited Recourse and Credit Risk: Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low.

Bankruptcy Risk: If the originator of securitised debt instruments in which the Scheme invests is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

Risk of Co-mingling: Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the Servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risk associated with covered call option strategy:

Volatility risk: Volatility risk arises when market more volatile than the Fund Manager's estimation. The investment manager holds view of range bound market and the market volatility breaches these limits, thereby increasing risk to the portfolio. This risk is mitigated as we have covered with the stocks we hold.

Opportunity loss: Selling call option means investment manager are obligated to deliver the stock at predetermined price. In case when the stock price move above the predetermine price, the upside opportunity is lost on the stock, because we have sold call option. Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares.

Risk Mitigation:

Investments in securitised debt will be done based on the assessment of the originator and the securitised debt which is carried out by the credit research team based on the in-house research capabilities as well as the inputs from the independent credit rating agencies. Further, the AMC has appointed investment committee for the debt/fixed income schemes which meets periodically to review the investments made by the Scheme including securitised debt.

In order to mitigate the risk at the issuer/originator level the credit team will consider various factors which will include-

- size and reach of the issuer/originator;
- collection process;
- the infrastructure and follow up mechanism;

- the quality of information disseminated by the issuer/originator; and
- the credit enhancement for different types of issuer/originator.

The examples of securitized assets which may be considered for investment by the Scheme and the various parameters which will be considered include;

- A) Asset backed securities issued by banks or non-banking finance companies. Underlying assets may include receivables from loans against cars, commercial vehicles, construction equipment or unsecured loans such as personal loans, consumer durable loans. The various factors which will be usually considered while making investments in such type of securities include profile of the issuer, analysis of underlying loan portfolio – nature of asset class, seasoning of loans, geographical distribution of loans and coverage provided by credit-cum-liquidity enhancements.
- B) Mortgage backed securities issued by banks or housing finance companies, where underlying assets are comprised of mortgages/ home loan. The various factors which will be usually considered while making investments in such type of securities include issuer profile of the issuer, quality of underlying portfolio, seasoning of loans, coverage provided by credit-cum-liquidity enhancements and prepayment risks.
- C) Single loan securitization, where the underlying asset comprises of loans issued by a bank/non-banking finance company. The factor which will be usually considered while making investments in such type of securities include assessment of credit risk associated with the underlying borrower as well as the originator. The credit research team will perform a detailed review of the underlying borrower prior to making investments.

The Fund Manager will invest in securitised debt which are rated investment grade and above by a credit rating agency recognised by SEBI.

While the risks mentioned above cannot be eliminated completely, they may be minimized by considering the diversification of the underlying assets and credit and liquidity enhancements. Further, investments in securitised debt will be done in accordance with the investment restrictions specified under the Regulations/this Scheme Information Document which would help in mitigating certain risks. Currently, as per the Regulations, the Scheme cannot invest more than 15% of its net assets in debt instruments (irrespective of residual maturity) issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 20% of the net assets of the Scheme with the prior approval of the Board of Trustees and the Board of the AMC.

In addition, a detailed review and assessment of the ratings of the securitised debt will also be carried out which could include interactions with the issuer/originator and the rating agency.

The rating agency would normally take in to consideration the following factors while rating a securitised debt:

- Credit risk at the asset/originator/portfolio/pool level
- Various market risks like interest rate risk, macro economic risks
- Counterparty risk
- Legal risks
- Assessment of risks related to business for example outlook for the economy, outlook for the industry and factors specific to the issuer/originator.

The framework which will generally be applied by the Fund Manager while evaluating the investment decision with respect to securitised debt will be as follows:

Characteristics/Type of Pool	Mortgage Loan	Commercial Vehicle and Construction Equipment	Car	2 wheelers	Micro Finance Pools	Personal Loans	Single loan Sell Downs	Others
Approximate Average maturity (in Months)	6 months to 120 months	3 months to 60 months	3 months to 60 months	3 months to 36 months	1 month to 12 months	3 months to 12 months	1 month to 120 months	As and when new asset classes of securitised debt are introduced, the investments in such instruments will be evaluated on a case by case basis.
Collateral margin (including cash, guarantees, excess interest spread, subordinate tranche)	In excess of 3%	In excess of 5%	In excess of 5%	In excess of 5%	In excess of 10%	In excess of 10%	Case by case basis	
Average Loan to Value Ratio	95% or lower	90% or lower	90% or lower	90% or lower	Unsecured	Unsecured	Case by case basis	
Average seasoning of the Pool	Minimum 3 months	Minimum 3 months	Minimum 3 months	Minimum 3 months	Minimum 2 months	Minimum 3 months	Case by case basis	
Maximum single exposure range *	< 2.5%	< 1%	< 1%	< 1%	<0.5%	<0.5%	Not Applicable	
Average single exposure range %*	< 1%	< 0.5%	< 0.5%	< 0.5%	< 0.25%	< 0.25%	Not Applicable	

*denotes % of a single ticket/loan size to the overall assets in the securitised pool.

Note: The information illustrated in the table above is based on current scenario relating to securitised debt market and is subject to change depending upon the change in the related factors.

In addition to the framework stated in the table above, in order to mitigate the risks associated with the underlying assets where the diversification is less, at the time of investment the credit team could consider various factors including but not limited to-

- Size of the loan - the size of each loan is generally analysed on a sample basis and an analysis of the static pool of the originator is undertaken to ensure that the same matches with the static pool characteristics. It also indicates whether there is high reliance on very small ticket size borrower which could result in delayed and expensive recoveries.
- Average original maturity of the pool of underlying assets - the analysis of average maturity of the pool is undertaken to evaluate whether the tenor of the loans are generally in line with the average loans in the respective industry and repayment capacity of the borrower.
- Loan to value ratio, average seasoning of the pool of underlying assets - these parameters would be evaluated based on the asset class as mentioned in the table above.
- Default rate distribution - the credit team generally ensures that all the contracts in the pool are current to ensure zero default rate distribution.

- Geographical distribution - the analysis of geographical distribution of the pool is undertaken to ensure prevention of concentration risk.
- Credit enhancement facility - credit enhancement facilities in the form of cash collateral, such as fixed deposits, bank guarantee etc. could be obtained as a risk mitigation measure.
- Liquid facility - these parameters will be evaluated based on the asset class as mentioned in the table above.
- Structure of the pool of underlying assets - The structure of the pool of underlying assets would be either single asset class or combination of various asset classes as mentioned in the table above. We could add new asset class depending upon the securitisation structure and changes in market acceptability of asset classes.

Under normal market conditions, the minimum retention period of the debt by the originator prior to securitisation and the minimum retention percentage by originator of debts to be securitised which will be considered by the Fund Manager will be 2- 3 months and 3% -10% respectively, depending on the asset class. However, in case standard guidelines are issued by the Reserve Bank of India on securitisation, then the minimum retention period of the debt by the originator prior to securitisation and the minimum retention percentage by originator of debts to be securitised shall be as specified in the RBI guidelines.

There is a dedicated credit research team which supports the Fund Manager in taking investments decisions.

Investments by the Scheme in any security are done after detailed analysis by the credit research team and in accordance with the investment objectives and the asset allocation pattern of a Scheme. All investments are made on an arms length basis without consideration of any investments (existing/potential) in the Schemes made by any party related/involved in the transaction. The robust credit process ensures that there is no conflict of interests when a Scheme invests in securitised debt of an originator and the originator in turn makes investments in that particular Scheme.

The resources for and mechanisms of individual risk assessment with the AMC for monitoring investment in securitized debt are as follows:

- Team dedicated to credit analysis. – Currently, the AMC has credit analysts, who are responsible for credit research and monitoring, for all exposures including securitised debt. Depending upon the asset class that is securitized a dedicated analyst would be responsible for each individual securitised debt investment.
- Ratings are monitored for any movement – Based on the cashflow report and analyst view, periodic review of utilization of credit enhancement shall be conducted and ratings shall be monitored accordingly.
- For legal and technical assistance with regard to the documentation of securitised debt instruments, the team can make use of resources within the internal legal team and if required take help of our external legal counsel as well.

(f) Benchmark

The benchmark against which the performance of the Scheme will be measured will be NIFTY 50 Composite Hybrid Debt 50-50 Index.

is a broad based index and its composition is representative of the Scheme's investment universe. As such, it is a suitable benchmark for comparing the performance of equity portion of the Scheme.

CRISIL Short-Term Bond Fund Index is an index to track the return of short-term funds. The customized benchmark will be used to have meaningful comparison with the performance of the Scheme, which would generally be investing in equity and equity related instruments and debt and money markets instruments with shorter tenure.

[^]Standard Benchmark.

Note: As per the SEBI standards for performance reporting, the since inception return is calculated on NAV of ₹10/- invested at inception. CAGR is compounded annualised. Date of inception is deemed to be date of allotment.

- Performance data is as on March 31, 2022 .
- Different plans shall have a different expense structure.
- The performance details have been provided for Regular and Direct Plan separately.

Performance of the schemes (wherever provided) are calculated basis CAGR for the past 1 year, 3 years, 5 years and since inception. In case, the start/end date of the concerned period is a non - business day (NBD), the NAV of the previous date is considered for computation of returns.

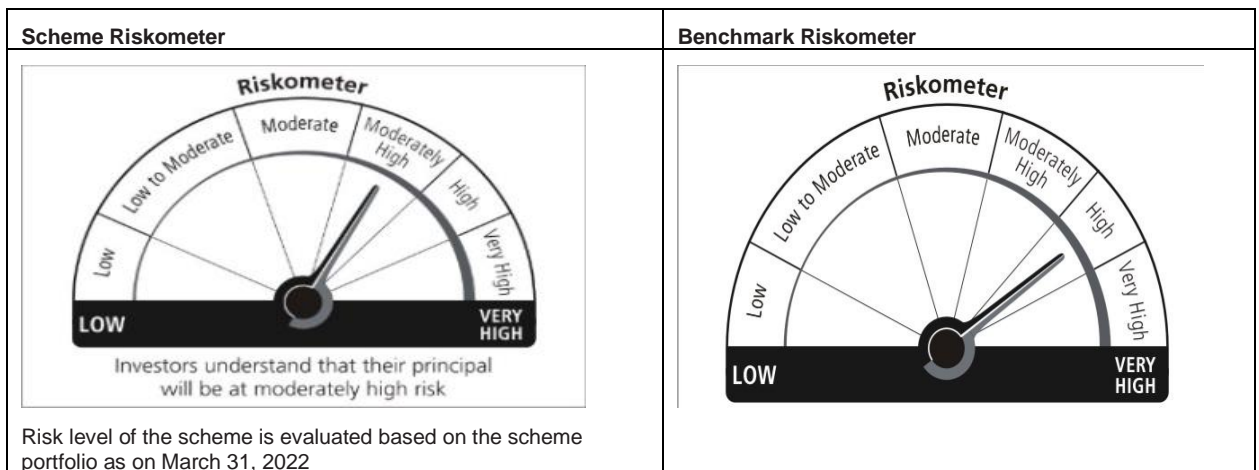

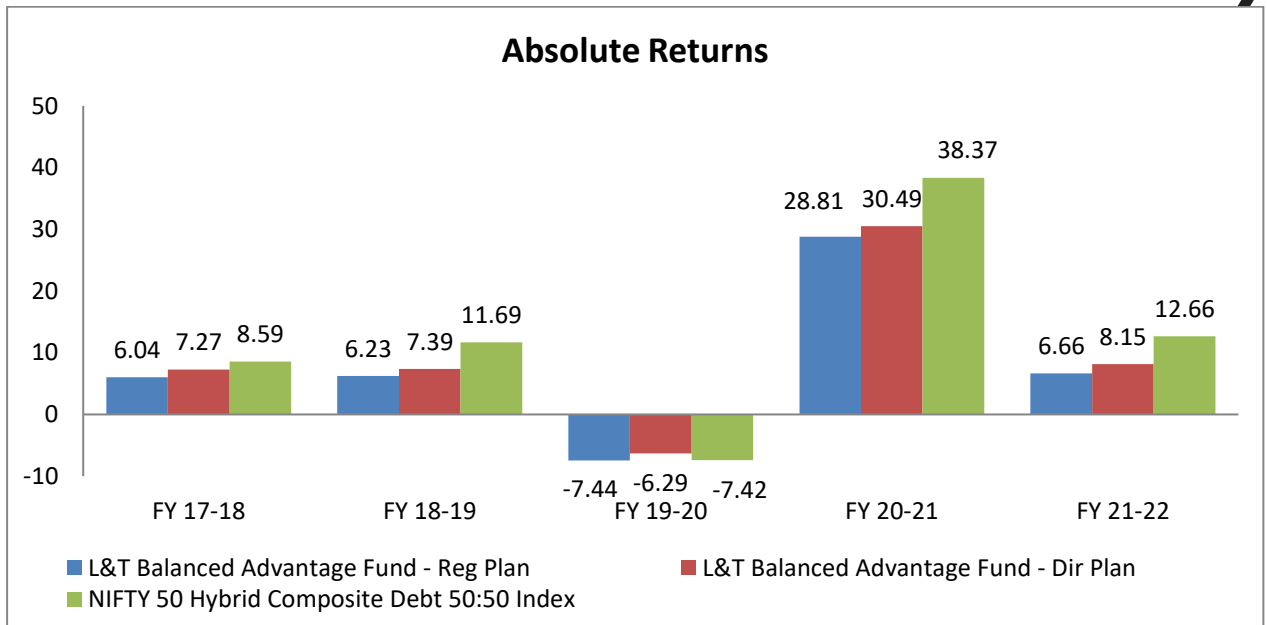

Illustration:

Impact of the total expense ratio on the returns of the Scheme:

Expense ratio, normally expressed as a percentage of Average Assets under Management, is calculated by dividing the permissible expenses under the Regulations by the average net assets.

To further illustrate the above, for the Scheme under reference, suppose an investor invested ₹ 10,000/- under the Growth Option, the impact of expenses charged will be as under:

Particulars	Regular Plan			Direct Plan		
	Amount (₹)	Units	NAV (₹)	Amount (₹)	Units	NAV (₹)
Invested in the NFO (A)	10,000	1000	10.0000	10,000	1000	10.0000
Value of above investment after 1 year from the date of allotment (post all applicable expenses) (B)	10,700	1000	10.7000	10,750	1000	10.7500
Expenses charged during the year (other than Distribution Expenses) (C)	50			50		
Distribution Expenses charged during the year (D)	50			0		
Value of above investment after 1 year from the date of allotment (after adding back all expenses charged) (E) [E= B+C+D]	10,800	1,000	10.8000	10,800	1,000	10.8000
Returns (%) (post all applicable expenses) (F) [F= (B-A)/A]	7.00%			7.50%		
Returns (%) (without considering any expenses) (G) [G = (E-A)/A]	8.00%			8.00%		

Kindly note the following:

- The purpose of the above illustration is to purely explain the impact of expense ratio charged to the Scheme and should not be construed as indicative returns of the Scheme.

- Calculations are based on assumed NAVs, and actual returns on your investment may be more or less.
 - It is assumed that the expenses charged are evenly distributed throughout the year.
 - The expenses of the Direct Plan under the Scheme will be lower to the extent of the above mentioned distribution expenses/ commission.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

(C) Investment Restrictions

As per the Trust Deed read with the Regulations, the following investment restrictions apply in respect of the Scheme at the time of making investments. However, all investments by the Scheme will be made in accordance with the investment objective, investment strategy and investment pattern described previously.

Further, the Trustee Company/AMC may alter the above restrictions from time to time, and also to the extent the Regulations change and as permitted by RBI, so as to permit the Scheme to make its investments in the full spectrum of permitted investments in order to achieve its investment objectives.

- (i) The Scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the Scheme with the prior approval of the Board of Trustees and the Board of Directors of the AMC.

Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and Tri-party Repos on Government Securities or treasury bills

Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the SEBI.

- (ii) In terms of SEBI circular dated October 01, 2019, the Scheme shall not invest in unlisted debt instruments including commercial papers (CPs), except Government Securities, other money market instruments and derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging. Provided that Scheme may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the Scheme subject to the condition that such unlisted NCDs have a simple structure (i.e. with fixed and uniform coupon, fixed maturity period, without any options, fully paid up upfront, without any credit enhancements or structured obligations) and are rated and secured with coupon payment frequency on monthly basis.

Provided further that the Scheme shall comply with the norms under this clause within the time and in the manner as may be specified by the SEBI.

For the above purposes, listed debt instruments shall include listed and to be listed debt instruments.

All fresh investments by the Scheme mutual fund schemes in CPs would be made only in CPs which are listed or to be listed.

- (iii) Investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- Investments shall be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- Exposure the Scheme in such instruments, shall not exceed 5% of the net assets of the Scheme.
- All such investments shall be made with the prior approval of the Board of AMC and the Board of Trustee.

- (iv) The Mutual Fund under all its schemes shall not own more than 10% of any company's paid-up capital carrying voting rights. Provided that, the limit of 10 per cent shall not be applicable for investments in [case of] index fund [or exchange traded fund] or sector or industry specific scheme.

For the purpose of determining the above limit, a combination of positions of the underlying securities and stock derivatives will be considered.

- (v) Transfers of investments from the Scheme to another Scheme in the Mutual Fund shall be made only if, -
(a) such transfers are done at the prevailing market price for quoted instruments on spot basis.

Explanation - "spot basis" shall have the same meaning as specified by stock exchange for spot transactions.

- (b) The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.

Further, SEBI vide its circular dated October 8, 2020 has prescribed elaborate guidelines for inter-scheme transfers (IST). The key extracts are as follows:

- ISTs shall be permitted only if other resources such as cash and cash equivalent, market borrowing, and selling securities in the market are exhausted.
- ISTs will be permitted for rebalancing of portfolio only if there is a passive breach of regulatory limits or where duration, issuer, sector, and group rebalancing are required in both the transferor and transferee schemes.
- No inter-scheme transfer of a security shall be allowed, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.

- If the security gets downgraded within a period of four months following such a transfer, the fund manager of the buying scheme will have to provide detailed justification to the Trustee for buying such a security.
- (vi) The Scheme may invest in another scheme managed by the same AMC or by the asset management company of any other mutual fund without charging any fees, provided that aggregate inter scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Fund.
- (vii) The Scheme shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities.
- Provided that the Mutual Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by SEBI.
- Provided further that the sale of government securities already contracted for purchase shall be permitted in accordance with the guidelines issued by RBI in this regard.
- (viii) The Mutual Fund shall, get the securities purchased or transferred in the name of the Mutual Fund on account of the Scheme, wherever investments are intended to be of long term nature.
- (ix) Pending deployment of funds of the Scheme in terms of its investment objectives, the Scheme may invest its funds in short term deposits of scheduled commercial banks, subject to the following guidelines for parking of funds in short term deposits of scheduled commercial banks as may be amended from time to time :
- Pursuant to the SEBI Circular No. SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007 read with SEBI Circular No. SEBI/HO/IMD/DF4/CIR/P/2019/093 dated August 16, 2019, where the cash in the Scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the Scheme shall abide by the following guidelines :
- “Short Term” for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
 - The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Trustee.
 - Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - The Scheme shall not park funds in short-term deposit of a bank which has invested in the said Scheme.
 - The AMC shall not be permitted to charge investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
 - The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.
- (x) The Scheme shall not make any investment in;
- (a) any unlisted security of an associate or group company of the Sponsor; or
 - (b) any security issued by way of private placement by an associate or group company of the Sponsor; or
 - (c) the listed securities of group companies of the Sponsor which is in excess of 25% of the net assets.
- (xi) In terms of SEBI circular dated October 01, 2019, Mutual fund scheme shall not invest in unlisted debt instruments including commercial papers (CPs), other than (a) government securities, (b) other money market instruments and (c) derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. which are used by mutual funds for hedging.
- (xii) Restrictions on investment in debt instruments having Structured Obligations / Credit Enhancements:
- The investment of the Scheme in the following instruments shall not exceed 10% of the debt portfolio of the schemes and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the Schemes:
- a) Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
 - b) Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.
- For the purpose of this provision, ‘Group’ shall have the same meaning as defined in paragraph B(3)(b) of SEBI Circular no. SEBI/ HO/IMD/ DF2/ CIR/P/ 2016/ 35 dated February 15, 2016.
- Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.
- Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. The AMC may ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, necessary steps may be initiated to ensure protection of the interest of the investors..
- (xiii) The Scheme shall not make any investment in any fund of funds scheme.
- (xiv) The Scheme shall not invest more than 10% of its net assets in the equity shares or equity related instruments of any company.
- For the purpose of determining the above limit, a combination of positions of the underlying securities and stock derivatives will be considered.
- (xv) The Scheme shall invest in equity shares and equity related instruments provided such securities are listed or to be listed.
- (xvi) No term loans for any purpose may be advanced by the Fund and the Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase, redemption of Units or payment of interest or dividends to Unit Holders, provided that the Fund shall not borrow more than 20% of the net assets of the Scheme and the duration of such a borrowing shall not exceed a period

of 6 months.

- (xvii) Investments in Foreign Securities are subject to a limit of US \$ 1 billion per Mutual Fund, within the overall industry limit of US\$ 7 billion. Further, investments in overseas Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 300 million per Mutual Fund, within the overall industry limit of US \$ 1 billion and any subsequent amendments thereto specified by SEBI and/or RBI from time to time.

(D) Fundamental Attributes

The following are the fundamental attributes of the Scheme, in terms of Regulation 18 (15A) of the Regulations:

- (i) **Type of the Scheme:** An open-ended dynamic asset allocation fund
- (ii) **Investment Objective:**

- (a) **Main Objective:** Growth

For details please refer paragraph "Investment Objective" under the Scheme.

- (b) **Investment Pattern:** The tentative equity/debt portfolio break-up with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short term period on defensive considerations (For details please refer paragraph "Asset Allocation Pattern" for details).

- (c) **Terms of Issue:**

- o Liquidity provisions such as listing, repurchase, redemption. (for details please refer paragraph on "Liquidity").
- o Aggregate fees and expenses charged to the Scheme/Plan (For details please refer paragraph "Fees and Expenses").
- o Any safety net or guarantee provided - there is no safety net or guarantee provided under the Scheme.

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- (i) a written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- (ii) the Unit Holders are given an option for a period of 30 days to exit at the prevailing NAV without any Exit Load.

(d) Creation of Segregated Portfolio:

Creation of segregated portfolio shall be subject to guidelines specified by SEBI from time to time and includes the following:

1) Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- a) Downgrade of a debt or money market instrument to 'below investment grade', or
- b) Subsequent downgrades of the said instruments from 'below investment grade', or
- c) Similar such downgrades of a loan rating

2) In case of difference in rating by multiple CRAs, the most conservative rating shall be considered. Creation of segregated portfolio shall be based on issuer level credit events as mentioned above and implemented at the ISIN level.

3) Creation of segregated portfolio is optional and is at the discretion of the L&T Investment Management Company Limited (AMC)

In case of unrated debt or money market instruments, actual default of either the interest or principal amount by the issuer that does not have any outstanding rated debt or money market instruments shall be considered for segregation of portfolio.

AMC shall inform AMFI immediately about the actual default by the issuer. Pursuant to dissemination of information by AMFI about actual default by the issuer, AMC may segregate the portfolio of debt or money market instruments of the said issuer.

Process for Creation of Segregated Portfolio:

1) On the date of credit event/actual default, AMC should decide on creation of segregated portfolio. Once AMC decides to segregate portfolio, it should:

- a) seek approval of trustees prior to creation of the segregated portfolio.
- b) immediately issue a press release disclosing its intention to segregate such debt and money market instrument and its impact on the investors. L&T Mutual Fund will also disclose that the segregation shall be subject to Trustee approval. Additionally, the said press release will be prominently disclosed on the website of the AMC.
- c) ensure that till the time the trustee approval is received, which in no case shall exceed 1 business day from the day of credit event/actual default, the subscription and redemption in the scheme will be suspended for processing with respect to creation of units and payment on redemptions.

2) Once Trustee approval is received by the AMC:

- a) Segregated portfolio will be effective from the day of credit event/actual default.
- b) AMC shall issue a press release immediately with all relevant information pertaining to the segregated portfolio. The said information will also be submitted to SEBI.
- c) An e-mail or SMS will be sent to all unit holders of the concerned scheme.
- d) The NAV of both segregated and main portfolios will be disclosed from the day of the credit event/actual default.
- e) All existing investors in the scheme as on the day of the credit event/actual default will be allotted equal number of units in the segregated portfolio as held in the main portfolio.

- f) No redemption and subscription will be allowed in the segregated portfolio. However, upon recovery of any money from segregated portfolio, it will be immediately distributed to the investors in proportion to their holding in the segregated portfolio.
- g) AMC should enable listing of units of segregated portfolio on the recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests
- h) Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.

3) If the trustees do not approve the proposal to segregate portfolio, AMC will issue a press release immediately informing investors of the same.

4) In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Valuation and Processing of Subscription and Redemption Proceeds:

Notwithstanding the decision to segregate the debt and money market instrument, the valuation should take into account the credit event/actual default and the portfolio shall be valued based on the principles of fair valuation (i.e. realizable value of the assets) in terms of the relevant provisions of SEBI (Mutual Funds) Regulations, 1996 and Circular(s) issued thereunder.

All subscription and redemption requests for which NAV of the day of credit event/actual default or subsequent day is applicable will be processed as under:

i. Upon trustees' approval to create a segregated portfolio -

- Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
- Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.

ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

Disclosure

AMC shall make necessary disclosures as mandated by SEBI, in statement of account, monthly / half yearly portfolio statements, Key Information Memorandum (KIM), SID, Scheme Advertisements, Scheme Performance data, AMC Website and at other places as may be specified.

The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.

Monitoring by Trustees

Trustees will monitor the compliance of the SEBI Circular in respect of creation of segregated portfolio and disclosure in this respect shall be made in Half-Yearly Trustee reports filed with SEBI.

In order to avoid mis-use of segregated portfolio, Trustees will review the performance of fund manager(s) in entirety which shall include:

- Investment decisions are taken by the fund manager(s) with adequate due diligence and there is no irregular or unethical conduct.
- Investment has been made in accordance with scheme objective.
- Segregation of portfolio is on account of extraneous uncontrollable event.
- There is adequate documentation with regard to investment decision.
- All risks are transparently highlighted to the investors through scheme related documents.

If the investment decision and/or segregation of portfolio is not in line with the above listed parameters, the Board of Trustees thereafter in consultation with AMC may decide to levy appropriate penalty on fund manager(s) which may even include claw back of performance incentive.

TER for the Segregated Portfolio

- 1) AMC will not charge investment and advisory fees on the segregated portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in segregated portfolio.
- 2) The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence. In addition to the TER mentioned above, the legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio as mentioned below.
- 3) The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the main portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.
- 4) The costs related to segregated portfolio shall in no case be charged to the main portfolio.

Explanations:

- 1) The term 'segregated portfolio' means a portfolio, comprising of debt or money market instrument affected by a credit event and unrated debt or money market instruments affected by actual default, that has been segregated in a mutual fund scheme.
- 2) The term 'main portfolio' means the scheme portfolio excluding the segregated portfolio.
- 3) The term 'total portfolio' means the scheme portfolio including the securities affected by the credit event/actual default.

Risks associated with segregated portfolio:

1. Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer.
2. Security comprises of segregated portfolio may not realise any value.
3. Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be

active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

(E) Portfolio Turnover

Portfolio Turnover is defined as the aggregate value of investment and disinvestment in equity/equity related securities (other than those caused by the Purchases and Redemptions by Unit Holders) as a percentage of the average corpus of the Scheme during a specified period of time. This would also exclude investments/ disinvestments in money market instruments.

The portfolio may be churned in order to take advantage of movements in the securities market and to maximize the average returns on the portfolio while maintaining a desirable risk profile and adequate liquidity.

"The portfolio turnover ratio as on March 31, 2022 was 5.2358

(F) Scrip Lending by the Mutual Fund-

If permitted by SEBI under extant Regulations/guidelines, the Scheme may also engage in scrip lending. The AMC shall comply with all reporting requirements and the Trustee shall carry out periodic review as required by SEBI guidelines. Scrip lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on expiry of the stipulated period.

The Investment Manager will apply the following limits, should it desire to engage in scrip lending:

1. not more than 20% of the net assets of the Scheme can generally be deployed in scrip lending; and
2. Not more than 5% of the net assets of the Scheme can generally be deployed in scrip lending to any single counter-party.

Various risks associated with scrip lending, such as counter-party risks, liquidity and other market risks, are described in paragraph "Risk associated with short selling and securities/ scrip lending".

(G) Investments in Derivatives

The Scheme, if permitted as per respective investment strategies, may invest in various derivatives instruments including futures (index and stock), options (index and stock) and forward contracts which are available for investment in Indian markets from time to time and which are permissible as per the applicable Regulations. The Scheme may also invest in derivative instruments in international markets as and when they are permissible as per the applicable Regulations. Investment in such instruments will be made in accordance with the investment objective and the strategy of the Scheme to protect the value of the portfolio and to enhance returns. The investments shall also be subject to the internal limits as may be laid down from time to time and such limits and restrictions as may be prescribed by the Regulations or any other regulatory body.

Initially the Scheme would invest only in 'stock and/or index futures'. Investments in other derivative instruments may be done by the Scheme only once the Trustees are comfortable that the systems for dealing, back office and accounting are in place for derivative instruments other than 'stock and/or index futures'. Before commencing the use of other derivative instruments, the Trustees will submit a separate confirmation to SEBI that the AMC has the necessary systems for dealing, back office and accounting in place for using other derivative instruments.

Concepts and Examples:

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities and equities.

Futures:

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific future date. The price at which the asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfil the terms of the contract.

Currently, futures contracts have a maximum expiration cycle of 3-months. Three contracts are available for trading, with 1 month, 2 months and 3 months expiry respectively. A new contract is introduced on the next trading day following the expiry of the relevant monthly contract. Futures contracts typically expire on the last Thursday of the month. For example a contract with the January expiration expires on the last Thursday of January.

Index Futures

Index Futures began trading on NSE on June 12, 2000. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled and in some cases settlement is by way of delivery of the underlying stocks.

Let us assume that the Nifty Index at the beginning of the month October 2017 was 9979 and futures indices as under were available:

Month	Bid price	Offer price
October	9997	10032
November	10049	10084
December	10102	10155

The Scheme could buy an index of October 2017 at the offer price of 10032. The Scheme will be required to pay the initial margin as required by the exchanges.

The following is a hypothetical example of a typical trade in index future and the costs associated with the trade.

	Particulars	Index Future	Actual purchase of stocks
	Index as on beginning October 2017	9979	9979
	October 2017 futures price (in Rs.)	10032	-
I.	Execution Cost (Carry cost and other costs associated with the Index Futures - 10032-9979) (in Rs.)	53	NIL

II.	Brokerage Cost - on purchase (Assumed @ 0.04% for index future and 0.05% for spot stocks) (in Rs.) (0.04% of 10032, 0.05% of 9979)	4.01	4.99
III.	Securities Transaction Tax (in Rs.) (STT on purchase of index futures - NIL; STT on purchase of stocks - 0.1% of 2840)	NIL	9.98
IV.	Gain on surplus funds (assumed 5% returns on 90% of the money left after paying margin (10%)) (in Rs.) (5% x 9979 x 90% x 30 days/365)	36.91	NIL
V.	Spot market price at the expiry of October contract (in Rs.)	10032	10032
VI.	Brokerage Cost - on sale (in Rs.) (Assumed @ 0.04% for index future and 0.05% for spot stocks) (0.04% of 10032, 0.05% of 10032)	4.01	5.02
VII.	Securities Transaction Tax (in Rs.) (STT on sale of index futures - 0.01% of 10032; STT on sale of stocks - 0.1% of 10032)	1.00	10.03
	Total Cost (I + II + III - IV + VI + VII) (in Rs.)	25.11	30.02

Please note that the above example is based on assumptions and is used only for illustrative purposes (including an assumption that there will be a gain pursuant to investment in index futures). As can be seen in the above example, the costs associated with the trade in futures are less than that associated with the trade in actual stock. Thus, in the above example the futures trade seems to be more profitable than the trade in actual stock. However, buying of the index future may not be beneficial as compared to buying stocks if the execution and brokerage costs on purchase of index futures are high and the return on surplus funds are low. The actual returns may vary based on actuals and depends on final guidelines/procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorities.

Stock Futures:

Stock futures were launched on 9th November, 2001. A futures contract on a stock gives its owner the right and obligation to buy or sell the stocks. Like index futures, stock futures are also cash settled; there is no delivery of the underlying stocks. A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself. In this regard, trading stock futures is no different from trading the security itself.

Example:

Assume that the spot price of the stock held by Mr. X is ₹ 390. Two-month futures cost him ₹ 402. For the futures contract he pays an initial margin. Now if the price of the security falls any further, he will suffer losses on the stock he holds. However, the losses he suffers on the stock will be offset by the profits he makes on his short futures position. For e.g. if the price of the stock held by him falls to ₹ 350, the fall in the price of the security will result in a fall in the price of futures. Futures will now trade at a price lower than the price at which he entered into a short futures position (assume futures trade at ₹340). Hence his short futures position will start making profits. The loss of ₹ 40 incurred on the security he holds, will be made up by the profits of ₹ 62 (the initial margin paid and other related costs are not considered) made on his short futures position.

Options:

An option is a contract which provides the buyer of the option (also called the holder) the right, without the obligation, to buy (call) or sell (put) a specified asset at an agreed price on or upto a particular date. For acquiring this right the buyer has to pay a premium to the seller. The seller on the other hand has the obligation to buy or sell that specified asset at the agreed price. The premium is determined considering number of factors such as the underlying asset's market price, the number of days to expiration, strike price of the option, the volatility of the underlying asset and the risk less rate of return. The strike price, the expiration date and the market lots are specified by the exchanges.

An option contract may be of two kinds, viz., a call option or a put option. An option that provides the buyer the right to buy is a call option. The buyer of the call option (known as the holder of the option) can call upon the seller of the option (known as writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry date of the option. The seller of the option has to fulfill the obligation on exercise of the option.

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Options are of two types: (a) European and (b) American. In a European option, the holder of the option can only exercise his right on the date of expiration. In an American option, he can exercise this right anytime between the purchase date and the expiration date.

Covered call writing option strategy

Covered call option strategy is known as selling a call option on the shares which an investor holds. Under this strategy the investor owns the shares and has taken on the potential obligation to deliver the shares to the option buyer and accept the predetermine price as the price at which he sells the shares. For his willingness to do this, the investor receives the premium on the option.

i. Benefit of covered call option strategy:

- Income Generation: Investment manager sees this strategy as income generation. When investment manager is under view that the price of a share will not move beyond certain price in certain time frame, his endeavour will be to generate income by selling call option on that stock.
- Downside Hedging: Downside of the stock is protected to the extent of premium received under covered call strategy.

Example on options:

Buying a Call Option: Assume that the Scheme buys a call option at the strike price of ₹ 2,000 and pays a premium of ₹ 100. If the market price of the underlying stock on the date of expiry of the option is ₹ 2,400 (i.e. more than ₹ 2,100 which is total of the strike price and the premium), the Scheme would earn profits. However, if on the date of the expiry of the option, the market price of the underlying stock is ₹ 1,900, the Scheme will not exercise the option and it shall lose the premium of ₹ 100.

Thus, in the above example, the loss for the Scheme, as the buyer of the option, is limited to the premium paid by him while the gains are unlimited.

Buying a Put Option: Assume that the Scheme buys a put option at the strike price of ₹ 2,000 and pays a premium of ₹ 100. If the market

price of the underlying stock decreases to ₹1,850 the Scheme would be protected from the downside and would only have to bear the loss of the premium of ₹100 instead of a loss of ₹150 whereas if the stock price moves up to say ₹ 2,150 the Scheme may let the option expire and forego the premium thereby capturing ₹ 50 upside after bearing the premium of ₹ 100.

Writing a Call Option: Assume that the Scheme writes a call option at the strike price of ₹2,050 and earns a premium of ₹100. If the market price of the underlying stock on the date of expiry increases to ₹ 2,200 (i.e. more than ₹ 2,050) then the option is exercised. The Scheme earns the premium of ₹ 100 but loses the difference between the market price and the exercise price i.e. ₹ 150. In case the market price of the underlying stock decreases to ₹ 2,000, the Scheme gets to keep the premium of ₹100.

Writing a Put Option: Assume that the Scheme writes a put option at the strike price of ₹ 2,050 and earns a premium of ₹ 50. If the market value of the underlying stock decreases to ₹ 2,000 the put option will be exercised and the Scheme will earn the premium of ₹50 but loses the difference between the exercise price and the market price which is ₹ 50. However, if the market price of the underlying stock is ₹ 2,100, the option-holder will not exercise the option. As a result of which the option will expire and the Scheme will earn the premium income of ₹ 50.

Please note that, the Scheme will not write options.

Forward Contracts:

A forward contract is a transaction in which the buyer and the seller agree upon the delivery of a specified quality (if commodity) and quantity of underlying asset at a predetermined rate on a specified future date. For example on forward contracts, please refer below.

Assume that on June 30, 2017, the scheme has invested 1 million dollars in a US treasury security. Fund Manager expects that the yields in the US will come down in the next 6 months and plans to sell the asset on December 31, 2017 to book the gain. Rupee is trading at ₹ 63 to a US Dollar on June 30, 2017. If rupee appreciates compared to the Dollar in these 6 months to say ₹ 62.50 per Dollar, the Scheme will earn lower returns in Rupee terms when the fund manager sells the investments on December 31, 2017 and converts the proceeds into Rupees. He can mitigate this exchange rate risk by entering into a forward contract to sell 1 million dollars on June 30, 2017 for value December 31, 2017 (6 month forward) and receive the prevailing premium of say 40 paise per Dollar i.e. he has locked in a rate of ₹ 63.40 per US Dollar for delivery on December 31, 2017. With this the Scheme is not exposed to the loss of Rupee appreciation or profit from Rupee depreciation.

Please note that currently , the Scheme will not invest in forward contracts.

Please note that the above examples are based on assumptions and are used only for illustrative purposes.

(H) Investment Restrictions pertaining to derivatives:

In accordance with SEBI circulars dated September 14, 2005, January 20, 2006, September 22, 2006 and August 18, 2010, the following conditions shall apply to the Scheme's participation in the derivatives market. Please note that the investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

(i) Position limit for the Mutual Fund in index options contracts

The position limit for the Mutual Fund in index options contracts shall be as follows:

- (a) The Mutual Fund's position limit in all index options contracts on a particular underlying index shall be ₹ 500 crores or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
- (b) This limit would be applicable on open positions in all options contracts on a particular underlying index.

(ii) Position limit for the Mutual Fund in index futures contracts

The position limit for the Mutual Fund in index futures contracts shall be as follows:

- (a) The Mutual Fund's position limit in all index futures contracts on a particular underlying index shall be ₹ 500 crores or 15% of the total open interest of the market in index futures, whichever is higher, per Stock Exchange.
- (b) This limit would be applicable on open positions in all futures contracts on a particular underlying index.

(iii) Additional position limit for hedging for the Mutual Fund

In addition to the position limits at point (i) and (ii) above, the Mutual Fund may take exposure in equity index derivatives subject to the following limits:

- (a) Short positions in index derivatives (short futures and long puts) shall not exceed (in notional value) the Mutual Fund's holding of stocks.
- (b) Long positions in index derivatives (long futures and, long calls) shall not exceed (in notional value) the Mutual Fund's holding of cash, government securities, T-Bills and similar instruments.

(iv) Position limit for the Mutual Fund for stock based derivative contracts

The position limit for the Mutual Fund in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts shall be as follows:

The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL)

(v) Position limit for the Scheme

The position limit/disclosure requirements for the Scheme shall be as follows:

- (a) For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of the Scheme shall not exceed the higher of:
 - 1% of the free float market capitalisation (in terms of number of shares) Or
 - 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
- (b) For index based contracts, the Mutual Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.

- (vi) The cumulative gross exposure through equity, debt, derivative positions including fixed income derivatives, and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the Scheme.
- (vii) The Scheme cannot write options or purchase instruments with embedded written options.
- (viii) In case the Scheme invests in options, the option premium shall not exceed 20% of the net assets of the Scheme.
- (ix) Cash or cash equivalents with residual maturity of less than 91 days will not be treated as creating any exposure.
- (x) Derivatives positions for hedging purposes will not be included in the aforesaid limits subject to compliance with the requirements mentioned in SEBI Regulations.
- (xi) The Scheme may enter in to plain vanilla interest rate swaps for hedging purposes with a counter party which is recognized as a market maker by RBI. Further, the value of the notional principal in such cases will not exceed the value of respective existing assets being hedged by the Scheme.
- (xii) In case of interest rate swaps, the exposure to a single counterparty shall not exceed 10% of the net assets of the Scheme.
- (xiii) The exposure due to derivative positions taken for hedging purposes in excess of the underlying position against which the hedging position has been taken, shall be treated under the limit mentioned in point (vi).
- (xiv) The gross open positions across all Interest Rate Futures contracts by the Mutual Fund shall not exceed 10% of the total open interest in the respective maturity bucket or ₹600 crores, whichever is higher.
- (xv) The gross open positions of the Scheme across all Interest Rate Futures contracts within the respective maturity bucket shall not exceed 3% of the total open interest or ₹ 200 crores whichever is higher.
- (xvi) Each position taken in derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain derivative positions may theoretically have unlimited possible loss. Exposure in derivative positions shall be computed as follows:

Position	Exposure
Long Future	Futures Price * Lot Size * Number of Contracts
Short Future	Futures Price * Lot Size * Number of Contracts
Option bought	Option Premium Paid * Lot Size * Number of Contracts.

(I) Investment Restrictions for Covered Call option strategy:

The scheme can write Call options under a covered strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:

- a) The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- b) The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- c) At all points of time the Mutual Fund scheme shall comply with the provisions at points (a) and (b) above. In case of any passive breach of the requirement at paragraph (a) above, the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- d) In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.
- e) In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- f) The premium received shall be within the requirements prescribed in terms of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- g) The exposure on account of the call option written under the covered call strategy shall not be considered as exposure in terms of paragraph 3 of SEBI Circular no. Cir/IMD/DF/11/2010, dated August 18, 2010.
- h) The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

(J) Investment in the Scheme(s) by the AMC, Sponsor or its Associates

From time to time, subject to the Regulations, the Sponsors/Associate/AMC may acquire a substantial portion of the Scheme's units and collectively constitute a majority investor in the Scheme.

Further, the AMC may invest in one or more schemes of the Fund depending upon its cash flows and investment opportunities. In such an event, the Investment Manager will not charge management fees on its investment for the period it is retained in the Scheme.

In accordance with Regulation 28(4) of SEBI (Mutual Funds) (Amendment) Regulations, 2014, the AMC has invested a portion of its assets into the Scheme as seed capital to the extent mandated and such seed capital will not be redeemed or withdrawn by the AMC until the winding up of the Scheme.

(K) Product Differentiation

The investment themes of the existing equity oriented and Index schemes of the Mutual Fund (along with the asset under management and number of folios) are as stated below:

IV. Units and Offer

This section provides details you need to know for investing in the Scheme. This section must be read in conjunction with the application procedure and other relevant details mentioned in the Statement of Additional Information.

(A) Units on offer - general information

(i) Plans under the Scheme:

Direct Plan:

Investors proposing to purchase units of the Scheme directly from the Fund (i.e. investments not routed through an AMFI Registration Number (ARN) Holder) can invest under the Direct Plan.

Investments under the Direct Plan can be made through various modes offered by the Fund for investing directly with the Fund or through registered Investment Advisor (except Stock Exchange Platform(s) and all other platform(s) where investors' applications for subscription of units are routed through distributors).

Investors subscribing under the Direct Plan will have to indicate "Direct Plan" against the Scheme name in the application form. Investors should also indicate "Direct" in the ARN column of the application form. However, in case distributor code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name, the distributor code will be ignored and the application will be processed under the Direct Plan. Further, where application is received for the Scheme without distributor code or "Direct" mentioned in the ARN Column, the application will be processed under the Direct Plan.

For investments routed through a distributor (i.e. made with a distributor code), any switch of units to Direct Plan will be subject to applicable Exit Load, if any.

For investments made directly i.e. without any distributor code, no Exit Load will be charged for switch of investments to Direct Plan. Further, for the purpose of determining the Exit Load for redemption of such units from Direct Plan, the date when such units were allotted in the Scheme (without any distributor code) will be considered as the Purchase/allotment date. No Exit Load will be charged for switch of units from the Direct Plan to the Regular Plan of the Scheme.

In case of investors who have invested without distributor code and have opted for Dividend Reinvestment facility under the Regular Plan of the Scheme, the dividend will continue to be reinvested in the same plan only.

Regular Plan:

Investors proposing to purchase units of the Scheme through an ARN Holder can invest under the Regular Plan. The options referred below are available under both the above-mentioned plans. The above plans have a common portfolio. However, Regular Plan and Direct Plan have different NAVs.

The application(s) will be processed under Direct / Regular Plan as stated in the table below:

Scenario	Distributor / broker code mentioned by the investor	Plan mentioned by the investor	Default plan in which the application shall be processed
1	Not mentioned	Not mentioned	Direct Plan
2	Not mentioned	Direct	Direct Plan
3	Not mentioned	Regular	Direct Plan
4	Mentioned	Direct	Direct Plan
5	Direct	Not Mentioned	Direct Plan
6	Direct	Regular	Direct Plan
7	Mentioned	Regular	Regular Plan
8	Mentioned	Not Mentioned	Regular Plan

In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under the Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.

(ii) Options available under the Scheme:

The Scheme offers the following two options – Growth Option and IDCW Option. The IDCW Option offers IDCW Payout and IDCW Reinvestment facilities.

- Growth option: under this option no dividend will be distributed.
- IDCW option: Under this option, the amounts can be distributed out of investors' capital (Equalization Reserve), which is part of sale price that represents realized gains, a dividend as may be declared by the Trustee, at its discretion from time to time (subject to the availability of distributable surplus as calculated in accordance with the Regulations.)

If the investor does not clearly specify the choice of option at the time of investing, the default option for the investment will be considered as a Growth Option.

If the investor does not clearly specify the facility within the IDCW option i.e. Payout or Reinvestment at the time of investing then:

- In case of first time investment in the Scheme within a folio, the default facility considered for the investment will be Reinvestment facility.
- For all other cases, it will be treated as the facility applicable for the earlier investments in the Scheme within the folio.

In case the Unit Holder chooses a different facility (i.e. Payout/Reinvestment) under IDCW option at the time of subsequent investments in the Scheme, the facility so chosen shall be applicable for all units in the respective Scheme in the folio.

In case a Unit Holder requests for a change in facility (i.e. Payout/Reinvestment) under IDCW option, the change shall be applicable for all units in the Scheme in the folio.

(iii) Dividend Policy

The Trustee may decide to distribute distributable surplus, the surplus by way of realised profit, dividends and interest, net of losses, expenses and taxes, if any, to Unit Holders in the dividend option of the Scheme if such surplus is available and adequate for distribution in the opinion of the Trustee.

The Trustee's decision with regard to availability and adequacy, rate, timing and frequency of distribution shall be final.

In case of IDCW payout facility, the AMC shall despatch to the Unit Holders, the dividend warrants within 15 days from the record date of declaration of dividend

In case of the Scheme under the dividend payout facility, if the amount of dividend payable to the Unit Holder is less than ₹ 100, then the dividend amount will be compulsorily reinvested

Further the dividend proceeds may be paid by way of direct credit/NEFT/RTGS/any other manner through which the investor's bank account specified in the Registrar's records is credited with the dividend proceeds.

The dividend will be due to only those Unit Holders whose names appear in the register of Unit Holders in the Dividend option of the Scheme on the record date which will be fixed by the Trustees and announced in advance.

Further, the NAV shall be adjusted to the extent of dividend distribution and statutory levy, if any, at the close of business hours on record date. Within one day of the decision by the Trustees regarding the dividend distribution rate and the record date, AMC shall issue notice to the public, communicating the decision including the record date. The record date shall be 5 calendar days from the issue of notice. Such notice shall be given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the mutual fund is situated.

The Unit Holders have the option of receiving the dividend or reinvesting the same. The dividend will be reinvested at the ex-dividend NAV. No Exit load will be charged on account of Units allotted by way of dividend reinvestments.

Within one day of the decision by the Trustee regarding dividend distribution, rate and record date, AMC shall issue notice to the public.

The dividend proceeds may be paid by way of direct credit/ NEFT/RTGS/any other manner through which the investor's bank account specified in the Registrar's records is credited with the dividend proceeds.

(iv) Allotment

New investors may apply for Units by filling up an Application Form. Existing investors can apply for Units using a Transaction Slip. All valid and complete applications will be allotted Units at the Applicable NAV for the application amount.

(v) Who can invest

This is an indicative list and prospective investors are advised to satisfy themselves that they are not prohibited by any law governing them and any Indian law from investing in the Scheme and are authorised to purchase units of mutual funds as per their respective constitutions, charter documents, corporate/other authorisations and relevant statutory provisions. The following is an indicative list of persons who are generally eligible and may apply for subscription to the Units of the Scheme. The investors are requested to consult their financial advisor(s) to ascertain whether the Scheme is suitable to their risk profile.

- Indian resident adult individuals, either singly or jointly (not exceeding three);
- Sole Proprietorship
- Minor through parent/lawful guardian; (please see the note below)
- Companies, bodies corporate, public sector undertakings, association of persons or bodies of individuals and societies registered under the Societies Registration Act, 1860;
- Religious and Charitable Trusts, Wakfs or endowments of private trusts (subject to receipt of necessary approvals as required) and Private Trusts authorised to invest in mutual fund schemes under their trust deeds;
- Partnership Firms constituted under the Partnership Act, 1932;
- A Hindu Undivided Family (HUF) through its Karta;
- Banks (including Co-operative Banks and Regional Rural Banks) and Financial Institutions;
- Non-Resident Indians (NRIs)/Persons of Indian Origin (PIO) on full repatriation basis or on non-repatriation basis;
- Foreign Portfolio Investors (FPIs) registered with SEBI;
- Army, Air Force, Navy and other para-military funds and eligible institutions;
- Scientific and Industrial Research Organisations;
- Provident/Pension/Gratuity and such other Funds as and when permitted to invest;
- International Multilateral Agencies approved by the Government of India/RBI; and
- The Trustee, AMC or Sponsor or their associates (if eligible and permitted under prevailing laws).
- A Mutual Fund through its schemes, including Fund of Funds schemes.

Note: Investment made on behalf of a minor:

Joint holding will not be permitted in respect of investments made on behalf of a minor. The minor shall be the first and sole holder. If joint holder details are provided in the application, the same shall be ignored and the first holder details alone will be recorded while processing.

The guardian investing on behalf of a minor shall either be a natural guardian or a court appointed guardian and necessary documents evidencing the date of birth of the minor and relationship between the minor and guardian will be required to be submitted along with the Application Form.

Payment for investment by means of cheque, demand draft or any other mode shall only be accepted from the bank account of the minor or from a joint account where the minor is one of the holders with the guardian.

Pay-out for redemption processed in minor folios, shall be credited only into the bank account of the minor or to a joint account where minor is one of the holders. If in case any other bank account is registered in the folio, which is not in the name of the minor or if minor is not part of the account with the guardian, change of pay-out bank mandate would be insisted and only post registration of the minor account redemption would be processed.

Minor Unit Holder on becoming major will be required to complete necessary KYC formalities and update their bank account details to enable the change of status in folio from minor to major and inform the AMC/Registrar about attaining majority and the folio/s should be regularized forthwith. No further transactions will be allowed till such time the status of the folio is changed from minor to major. The AMC may specify such procedures for regularisation of the folio/s, as it may deem appropriate from time to time to enable the AMC/Registrar to update their records and allow him to operate the account in his own right. For more information kindly read para "On Behalf of Minor" Accounts in Statement of Additional Information.

(vi) Who cannot invest

IT SHOULD BE NOTED THAT THE FOLLOWING ENTITIES CANNOT INVEST IN THE SCHEME:

1. Any individual who is a foreign national or any other entity that is not an Indian resident under the Foreign Exchange Management Act, 1999, except where registered with SEBI as a Foreign Portfolio Investor.
2. Overseas Corporate Bodies (OCBs) shall not be allowed to invest in the Scheme. These would be firms and societies which are held directly or indirectly but ultimately to the extent of at least 60% by NRIs and trusts in which at least 60% of the beneficial interest is similarly held irrevocably by such persons (OCBs.)
3. Non-Resident Indians residing in the countries designated as high risk and non-co-operative jurisdictions / jurisdictions with strategic AML/ combating the financing of terrorism (CFT) deficiencies identified by Financial Action Task Force (FATF).

The Mutual Fund reserves the right to include/exclude new/existing categories of investors to invest in the Scheme from time to time, subject to SEBI Regulations and other prevailing statutory regulations, if any.

Subject to the Regulations, an application for Units may be accepted or rejected in the sole and absolute discretion of the Trustee. For example, the Trustee may reject any application for the Purchase of Units if the application is invalid or incomplete or if, in its opinion, increasing the size of any or all of the Scheme's Unit capital is not in the general interest of the Unit Holders, or if the Trustee for any other reason does not believe that it would be in the best interest of the Scheme or its Unit Holders to accept such an application.

The AMC, under powers delegated by the Trustee, shall have absolute discretion to reject any application if after due diligence, the investor/ Unit Holder/a person making the payment on behalf of the investor does not fulfil the requirements of the "Know Your Customer" programme of the AMC or the AMC believes that the transaction is suspicious in nature as regards money laundering.

The AMC/Trustee may need to obtain from the investor verification of identity or such other details relating to a subscription for Units as may be required under any applicable law, which may result in delay in processing the application.

(vii) How to apply

Please refer to SAI and the application forms for the instructions.

(viii) Listing

The Scheme being open-ended, the Units are not proposed to be listed on any stock exchange. However, the Mutual Fund may at its sole discretion list the Units on one or more stock exchanges at a later date. However the Units held in dematerialised mode are freely transferable.

(ix) Restrictions, if any, on the right to freely retain or dispose of units being offered

The Units of the Scheme (except the Units held in dematerialised mode) are not transferable. The Trustees reserve the right to make the Units transferable at a later date subject to the Regulations. Please refer paragraph "Listing and Transfer of Units" in the SAI for further details.

(x) Purchase price

The Purchase Price of the Units is the price at which an investor can purchase Units of the Scheme. It will be calculated as described below:
The Purchase Price would be equal to the Applicable NAV

Purchase Price will be calculated upto three decimal places for the Scheme.

For details on load structure for the Scheme, please refer paragraph "Load Structure".

(xi) Redemption Price

The Redemption Price of the Units is the price at which a Unit Holder can redeem Units of the Scheme. It will be calculated as described below:

Redemption Price = Applicable NAV x (1 - Exit Load)

Redemption Price will be calculated up to three decimal places for the Scheme.

For example, if the Applicable NAV of the Scheme is ₹10, and it has a 2% Exit Load, the Redemption Price will be calculated as follows:

Redemption Price = 10 x (1 - 2.00%) i.e. 10 x 0.98 = 9.80

If the Scheme has no Exit Load, the Redemption Price will be equal to the Applicable NAV.

(xii) Cut-off time for Purchase/Redemption/Switches

This is the time up to which the application (complete in all respects) from investors should be accepted by the Investor Service Centres. The Cut-off time for the Scheme is 3 p.m., and the Applicable NAV will be as under:

For Purchase

1. Where the application is received upto 3.00 p.m. on a Business Day and funds are available for utilization before the cut-off time - the closing NAV of the Business Day shall be applicable.
2. Where the application is received after 3.00 p.m. on a Business Day and funds are available for utilization on the same day or before the cut-off time of the next Business Day - the closing NAV of the next Business Day shall be applicable.
3. Irrespective of the time of receipt of application, where the funds are not available for utilization before the cut-off time - the closing NAV of next Business Day on which the funds are available for utilization shall be applicable.

4. In respect of valid applications, the time of receipt of applications or the funds for the entire amount are available for utilization, whichever is later, will be used to determine the applicability of NAV.
5. In case of other facilities for systematic transactions like Systematic Investment Plan (SIP), Systematic Transfer Plan (STP), etc., the NAV of the day on which the funds are available for utilization by the Target Scheme shall be considered irrespective of the installment date.

The aforesaid will be applicable only for cheques/drafts/payment instruments payable locally in the city in which ISC is located. No outstation cheques will be accepted.

For applications for Purchases along with demand drafts not payable at par at the place where the application is received, NAV of the day on which the demand draft is credited shall be applicable.

Further an Application Form accompanied by a payment instrument issued from a bank account other than that of the applicant will not be accepted except in certain circumstances. Please refer paragraph "Transaction through Third Party Instrument" in SAI for further details.

For Redemption

In respect of valid Redemption applications accepted at an Investor service Centre upto 3 p.m. on a Business Day, the NAV of such day will be applicable.

In respect of valid Redemption applications accepted at an Investor service Centre after 3 p.m. on a Business Day, the NAV of the next Business Day will be applicable

For Switches

Valid applications for 'switch-out' shall be treated as applications for Redemption and valid applications for 'switch-in' shall be treated as applications for Purchase, and the provisions of the Cut-off time, purchase/redemption price, minimum amounts for Purchase/ Redemption and the Applicable NAV mentioned in the Scheme Information Document as applicable to Purchase and Redemption shall be applied respectively to the 'switch-in' and 'switch-out' applications.

The cut-off timings are as per SEBI (Mutual Fund) Regulations, 1996 and may change as prescribed by SEBI and as intimated by AMC from time to time.

(xiii) Where can the applications for Purchase/Redemption/Switches be submitted?

Applications filled up and duly signed by all applicants should be submitted to an Investor Service Centre (including POS designated by MFU). In case of a Purchase application, the application must be accompanied along with the cheque/draft/other payment instrument.

In respect of units held in dematerialised mode, the redemption requests should be submitted only through the Depository Participant or stock exchanges.

The names and addresses of the Investor Service Centres are mentioned at the end of this document.

(xiv) Minimum amounts for Purchase and minimum amount/number of units for Redemption

Minimum Initial Application Amount (per application)	Minimum Additional Application Amount (per application)	Minimum amount/number of units for Redemption
₹ 5,000	₹ 1,000	₹ 500 or 50 Units

In respect of transactions received through the Stock Exchange platforms, the requirements pertaining to minimum amounts for Purchase (initial as well as additional) may not be made applicable currently.

The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. In case the request for Redemption specifies both, i.e. amount in rupees as well as the number of Units to be redeemed, then the latter will be considered as the redemption request and redemption will be processed accordingly.

In case the request for redemption/switch does not specify the amount or number of units to be redeemed/switched, the request will be rejected by the Mutual Fund.

However in case of Units held in dematerialised mode, the Unit Holder can give a request for Redemption only in number of Units.

Requests for redemption of units held in the dematerialised mode can be initiated only through the mutual fund transactions platforms of the Stock Exchange or such other platforms offered by the Depositories from time to time.

Where Units under the Scheme are held under both the Regular Plan and the Direct Plan and the redemption/switch request pertains to the Direct Plan, the same must clearly be mentioned on the request (along with the folio number), failing which the request would be processed from the Regular Plan. However, where Units under the requested Scheme/Option are held only under one plan, the request would be processed under that plan.

Units can be redeemed (sold back to the Mutual Fund) at the Redemption Price. If an investor has purchased Units of the Scheme on more than one Business Day the Units will be redeemed on a first-in-first-out basis. If multiple Purchases are made on the same day, the Purchase appearing earliest in the account statement will be redeemed first.

(xv) Minimum balance to be maintained under the Scheme and consequence of non - maintenance

The minimum balance to be maintained at all times under the Scheme shall be equal to the minimum redemption size under the Scheme. If, in the course of redemption/switch-out from the Scheme, the balance units/amount available under the Scheme falls below the minimum redemption size requirement, all units in the Scheme would be redeemed/switched-out.

In respect of Units held in dematerialised mode, the provisions pertaining to minimum balance amount/number of Units will not be applicable.

(xvi) Facilities Offered to Investors under the Scheme

(a) Systematic Investment Plan (SIP)

This facility enables investors to invest regularly. SIP as a facility, allows investors to invest small sums at pre-defined time intervals thereby fostering a culture of regular, long term investments. SIP offers investors the benefits of Rupee Cost Averaging as, through this facility, an investor is able to purchase units at different price points over a period of time. The SIP facility offered by the Fund is subject to the following terms and conditions:

- i) Investors can avail the SIP facility by filling up a SIP Investment Form. First time applicants need to also fill up the Common Application Form

in addition to the SIP Investment Form.

The Fund also offers investors the benefits of applying for SIP online through its web site www.lfms.com with select banks to investors who have registered for the online facility. Please visit www.lfms.com for more details.

- ii) The Fund also offers SIP facility through transaction platforms of select empanelled distributors. The payment towards SIP instalments can be made by the investors in accordance with the payment arrangement agreed upon between the AMC and the distributor concerned operating the transaction platform.
- iii) Unit Holders can also avail this facility by transacting through mutual fund trading platforms of the stock exchanges through eligible stock brokers, subject to fulfilment of the conditions pertaining to SIP instalment size, SIP dates, minimum number of instalments, SIP frequency and total SIP amount. The allotment will be made at the Applicable NAV and units will be credited to demat account of the unit holder, subject to realisation of the funds. The payment towards SIP instalments can be made by the investors in accordance with the payment arrangement agreed upon between the AMC and the exchanges.
- iv) The first SIP instalment cheque should be of the same date as the date of the application or the immediately following business day. Subsequent SIP Instalments can be paid for electronically by availing the electronic debit facility offered by the Fund through various banks / service providers. Investors need to provide a one time written authorisation to their bank for debit of their bank account towards payment for the second and subsequent SIP instalments together with a cancelled cheque leaf of the bank account.
- v) Where the number of SIP Instalments or SIP End Date is defined by the investor, SIPs would be registered accordingly. Alternatively, investors may register a SIP without an end date or without defining the number of SIP instalments. In such cases, the SIP would be registered without any end date and would be discontinued only based on specific instructions from the investor.
- vi) Investors may also choose to pay for their second and subsequent SIP instalments by issuance of post-dated CTS 2010 compliant cheques (dated uniformly either the 1st, 5th, 7th, 10th, 15th, 20th, 25th or 28th of a month). A separate SIP Investment Form has been provided for investors desirous of paying for their SIP Instalments through post-dated cheques. If any cheque is dated other than any of the dates mentioned above, the cheque will be presented to the bank only on the immediately following value date, namely, 1st, 5th, 7th, 10th, 15th, 20th, 25th or 28th of the month as the case may be, and units will be allotted accordingly.
- vii) The second SIP instalment would, subject to the registration of the SIP mandate, be processed on the SIP date indicated by the Unit Holder 30 days after the date of submission of the SIP application.
- viii) Investors have also been offered a facility to register for a SIP without paying for the first SIP instalment by cheque. An auto-debit authorisation from the investor to his banker in the format stipulated in the SIP Application Form needs to be duly filled, signed and submitted along with a copy of the cheque (of the account from where debit is to happen every month) by the Unit Holder to the Investor Service Centre of the AMC for the purpose. For investors availing this facility, the first SIP Instalment would, subject to the registration of the SIP mandate, be processed on the preferred SIP date 30 days after the date of submission of the SIP application.
- ix) The load structure prevailing at the time of submission/registration of the SIP application (whether fresh or extension) will apply for all the instalments indicated in such application.
- x) SIP renewal requests should be submitted atleast 30 days before the due date of first SIP instalment after renewal. Renewal/ Extension of an existing SIP will be treated as a new SIP on the date of such application for renewal / extension, and all the conditions applicable to a new SIP at the stage of extension of the SIP would need to be complied with.
- xi) If at the time of renewal, the bank details for auto debit are different from the bank details earlier registered with the Mutual Fund, the Unit Holder would be required to submit a cancelled cheque leaf/copy thereof along with the SIP Application Form.
- xii) The amount of first cheque/payment instruction can be different than the amounts for the subsequent cheques/payment instructions. However, all the subsequent cheques/payment instructions shall be of equal amounts.
- xiii) Other Terms and Conditions

	Options	Assumed if not provided/indicated at the time of investment (auto-debit transactions)
Frequency	Monthly or Quarterly	Monthly
Minimum number of instalments	6 (Monthly) or 4 (Quarterly)	-
Minimum instalment amount	₹500	-
Minimum aggregate amount	₹3,000	-
SIP Auto Debit Period	As defined by the Unit Holder	Till Further Instructions
SIP Dates	1 st , 5 th , 7 th , 10 th , 15 th , 20 th , 25 th , 28 th	10 th (commencing 30 days after the first SIP installment date)

- xiv) For cancellation of a SIP, a notice of 30 days shall be required.
- xv) In case of three or more consecutive instances of cheques returned uncleared for SIP instalments or payment instructions not honoured, the AMC reserves the right to discontinue the SIP/cancel the registration for SIP.

The Units will be allotted to the investor at the Applicable NAV of the Scheme on the date indicated by the Unit Holder at the time of investment. However, if any of the dates on which an investment is sought to be made is a non-Business Day, the Units will be allotted at the Applicable NAV of the next Business Day. Additionally, where allotment of units is subject to realisation of funds by the Scheme, Applicable NAV for processing of the SIP instalment would be determined based on the date and time of realisation of the funds towards subscription.

Any Unit Holder can avail of this facility subject to certain terms and conditions detailed in the Application Form.

The AMC may make available SIP by way of a salary savings scheme for a group of employees through an arrangement with their employers.

The Fund shall require a cooling period of 7 days from the date of last SIP instalment for the purpose of honouring redemption request received, if any, for all the units allotted under SIP.

For applicable load on Purchases through SIP please refer paragraph "Load Structure of the Scheme" given in the document.

(b) SIP Top Up Facility:

Under this facility, the investor can opt to increase the amount of SIP instalment ("Top Up") on a half-yearly or annual basis; thus the investment amount under SIP will increase every half year / annually by the amount of Top Up specified by the investor.

The Top Up facility will be available in respect of all schemes of the Fund which offers SIP. The conditions for availing the Top Up facility are

stated below:

- i) Top Up facility will be available only for valid new registration(s) under SIP or renewal of SIP;
- ii) Top Up facility will be available only for investments under SIP effected through auto – debit;
- iii) Amount of Top Up shall be in multiples of ₹ 500;
- iv) Top Up can be done on a half yearly / annual basis;
- v) Top Up Facility will not be available for investments under SIP where the auto debit period has not been indicated by the investor at the time of investments.
- vi) Unit holders have the option of indicating the threshold in terms of amount or the date up to which the Top Up will continue. On reaching the threshold, Top Up with respect to the SIP concerned shall cease and SIP instalments will continue at the amount which was invested last for such period as may be specified in the SIP application form.

Currently, the facility will not be offered for investments under SIP done through the website of the Fund viz; www.lfss.com

(c) Multi Scheme Systematic Investment Plan

This facility enables investors to start investments under SIP of various schemes using a single application form and payment instruction.

Any Unit Holder can avail of this facility subject to certain terms and conditions detailed in the Multi Scheme SIP Investment Form (“the Form”) available at the ISC’s of the AMC and also at the website of the Fund viz; www.lfss.com

All provisions as applicable to investments under the SIP facility will be applicable to this facility in addition to those stated below as these are specific to this facility. In case any of the provisions stated below are in conflict with the provisions of the SIP, then the below mentioned provisions will prevail:

- i) Under this facility, payment only in respect of the first installment can be made using a cheque.
The payment for all the subsequent installments will have to be through the auto-debit facility provided by the banks.
- ii) The maximum number of schemes in which investments can be made using a single Form shall be 3.
- iii) The facility is available only to those investors who wish to invest under SIP of more than one scheme using a single application form.
- iv) Investments through the facility can be made only on a monthly basis.
- v) The date of investments under SIP in respect of all schemes registered by the investor through the facility should be uniform. However, the amount of investments in the schemes through the facility can be different subject to the requirement of minimum amount of investment.
- vi) Investments under SIP through the facility can be made for a maximum period of 20 years from the date of 1st installment. If the maximum period for investments under SIP through the facility is not indicated by the investor, the auto debit will continue till further instructions from the investor to discontinue the SIP subject to a maximum period of 20 years from the date of 1st installment.
- vii) Any modifications to the details indicated in the Form at the time of registration under the facility can be made only after completion of 6 months from date of 1st installment subject to compliance with the requirements of minimum number of installments under SIP. All the modifications will be effected within a period of 30 days from date of request by the investor.

(d) SIP Pause Facility (“SIP Pause Facility”)

SIP Pause Facility enables the investors to pause their investments under the Systematic Investment Plan. Under this facility, the investors have an option to pause their investment for a fixed period of time which is a minimum of 1 month and a maximum of 3 months. The terms and conditions for availing the SIP Pause facility are stated below-

- i) SIP Pause Facility will allow investors to pause their investments under SIP for a minimum period of 1 month and a maximum period of 3 months.
- ii) Investors can avail the SIP Pause Facility only once during the tenure of the investment under SIP in a folio.
- iii) SIP Pause Facility can be availed only if the frequency of investment under SIP is monthly.
- iv) Investments under SIP shall resume immediately after the completion of the pause period indicated by the investor.
- v) In case of investments under SIP done through post dated cheques, basis the request for availing of the SIP Pause Facility, the cheques for the period for which the SIP Pause Facility is availed, shall be returned to the investor at the address available in the records.
- vi) For availing the SIP Pause Facility, a notice of at least 30 days prior to the date of the subsequent investment under SIP shall be required.

(e) Systematic Withdrawal Plan (SWP)

This facility enables the Unit Holders to withdraw sums from their Unit accounts in the Scheme at periodic intervals through a one-time request. Under this facility, the unit holders can withdraw amounts under two options: (a) Fixed Option and (b) Capital Appreciation Option. Under capital appreciation option, unit holders will have the facility to withdraw the amount of appreciation (only in case of Growth option), if any, from their Unit accounts at periodic intervals. The withdrawal can be made on a monthly/ quarterly/half-yearly/annual basis on any date specified by the Unit Holder. The minimum amount in rupees for withdrawal under the SWP facility shall be ₹ 500. The conditions for withdrawals under SWP shall be as follows:

- i) The withdrawal can be made on monthly/quarterly/half-yearly/annual basis on 1st, 5th, 7th, 10th, 15th, 20th, 25th or 28th of the month.
- ii) The minimum amount of each Withdrawal is ₹500
- iii) The minimum value of the investment at the time of registering the SWP is ₹25,000.
- iv) The withdrawals will commence from the Start Date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 7 days shall be required for registration under SWP. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. However, if any of the dates on which the redemption is sought is a non-Business Day, the Units will be redeemed at the Applicable NAV of the next Business Day.
- v) If details of amount and units both are mentioned by the Unit Holder in the Application Form for the facility, then SWP will be processed

on the basis of amount.

- vi) In case the details of SWP date, SWP period and SWP frequency are not indicated, the following shall be the default options:
 - SWP date: 10th day of every month
 - SWP period: The SWP will continue till further instructions to the AMC/Registrar to discontinue SWP, subject to availability of units in the Scheme
 - SWP frequency: Monthly
- vii) If in the course of withdrawal from the Scheme, the balance units/amount available under the Scheme falls below the minimum redemption size requirement, all units in the Scheme would be redeemed.
- viii) Unitholders may change the amount indicated in the SWP, subject to the minimum amounts mentioned above by giving appropriate written notice to the Registrar/AMC. SWP may be terminated by the unit holder by giving at least 15 days written notice prior to the due date of the next withdrawal date and it will terminate automatically if all Units are redeemed, liquidated or withdrawn from the account or upon the Funds receipt of notification of death or incapacity of the unit holder.

(f) Systematic Transfer Plan (STP)

This facility enables Unit Holders to transfer fixed sums or appreciation amount (only in case of Growth option). The conditions for transfers under STP shall be as follows

- i) The transfers can be made on daily/weekly/fortnightly/monthly/quarterly basis on 1st, 5th, 7th, 10th, 15th, 20th, 25th or 28th of each month/1st or 15th of a month for fortnightly basis/Monday to Friday for daily and any day from Monday to Friday for weekly basis.  - percentage available for Money-Back: 0.60%
- ix. If in the course of withdrawal from the Scheme, the balance units/amount available under the Scheme falls below the minimum redemption size requirement, all units in the Scheme would be redeemed.
 Accordingly, the facility will be terminated automatically if no balance is available in the Scheme on the date of instalment trigger or if the enrolment period expires; whichever is earlier.
 In case there is a residual current value of investment amount which is less than the installment amount, the same would be processed as the last installment.
- x. Unit holders may change the amount indicated in the Money-Back, subject to the above conditions mentioned, by giving appropriate written notice to the Registrar/AMC.
- xi. The investor will have the right to discontinue the Money-Back facility at any time, by submitting a written cancellation request at least 15 calendar days in advance.
- xii. This facility is not available for investor having investments/units in demat mode. If the investor gives a request to dematerialize the existing units in the folio, such request will automatically cancel the existing Money- Back registration.
- xiii. If no schemes are selected or opted for multiple schemes, the AMC reserves the right to reject the Money-back request.
- xiv. In case of any ambiguity or incorrect or illegible details in the form, the AMC reserves the right to reject the request.
- xv. The AMC reserves the right to amend/terminate this facility at any time, keeping in view business/operational exigencies and the same shall be in the best interest of the investors.
- xvi. In Dividend payout option, every month Investor will receive either redemption through money back option or payment of dividend. Accordingly, money back option/ SWP shall not be processed for a particular month in which record date for payment of dividend is fixed before 28th of the said month and Distributable surplus is available on record date for payment of dividend.

Facility of transfer of Income Distribution cum Capital Withdrawal plan Under this facility, the Unit holder/investor can opt to transfer the amount of dividend the Unit holder / investor is eligible to receive under the Scheme ("Source Scheme") to any other open-ended scheme of the Fund ("Target Scheme").

The above Facility will be available in the IDCW options under the all the open-ended schemes of the Fund except L&T Tax Advantage Fund wherein the said schemes can only be the Source Scheme (subject to completion of lock - in on units where applicable) and not Target Scheme.

The conditions for availing the above facility are stated below:

- i. Unit holders/investors will be eligible for the above facility only if the amount of dividend (as reduced by the amount of applicable statutory levy) ("Dividend") in the Source Scheme is more than ₹ 100. In case the amount of Dividend, is less than or equal to ₹ 100 per folio, the same will get compulsorily reinvested in the Source Scheme as per the applicable NAV
- ii. The allotment of units in the Target Scheme will be done as per the applicable NAV of the Business Day immediately succeeding the record date for declaration of the dividend in the Source Scheme.
- iii. The registration and cancellation of the above facility will be completed within a period of 7 days from the date of receipt of request from the Unit holders/ investors at the Investor Service Centres.
- iv. Unless otherwise specified, the amount of Dividend under the above facility will by default be invested in the growth option of the Target Scheme as per the plan (Direct / Regular) opted for by the unit holder / investor at the time of registering for the DTP Facility.
- v. The said facility will not be available in respect of units which are held in the dematerialized mode.
- vi. If the Unit holder / investor opts for the Transfer of IDCW, then any Dividend declared under the Source Scheme (except as stated in point 1 above) will mandatorily be transferred to the Target Scheme irrespective of the option (dividend IDCW / IDCW re-investment) selected in the Source Scheme at the time of making investment.
- vii. If a unit holder / investor has opted for the IDCW payout option in the Source Scheme at the time of investment and registers for the Transfer of IDCW, the default option for dividend in the Source Scheme shall be changed to re-investment at the time of registration of the Transfer of IDCW .
- viii. The provisions pertaining to "Minimum Initial Application Amount" and " Minimum Additional Application Amount" in respect of the Target Scheme will not be applicable for investments made through the above Facility. However, if, upon processing of redemption / switch in the Target Scheme, the balance units/amount available under the Target Scheme falls below its minimum redemption size requirement, all units in the Target Scheme would be redeemed/switched-out.
- ix. Units allotted under the above facility will be subject to exit load as per the provisions specified in the Scheme Information Document of the Target Scheme.

(i) Transactions through stock exchanges

This facility enables investors/Unit Holders to buy and sell the Units of the Scheme through the stock brokers registered with the BSE and/ or NSE and Mutual Fund Distributors registered with Association of Mutual Funds in India (AMFI) and permitted by BSE and/ or NSE to use recognized stock exchanges' infrastructure in accordance with the operating guidelines provided by the exchanges. The investors can hold the Units in physical mode /dematerialised mode in the folios maintained with RTA of L&T Mutual Fund/accounts maintained with their Depository Participants respectively. The investor shall be serviced directly by such RTA of Mutual Fund or stock brokers/Depository

Participants and they may charge the investor any brokerage/fees directly as may be mutually agreed. The Mutual Fund will not be in a position to accept any request for transactions or service requests in respect of Units maintained with their Depository Participants bought under this facility. This facility will currently does not support STP and SWP transactions.

(j) Additional official points of acceptance of transactions through - MF Utility pursuant to appointment of MF Utilities India Private Limited

The AMC has entered into an agreement with MF Utilities India Private Limited ("MFUI"), a Category II - Registrar to an Issue under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility ("MFU"), a shared services initiative of various asset management companies, which acts as a transaction aggregation portal for transacting in multiple schemes of various mutual funds with a single form and a single payment instrument.

Accordingly, investors are requested to note that in addition to the existing official points of acceptance ("OPA") for accepting transactions in the units of the schemes of the Mutual Fund as disclosed in the this document; www.mfuonline.com i.e. the online transaction portal of MFU and the authorized Points of Service ("POS") designated by MFUI shall also be the OPA with effect from the dates as may be specified by MFUI on its website.

All financial and non-financial transactions pertaining to the schemes of the Fund can be thus done through MFU either electronically on www.mfuonline.com as and when such a facility is made available by MFUI or physically through the POS with effect from the respective dates as published on the website of MFUI against the respective POS. The complete list of POS of MFUI is published on the website of MFUI at www.mfuiindia.com and will be updated from time to time by MFUI.

However, investors should note that transactions on the MFUI portal shall be subject to the terms and conditions (including those relating to eligibility of investors) as stipulated by MFUI/Fund/the AMC from time to time and/or any law for the time being in force.

Investors are requested to note that MFUI will allot a Common Account Number ("CAN") i.e. a single reference number for all investments in the mutual fund industry for transacting in multiple schemes of various mutual funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form and necessary documents at the POS. The AMC and/or its Registrar and Transfer Agent shall provide necessary details to MFUI as may be needed for providing the required services to investors/distributors through MFU. Investors are requested to visit the websites of MFUI or the AMC i.e. www.lfs.com to download the relevant forms.

(k) Dematerialisation of Units

Unit Holders may have/open a beneficiary account with a Depository Participant of a Depository and choose to hold the Units in dematerialised mode. The Unit Holders have the option to dematerialise the Units held as per the account statement sent by the Registrar by making an application to the Depository Participant for this purpose.

(l) Rematerialisation of Units

Rematerialisation of Units can be carried out in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 1996 as may be amended from time to time.

The process for rematerialisation of Units will be as follows:

- Unit Holders will be required to submit a request to their respective Depository Participant for rematerialisation of Units in their beneficiary accounts.
- The Depository Participant will generate a rematerialisation request number and the request will be despatched to the AMC/ Registrar.
- On acceptance of request from the Depository Participant, the AMC/Registrar will despatch the account statement to the investor and will also send confirmation to the Depository Participant.

(xvii) Switching

(i) Inter-scheme Switching

The Transaction Slip can be used by investors to make inter-scheme switches within the Mutual Fund. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the schemes/plans/options.

In case of units switched out/systematically transferred to another scheme and if subsequently redeemed from that Scheme, for the purpose of determining the Exit Load, the date when such units were switched-in to the Scheme will be considered as the purchase/allotment date.

(ii) Intra-scheme Switching

Investors can switch between different plans/options under the Scheme, at the Applicable NAV. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the plans/ options.

As per the current Load structure, no Exit Loads will be charged for intrascheme switching. However, AMC may change the Loads prospectively as indicated in the paragraph on "Load Structure of the Scheme" in this document.

In case of units switched out/systematically transferred to another option/plan within the plan/Scheme and if subsequently redeemed, for the purpose of determining the Exit Load, the date when such units were first allotted in the plan/Scheme will be considered as the purchase/allotment date.

For investments routed through a distributor (i.e. made with a distributor code), any switch of units to Direct Plan will be subject to applicable Exit Load, if any.

For investments made directly i.e. without any distributor code, no Exit Load will be charged for switch of investments to the Direct Plan of the same scheme. Further, for the purpose of determining the Exit Load for redemption of such units from Direct Plan, the date when such units were allotted in the Scheme (without any distributor code) will be considered as the purchase/allotment date.

No Exit Load will be charged for switch of units from the Direct Plan to the Regular Plan of the Scheme.

(xviii) Consolidated Account Statements/Account Statements

• Applicable to investors who opt to hold units in non-demat form

Account statements to be issued in lieu of Unit Certificates under the Scheme shall be non-transferable. The account statement shall not be construed as a proof of title.

All Units of the Scheme will rank pari passu, among Units within the same option in the Scheme, as to assets and earnings. For normal

transactions during ongoing sales and repurchase:

- A consolidated account statement for each calendar month to the Unit Holder(s) in whose folio(s) transaction(s) has/ have taken place during the month on or before 15th of the succeeding month shall be sent physically or by e-mail.
- In the event the account has more than one registered holder, the first named Unit Holder shall receive the CAS/ account statement.
- The transactions viz. purchase, redemption, switch, IDCW payout, etc., carried out by the Unit Holders shall be reflected in the CAS on the basis of Permanent Account Number (PAN).
- The CAS shall not be received by the unit holders for the folio(s) not updated with PAN details. The unit Holders are therefore requested to ensure that the folio(s) are updated with their PAN.
- For folios not included in the CAS (due to non-availability of PAN), the AMC/ Mutual Fund shall issue monthly account statement to such Unit Holder(s), for any financial transaction undertaken during the month on or before 10th of succeeding month by physical mode.
- In case of a specific request received from the Unit Holders, the AMC/ Mutual Fund will provide the account statement in physical to the investors within 5 Business Days from the receipt of such request.
- The Unit Holder may request for a physical account statement by calling the investor line of the AMC at 1800 2000 400 or 1800 4190 200.

Half Yearly Consolidated Account Statement:

- The AMC/Mutual Fund will provide to unit Holders a CAS detailing holding across all schemes of the Mutual Fund at the end of every six months (i.e. September/ March), on or before 21st day of succeeding month, in whose folios no transaction has taken place during that period. The half yearly consolidated account statement will be sent by e-mail to the Unit Holders whose e-mail address is available, unless a specific request is made to receive in physical. CAS will not be sent to a Unit Holder in respect of folios whose PAN details are not updated.
- Further, CAS issued for the half-year (September/ March) shall provide the following, in the prescribed format provided by SEBI:
 - a) Total purchase value / cost of investment in each scheme invested by the investor.
 - b) The amount of actual commission paid by the AMCs/Mutual Funds (MFs) to distributors (in absolute terms) during the half-year period against the investor's total investments in each scheme.

The term 'commission' here refers to all direct monetary payments and other payments made in the form of gifts / rewards, trips, event sponsorships etc. by the AMC/MF to distributors.

- c) The scheme's average Total Expense Ratio (in percentage terms) along with the break up between Investment and Advisory fees, Commission paid to the distributor and other expenses for the period for each scheme's applicable plan (regular or direct or both) where the concerned investor has actually invested in.

Such half-yearly CAS shall be issued to all MF investors, excluding those investors who do not have any holdings in MF schemes and where no commission against their investment has been paid to distributors, during the concerned half-year period.

- Applicable to investors who have a demat account and opt to hold units in non-demat form

Monthly SCAS:

- A single Securities Consolidated Account Statement ("SCAS")[^] for each calendar month to the unit holder(s) who are holding a demat account ('Beneficial Owner(s)') in whose folio(s) transaction(s) has/have taken place during the month on or before 15th of the succeeding month shall be sent physically or by e-mail.

[^]SCAS shall contain details relating to all the transaction(s)** carried out by the Beneficial Owner(s) (including transaction charges paid to the distributor) across all schemes of the Mutual Funds and transactions in securities held in dematerialized form across demat accounts, during the month and holdings at the end of the month.

**transaction(s) shall include Purchase, Redemption, Switch, Payout of Income Distribution cum capital withdrawal option, Reinvestment of Income Distribution cum capital withdrawal option, systematic investment plan, systematic withdrawal advantage plan and systematic transfer plan, etc.

- Consolidation of account statement shall be done on the basis of PAN.
- In case of multiple holding, identification shall be based on the PAN of the first holder and the pattern of holding.
- The SCAS will be sent by e-mail to the investor(s) whose e-mail address is registered with the Depositories. In case an investor does not wish to receive SCAS through e-mail, an option shall be given by the Depository to receive SCAS in physical.
- The SCAS shall not be received by the Unit Holder(s) for the folio(s) not updated with PAN and/or KYC details.
- Where PAN is not available, the account statement shall be sent to the Unit holder by the AMC/ Mutual Fund.
- In case of a specific request received from the Unit Holder(s), the AMC/ Mutual Fund will provide an account statement (reflecting transactions of the Mutual Fund) to the Unit Holder(s) within 5 Business Days from the receipt of such request.
- In case an investor does not wish to receive SCAS, an option shall be given by the Depository to indicate negative consent.
- Investor(s) having multiple demat accounts across the Depositories shall have an option to choose the Depository through which the SCAS will be received.

Periodic SCAS:

- In case there is no transaction in the folio, a half yearly SCAS detailing holding across all schemes of mutual funds and securities held in dematerialized form across demat accounts shall be sent by Depositories to investors at the end of every six months (i.e. September/March), on or before 21st day of succeeding month.
- The half yearly SCAS will be sent physically or by e-mail as per the mode of receipt opted by the investors to receive monthly SCAS.
- In case of demat accounts with NIL balance and no transactions in mutual fund folios and in securities, the depository shall send physical statement to investor(s) in terms of regulations applicable to Depositories.

Unit holders/ Investors opted for physical dispatch and who are not eligible for receiving SCAS/ CAS shall continue to receive a monthly account statement from the AMC/ Mutual Fund.

• **Applicable to investors who opt to hold units in demat form**

Where the investor has opted for units held in dematerialised mode, unit holder/ investor will receive the holding statement directly from their respective Depository Participant at such a frequency as may be defined in the Depository Act or regulations or on specific request.

For SIP / STP / SWP transactions:

- Account Statements for transactions under SIP/SWP/STP will be despatched once every quarter ending March, June, September and December within 10 working days of the end of the respective quarter.
- A soft copy of the account statement shall be mailed to the Unit Holders under SIP/SWP/STP to the e-mail address provided by the Unit Holder on a monthly basis, if so mandated.
- The first account statement under SIP/SWP/STP shall be issued within 10 working days of the initial investment/ withdrawal/ transfer.
- In case of specific request received from investors, the AMC will provide the account statement to the investors within 5 working days from the receipt of such request without any charges.

Annual Account Statement:

- The Mutual Fund will provide the account statement to the Unit Holders who have not transacted during the last six months prior to the date of generation of account statements. The account statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement. The account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme.

(xix) Dividend

Dividend proceeds shall be dispatched to the Unit Holders 15 days from the record date. . In case of delay in payment of dividend proceeds beyond the period specified above, the AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (presently the interest is paid @15% p.a.).

(xx) Redemption Proceeds

Valid requests for redemption of units may be submitted by a Unit Holder to any Investor Service Centres. Requests for Redemption can be placed using a Transaction Form available on the website of the Fund. The redemption proceeds shall be paid to the Unit Holders within 10 Business Days from the date of processing of a valid Redemption request.

(xxi) Interest on delay in payment of Redemption proceeds

In case of delay in payment of redemption proceeds beyond the period specified above, the AMC shall be liable to pay interest to the Unit Holders at such rate as may be specified by SEBI for the period of such delay (presently the interest is paid @15% p.a.).

(xxii) Bank Mandate

It is mandatory for every applicant to provide the name of the bank, branch, address, account type and account number as per SEBI requirements and any Application Form without these details will be treated as incomplete. Such incomplete applications will be rejected. The Registrar/AMC may ask the investor to provide an original blank cancelled cheque for the purpose of verifying the bank account number. Investors are also encouraged to provide the MICR Code and IFSC Code of their Bank Branch to avail electronic payment of redemptions and dividends.

(xxiii) Multiple Bank Accounts

Under this facility, an investor can register up to five bank accounts in case of individual and HUF and up to ten bank accounts for non individual with the Fund to receive the Redemption/dividends proceeds, choosing one of these accounts as the preferred/default account for receiving redemption/dividend proceeds. The Unit Holder may choose to receive the Redemption/dividend proceeds in any of the bank accounts, the details of which are registered under the facility by specifying the same at the time of submitting the redemption request. However, in case an Unit Holder does not specify the same, the Redemption proceeds shall be credited to the bank account chosen as the preferred/default account. In case the investors do not avail of this facility, the bank mandate mentioned in the purchase application may be treated as the preferred/default account for receiving Redemption/dividend proceeds.

(B) Periodic Disclosures

(i) Net Asset Value

This is the value per Unit of the Scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance.

The NAVs of the Scheme will be calculated by the Mutual Fund on all Business Days. The details may be obtained by calling the investor line of the AMC at 1800 2000 400 or 1800 4190 200. The NAVs of the Scheme will also be updated by 11.00 p.m. on all Business Days on the website of the Mutual Fund i.e. www.lfms.com and on the AMFI website i.e. www.amfiindia.com. The AMC shall extend the facility of sending the latest available NAVs to unitholders through SMS, upon receiving a special request in this regard.

Additional expenses for gross new inflows from specified cities (as mentioned in point (b) below)	0.30%

Note: At least 5% of the total recurring expenses are charged towards distribution expenses/ commission in the Regular Plan. The total recurring expenses of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission (at least 5%) which is charged in the Regular Plan. For example, in the event that the TER of the Regular option is 1%, the TER of the Direct Plan would not exceed 0.95% p.a.

#GST on brokerage and transaction cost, over and above 12 bps and 5 bps for cash and derivative market transactions charged to the Scheme will be part of Total Expense Ratio limit as defined above.

*Other expenses: Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

The purpose of the above table is to assist the investor in understanding the various costs and expenses that the investor in the Scheme will bear directly or indirectly.

These estimates have been made in good faith as per the information available to the Investment Manager based on past experience and are subject to change inter-se or in total subject to prevailing Regulations.

The AMC may incur actual expenses which may be more or less than those estimated above under any head and/or in total. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the Regulations.

As per Regulation 52, the statutory limit on the annual recurring expenses and investment management and advisory fees are as given below. Any excess over these limits will be borne by the AMC.

Maximum Recurring Expenses:

Daily net assets	Maximum as a % of daily net assets
First 500 Crores	2.25%
Next 250 Crores	2.00%
Next 1,250 Crores	1.75%
Next 3,000 Crores	1.60%
Next 5,000 Crores	1.50%
Total expense ratio reduction of 0.05% for every increase of ₹ 5,000 crores of daily net assets or part thereof on the next ₹ 40,000 crores of the daily net assets.	
Balance Assets	1.05%

The AMC shall charge the Scheme with investment management and advisory fees in accordance with Regulation 52 (2) of SEBI Regulations.

The Mutual Fund/AMC shall annually set apart at least 2 basis points of the daily net assets of the Scheme within the maximum limit of total recurring expenses as per Regulation 52 for investor education and awareness initiatives.

In accordance with Regulation 52 (6A), the following expenses can be charged in addition to the existing total recurring expenses charged under Regulation 52 (6):

- (a) brokerage and transaction costs (other than Securities Transaction Tax as applicable) which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 % in case of cash market transactions and 0.05 % in case of derivatives transactions.

Please note that any payment towards brokerage and transaction costs (other than Securities Transaction Tax as applicable), over and above the said 12 bps and 5 bps for cash market and derivatives transactions respectively, shall be charged to the Scheme within the total recurring expenses limit specified under Regulation 52. Any expenditure in excess of the said limit will be borne by the AMC/Trustees/Sponsors.

- (b) additional recurring expenses up to 30 basis points on daily net assets of the Scheme, if the new inflows from cities and type of investors as specified by SEBI are at least (a) 30% of gross new inflows in the scheme; or (b) 15% of the average assets under management (year to date) of the Scheme, whichever is higher.

In case inflows from such cities are less than the higher of (a) or (b) stated above, additional expenses on daily net assets of the Scheme can be charged on a proportionate basis.

The expenses so charged can be utilised for distribution expenses incurred for bringing inflows from such cities.

The amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment. The additional TER shall be charged based on inflows from retail investors from beyond top 30 cities (B-30 cities), the term 'retail investor' has been defined. Accordingly, inflows of amount upto ₹ 2,00,000/- per transaction, by individual investors shall be considered as inflows from "retail investor".

- (c) additional expenses, incurred towards different heads mentioned under sub-Regulations 52 (2) and 52 (4), not exceeding 0.05 % of the daily net assets of the Scheme or as specified by the SEBI. However, in terms of SEBI Circular No SEBI/HO/ IMD/ DF2/ CIR/P/ 2018/15 dated February 02, 2018, in case exit load is not levied, the AMC shall not charge the said additional expenses.

Goods and Services Tax (GST):

- a) GST on the investment management and advisory fees will be charged to the Scheme in addition to the total recurring expenses limit specified under Regulation 52.
- b) GST, if any, on any other fees/expenses (including brokerage and transaction costs on asset purchases) shall be charged to the Scheme within the total recurring expenses limit specified under Regulation 52.
- c) The Mutual Fund would update the current expense ratios on the website (www.ltf.com). However, any change in the base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A)(b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the Scheme shall be updated at least three working days prior to the effective date of the change and on the link <https://www.ltf.com/companies/Int-investment-management/statutory-disclosures>

(B) Load Structure of the Scheme

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the Scheme. Any Exit Load collected is credited to the Scheme. Load amounts are variable and are subject to change from time to time. Investors are advised to refer to the website of the Fund (www.ltf.com) or call the investor line of the AMC at 1800 2000 400 or 0124 3915655 (at long distance rates) or contact the distributors to know the latest position on Entry/Exit Load, prior to investing.

Entry Load: Not Applicable

Exit Load:

For Redemption	Load (% of Applicable NAV)
If the units redeemed or switched out are upto 10% of the units purchased or switched in ("the limit") within 1 year from the date of allotment	Nil
If units redeemed or switched out are over and above the limit within 1 year from the date of allotment	1
If units are redeemed or switched out on or after 1 year from the date of allotment	Nil

" A switch-out or a withdrawal under SWP or a transfer under STP (except a switch-out or a transfer under STP into any of the Equity Schemes except L&T Arbitrage Opportunities Fund) may also attract an Exit Load/CDSC like any Redemption..

No Exit Load will be chargeable in case of switches made between different options of the Scheme.

No Exit Load will be chargeable in respect of redemption / switch out of redemption of; (i) Units allotted on account of dividend.

In case of units switched out/systematically transferred to another option/plan within the same plan/Scheme and if subsequently redeemed, for the purpose of determining the Exit Load, the date when such units were first allotted in the respective plan/Scheme will be considered as the purchase/allotment date.

The investor is requested to check the prevailing load structure of the respective Scheme/Plan before investing.

For any change in load structure the AMC will issue an addendum and display it on the website – www.ltf.com/Investor Service Centres.

The Trustee retains the right to change/impose an Exit Load, if permitted under SEBI Regulations, subject to the provisions below:-

- i) Any such changes/impositions would be chargeable only for prospective Purchases and Redemptions from such prospective Purchases (applying First in First Out basis).
- ii) The AMC shall arrange to display a notice in all the ISCs before changing the prevalent Load structure. An addendum detailing the changes in Load structure will be attached to Scheme Information Document and Key Information Memorandum. The addendum may be circulated to all distributors so that the same can be attached to all the Scheme Information Documents and Key Information Memorandum in stock with them. Unit Holders/Prospective investors will be informed of changed/prevaling Load structures through various means of communication such as display at ISCs/Distributors' offices, on account statements, acknowledgements, investor newsletters, etc.
- iii) The Redemption Price will not be lower than 93% of the Applicable NAV and the Purchase Price will not be higher than 107% of the Applicable NAV, provided that the difference between the Redemption Price and the Purchase Price at any point in time shall not exceed the permitted limit as prescribed by SEBI from time to time, which is currently 7% calculated on the Purchase Price.

Transaction Charge(s)

AMC shall deduct Transaction Charge(s) from the subscription amount and pay it to the distributor who has opted to receive the same. The details of the same are mentioned below:-

Type of Investor	Transaction Charge(s) (for Purchase/Subscription of ₹ 10,000 and above)
