Name of the Scheme		L&T Nifty 50 Index Fund (L&TNIF)		
Type of Scheme	An open-ended Equity Scheme tracking Nifty 50 Index			
Investment Objective	<p>The scheme will adopt a passive investment strategy. The scheme will invest in stocks comprising the Nifty 50 index in the same proportion as in the index with the objective of achieving returns equivalent to the Total Returns Index of Nifty 50 index by minimizing the performance difference between the benchmark index and the scheme. The Total Returns Index is an index that reflects the returns on the index from index gain/ loss plus dividend payments by the constituent stocks.</p> <p>There is no assurance that the investment objective of the Scheme will be realized.</p>			
Asset Allocation Pattern		Indicative Allocation (% of total assets)		Risk Profile
	Types of Instruments	Minimum	Maximum	
	Equity and equity related securities covered by Nifty 50 Index	95%	100%	Medium to High
	Debt and money market instruments*	0%	5%	Low to Medium
	<p>The cumulative gross exposure through equity, debt, derivative positions including fixed income derivatives, and such other securities/assets as may be permitted by SEBI from time to time shall not exceed 100% of the net assets of the Scheme.</p> <p>* Money Market Instruments would include certificate of deposits, commercial papers, T-Bills, repo, reverse repos and TREP, bill rediscounting, bills of exchange / promissory notes, Standby Letter of Credit (SBLC) backed commercial papers and government securities having unexpired maturity of 1 year and such other instruments as eligible from time to time.</p> <p>Please refer to the SID for details relating to investments in other asset classes.</p> <p>With effect from July 1, 2022, for the deviation from the asset allocation mentioned above, the portfolio of the scheme shall be rebalanced within the timelines mentioned in SEBI Circular no. SEBI/HO/IMD/IMD-II DOF3/P/CIR/2022/39 dated March 30, 2022 or any circulars issued by SEBI from time to time in this regard.</p>			
Risk Profile of the Schemes	<p>Mutual Fund Units involve investment risks including the possible loss of principal. Please read the Scheme Information Document carefully for details on risk factors before investment.</p> <p>As per SEBI circular no. SEBI/IMD/CIR No.10/22701/03 dated December 12, 2003, the Scheme/plan (including the plans thereunder) should have a minimum of 20 Unit Holders and no single Unit Holder should account for more than 25% of the corpus of the Scheme/plan. The aforesaid conditions should be met in each calendar quarter on an average basis. In case of non-fulfilment with the first condition i.e. minimum of 20 investors in the Scheme/plan, for each calendar quarter as specified by SEBI, the scheme/ plan shall be wound up by following the guidelines prescribed by SEBI and Unit Holders' investment in such scheme/plan would be redeemed at the Applicable NAV. SEBI has further prescribed that if any investor breaches the 25% limit over a quarter, a rebalancing period of one month will be allowed to the investor and thereafter the investor who is in breach of the limit shall be given 15 days' notice to redeem his exposure over the 25% limit. In the event of failure on part of the said investor to redeem the excess exposure, the excess holding will be automatically redeemed by the Fund following the guidelines prescribed by SEBI.</p> <p><b>(a) Risks associated with investing in equities</b></p> <ul style="list-style-type: none"> <li>Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolios would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme's portfolio.</li> <li>Investments in equity and equity related securities involve a degree of risks and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.</li> <li>The liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.</li> <li>Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options.</li> </ul> <p><b>(b) Risks associated with investing in debt securities</b></p> <ul style="list-style-type: none"> <li>Investments in money market instruments would involve a moderate credit risk i.e. risk of an issuer's liability to meet the principal payments. Additionally, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.</li> <li>Money market instruments are also subject to price volatility due to factors such as changes in interest rates (when interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline), general levels of market liquidity, market perception of credit worthiness of the issuer of such instruments and risks associated with settlement of transactions and reinvestment of intermediate cash flows. The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will consequently be affected by the aforesaid factors. The AMC endeavours to manage such risk by the use of in house credit analysis.</li> <li>The performance of Scheme may be affected by changes in Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems.</li> <li>Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. investments in corporate bonds carry a higher level of risk than investments in Government securities. Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.</li> <li><b>Interest rate/price risk:</b> As with all debt securities, changes in interest rates may affect the NAV of the Scheme since the price of a fixed income instrument falls when the interest rates move up and vice versa. The effect is more prominent when the duration of the instrument is higher. Hence the NAV movement of the Scheme consisting of predominantly fixed income securities is likely to have inverse correlation with the movement in interest rates. In case of a floating rate instrument, this risk is lower as a result of periodic reset of the coupon. During the life of floating rate security or a swap the underlying benchmark index may become less active and may not capture the actual movement in the interest rates or at times the benchmark may cease to exist. These types of events may result in loss of value in the portfolio.</li> <li>Government securities do carry price risk depending upon the general level of interest rates prevailing from time to time. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price of the Government securities (existing and new) is influenced only by movements in interest rates in financial systems.</li> <li><b>Spread risk:</b> Though the sovereign yield curve might remain constant, investments in corporate bonds are exposed to the risk of spread widening between corporate bonds and gilts. Typically, if this spread widens, the prices of the corporate bonds tend to fall and so could the NAV of the Schemes. Similar risk prevails for the investments in the floating rate bonds, where the benchmark might remain unchanged, but the spread over the benchmark might vary. In such an event, if the spread widens, the price and the NAV of the Schemes could fall.</li> </ul>			

- **Sovereign:** The Central Government of a country is the issuer of the local currency in that country. The Government raises money to meet its capital and revenue expenditure by issuing debt or discounted securities. Since payment of interest and principal amount has a sovereign status implying no default, such securities are known as securities with sovereign credit. For domestic borrowers and lenders, the credit risk on such Sovereign credit is near zero and is popularly known as "riskfree security" or "Zero Risk security". Thus Zero-Risk is the lowest risk, even lower than a security with "AAA" rating and hence commands a yield, which is lower than a yield on "AAA" security.
  - **Credit risk or default risk:** This refers to inability of the issuer of the debt security to make timely payments of principal and/ or interest due. In case of investments in government securities, the credit risk is minimal. It is reflected in the credit rating of the issuer. Hence if the credit rating of the issuer is downgraded, the price of the security will suffer a loss and the NAV will fall. Credit risk factors pertaining to lower rated securities also apply to lower rated zero coupon and deferred interest kind bonds. Lower rated zero coupon and deferred interest kind bonds carry an additional risk in that, unlike bonds that pay interest through the period of maturity, the Scheme by investing in these bonds will realize no cash till the cash payment date and if the issuer defaults, the Scheme may obtain no return on its investment.
  - **Liquidity risk:** This represents the possibility that the realised price from selling the security might be lesser than the valuation price as a result of illiquid market. If a large outflow from the Scheme is funded by selling some of the illiquid securities, the NAV could fall even if there is no change in interest rates. Illiquid securities are typically quoted at a higher yield than the liquid securities and have higher bid offer spreads. Investment in illiquid securities results in higher current yield for the portfolio. Liquidity risk is a characteristic of the Indian fixed income market today. In addition, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
  - The corporate debt market is relatively illiquid vis-a-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
  - **Reinvestment risk:** This is associated with the fact that the intermediate cash flows (coupons, prepayment of principal in case of securitised transactions or principal payment in case a security gets called or repurchased) may not be reinvested at the same yield as assumed in the original calculations.
  - **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme, to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme's portfolio, due to the absence of a well-developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the portfolio of the Scheme.
  - **Market risk:** Lower rated or unrated securities are more likely to react to developments affecting the market and the credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.
  - In addition to the factors that affect the values of securities, the NAV of Units of the Scheme will fluctuate with the movement in the broader fixed income market, money market and derivatives market and may be influenced by factors influencing such markets in general including but not limited to economic conditions, changes in interest rates, price and volume volatility in the bond and stock markets, changes in taxation, currency exchange rates, foreign investments, political, economic or other developments and closure of the stock exchanges.
  - Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern. E.g. investments in corporate bonds carry a higher level of risk than investments in Government securities. Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.
  - Engaging in scrip lending is subject to risks related to fluctuations in the collateral value/settlement/liquidity/counter party.
  - Engaging in short sale of securities is subject to risks related to fluctuations in market price, and settlement/liquidity risks.
- (c) Risks associated with investing in derivatives**
- The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations and by SEBI. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
  - The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility to the values.
  - Investment in derivatives also requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
  - The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
  - The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
  - The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned. Since in case of the Scheme all option positions will have underlying assets, all losses due to price – movement beyond the strike price will actually be an opportunity loss.
  - The exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio.
  - Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
  - The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.

- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
  - There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract.
  - Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
  - Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor.
  - Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies.
  - The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.
- (d) Risks associated with short selling and securities/ scrip lending**
- The Mutual Fund may lend and borrow securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board. The risk associated with upward movement in market price of security sold short may result in loss. The losses on short position may be unlimited as there is no upper limit on the rise in price of a security. Subject to the Regulations and the applicable guidelines, the Scheme and the Plans there under may, subject to compliance with SEBI Regulations, engage in securities lending.
- Securities lending means the lending of stock to another person or entity for a fixed period of time, at a negotiated compensation. The securities lent will be returned by the borrower on expiry of the stipulated period. It may be noted that the securities lending activity would have the inherent probability of collateral value drastically falling in times of strong downward market trends or due to it being comprised of tainted/forged securities, resulting in inadequate value of collateral until such time as that diminution in value is replenished by additional security. It is also possible that the borrowing party and/or the approved intermediary may suddenly suffer severe business setback and become unable to honour its commitments. This along with a simultaneous fall in value of collateral would render potential loss to the Scheme. Besides, there can also be temporary illiquidity of the securities that are lent out and the Scheme may not be able to sell such lent-out securities. The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.
- (e) Risk associated with investment in Tri-Party Repo**
- The mutual fund is a member of securities segment and Triparty Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus, reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL).
- As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from then default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- CCIL shall maintain two separate Default Funds in respect of its Securities Segment, one with a view to meet losses arising out of any default by its members from outright and repo trades and the other for meeting losses arising out of any default by its members from Triparty Repo trades. The mutual fund is exposed to the extent of its contribution to the default fund of CCIL, in the event that the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, as a result the scheme may lose an amount equivalent to its contribution to the default fund.
- (f) Trading through mutual fund trading platforms of BSE and/or NSE**
- In respect of transaction in Units of the Scheme through BSE and/or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/or NSE and their respective clearing corporations on which the Mutual Fund has no control.
- (g) Other Scheme Specific Risk factors:**
- **Performance Risk:** The Scheme’s performance can decrease or increase, depending on a variety of factors, which may affect the values and income generated by the Scheme’s portfolio of securities. The returns of the Scheme’s investments are based on the current yields of the securities, which may be affected generally by factors affecting capital markets such as price and volume, volatility in the stock markets, interest rates, currency exchange rates, foreign investment, changes in government and Reserve Bank of India policy, taxation, political, economic or other developments and closure of the stock exchanges. Investors should understand that the investment pattern indicated for the Scheme, in line with prevailing market conditions, is only a hypothetical example as all investments involve risk and there can be no assurance that the Scheme’s investment objective will be attained nor will the Scheme be in a position to maintain the model percentage of investment pattern/composition particularly under exceptional circumstances so that the interest of the unit holders are protected. The AMC will endeavour to invest in highly researched growth companies, however the growth associated with equities may be generally high as also the erosion in the value of the investments/portfolio in the case of the capital markets passing through a bearish phase is a distinct possibility. A change in the prevailing rates of interest is likely to affect the value of the Scheme’s investments and thus the value of the Scheme’s Units. The value of money market instruments held by the Scheme generally will vary inversely with the changes in prevailing interest rates.
  - **Changes in Government Regulations:** The businesses in which companies operate are exposed to a range of government regulations, related to tax benefits, liberalization, provision of infrastructure and the like. Changes in such regulations may affect the prospects of companies.
  - **Duration Risk:** Duration is a risk measure used to measure the bond/security price changes to potential changes in interest rates.  $\text{Duration of portfolio} \times \text{the expected changes in rates} = \text{the expected value change in the portfolio}$ . Duration is more scientific measure of risk compared to average maturity of the portfolio. The higher the duration of the portfolio, the greater the changes in value (i.e. higher risk) to movement in interest rates. Modified duration is the duration of a bond/security given its current yield to maturity, put/call feature and an expected level of future interest rates.
  - **Tax exemption risks:** In the event that the investible funds of more than 65% of the total proceeds of the Scheme are not invested in equity shares of domestic companies, the tax exemptions on income distribution will not be available to the Scheme. This is however subject to change as per Income Tax laws of India.

	<ul style="list-style-type: none"> <li>• <b>Index Fund Risk:</b> Performance of the NIFTY 50 Index will have a direct bearing on the performance of the Plan. In the event the NIFTY 50, is dissolved or is withdrawn or is not published due to any reason whatsoever, the Trustee reserves the right to modify the Plan so as to track a different and suitable index or to suspend tracking the NIFTY 50 till such time it is dissolved / withdrawn or not published and appropriate intimation will be sent to the Unit holders of the Plan. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Plan will be subject to tracking errors during the intervening period. Tracking errors are inherent in any index fund and such errors may cause the Plan to generate returns which are not in line with the performance of the NIFTY 50 or one or more securities covered by / included in the NIFTY 50 and may arise from a variety of factors including but not limited to: <ul style="list-style-type: none"> <li>• Any delay in the purchase or sale of shares due to illiquidity in the market, settlement and realisation of sales proceeds, delay in credit of securities or in receipt and consequent reinvestment of dividends, etc.</li> <li>• The Index reflects the prices of securities at a point in time, which is the price at close of business day on BSE / National Stock Exchange of India Limited (NSE). The Plan, however, may trade these securities at different points in time during the trading session and therefore the prices at which the Plan trade may not be identical to the closing price of each scrip on that day on the BSE / NSE. In addition, the Scheme may opt to trade the same securities on different exchanges due to price or liquidity factors, which may also result in traded prices being at variance, from BSE / NSE closing prices.</li> <li>• NIFTY 50 from time to time may exclude existing securities or include new ones. In such an event, the Plan will endeavor to reallocate its portfolio to mirror the changes. However, the reallocation process may not occur instantaneously and permit precise mirroring of the Underlying Index during this period.</li> <li>• The potential of trades to fail may result in the Plan not having acquired the security at the price necessary to mirror the index.</li> <li>• Transaction and other expenses, such as but not limited to brokerage, custody, trustee and investment management fees.</li> <li>• Being an open-ended scheme, the Plan may hold appropriate levels of cash or cash equivalents to meet ongoing redemptions.</li> <li>• The Plan may not be able to acquire or sell the desired number of securities due to conditions prevailing in the securities market, such as, but not restricted to: circuit filters in the securities, liquidity and volatility in security prices.</li> </ul> <p>Due to the reasons mentioned above and other reasons that may arise, it is expected that the NIFTY 50 Plan may have a tracking error in the range of 2-3% per annum from its Benchmarks. However, it needs to be clearly understood that the actual tracking error can be higher or lower than the range given.</p> <p>In case of investments in derivatives like index futures, the risk reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market.</p> </li> <li>• <b>Tracking Error Risk:</b> The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the respective scheme, corporate actions, cash balance, changes to the underlying index and regulatory policies which may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking Error may arise including but not limited to the following reasons: <ol style="list-style-type: none"> <li>i. Expenditure incurred by the fund.</li> <li>ii. The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all time as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.</li> <li>iii. Securities trading may halt temporarily due to circuit filters.</li> <li>iv. Corporate actions such as debenture or warrant conversion, rights, merger, change in constituents etc.</li> <li>v. Rounding off of quantity of shares in underlying index.</li> <li>vi. Dividend payout</li> <li>vii. Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.</li> <li>viii. Execution of large buys / sell orders</li> <li>ix. Transaction cost (including taxes and insurance premium) and recurring expenses</li> <li>x. Realization of Unitholders funds</li> <li>xi. Index providers may either exclude or include new scrips in their periodic review of the scrips that comprise the underlying index. In such an event, the Fund will try to reallocate its portfolio but the available investment/reinvestment opportunity may not permit absolute mirroring immediately.</li> </ol> </li> </ul>
<b>Investment Strategy</b>	<p>The corpus of the Scheme will be invested predominantly in stocks constituting the underlying index in the same proportion as in the Index and endeavor to track the benchmark index. A very small portion (0-5% of the Net Assets) of the fund may be kept liquid to meet the liquidity and expense requirements.</p> <p>The performance of the Scheme may not be commensurate with the performance of the underlying index on any given day or over any given period. Such variations are commonly referred to as the tracking error. The Scheme intends to maintain a low tracking error by closely aligning the portfolio in line with the index. The stocks comprising the underlying index are periodically reviewed by Index Service Provider. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Fund will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the underlying index immediately. Similarly, in the event of a constituent stock being demerged / merged / delisted from the exchange or due to a major corporate action in a constituent stock, the fund may have to reallocate the portfolio and seek to minimize the variation from the index.</p>

<b>Plans</b>	<p><b>Direct Plan:</b> Investors proposing to purchase units of the Scheme directly from the Fund (i.e. investments not routed through an AMFI Registration Number (ARN) Holder) can invest under the Direct Plan. The options referred below (i.e. IDCW (Re-investment and Payout) and Growth) will be available under the Direct Plan. The Scheme has a common portfolio i.e. the Direct Plan does not have a separate portfolio.</p> <p>Investments under the Direct Plan can be made through various modes offered by the mutual fund for investing directly with the mutual fund (except Stock Exchange Platform(s) and all other platform(s) where investors' applications for subscription of units are routed through distributors).</p> <p>Investors subscribing under the Direct Plan will have to indicate "Direct Plan" against the Scheme name in the application form. Investors should also indicate "Direct" in the ARN column of the application form. However, in case distributor code is mentioned in the application form, but "Direct Plan" is indicated against the Scheme name, the distributor code will be ignored and the application will be processed under the Direct Plan. Further, where application is received for the Scheme without distributor code or "Direct" mentioned in the ARN Column, the application will be processed under the Direct Plan.</p> <p><b>Regular Plan:</b></p> <p>Investors proposing to purchase units of the Scheme through an ARN Holder can invest under the Regular Plan.</p> <p>The options referred below are available under both the above mentioned plans. The above plans have a common portfolio. However, Regular Plan and Direct Plan have different NAVs.</p> <p>The application(s) will be processed under Direct / Regular Plan as stated in the table below:</p> <table border="1" data-bbox="354 506 1465 770"> <thead> <tr> <th>Plan</th> <th>Scenario</th> <th>Distributor / broker code mentioned by the investor</th> <th>Plan mentioned by the investor</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Not mentioned</td> <td>Not mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>2</td> <td>Not mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>3</td> <td>Not mentioned</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>4</td> <td>Mentioned</td> <td>Direct</td> <td>Direct Plan</td> </tr> <tr> <td>5</td> <td>Direct</td> <td>Not Mentioned</td> <td>Direct Plan</td> </tr> <tr> <td>6</td> <td>Direct</td> <td>Regular</td> <td>Direct Plan</td> </tr> <tr> <td>7</td> <td>Mentioned</td> <td>Regular</td> <td>Regular Plan</td> </tr> <tr> <td>8</td> <td>Mentioned</td> <td>Not Mentioned</td> <td>Regular Plan</td> </tr> </tbody> </table> <p>In cases of wrong/ invalid/ incomplete ARN codes mentioned on the application form, the application shall be processed under the Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of the application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load.</p>			Plan	Scenario	Distributor / broker code mentioned by the investor	Plan mentioned by the investor	1	Not mentioned	Not mentioned	Direct Plan	2	Not mentioned	Direct	Direct Plan	3	Not mentioned	Regular	Direct Plan	4	Mentioned	Direct	Direct Plan	5	Direct	Not Mentioned	Direct Plan	6	Direct	Regular	Direct Plan	7	Mentioned	Regular	Regular Plan	8	Mentioned	Not Mentioned	Regular Plan

<b>Dividend Policy</b>	The Trustee may decide to distribute by way of dividend, the surplus by way of realised profit, dividends and interest, net of losses, expenses and taxes, if any, to Unit Holders in the IDCW option of the Scheme if such surplus is available and adequate for distribution in the opinion of the Trustee. The Trustee's decision with regard to availability and adequacy, rate, timing and frequency of distribution shall be final. The dividend will be due to only those Unit Holders whose names appear in the register of Unit Holders in the IDCW option of the Scheme on the record date which will be fixed by the Trustees and announced in advance. Further, the NAV shall be adjusted to the extent of dividend distribution and statutory levy, if any, at the close of business hours on record date. Within one day of the decision by the Trustees regarding dividend distribution rate and record date, AMC shall issue notice to the public communicating the decision including the record date. The record date shall be 5 calendar days from the issue of notice. Such notice shall be given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the mutual fund is situated. The Unit Holders will have the option of receiving the dividend or reinvesting the same. The dividend will be reinvested at the ex-dividend NAV. In case of investors opting for dividend payout facility, the AMC shall dispatch to the Unit Holders, the dividend proceeds within 15 days from the record date. Under the IDCW payout facility of the Scheme, if the amount of dividend payable to the Unit Holder is less than ₹ 100, then the dividend amount will be compulsorily reinvested in the Scheme.

From January 1, 2012, KYC is mandatory for all holders of Micro investments.
  - a. The exemption of PAN requirement is only available to individuals.
  - b. In case of investments held jointly, the first holder must not possess a PAN.
  - c. Eligible investors may invest through SIP or lumpsum purchase without providing PAN subject to the threshold amount as mentioned above.
  - d. Eligible investors should attach a copy of KYC acknowledgment letter quoting PAN exempt KYC Reference No. (PEKRN) along with the application form.
6. **KYC (Know Your Customer):**
  - a. KYC is mandatory for investment in mutual funds and all applicants need to comply with this requirement.
  - b. With effect from 1st February 2017, any individual customer who is new to KRA system and whose KYC is not registered or verified in the KRA system, needs to fill in new KYC form viz., "CKYC Form" to comply with the KYC requirements. For more information on KYC requirements, please visit our web site ([www.Intmf.com](http://www.Intmf.com)) or speak to your investment adviser.  
For non-Individual applicants, KYC Compliance requires identification of the customer by seeking relevant information on incorporation, commencement of business, tax status, nature of entity, nature of business, address and certain details of Promoters/Partners/ Trustees/Whole Time Directors/Kartas of HUF. SEBI has appointed KYC Registration Agencies ( KRA) to facilitate a single KYC across all SEBI registered intermediaries. For more information on KYC requirements, please visit our web site or speak to your investment adviser.
7. **Address & Contact Information:**
  - a. Please furnish your full address with postal code in the Application Form. PO Box Number is not sufficient
  - b. Please note that your address on our records would be automatically updated with your address appearing in the records of the KRA. If your address in the application form is different from what appears in the records of the KRA, please ensure that your latest address is updated in the records of the KRA.
  - c. Please provide the **Mobile Number** and **E-Mail Address** of the Sole / First Applicant in case of Individual Applicant and Key Contact Person in case of Non-Individual Applicants in the form. This would help us seamlessly communicate with you on your investments.
8. **Permanent Account Number (PAN):** Furnishing of PAN is mandatory for all applicants except where specific dispensation is provided under law.
9. **Demat Account:** If you wish to hold your investments in the Dematerialised mode, please provide the name and DP ID of your Depository Participant and your Beneficiary Account Number. Please also attach a copy of the Client Master that you may have received from your Depository Participant.  
**Please ensure that the sequence of names in the application form matches the sequence in which the Demat account is held. If the sequence of names does not match with the Demat account details provided therein, the Units will not be transferred to the Demat Account and the Units will be held in the physical mode.**  
**Please note that this is an additional facility offered to unit holders who wish to hold units in the dematerialised mode. This is not a mandatory requirement and unit holders can continue holding units physically with the mutual fund. If you do not wish to hold your mutual fund units in the dematerialised form, please strike off this section.**  
If the demat account details in the application form are incomplete/incorrect or does not match with the records of the Depository, units would be allotted and held physically in the Fund's books and an Account Statement confirming the unit allotment would be sent to you..
10. **Bank Account:**

#### (iii) Source of funds - if paid by RTGS, Bank Account-to-Account Transfer, NEFT, ECS, etc.

- In such case, investor is required to provide a copy which has been provided to the Bank indicating the account number and the debit instructions.
- For payment through online mode AMC may match payer account details with registered Pay-in bank accounts of the Investor.

#### (iv) Source of funds - if paid by a pre-funded instrument issued by the Bank against Cash

Subscription through a pre-funded instrument procured against cash shall only be accepted for investments below ₹ 50,000/-. Investor is required to provide a banker's certificate for issuance of a DD against cash stating the investor's name, bank account number and PAN as per bank record (if available).

However, investors are requested to note that such bank account number of the investor is same as the one of the registered bank account mandate(s) with the mutual fund or with the bank details mentioned in the Application Form.

### 5. SIGNATURE(S)

Signature(s) should be in English or in any Indian Language. Declarations on behalf of minors/FII clients/Employee/Agent/Dealer/Distributor should be signed by their Guardian/Custodian/Employer/AMC/Corporate respectively.

### 6. PERMANENT ACCOUNT NUMBER

As per SEBI Circular dated April 27,2007, Permanent Account Number (PAN) has been made the sole identification number for all participants transacting in the securities market, irrespective of the amount of transaction, effective July 2, 2007. Transactions by unit holder/investors who fail to submit copy of PAN are liable to be rejected.

Accordingly, it is mandatory for all investors to quote their Permanent Account Number (PAN) and submit certified copy of the PAN card issued by the Income Tax Department, irrespective of the amount of investment, while making an application for Purchase of Units. In case of joint holding, PAN details of all holders should be submitted. In case the application is on behalf of minor, PAN details of the Guardian must be submitted. Furnishing an incorrect PAN or not furnishing these details could invite a penalty of ₹ 10,000 as per the extant provisions of the Income Tax Act, 1961.

However, there are certain nature of transactions and type of clients for which PAN is not mandatory, as mentioned below:

- Micro SIPs: SIPs upto ₹ 50,000/- per year per investor;
- Investments from investors residing in the state of Sikkim;
- Investments from Central Government, State Government and the official appointed by the Courts e.g. Official Liquidator, Court Receiver etc. (under the category of Government).

In all the above cases, Investors are requested to submit such documents as mentioned under "Non PAN based KYC applicability" under the Section "Know Your Customer".

### 7. PREVENTION OF MONEY LAUNDERING

SEBI vide its circular reference number ISD/CIR/RR/AML/1/06 dated January 18, 2006 mandated that all intermediaries including Mutual Funds should formulate and implement a proper policy framework as per the guidelines on anti money laundering measures and also to adopt a Know Your Customer (KYC) policy.

The Third Party should ensure that the amount invested in the Scheme is through legitimate sources only and does not involve and is not designated for the purpose of any contravention or evasion of the provisions of the Income Tax Act, Prevention of Money Laundering Act (PMLA), Prevention of Corruption Act and / or any other applicable law in force and also any laws enacted by the Government of India from time to time or any rules, regulations, notifications or directions issued thereunder.

To ensure appropriate identification of the Third Party and with a view to monitor transactions for the prevention of money laundering, L&T Mutual Fund reserves the right to seek information and/or obtain and retain documentation for establishing the identity of the third party, proof of residence, source of funds, etc. It may re-verify identity and obtain any incomplete or additional information for this purpose.

L&T Mutual Fund and their Directors, employees and agents shall not be liable in any manner for any claims arising whatsoever on account of freezing the folios/rejection of any application / allotment of Units or mandatory redemption of Units due to non compliance with the provisions of the Act, SEBI/AMFI circular(s) and KYC policy and / or where the AMC believes that transaction is suspicious in nature within the purview of the Act and SEBI/AMFI circular(s) and reporting the same to FIU-IND.

**8. KNOW YOUR CUSTOMER (KYC) COMPLIANCE**

- a. KYC is mandatory for investment in mutual funds and all applicants need to comply with this requirement.
- b. With effect from 1st February 2017, any individual customer who is new to KRA system and whose KYC is not registered or verified in the KRA system, needs to fill in new KYC form viz., "CKYC Form" to comply with the KYC requirements. For more information on KYC requirements, please visit our web site ([www.lfcs.com](http://www.lfcs.com)) or speak to your investment adviser.
- For non-Individual applicants, KYC Compliance requires identification of the customer by seeking relevant information on incorporation, commencement of business, tax status, nature of entity, nature of business, address and certain details of Promoters/Partners/Trustees/Whole Time Directors/Kartas of HUF. SEBI has appointed KYC Registration Agencies (KRA) to facilitate a single KYC across all SEBI registered intermediaries. For more information on KYC requirements, please visit our web site or speak to your investment adviser.
- c. If the investment is being made on behalf of a minor applicant, the Guardian needs to comply with KYC requirements.
- d. If the investment is being made by a Constituted Attorney on behalf of an applicant, the Attorney needs to comply with KYC requirements.

• **Non PAN Based KYC applicability**

For certain nature of transactions and type of clients, PAN is not mandatory. In such cases, common standard KYC through CVL will not apply. In such cases, the client will have to submit certain documents as elaborated below and KYC will be handled by the AMC/Registrar & Transfer Agent i.e. Computer Age Management Services Private Limited directly. Such nature of transaction and type of clients and the documents required for successful completion of KYC is mentioned below:

**A. Micro SIPs: Micro schemes such as Micro SIPs upto ₹ 50,000/- per year per investor**

Documents required

1. Standard specified identification instruments like Voter ID card, Government/Defence ID card, Card of reputed employer, Driving Licence, Passport in lieu of PAN.
2. Proof of address copy. It is clarified that where photo identification document contains the address of the investor, a separate proof of address is not required.

3. Supporting documents copy shall be self-attested by the investor/attested by the ARN holder mentioning the ARN number or attested by any competent authority.

However, it is clarified that Investors with PAN are required to follow PAN based common standard KYC through CVL procedure as mentioned above.

**B. Investments from investors residing in Sikkim**

Documents required

1. Proof of address of Sikkim state and application form should mention the same address.
2. Address proof shall be self-attested by the investor/attested by the ARN holder mentioning the ARN number or attested by any competent authority.

Documents required

1. Proof of identity as documentary evidence in support of the claim for such an exemption.
2. Such proof shall be self-attested by the investor/attested by the ARN holder mentioning the ARN number or attested by any competent authority.

For complying with the KYC requirement, all the investors could approach POS or CVL for submitting their KYC Application Form (KAF) and the mandatory documents of Proof of Identity and Proof of Address. The list of all documents required to fill up the form and the detailed process is mentioned above and can be found in the KYC Application Form. An updated list of POS is available at [www.lfcs.com](http://www.lfcs.com) and at [www.cvlindia.com](http://www.cvlindia.com).

After verification of the KYC Application Form and accompanying documents, investors will receive a letter certifying their KYC compliance. Investors are requested to visit the Knowledge Centre Section of our website [www.lfcs.com](http://www.lfcs.com) and also read the KYC section of Statement of Additional Information (SAI) in detail.

Investors are requested to note that KYC would be subject to verification of the veracity of the claim of the investors by collecting sufficient documentary evidence. The AMC reserves the right to ask for the necessary documentation to the satisfaction of the mutual fund.

The AMC, under powers delegated by the Trustee, shall have absolute discretion to reject any application, prevent further transactions by a Unit holder, if after due diligence, the investor/unitholder/a person making the payment on behalf of the investor does not fulfil the requirements of the KYC Policy or the AMC believes that the transaction is suspicious in nature with regard to money laundering.
