Why HSBC Business Cycles Fund

Aim to build a portfolio of predominantly equities with focus on riding business cycles

Dynamic allocation between cyclical and defensive sectors and stocks at different stages of business cycles in the economy

The fund focuses on riding business cycles by strategically changing allocation between various sectors and stocks at different stages of business cycle in the economy

The fund has the flexibility to invest across the market capitalization spectrum

Within a sector, the fund prefers dominant and scalable businesses available at reasonable valuations.

Investment Objective

The investment objective of the Scheme is to seek to generate long-term capital appreciation from a portfolio of predominantly equity and equity related securities, including equity derivatives, in the Indian market with focus on riding business cycles through dynamic allocation between various sectors and stocks at different stages of business cycles in the economy. The Scheme could also additionally invest in Foreign Securities. There is no assurance that the objective of the Scheme will be realised and the Scheme does not assure or guarantee any returns.
