Investment Objective

HSBC Global Emerging Markets Fund (Fund of Fund)

The primary investment objective of the Scheme is to provide long term capital appreciation by investing predominantly in units/shares of HSBC Global Investment Funds - Global Emerging Markets Equity Fund. The Scheme may also invest a certain proportion of its corpus in money market instruments and / or units of liquid mutual fund schemes, in order to meet liquidity requirements from time to time. However, there can be no assurance or guarantee that the investment objective of the scheme would be achieved.

HGIF Global Emerging Markets Fund (HGIF) Underlying fund strategy

- At sector level, stock selection was negative for the month. Positive performance came from Industrials and Health Care, though this was offset by negative stock selection in Communication Services and Financials.
- At country level, stock selection was negative for the month. Positive performance came from Korea and Turkey, though this was offset by negative stock selection in South Africa and Mainland China.
- Taiwan Information Technology security, MEDIATEK INC with total effect 0.27% is the top contributor. Additionally, Mainland China Industrials security, WEICHAJ POWER CO LTD-H was the second largest contributor with total effect 0.20%.
