Change of bank account along with Redemption request placed with the Mutual Fund

In the interest of security of investments made by the Unit holder(s), the below risk mitigating steps have been introduced by the Mutual Fund:

Any request received for Change in Bank details which forms part of a financial transaction request will be subject to rejection. In such cases, only the financial transaction will be processed. For e.g. In case of a redemption transaction, the same will be processed and the proceeds shall be credited to the registered bank account without considering the change of bank details received along with such redemption request.

In case a redemption request is received before the change of bank details have been validated and registered, the redemption request would be processed to the currently registered bank account (existing on Fund's records). The Fund will follow a cooling period only in such cases where an updation/change of bank mandate request is received/processed few days prior to submission of a redemption request.

The Mutual Fund will require a cooling period of not more than 10 calendar days for validation and registration of bank accounts. The process of validation would include notifying the investor through e-mail, SMS, phone etc. about the registration of a new bank account. The Fund shall endeavour to use, where possible, more than one of the above means of communication. Further, the Fund shall credit the redemption/dividend proceeds only to a registered bank account that has gone through the validation process as enumerated above.

Within the cooling period, the investor will have an option to contact the Fund and validate the request placed. In case of non-validation or no objection raised by the Unit holder, the redemption proceeds will be paid in favour of the new bank account details requested for registration. The Fund reserves the right to reject any such request found incomplete or not found in order.

Applications without this information will be rejected as per the presently applicable regulations. It is also to be noted that furnishing an incorrect PAN or not furnishing these details could invite a penalty of Rs. 10,000, as per the provisions of the Income Tax Act, 1961.

In case of non-receipt of PAN details from the investors/Unit holders (in case the application/Units are held in joint names, each of the Unitholders), the dividend will be compulsorily paid out to the Unit holders and not reinvested.

An application made may be accepted or rejected in the sole and absolute discretion of the Trustees. The Trustees may reject any application for purchase of Units, if in the opinion of the Trustees, increasing the size of any or all of the Scheme's Unit capital is not in the general interest of the Unitholders, or the Trustees for any other reason believe it would be in the best interest of the Scheme or its Unitholders to accept/reject such an application. Provided always that the Trustees' rights will be subject to applicable SEBI Regulations, if any.

The AMC shall have the right to set-off dividend amounts, redemption amounts or any other amounts that may be payable to an investor under the Scheme:

Web transactions Facility

In the new era of liberalisation and modernisation, the Fund wishes to take optimum advantage of the modern techniques of communication and transactions to serve its investors in a more efficient manner.

As a step towards the same, the Fund allows investors to invest in any scheme of HSBC Mutual Fund through its website <https://invest.assetmanagement.hsbc.co.in/>. Also, existing investors can do additional purchase, switch, Systematic transactions and redemption of the Units of the Fund through the website.

The Fund allows its investors to invest in any scheme of HSBC Mutual Fund through its website <https://invest.assetmanagement.hsbc.co.in/>. The Fund will also allow existing investors to transact through the website of the Fund's Registrar & Transfer Agent (CAMS), i.e. www.camsonline.com. Additionally, website/mobile application of MFUI shall be eligible to be considered as 'official points of acceptance' for all financial and non-financial transactions in the schemes of HSBC Mutual Fund electronically. For further information kindly refer to the website of MFUI at <http://www.mfuindia.com>.

For subscriptions or SIP received through Online transaction platform, the bank account details provided will be verified through Penny drop. It is a method of third party verification where the investor's bank mandate (that is given for making the online payment during fresh/additional purchase/SIP transaction) shall be validated for payment done by a third party or not, by crediting Re. 1 to investor's account from HSBC scheme fund account. Using the response feed provided by the bank which contains the account holder name, account number etc. the investor's name & bank mandate details as available against the transaction shall be verified and the bank account shall be marked as Third Party Verified. If any of the details do not match and investor's account is found to be a third party account, such transaction is liable to get rejected.

Online transactions will save cost and time of the investor and will also enable the Fund to serve its clients in a faster and efficient way. However, investors intending to take benefit of the web-based transaction facility should note that the investor shall use this service at his own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of the website or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorised access or use of information.

The Fund shall not be liable for any misuse of data placed on the Internet, by third parties "hacking" or unauthorized accessing of the server. The Fund will not be liable for any failure to act upon electronic instructions or to provide any facility for any cause that is beyond the control of the Fund.

The time of transaction done through various online facilities/electronic modes offered by the AMC, for the purpose of determining the applicability of NAV, would be the time when the request for purchase/sale/switch of units is received in the servers of AMC/RTA.

In case of transactions through online facilities/electronic modes, the movement of funds from the investors' bank account to the Scheme's bank account may happen via the Intermediary/Aggregator service provider through a Nodal bank account and post reconciliation of fund. The process of movement of funds from the investors' bank account into the Scheme's Bank account in case of online transaction is governed by Reserve Bank of India(RBI)vide their circular Ref. RBI/2009-10/231 DPSS.CO.PD.No.1102/02.14.08/2009-10 dated 24th November, 2009. The process followed by the aggregator and the time lines within which the Funds are credited into the Scheme's bank account is within the time lines provided by RBI which is T+3 settlement cycle/business days, where T is the date of Transaction/day of intimation regarding completion of transaction. The nodal bank account as stated above is an internal account of the bank and such accounts are not maintained or operated by the intermediary/aggregator or by the Mutual Fund. While the movement of Funds out of the investors' Bank account may have happened on T day, however post reconciliation and as per statutory norms, the allotment can happen only on availability of Funds for utilization by the AMC/MF and accordingly the transaction will be processed as per the applicable NAV based on availability of funds for utilization. This lag may impact the applicability of NAV for transactions where NAV is to be applied, based on actual realization of funds by the Scheme. Under no circumstances will HSBC Asset Management Limited or its bankers or its service providers be liable for any lag/delay in realization of funds and consequent pricing of units.

The AMC has the right to amend cut off timings subject to SEBI (MF) Regulations for the smooth and efficient functioning of the Scheme(s).

Electronic Payouts

Electronic payout (NEFT/RTGS/Direct Credit/ACH Credit) are facilities offered by RBI, for facilitating better customer service by direct credit of dividend/redemption to an investor's bank account through electronic credit. This helps in avoiding loss of dividend/redemption warrant in transit or fraudulent encashment. To facilitate the above electronic credits and minimise errors, HSBC AMC may validate the investors' Bank Account numbers with the respective banks and/or populate necessary IFSC/MICR codes through publicly available sources or through its banks. The Mutual Fund will endeavour to arrange such facility for payment of dividend/redemption proceeds to the Unit holders. However, this facility is optional for the investors. It may be specifically noted that there is no commitment from the Mutual Fund that this facility will be made available to the Unit holders for payment of dividend/redemption proceeds. While the Mutual Fund will endeavour to arrange the facility, provision of this facility will be dependent on various factors including sufficient demand for the facility from Unit holders at any centre, as required by the authorities. In places where such a facility is not available or if the facility is discontinued by the Scheme for any reason, the AMC shall dispatch to the Unit holders the dividend proceeds within 15 days of the record date and the redemption proceeds within 10 Business Days from the date of acceptance of redemption request at any of the Investor Service Centres.

Note: AMC may use instruments or payment channels such as RTGS, NEFT, IMPS, direct credit, etc. or any other mode allowed by Reserve Bank of India from time to time, for payments including refunds to unitholders in addition to the cheque, demand draft or dividend warrants. Further, AMC may also use modes of despatch such as speed post, courier etc. for payments including refunds to unitholders in addition to the registered post with acknowledgment due.

Prevention of Money Laundering and Know Your Customer (KYC)

KYC (Know Your Customer) norms are mandatory for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor for transacting in Mutual Funds. Accordingly, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests will not be processed if the unit holders (including POA holder) have not completed KYC requirements. Investors are requested to note that all investors are required to be KRA (KYC Registration Agency) KYC compliant. Those investors who had obtained MF KYC compliance through CVL (KYC registration authority till 31 December 2011) are required to submit necessary supporting(s) and update the missing information to be in compliance with the uniform KYC requirement laid down by SEBI.

Pursuant to SEBI circular dated December 26, 2013 on uniform KYC norms, certain information from Part I of the standard KYC application form, sourced by KRA (KYC Registration Agency) has been shifted to Part II which captures information specific to the area of activity of an intermediary. Accordingly, the additional KYC information required for mutual fund activities has been incorporated into the new application forms of the Fund and investors are requested to provide the same in order for the Fund to have all the necessary KYC details. For investors who have not completed KYC compliance through KRA, any application received without the requisite KYC information will be rejected. However, investors who have obtained KRA KYC compliance, as well as existing investors of the Fund who have registered their KYC details with the Fund shall be required to submit the additional KYC information to the Fund, only in the event of change in their occupation or income details. Kindly use the updated application forms or the separate KYC form of the Fund, available at ISCs or on the Fund's website for updating the additional information. The AMC reserves the right to reject the application and

refund the application amount, post acceptance of the application, in the event that the required KYC information is not provided or not found adequate.

Further, in accordance with SEBI Circulars MIRSD/SE/Cir-21/2011 dated October 5, 2011 and MIRSD/Cir-5/2012 dated April 13, 2012 on Uniform Know Your Client (KYC) read with AMFI Best practices guidelines circular no. 62/2015-16 dated September 18, 2015, it shall be mandatory for existing Unitholders to provide additional KYC information such as Income details, Occupation, Politically Exposed Person status, Net worth etc. as mentioned in the application form as well as complete In-Person Verification (IPV) and provide any missing KYC information, failing which the AMC shall have the authority to reject the transaction for additional subscription (including switches) in their existing folios. However, any SIP/STP registered till December 31, 2015 will be exempt from this requirement.

Implementation of Central KYC (CKYC)

The Government of India has authorized the Central Registry of Securitization and Asset Reconstruction and Security interest of India (CERSAI, an independent body), to perform the function of Central KYC Records Registry including receiving, storing, safeguarding and retrieving KYC records in digital form. Accordingly, in line with SEBI circular nos. CIR/MIRSD/66/2016 dated July 21, 2016 and CIR/MIRSD/120/2016 dated November 10, 2016 on Operationalisation of Central KYC (CKYC), read with AMFI Best Practice Guidelines circular no. 68/2016-17 dated December 22, 2016, new individual investors investing into the Fund are requested to note the following changes, from February 1, 2017.

Identification of third party cheques by the AMC/RTA will be on the basis of either matching of pay-in bank accounts details with the pay-out bank account details, or by matching the bank account number, name of the first applicant with the name and, account number available on the cheque or by matching the signature of the Unit holder as on the investment application against the signature on the payment instrument. For all such cases, where the name is not pre-printed on the cheque, then the first named applicant/investor should submit a self - attested copy of the bank passbook containing the name of the unit holder and the bank account number. iii) Source of funds - if paid by a pre-funded instrument issued by the Bank against Cash

Subscription received through a pre-funded instrument procured against cash shall only be accepted for investments below Rs. 50,000/. Investor is required to provide a certificate⁵ from Banker stating the name, address and PAN of the person requisitioning such pre-funded instruments.

A copy of the instruction to the bank stating the account number debited must accompany the purchase application. The account number mentioned on the transfer instruction copy should be a registered bank account or the first named applicant/investor should be one of the account holders to the bank account debited for such electronic transfer of funds.

2. Registering of Multiple Bank Accounts will enable the Fund to systematically validate the Pay-in payment and avoid acceptance of third party payments.
3. Investor can register upto 5 bank accounts in case of individuals/HUFs, and upto 10 in other cases.
4. Investor may choose one of the registered bank accounts as default bank account for the credit of redemption/dividend proceeds. In case of existing investors, their existing bank mandate registered with the AMC/RTA, and in case of new investors, their bank account details as mentioned in the application form shall be treated as default bank account for pay-out, if they have not specifically designated a default bank account. Safe mode for writing / drawing cheques

In order to avoid fraudulent practices, it is recommended to investors that the subscription payment instruments such as Cheque/Demand Draft/Pay Order be drawn in favour of the scheme account followed by the name of the first investor. For e.g. "HSBC Equity Fund A/c – Neeraj Mehra" and the application number/folio number should be written on the reverse of the cheque.

Change in Static Information

Investors, for whom the KYC process has been previously completed, should submit their request for change in static information, viz. If an equity security is suspended for trading on the stock exchange for more than 30 calendar days, then it would be considered as non-traded and valued accordingly.
1.6	Illiquid securities (Non-traded/thinly traded/unlisted equity security is in excess of 15% of total net assets of the scheme in case of open-ended funds and 20% in case of close-ended funds)	Nil Value
1.7	Equity shares which are unlisted as a result of corporate actions (i.e. Mergers, Demergers, reduction of capital, consolidation, etc.)	<p>a) Demerger: Where at least one resultant company is not immediately listed, valuation price will be worked out by using cum-price before corporate action as reduced by the quoted price of the listed resultant company after providing for appropriate illiquidity discount but a minimum illiquidity discount of 10%.</p> <p>b) Corporate Action Pending listing: In case of a corporate action pending listing, the resultant company/ies shall be valued at fair value as determined by the valuation committee on the date of corporate action after providing for appropriate illiquidity discount but a minimum illiquidity discount of 10%.</p> <p>c) Merger: <u>In cases where identity of entities getting merged is lost and the new entity is yet unlisted</u> - Valuation of merged entity would be arrived at by summation of previous day's value of respective companies prior to the merger divided by the entitled quantity of the merged entity. For example, If company A and company B merge to form a new company C, then company C would be valued at price equal to that of value of company A + company B.</p> <p><u>In cases where identity of one entity continues</u> - Valuation of merged entity would be according to the closing price of the surviving entity.</p> <p>The Fair value so arrived for shares which are unlisted as a result of corporate actions will be periodically reviewed by Valuation Committee till listing of such shares.</p> <p>However, if more than 9 months have elapsed from the date of corporate action and the company/ies is/are still not listed, the same shall be valued in accordance with the methodology stated in 1.2, 1.3 and 1.4 above.</p>
1.8	Equity Shares which are allotted pursuant to IPO and are pending listing	<p>a) At acquisition cost up to 30 days from the date of allotment.</p> <p>b) In case the security is not listed within 30 days from the allotment date, the valuation shall be arrived at in good faith by the Valuation Committee of the AMC. The rationale shall be documented and recorded.</p>
1.9	Buy-back of Securities	If a company offers to buy-back hundred percent of the shares tendered then shares will be valued at the price of buy-back, ignoring the market price. Else, market price of the shares will be considered for valuation till formal confirmation of acceptance of shares tendered under the buy-back schemes. Quantum of shares accepted under buy-back will be accounted as a sale trade on receipt of formal confirmation of such acceptance.
1.10	Valuation of Partly paid up equity share	<p>a) Traded: Refer point 1.1 above.</p> <p>b) Non-traded: Will be valued at Underlying Equity price as reduced by the balance call money payable with illiquidity discount as may be deemed appropriate by the valuation committee.</p>
2	PREFERENCE SHARES

3.1	Conversion rate - Forex	On valuation date, all assets and liabilities in foreign currency shall be valued in Indian Rupees at the RBI reference rate. In case the RBI reference rate is not available, on a particular Valuation Day, the exchange rate available on Bloomberg/Reuters will be used for conversion.
3.2	ADR/GDR Security Price - Traded	<p>Foreign securities shall be valued based on the last quoted closing prices at the Overseas Stock Exchange on which the respective securities are listed. However, the AMC shall select the Primary stock exchange prior to transacting in any scheme in case a security is listed on more than one stock exchange and the reasons for the selection will be recorded in writing. Any subsequent change in the reference stock exchange used for valuation will be necessarily backed by reasons for such change being recorded in writing by the AMC and approved by the Valuation Committee. However, in case of extra ordinary event in other markets post the closure of the relevant markets, the AMC shall value the security at suitable fair value as determined by the Valuation Committee.</p> <p>When on a particular valuation day, a security has not been traded on the selected stock exchange; the value at which it is traded on another stock exchange or last quoted closing price on the selected stock exchange shall be used provided such date is not more than thirty days prior to the valuation date. Due to difference in time zones of different markets, in case the closing prices of securities are not available within a given time frame to enable the AMC to upload the NAV for a Valuation Day, the AMC may use the last available traded price/previous day's price for the purpose of valuation. The use of the closing price/last available traded price for the purpose of valuation will also be based on the practice followed in a particular market. Closing Quote on T-1 of the security sourced from NYSE/Bloomberg or other recognized international stock exchange.</p>
3.3	ADR/GDR Security Price – Non-Traded	Non-traded ADR/GDRs shall be valued after considering prices/issue terms of underlying security. Valuation Committee shall decide the appropriate discount for illiquidity. Non traded foreign security shall be valued by AMC at fair value after considering relevant factors on case to case basis.

7.2	Securities with Put/Call Options	<p>Only securities with both put and call options on the same day and having the same put and call option price, shall be deemed to mature on such put/call date and shall be valued accordingly.</p> <p>In all other cases, the cash flow of each put/call option shall be evaluated and the security shall be valued on the following basis:</p> <ol style="list-style-type: none"> Identify a 'Put Trigger Date', a date on which 'price to put option' is the highest when compared with price to other put options and maturity price. Identify a 'Call Trigger Date', a date on which 'price to call option' is the lowest when compared with price to other call options and maturity price. In case no Put Trigger Date or Call Trigger Date ("Trigger Date") is available, then valuation would be done to maturity price. In case one Trigger Date is available, then valuation would be done as to the said Trigger Date. In case both Trigger Dates are available, then valuation would be done to the earliest date. <p>If a put option is not exercised by a Mutual Fund when exercising such put option would have been in favour of the scheme, in such cases the justification for not exercising the put option shall be provided to the Board of AMC and Trustees.</p>
7.3	Securities with multiple Put Options present ab-initio:	<p>If a put option is not exercised when exercising such put option would have been in favor of the scheme, in such cases the justification for not exercising the put option shall be provided to the Valuation Agencies, Board of AMC and Trustees on or before the last date of the notice period. 7.4	Impact of any Changes to terms of an investment:	<p>While making any change to terms of an investment, AMC shall adhere to the following conditions:</p> <ul style="list-style-type: none"> Any changes to the terms of investment, including extension in the maturity of a money market or debt security, shall be reported to valuation agencies and SEBI registered Credit Rating Agencies (CRAs) immediately, along-with reasons for such changes. Any extension in the maturity of a money market or debt security shall result in the security being treated as "Default", for the purpose of valuation. If the maturity date of a money market or debt security is shortened and then subsequently extended, the security shall be treated as "Default" for the purpose of valuation. Any put option inserted subsequent to the issuance of the security shall not be considered for the purpose of valuation and original terms of the issue will be considered for valuation.

7.7	CONVERTIBLE DEBENTURES	
	Non-convertible components	Refer point 7.1,7.2 & 7.3 above
	Convertible components	The convertible component shall be valued on same basis as underlying equity instrument after providing for appropriate illiquidity discount in accordance with investment valuation norms prescribed by SEBI in the Eight Schedule.
7.8	OTC Derivatives (including Interest Rate Swaps) and Market Linked Debentures	
		Prices for all OTC derivatives (including Interest Rate Swaps) and market linked debentures shall be obtained from valuation agencies.
7.9	Interest Rate Futures	
		Interest Rate Futures will be valued at the settlement price as released by NSE.
7.10	Securities Rated Below Investment Grade and Default	
	Definition of below investment grade and default:	
		A money market or debt security shall be classified as “below investment grade” if the long term rating of the security issued by a SEBI registered Credit Rating Agency (CRA) is below BBB- or if the short term rating of the security is below A3.
		A money market or debt security shall be classified as “Default” if the interest and/or principal amount has not been received, on the day such amount was due or when such security has been downgraded to “Default” grade by a CRA. In this respect, AMC shall promptly inform to the valuation agencies and the CRAs, any instance of non-receipt of payment of interest and/or principal amount (part or full) in any security.
		<p>a) To be valued on the basis of valuation price for such securities provided by CRISIL and ICRA/or any other AMFI appointed agency (ies).</p> <p>b) Till such time the valuation agencies compute the valuation of money market and debt securities classified as below investment grade or default, such securities shall be valued on the basis of indicative haircuts provided by these agencies. These indicative haircuts shall be applied on the date of credit event i.e. migration of the security to sub-investment grade or default and shall continue till the valuation agencies compute the valuation price of such securities. Further, these haircuts shall be updated and refined, as and when there is availability of material information which impacts the haircuts.</p> <p>c) Consideration of traded price for valuation:</p> <ul style="list-style-type: none"> • In case of trades during the interim period between date of credit event and receipt of valuation price from valuation agencies, AMC shall consider such traded price for valuation if it is lower than the price post standard haircut. The said traded price shall be considered for valuation till the valuation price is determined by the valuation agencies. • In case of trades after the valuation price is computed by the valuation agencies as referred above and where the traded price is lower than such computed price, such traded price shall be considered for the purpose of valuation and the valuation price may be revised accordingly. <p>d) The trades referred above shall be of a minimum size as determined by valuation agencies/AMFI. AMC may deviate from the indicative haircuts and/or the valuation price for money market and debt securities rated below investment grade/default provided by the valuation agencies and consider a fair valuation approach for valuation of principal and interest subject to the following:</p> <ul style="list-style-type: none"> • The detailed rationale for deviation from the price post haircuts or the price provided by the valuation agencies shall be recorded by the Valuation Committee/AMC. • The rationale for deviation along-with details such as information about the security (ISIN, issuer name, rating etc.), price at which the security was valued vis-a-vis the price post haircuts or the average of the price provided by the valuation agencies (as applicable) and the impact of such deviation on scheme NAV (in amount and percentage terms) shall be reported to the Board of AMC and Trustees. <p>The rationale for deviation along-with details as mentioned above shall also be disclosed to investors. In this regard, the AMC shall disclose instances of deviations on our website. Further, the total number of such instances shall also be disclosed in the monthly and half-yearly portfolio statements for the relevant period along-with an exact link to the website wherein the details of all such instances of deviation are available.</p> <p>e) Treatment of accrued interest, future interest accrual and future recovery: -</p> <p>a) The indicative haircut that has been applied to the principal should be applied to any accrued interest.</p> <p>b) In case of securities classified as below investment grade but not default, interest accrual may continue with the same haircut applied to the principal. In case of securities classified as default, no further interest accrual shall be made.</p>

	c) Any recovery shall first be adjusted against the outstanding interest recognized in the NAV and any balance shall be adjusted against the value of principal recognized in the NAV. d) Any recovery in excess of the carried value (i.e. the value recognized in NAV) should then be applied first towards amount of interest written off and then towards amount of principal written off.	
7.11	Valuation of any upfront fee on trades: In line with AMFI Best Practice guidelines circular no. 83/2019-20, following guidelines shall be adhered to for valuation of any upfront fees on trades: 1. Upfront fees on all trades (including primary market trades), by whatever name and manner called, shall be considered by the valuation agencies for the purpose of valuation of the security. 2. Details of such upfront fees shall be shared by the AMC on the trade date to the valuation agencies as part of the trade reporting to enable valuation agencies to arrive at the fair valuation for that date. 3. For the purpose of accounting, such upfront fees shall be reduced from the cost of the investment in the scheme that made the investment. 4. In case upfront fees are received across multiple schemes, then such upfront fees shall be shared on a pro-rata basis across such schemes.	
8	INVESTMENT IN MF UNITS	
8.1	Units of Domestic Mutual fund	Domestic Mutual Fund Units would be valued at the NAV as on the valuation day.
8.2	Units of Overseas Mutual fund	Overseas Mutual Fund units would be valued at the NAV as on the valuation day.
9	GUIDELINES FOR INTER-SCHEME TRANSFERS	
	i. IST of any money market or debt security (irrespective of maturity) will be done at an average of the prices provided by the valuation agencies, if prices from the valuation agencies are received within the pre-agreed turn-aroundtime (TAT). ii. If price from only one valuation agency is received within the agreed TAT, that price may be used for IST pricing. If prices are not received from any of the valuation agencies within the agreed TAT, AMC may determine the price for the IST, in accordance with Clause 3 (a) of Seventh Schedule of SEBI (Mutual Funds) Regulations, 1996.i.e., prevailing Market Price for quoted instrument on spot basis. Such price would be obtained from the public platform.	
10	GUIDELINES FOR VALUATION OF UNITS OF INFRASTRUCTURE INVESTMENT TRUST (INVITS) & REAL ESTATE INVESTMENT TRUST (REITS)	
	<ul style="list-style-type: none"> To be valued at the last quoted closing price on NSE (primary exchange for HSBC) else BSE or other recognized stock exchange where the units of InvITs and REITs are listed. Where units of InvITs and REITs are not traded on any of the stock exchanges for a continuous period of 30 calendar days then the valuation for such units of InvITs and REITs will be determined based on the procedure determined by Valuation Committee. 	

Notes :

- 1) In case the valuation committee is of the opinion that the price feeds provided by AMFI appointed agencies are not reflective of fair value/realizable value of the security, the same shall be valued on the basis of guidelines provided by the valuation committee. In approving such valuations, the valuation committee shall follow the principles of fair valuation and provide suitable justification for the same.

The rationale for deviation along-with details such as information about the security (ISIN, issuer name, rating etc.), price at which the security was valued vis-a-vis the price as per the valuation agencies and the impact of such deviation on scheme NAV (in amount and percentage terms) shall be reported to the Board of AMC and Trustees. The rationale shall also be disclosed immediately and prominently, under a separate head on the website of AMC, Monthly portfolio and Half-Yearly portfolio.

2) **Use of Own Trade for Valuation:**

- AMC shall not use own/self-trades for valuation of debt and money market securities. However, in case security level prices given by valuation agencies are not available for a new security (which is currently not held by any Mutual Fund), then such security may be valued at weighted average purchase yield on the date of allotment/purchase.
- Own/self-trades will not be used for valuation of inter-scheme transfers.

Annexure B:**WATERFALL APPROACH FOR VALUATION OF TRADED AND NON-TRADED MONEY MARKET AND DEBT SECURITIES**

AMFI, vide its best practice circular no. 83/2019-20 dated November 18, 2019 had issued the standard guidelines for waterfall valuation approach for money market and debt securities to be followed and documented by Valuation agencies. The following are the areas identified for the said guidelines:

1. Waterfall mechanism for valuation of money market and debt securities
2. Definition of tenure buckets for similar maturity
3. Process for determination of similar issuer
4. Recognition of trades and outlier criteria
5. Process for construction of spread matrix

Part A: Valuation of Money Market and Debt Securities other than G-Secs**1. Waterfall Mechanism for valuation of money market and debt securities:**

The following shall be the broad sequence of the waterfall for valuation of money market and debt securities:

- i. Volume Weighted Average Yield (VWAY) of primary reissuances of the same ISIN (whether through book building or fixed price) and secondary trades in the same ISIN
- ii. VWAY of primary issuances through book building of same issuer, similar maturity (Refer Note 1 below)
- iii. VWAY of secondary trades of same issuer, similar maturity iv. VWAY of primary issuances through fixed price auction of same issuer, similar maturity
- v. VWAY of primary issuances through book building of similar issuer, similar maturity (Refer Note 1 below)
- vi. VWAY of secondary trades of similar issuer, similar maturity.
- vii. VWAY of primary issuance through fixed price auction of similar issuer, similar maturity
- viii. Construction of matrix (polling may also be used for matrix construction) ix. In case of exceptional circumstances, polling for security level valuation (Refer Note 2 below)

Notes:

1. Polling shall be conducted to identify outlier trades for any booking building issuance of less than INR 100 Cr and also for those primary issuances that are not done through book building.
2. Polling shall be conducted for exceptional circumstances like stale spreads, any event/news in particular sector/issuer, rating changes, high volatility, corporate action or such other event as may be considered by valuation agencies. Here stale spreads are defined as spreads of issuer which were not reviewed/updated through trades/primary/polls in same or similar security/issuers of same/similar maturities in waterfall approach in last 6 months.

Further, the exact details and reasons for the exceptional circumstances which led to polling shall be documented and reported to AMC. Further, a record of all such instances shall be maintained by AMC and shall be subject to verification during SEBI inspections.

3. All trades on stock exchanges and trades reported on trade reporting platforms till end of trade reporting time (excluding Inter-scheme transfers) should be considered for valuation on that day.
4. In case of exceptional events, for the purpose of calculation of VWAY of trades and identification of outliers, on the day of such exceptional events, rather than considering whole day trades, only those trades shall be considered which have occurred post the event (on the same day).

The following events would be considered exceptional events:

- i. Monetary/Credit Policy
- ii. Union Budget
- iii. Government Borrowing/Auction Days
- iv. Material Statements on Sovereign Rating
- v. Issuer or Sector Specific events which have a material impact on yields
- vi. Central Government Election Days
- vii. Quarter end day

In addition to the above, valuation agencies may determine any other event as an exceptional event. All exceptional events along-with valuation carried out on such dates shall be documented with adequate justification.

2. Definition of tenure buckets for Similar Maturity:

When a trade in the same ISIN has not taken place, reference should be taken to trades of either the same issuer or a similar issuer, where the residual tenure matches the tenure of the bond to be priced. For identifying similar maturity trades, the tenure buckets are to be created and trades falling within such similar maturity shall be used as per table below:

Residual Tenure of Bond to be priced	Criteria for similar maturity
Upto 1 month	Calendar Weekly Bucket
Greater than 1 month to 3 months	Calendar Fortnightly Bucket
Greater than 3 months to 1 year	Calendar Monthly Bucket
Greater than 1 year to 3 years	Calendar Quarterly Bucket
Greater than 3 years	Calendar Half Yearly or Greater Bucket

In addition to the above:

- a. In case of market events, or to account for specific market nuances, valuation agencies may be permitted to vary the bucket in which the trade is matched or to split buckets to finer time periods as necessary. Such changes shall be auditable. Below are the example for such events/nuances:
 - i. Traded yields for securities with residual tenure of less than 90 days and more than 90 days are markedly different even though both may fall within the same maturity bucket
 - ii. Similarly, for less than 30 days and more than 30 days or cases where yields for the last week v/s second last week of certain months such as calendar quarter ends can differ.
- b. In the case of illiquid/semi liquid bonds, traded spreads shall be permitted to be used for longer maturity buckets (1 year and above). However, the yield should be adjusted to account for steepness of the yield curve across maturities.
- c. The changes/deviations mentioned in clauses a and b above, should be documented, along with the detailed rationale for the same. Process for making any such deviations shall also be recorded. Such records shall be preserved for verification.

3. Process for determination of similar issuer:

Valuation agencies shall determine similar issuers using one or a combination of the following criteria. Similar issuer does not always refer to issuers which trade at same yields, but may carry spreads amongst themselves & move in tandem or they are sensitive to specific market factor/s hence warrant review of spreads when such factors are triggered.

- i. Issuers within same sector/industry and/or
- ii. Issuers within same rating band and/or
- iii. Issuers with same parent/within same group and/or
- iv. Issuers with debt securities having same guarantors and/or
- v. Issuers with securities having similar terms like Loan Against Shares (LAS)/Loan Against Property (LAP)

The above criteria are stated as principles and final determination on criteria, and whether in combination or isolation shall be determined by the valuation agencies. The criteria used for such determination should be documented along with the detailed rationale for the same in each instance. Such records shall be preserved for verification. Similar issuers which trade at same level or replicate each other's movements are used in waterfall approach for valuations. However, similar issuer may also be used just to trigger the review of spreads for other securities in the similar issuer category basis the trade/news/action in any security/ies within the similar issuer group.

4. Recognition of trades and outlier criteria:

i. Volume criteria for recognition of trades (marketable lot)

AMFI, in consultation with SEBI has defined the marketable lot as under. The following volume criteria shall be used for recognition of trades by valuation agencies:

Parameter	Minimum Volume Criteria for marketable lot
Primary	INR 25 cr for both Bonds/NCD/CP/CD and other money market instruments
Secondary	INR 25 cr for CP/CD, T-Bills and other money market instruments
Secondary	INR 5 Cr for Bonds/NCD/G-secs

Trades not meeting the minimum volume criteria i.e. the marketable lot criteria as stated above shall be ignored.

ii. Outlier criteria

It is critical to identify and disregard trades which are aberrations, do not reflect market levels and may potentially lead to mispricing of a security or group of securities. Hence, the following broad principles would be followed by valuation agencies for determining outlier criteria.

- Outlier trades shall be classified on the basis of liquidity buckets (Liquid, Semi-liquid, Illiquid). Price discovery for liquid issuers is generally easier than that of illiquid issuers and hence a tighter pricing band as compared to illiquid issuers would be appropriate.
- The outlier trades shall be determined basis the yield movement of the trade, over and above the yield movement of the matrix. Relative movement ensures that general market movements are accounted for in determining trades that are outliers. Hence, relative movement over and above benchmark movement shall be used to identify outlier trades.
- Potential outlier trades which are identified through objective criteria defined above will have to be validated through polling from market participants. Potential outlier trades that are not validated through polling shall be ignored for the purpose of valuation.
- The following criteria shall be used by valuation agencies in determining Outlier Trades

Liquidity Classification	Bps Criteria (Yield movement over Previous Day yield after accounting for yield movement of matrix)		
	Upto 15 days	15-30 days	Greater than 30 days
Liquid	30 bps	20 bps	10 bps
Semi-liquid	45 bps	35 bps	20 bps
Illiquid	70 bps	50 bps	35 bps

The above criteria shall be followed consistently and would be subject to review on a periodic basis by valuation agencies and any change would be carried in consultation with AMFI

- In order to ensure uniform process in determination of outlier trades the criteria for liquidity classification shall be as detailed below.

Liquidity classification criteria — Liquid, semi-liquid and Illiquid definition

Valuation agencies shall use standard criteria for classifying trades as Liquid, Semi-Liquid and illiquid basis the following two criteria

- Trading Volume
- Spread over reference yield

Such criteria shall be reviewed on periodic basis in consultation with AMFI.

Trading Volume (Traded days) based criteria:

Number of unique days an issuer trades in the secondary market or issues a new security in the primary market in a calendar quarter

Liquid	>=50% of trade days
Semi	>=10% to 50% trade days
Illiquid	<10 % of trade days

Spread based criteria:

Spread over the matrix shall be computed and based on thresholds defined, issuers shall be classified as liquid, semi liquid and illiquid. For bonds thresholds are defined as:

	Bonds	CP/CD
Liquid	upto 15 bps	upto 25 bps
Semi	>15-75 bps	>25-50
Illiquid	> 75 bps	> 50 bps

In case of bonds, spread is computed as average spread of issuer over AAA Public Sector Undertakings/Financial Institutions/Banks matrix .For CP/CD, spread is computed as average spread of issuer over A1+/AAA CD Bank matrix).

The above thresholds shall be periodically reviewed and updated having regard to the market.

The best classification (liquid being the best) from the above two criteria (trading volume and spread based) shall be considered as the final liquidity classification of the issuer. The above classification shall be carried out separately for money market instruments (CP/CDs) and bonds.

5. Process for construction of spread matrix:

Valuation agencies shall follow the below process in terms of calculating spreads and constructing the matrix:

Steps	Detailed Process
Step 1	<p>Segmentation of corporates:</p> <p>The entire corporate sector is first categorised across following four sectors i.e. all the corporates will be catalogued under one of the below mentioned bucket:</p> <ol style="list-style-type: none"> Public Sector Undertakings/Financial Institutions/Banks; Non-Banking Finance Companies -except Housing Finance Companies; Housing Finance Companies; Other Corporates
Step 2	<p>Representative issuers:</p> <p>For the aforesaid 4 sectors, representative issuers (Benchmark Issuers) shall be chosen by the valuation agencies for only higher rating (I.e. "AAA" or AA+). Benchmark/Representative Issuers will be identified basis high liquidity, availability across tenure in AAA/AA+ category and having lower credit/liquidity premium. Benchmark Issuers can be single or multiple for each sector.</p> <p>It may not be possible to find representative issuers in the lower rated segments, however in case of any change in spread in a particular rating segment, the spreads in lower rated segments should be suitably adjusted to reflect the market conditions. In this respect, in case spreads over benchmark are widening at a better rated segment, then adjustments should be made across lower rated segments, such that compression of spreads is not seen at any step. For instance, if there is widening of spread of AA segment over the AAA benchmark, then there should not be any compression in spreads between AA and A rated segment and so on.</p>

Step 3	<p>Calculation of benchmark curve and calculation of spread :</p> <ol style="list-style-type: none"> 1. Yield curve to be calculated for representative issuers for each sector for maturities ranging from 1 month till 20 years and above. 2. Waterfall approach as defined in Part A (1) above will be used for construction of yield curve of each sector. 3. In the event of no data related to trades/primary issuances in the securities of the representative issuer is available, polling shall be conducted from market participants 4. Yield curve for Representative Issuers will be created on daily basis for all 4 sectors. All other issuers will be pegged to the respective benchmark issuers depending on the sector, parentage and characteristics. Spread over the benchmark curve for each security is computed using latest available trades/primaries/polls for respective maturity bucket over the Benchmark Issuer. 5. Spreads will be carried forward in case no data points in terms of trades/primaries/polls are available for any issuer and respective benchmark movement will be given.
Step 4	<ol style="list-style-type: none"> 1. The principles of VWAY, outlier trades and exceptional events shall be applicable while constructing the benchmark curve on the basis of trades/primary issuances. 2. In case of rating downgrade/credit event/change in liquidity or any other material event in Representative Issuers, new Representative Issuers will be identified. Also, in case there are two credit ratings, the lower rating to be considered. 3. Residual tenure of the securities of representative issuers shall be used for construction of yield curve.

Part B: Valuation of G-Secs (T-Bill, Cash management bills, G-Sec and SDL)

The following is the waterfall mechanism for valuation of Government securities:

- VWAY of last one hour, subject to outlier validation
- VWAY for the day (including a two quote, not wider than 5 bps on NDSOM), subject to outlier validation
- Two quote, not wider than 5 bps on NDSOM, subject to outlier validation
- Carry forward of spreads over the benchmark
- Polling etc.

Note:

1. VWAY shall be computed from trades which meet the marketable lot criteria stated in Part A of these Guidelines.
2. Outlier criteria: Any trade deviating by more than +/- 5 bps post factoring the movement of benchmark security shall be identified as outlier. Such outlier shall be validated through polling for inclusion in valuations. If the trades are not validated, such trades shall be ignored.

VI. ACCOUNTING POLICIES AND STANDARDS

In accordance with the Regulations, the AMC will follow the accounting policies and standards, as detailed below:

- The AMC shall keep and maintain proper books of account, records and documents, so as to explain its transactions and to disclose at any point of time the financial position of each scheme and, in particular, give a true and fair view of the state of affairs of the Fund. Further, with effect from April 1, 2023, the financial statements and accounts of the mutual fund schemes shall be prepared in accordance with Indian Accounting Standards (IND AS) and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time. In case there is any conflict between the requirements of IND AS and SEBI regulations and guidelines issued thereunder, the AMC shall follow the requirements specified under SEBI regulations.
 - For the purposes of the financial statements, mutual funds shall mark all investments to market and carry investments in the balance sheet at market value. The realised gains or losses on sale or redemption of investment, as well as unrealised appreciation or depreciation shall be recognised in all financial statements through Revenue Accounts. However, since the unrealised gain arising out of appreciation on investments cannot be distributed, provision shall be made for exclusion of this item when arriving at distributable income.
 - In respect of all interest-bearing investments, income shall be accrued on a day to day basis as it is earned. Therefore, when such investments are purchased, interest paid for the period from the last interest due date up to the date of purchase should not be treated as a cost of purchase but shall be debited to Interest Recoverable Account. Similarly, interest received at the time of sale for the period from the last interest due date up to the date of sale must not be treated as an addition to sale value but shall be credited to Interest Recoverable Account.
 - In determining the holding cost of investments and the gains or loss on sale of investments, the "weighted average cost" method shall be followed for each security.
 - Transactions for purchase or sale of investments shall be recognised as of the trade date and not as of the settlement date, so that the effect of all investments traded during a financial year are recorded and reflected in the financial statements for that year. Where investment transactions take place outside the stock market, for example, acquisition through private placement or purchases or sales through private treaty, the transaction would be recorded, in the event of a purchase, as of the date on which the Scheme obtains an enforceable obligation to pay the price or, in the event of a sale, when the Scheme obtains an enforceable right to collect the proceeds of sale or an enforceable obligation to deliver the instruments sold.
 - Where income receivable on investments has accrued but has not been received or in case of debt securities classified as below investment grade, provision shall be made by debit to the revenue account the income so accrued in the manner specified by guidelines issued by SEBI.
 - When Units are sold in the Scheme and its Plans, an appropriate part of the sale proceeds shall be credited to an Equalisation Account and when Units are repurchased an appropriate amount shall be debited to Equalisation Account. The net balance on this account shall be credited or debited to the Revenue Account. The balance on the Equalisation Account debited or credited to the Revenue Account shall not decrease or increase the net income of the Fund but is only an adjustment to the distributable surplus. It shall therefore be reflected in the Revenue Account only after the net income of the Fund is determined.
- The Trustees may, if necessary, transfer a portion of the distributable profits to a dividend equalization reserve. Such a transfer would be independent of the requirement to operate an Equalization Account.
- When Units are sold, after considering the equalisation as above, the difference between the sale price and the face value of the Unit, if positive, shall be credited to reserves and if negative, shall be debited to reserve, the face value being credited to Capital Account. Similarly, when the Units are repurchased, after considering the equalisation as above, the difference between the purchase price and face value of the Unit, if positive, shall be debited to reserves and, if negative, shall be credited to reserves, the face value being debited to the Capital Account.
 - The cost of investments acquired or purchased shall include brokerage, stamp charges and any charge customarily included in the broker's bought note. However, with effect from April 1, 2023, the investments acquired or sold shall be accounted at transaction price excluding all transaction costs such as brokerage, stamp charges and any charge customarily included in the broker's contract note that are attributable to acquisition/sale of investments.
 - Underwriting commission shall be recognised as revenue only when there is no devolvement on the Scheme and its Plans. Where there is devolvement on the Scheme and the Plans thereunder, the full underwriting commission received and not merely the portion applicable to the devolvement shall be reduced from the cost of the investment.
 - Bonus shares to which the Scheme and the Plans thereunder becomes entitled shall be recognized only when the original shares on which the bonus entitlement accrues are traded on the stock exchange on an ex-bonus basis. Similarly, rights entitlements shall be recognized only when the original shares on which the right entitlement accrues are traded on the stock exchange on an ex-right basis.
 - Dividend income earned by the Scheme and its Plans shall be recognized, not on the date the dividend is declared, but on the date the share is quoted on an ex-dividend basis. For investments, which are not quoted on the stock exchange, dividend income would be recognized on the date of declaration of dividend/information about dividend/receipt of dividend proceeds.
- The accounting policies and standards outlined above are as per the existing Regulations and are subject to change as per changes in the Regulations.
- ### Accrual of Expenses and Income
- All expenses and incomes accrued up to the valuation date shall be considered for computation of NAV. For this purpose, while major expenses like management fees and other periodic expenses should be accrued on a day to day basis, other minor expenses and income need not be so accrued, provided the non-accrual does not affect the NAV calculations by more than 1%.
- ### Recording of changes in securities and unit capital transactions
- Any changes in securities and in the number of units shall be recorded in the books not later than the first valuation date following the date of transaction. If this is not possible given the frequency of the Net Asset Value disclosure, the recording may be delayed upto a period of seven days following the date of the transaction, provided that as a result of the non-recording, the Net Asset Value calculations shall not be affected by more than 1%.

VII. TAX, LEGAL & GENERAL INFORMATION

A. TAXATION ON INVESTING IN MUTUAL FUND

The following tax implications are provided for general information purposes only, based on the law prevalent as on the date of this document. Further, in the event of amendments to legislation pertaining to taxation from time to time, the nature and/or quantum of such benefits/implications is/are subject to change. Therefore, it is recommended that investors should appropriately consult their tax consultant with respect to the specific tax implications arising out of their participation in the schemes of the mutual fund.

I. To the mutual fund:

Income in the hands of the mutual fund

The entire income of the mutual fund registered under the Securities and Exchange Board of India Act, 1992 (“SEBI Act, 1992”) or any Regulations made thereunder is exempt from income-tax in accordance with the provisions of Section 10(23D) of the Income-tax Act, 1961 (“the Act”).

Investment in the units of securitisation trusts. The key features of the taxation regime for securitisation trusts are as under:

- a. Tax pass-through status is accorded to trusts set-up by Asset Reconstruction Companies and securitisation trusts.
- b. Exemption in respect of income of investor from securitisation trust should not be available, and hence the same should be taxable in the hands of the investors. However, the income received by a mutual fund from a securitisation trust should still continue to remain exempt, as section 10(23D) of the Act provides exemption to the entire income earned by a mutual fund.
- c. Tax should be deducted at source by the securitization trust at the rate of 25% in case the payments are made to resident individuals/HUFs and at the rate of 30% in case payments are made to other resident assessees. However, income received by a mutual fund should not be liable to deduction of tax at source in accordance with the provisions of section 196(iv) of the Act. Even otherwise, no tax should be deducted at source by a securitization trust while making payments to a mutual fund, as any income received by a mutual fund is entirely exempt from tax under section 10(23D) of the Act.

The income received by the mutual fund is not liable for deduction of income-tax at source as per the provisions of Section 196(iv) of the Act. However, where the mutual fund receives any income from investments made in overseas jurisdiction, it may be subject to withholding in the relevant jurisdiction from which the income is received. As the income of the mutual fund is exempt from tax in India, credits/refunds in respect of such foreign taxes may not be available in India.

As per Finance Act, 2020, with effect from 1 April 2020, the provision related to dividend distribution tax has been deleted and new section 194K has been inserted. As per section 194K, any person responsible for paying to a resident any dividend in respect of units of a Mutual Fund specified under clause (23D) of section 10, or units from the Administrator of the specified undertaking or units from the specified company shall withhold tax at the rate of 10%. No tax is required to be withheld if such dividend does not exceed Rs. 5,000 or not likely to exceed Rs. 5,000 in a financial year. Further, no tax is required to be withheld on capital gain. The dividend

would be taxable in the hands of resident unitholders.

Non-residents can claim treaty benefit subject to eligibility and furnishing of requisite documents.

Fund will be liable to withhold taxes at applicable rates on the capital gains (long term or short term) earned by NRIs (Non-resident Indians) and Non domestic companies.

The purchaser of the units of an equity oriented fund is not liable to pay STT, where the purchase is entered into on a recognised stock exchange and the contract for the purchase of such units is settled by the actual delivery or transfer of such units.

The seller of the units of an equity oriented fund is liable to pay STT at 0.001%, where the sale is entered into on a recognised stock exchange and the contract for sale of such units is settled by the actual delivery or transfer of such units.

At the time of the sale of units of an equity oriented fund to the mutual fund, the seller is required to pay STT @ 0.001%.

In case of investor who is engaged in the business, the STT paid during the year in respect of taxable securities transactions

entered in the course of business shall be allowed as deduction under Section 36 of the Act, subject to the condition that such income from taxable securities transactions is included under the head, “profits and gains of business or profession”.

Under the Regulations, the Fund is allowed to borrow to meet its temporary liquidity needs for the purpose of repurchase/redemption of Units or payment of interest or dividend to the Unitholders. Further, as per the Regulations, the Fund shall not borrow more than 20% of

the Net Assets of the Scheme and the duration of such borrowing shall not exceed a period of 6 months. The Fund may raise such borrowings after approval by the Trustees from its Sponsor/associates/group companies/commercial banks in India or any other entity at market related rates prevailing at the time and applicable to similar borrowings. The security for such borrowings, if required, will be as determined by the Trustees. Such borrowings, if raised, may result in a cost, which would be dealt with in consultation with the Trustees.

6. Master Account/Folio

As an investor friendly measure, unless otherwise requested by the Unitholder, one Master/Folio Number may be assigned for one investor investing in different Scheme(s) of the Mutual Fund. In such a case, one consolidated Account Statement will be provided. The number of Units allotted to a Unitholder or repurchased by a Unitholder will be reflected in his/her account and a Statement to this effect will be issued to the Unitholder. The AMC reserves the right to assign the existing Master Account/Folio number against multiple applications and/or subsequent purchases under a new application form by an existing Unitholder, with identical mode of holding and address.

7. Fractional Units

Unit holders are requested to note that requests made for Units to be held in dematerialized form, which are or shall be listed on any recognized Stock Exchange(s), would be allotted in whole numbers and no fractional Units will be allotted. As the Units will not be allotted in fractions, any excess amount will be refunded to the investors.

8. Personal Identification Number (PIN)

The PIN facility may be made available to the Unitholders. Unitholders will be required to indicate their desire to avail of this facility and also indicate their bank account number, name of the bank and branch in the application for purchasing Units at a future date. A Form together with detailed terms and conditions will be mailed to such Unitholders subject to which usage of the PIN will be permitted. On receipt of the Form duly signed, the PIN will be mailed to each Unitholder.

Unitholders may use the PIN to carry out one or more of the following types of transactions (as may be enabled by the Mutual Fund) by calling the ISCs/Call centre only:

- purchase
- redemption
- switch
- static data changes viz. address change, change of bank mandate etc.

The Unitholder will be asked for the PIN before the request is accepted. In the interest of the Unitholder, the ISC reserves the right to ask for a fax confirmation of the request and any other additional information about the account of the Unitholder. The PIN should never be disclosed to any person or written down where any other person may discover it. All transactions conducted with use of this PIN will be the responsibility of the Unitholder and the Unitholder will abide by the record of the transactions generated. The Mutual Fund and the ISC/Registrar shall not accept any responsibility for the unauthorised use of the PIN.

9. Policy on Offshore Investments by the Scheme and the Plans thereunder

SEBI Regulations permit mutual funds to invest in certain securities/instruments viz. ADRs/GDRs issued by Indian or Foreign companies, Equity of overseas companies listed on recognized stock exchanges overseas, Initial Public Offer (IPO) and Follow on public offerings (FPO) for listing at recognized

stock exchanges overseas, Foreign debt securities in the countries with fully convertible currencies, with rating not below investment grade by accredited/registered credit rating agencies, Money market instruments rated not below investment grade, Repos - only as pure investment avenues, where the counterparty is rated not below investment grade; however repos should not involve any borrowing of funds by mutual funds, Government securities where the countries are rated not below investment grade, Derivatives traded on recognized stock exchanges overseas only for hedging and portfolio balancing with underlying as securities, Short term deposits with banks overseas where the issuer is rated not below investment grade, Units/securities issued by overseas mutual funds registered with overseas regulators and investing in approved securities or Real Estate Investment Units/securities issued by overseas mutual funds registered with overseas regulators and investing in approved securities or Real Estate Investment Trusts (REITs) listed in recognized stock exchanges overseas or unlisted overseas securities (not exceeding 10% of their net assets) subject to the terms and conditions prescribed, subject to maximum of US \$ 1 billion. This would be revised in terms of SEBI approvals/guidelines from time to time. All the provisions of SEBI/IMD/CIR No. 7/104753/07 dated September 26, 2007 read with SEBI circular no. SEBI/IMD/CIR No.2/122577/08 dated April 8, 2008, SEBI circular no. SEBI/HO/IMD/DF3/CIR/P/2020/225 dated November 5, 2020 & SEBI/HO/IMD/DF3/CIR/P/2020/225 dated June 3, 2021 and all applicable regulations/guidelines/directives/notifications, as may be stipulated by SEBI and RBI, from time to time will be adhered to.

It is the Investment Manager's belief that foreign securities offer new investment and portfolio diversification opportunities into multi-market and multi-currency products. The Fund would look to invest in foreign securities in order to diversify the portfolio in terms of variety of instruments held and enhance returns by taking advantage of market movements in global markets, which may or may not be in sync with the Indian markets. Investment in foreign securities would only be looked at if they provide a return, liquidity, ease of settlement and valuation, transaction costs better than equivalent local investments. Further, if the Fund Manager becomes cautious or negative on the Indian markets for a reasonably long period of time, would he consider investing in such securities. The Fund will look to identify and capture profitable opportunities as and when they arise. However, such investments also entail additional risks. Such investment opportunities may be pursued by the Investment Manager provided they are considered appropriate in terms of the overall investment objectives of the Scheme. The Scheme may then, if necessary, seek permission from SEBI and RBI to invest abroad in accordance with the investment objectives of the Scheme and in accordance with any guidelines issued by SEBI/RBI from time to time.

Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To manage risks associated with foreign currency, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.

Offshore investments will be made subject to any/all approvals and conditions thereof as may be stipulated by SEBI/RBI being fulfilled and provided such investments do not result in expenses to the Fund in excess of the ceiling, if any, on expenses prescribed by SEBI for offshore investment, and if no such ceiling is prescribed by SEBI, the expenses to the Scheme(s) shall be limited to the level which, in the opinion of the Trustees, is reasonable and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, sub-custodians, etc. for managing and administering such investments.

The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceilings of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs and overseas regulatory costs.

10. Power to make Rules

Subject to the Regulations and other applicable laws, the Trustees may from time to time, prescribe such terms and make such rules for the purpose of giving effect to the Scheme and the Plans thereunder with power to the AMC to add to, alter or amend all or any of the terms and rules that may be framed from time to time.

11. Power to remove Difficulties

If any difficulty arises in giving effect to the provisions of the Scheme and the Plans thereunder, the Trustees may, subject to the Regulations and other applicable laws, take any action not inconsistent with such provisions, which appears to be necessary, desirable or expedient, for the purpose of removing such difficulty.

12. Scheme to be binding on the Unitholders

Subject to the Regulations, the Trustees may from time to time, add or otherwise vary or alter all or any of the features of plans and terms of the Scheme after obtaining the prior permission of SEBI and the Unitholders (where necessary), and the same shall be binding on all the Unitholders of the Scheme and the Plans thereunder and any person or persons claiming through or under them, shall do so as if each Unitholder or such person expressly had agreed that such features and terms shall be so binding.

13. Unambiguous and Unconditional requests

Any application for redemption, purchase or exchange or any other instruction must be correct, complete, clear and unambiguous in all respects and should conform to the prescribed procedure / documentation requirements, failing which the Trustee/AMC reserve the right to reject the same and in such a case the Trustee/AMC will not be responsible for any consequence therefrom. The Investor shall ensure that any overwriting or correction shall be countersigned by the investor, failing which the Fund/Trustee/AMC may at its sole discretion reject such transaction request. Further, any requests for purchase/redemption/switch or other transactions must be unconditional. The Fund/Trustee/AMC shall not be bound to take cognizance of any conditions placed on the transaction request and may at its sole discretion, reject such transaction request, or process the same as if the condition were not mentioned.

14. Acts done in good faith

Any act, thing or deed done in good faith in pursuance of or with reference to the information provided in the application or other communications received from the investor/unit holder will constitute good and full discharge of the obligation of the Fund, Trustee and the AMC.

In cases of copies of the documents/other details such as list of authorized signatories, that are submitted by a limited company, body corporate, registered society, trust or partnership, if the same are not specifically authenticated to be certified true copies but are attached to the application form and/or submitted to the Fund, the onus for authentication of the documents so submitted shall be on such investors and the AMC/Fund will accept and act on these in good faith wherever the documents are not expressly authenticated. Submission of these documents/details by such investors shall be full and final proof of the corporate investor's authority to invest and

the AMC/Fund shall not be liable under any circumstances for any defects in the documents so submitted.

In cases where there is a change in the name of such investor, such a change will be effected by the AMC/Fund only upon receiving the duly certified copy of the revised Certificate of Incorporation issued by the relevant Registrar of Companies/registering authority. In cases where the changed PAN Number reflecting the name change is not submitted, such transactions accompanied by duly certified copy of the revised Certificate of Incorporation with a copy of the Old PAN Card and confirmation of application made for new PAN Card will be required as a documentary proof.

15. Lien

The fund will have a first and paramount right of lien/set-off with respect to every unit/dividend under any scheme of the Fund for any money that may be owed by the unit holder, to it.

16. Client Information and disclosure of client information to third parties

• Foreign Account Tax Compliance Act (FATCA) –

India has executed an Inter-Governmental Agreement (IGA) with the U.S. and the Fund intends to take any measures that may be required to ensure compliance under the terms of the IGA and local implementing regulations. In order to comply with its FATCA obligations, the Fund will be required to obtain certain information from its investors so as to ascertain their U.S. tax status. If the investor is a specified U.S. person, U.S. owned non-U.S. entity, non-participating FFI ("NPPFI") or does not provide the requisite documentation, the Fund may need to report information on these investors to the appropriate tax authority, as far as legally permitted. If an investor or an intermediary through which it holds its interest in the Fund either fails to provide the Fund its agents or authorised representatives with any correct, complete and accurate information that may be required for the Fund to comply with FATCA or is a NPPFI, Fund may be required to provide information about payment to NPPFI to upstream payor to enable them to make the appropriate FATCA withholding on NPPFIs. Further, we may be compelled to sell its interest in the Fund or, in certain situations, the investor's interest in the Fund may be sold involuntarily. The Fund may at its discretion enter into any supplemental agreement without the consent of investors to provide for any measures that the Fund deems appropriate or necessary to comply with FATCA, subject to this being legally permitted under the IGA or the Indian laws and regulations. FATCA is globally applicable from July 1, 2014 and in order to comply with FATCA obligations, the Fund will, seek additional information from investors while accepting applications, in order to ascertain their U.S. Person status. Investors are therefore requested to ensure that the details provided under Section "Confirmation under Foreign Account Tax Compliance Act (FATCA) for determining US person status" of the application form are complete and accurate to avoid rejection of the application (updated forms are available with ISCs or on Fund's website – www.assetmanagement.hsbc.co.in).

Investors should consult their own tax advisors regarding the FATCA requirements with respect to their own situation. In the event of any conflict or inconsistency between any of these Terms and Conditions and those in any other service, product, business relationship, account or agreement between investor and HSBC, these terms shall prevail, to the extent permissible by applicable local law. This facility will not restrict the investor from approaching the AMC directly for any transaction(s) or request(s). Unit holder(s) to note that change to static information submitted directly will only be effected on the records of AMC. For accounts maintained with the distributor, the unit holder(s) will be required to contact the distributor directly.

20. Brokers

The Fund intends to utilize the services of select financial intermediaries for distribution and may pay brokerage depending upon the efficiency and other factors as may be decided by the AMC. The Investment manager is the sole authority to select such financial intermediary /intermediaries who would distribute the product. Further, the AMC may appoint one or more exclusive distributors, at its discretion, based on the parameters decided by the AMC.

The Fund may use the services of associate brokers or take the sale of its units into account when allocating brokerage. However, the brokerage paid to Associate Brokers shall be at the same rate offered to any other broker who procures subscription.

The AMC may from time to time have various contests/loyalty programmes in order to motivate its distributors. This could be in the form of additional compensation to the distributors or could entail gifts/ vouchers or various other privileges. The level of compensation in the above forms could vary from time to time and a number of factors could determine the same viz. qualifying distributor sales, assets and redemption rates, quality of the distributors' relationship with HSBC Mutual Fund. The AMC may also publicise its various loyalty programmes as may be launched from time to time. Further, the AMC could also provide training in order to keep the distributors abreast about the new developments in the securities market and

facilitate educating distributors and unitholders about Schemes of HSBC Mutual Fund.

Under the Regulations, the Fund/the Registrar/the AMC shall despatch to the Unitholders, the dividend proceeds within 15 days of the record date and the redemption proceeds within 10 Business Days from the date of acceptance of the request for redemption or repurchase proceeds, as the case may be. In the event of failure to

despatch the redemption/dividend proceeds within the above time, interest @ 15% per annum or such rate as may be specified by SEBI, would be paid to the unitholders for the period of delay. In case of delay in despatch of dividend payments, the interest for the delayed payment of dividend shall be calculated from the record date.

While regulatory provisions require AMC's to dispatch the redemption proceeds within 10 business days of the request, under normal circumstances, the Fund will endeavor to despatch the redemption proceeds within 3 business days (in case of equity Schemes), 7 business days (in case of HEMF, HBF, HAPDF, HGECCF, HMS – Growth & HMS – Moderate Plan and Index Funds), 4 business days (in case of HMS - Conservative) and 1 Business Day (in case of debt Schemes) from the date of receiving a valid redemption request in respect of the Scheme at the Investor Service Centres.

Investors should note that completion of monetary/non-monetary transactions within the respective number of Business Day(s) as indicated above, would be done on "best efforts" basis and completion of all such transactions are subject to the time limits as prescribed under the Regulations.
