Fund of Fund (FOF) Note - The investors are bearing the recurring expenses of the scheme, in addition to the expenses of other schemes in which the Fund of Funds Scheme makes investments. Note : Please refer to Scheme Information Document for more details on Asset Allocation of the scheme.

- HSBC Income Plus Arbitrage Active FoF allows the Fund Manager to switch between debt schemes without any tax incidence to adapt to market conditions – thereby optimizing capital gains for investors
- Aims to offer reasonable returns compared to an only debt-strategy with better tax-efficiency (12.5% with a 2-year investment horizon)

Investment Objective

- The investment objective is to generate income / long-term capital appreciation by investing in units of debt-oriented and arbitrage schemes and money market instruments. However, there is no assurance that the investment objective of the Scheme will be achieved.

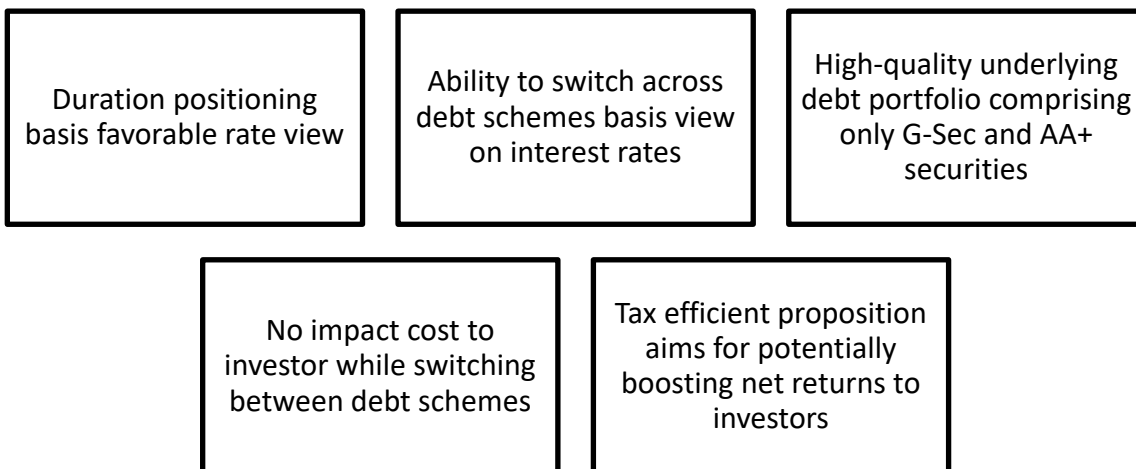

Our Philosophy

- Focus on investors' risk profile to meet the needs and preference of investors
- Deliver solutions through Fund of Funds (FoF) feeding into HSBC/third party funds
- Active investment opportunity supported by variety of debt schemes across maturity, credits and investment strategies

Why HSBC Income Plus Arbitrage Active FoF?

- To benefit from exposure to arbitrage and debt-oriented schemes with the aim to capture the opportunities offered by Indian debt markets
- True to label fund – The fund will stay true to its objective in keeping with the mandate reposed by the investor whilst investing in the fund
- Dynamic management of maturity through underlying scheme selection to generate alpha and capture accrual opportunities

Key takeaways: HSBC Income Plus Arbitrage Active FoF
