Sr. No.	Title	Description
XXIII	Special product/facility available during the NFO and on ongoing basis	<p>Special Products / Facilities available/offered to the investors under the Scheme:</p> <ul style="list-style-type: none"> Systematic Investment Plan Unitholders of the Scheme can benefit by investing specific rupee amounts periodically, for a continuous period. SIP allows the investors to invest a fixed amount every month or quarter for purchasing additional Units of the Scheme at NAV based prices. The requirement of 'Minimum Amount for Application' will not be applicable in case of SIPs. SIP Top Up Facility: Under this facility, the investor can opt to increase the amount of SIP instalment ("Top Up") on a half-yearly or annual basis; thus, the investment amount under SIP will increase every half year/annually by the amount of Top Up specified by the investor. Pause Facility ("SIP Pause Facility") SIP Pause Facility enables the investors to pause their investments under the Systematic Investment Plan. Under this facility, the investors have an option to pause their investment for a fixed period of time which is a minimum of 1 month and a maximum of 3 months. Multi Scheme Systematic Investment Plan: This facility enables investors to start investments under SIP of various schemes using a single application form and payment instruction. Systematic Transfer Plan Unitholders of the Scheme can benefit by transferring specific rupee amounts periodically, for a continuous period. STP allows the investors to transfer a fixed amount at a specified frequency or Capital Appreciation on the 1st Business Day of the month to a particular scheme at NAV based prices. Investors can opt for the Systematic Transfer Plan by investing a lumpsum amount in any HSBC open ended scheme and providing a standing instruction to transfer sums at Daily, Weekly, Fortnightly, Monthly and Quarterly intervals into any open ended Schemes of HSBC Mutual Fund. Investors could also opt for STP from an existing account by quoting their account / folio number. Flex Systematic Transfer Plan ("Flex STP") Flex STP is a facility available in open ended Schemes of HSBC Mutual Fund. Under this facility unitholder(s) can opt to transfer variable amount(s) linked to value of investments under Flex STP on the date of transfer at predetermined intervals from designated open ended Scheme(s) of HSBC Mutual Fund except HSBC ELSS Tax Saver Fund & HSBC Tax Saver Equity Fund to the Growth option of all open ended schemes of HSBC Mutual Fund where subscription is allowed. Systematic Withdrawal Plan Unitholders have the benefit of enrolling themselves under the Systematic Withdrawal Plan. The SWP allows the Unitholder to withdraw sums of money each month/quarter/half-year/annual basis from his investments in the Scheme. SWP is ideal for Unitholders seeking a regular inflow of funds for their needs in a tax efficient manner. It is also suited to retired persons or individuals who wish to invest a lumpsum and withdraw from the investment over a period of time. The Unitholder may avail of this Plan by sending a written request to the Registrar/submit a request online. Money Withdrawal Facility (MWF): Money Withdrawal Facility (MWF) is the nomenclature of the facility and should not be construed as an assurance of returns/performance of the Scheme. This facility will enable the Unit Holders to redeem a fixed sum of money at a fixed frequency as per the prevailing NAV, subject to exit load, if applicable, depending on the option chosen by the Unit Holder. Under this facility Unit Holders can redeem amounts under both the Plans (Direct and Regular) of the Growth and IDCW Payout option of the Scheme.

Sr. No.	Title	Description
		<ul style="list-style-type: none"> Income Distribution cum Capital Withdrawal Plan Transfer Facility Under this facility, the Unit holder/investor can opt to transfer the amount of IDCW the Unit holder/ investor is eligible to receive under the Scheme (“Source Scheme”) to any other open-ended scheme of the Fund (“Target Scheme”). The above Facility will be available in the IDCW options under all the open-ended schemes of the Fund except HSBC ELSS Tax saver Fund wherein the said schemes can only be the Source Scheme (subject to completion of lock-in on units where applicable) and not Target Scheme. Facilitating transactions through Stock Exchange Mechanism (BSE Star & NSE MFSS) In terms of para 16.2 of SEBI Master Circular on Mutual Funds dated June 27, 2024, units of the Scheme can be transacted through all the registered stockbrokers of the National Stock Exchange of India Limited and/or Bombay Stock Exchange Limited who are also registered with Association of Mutual Funds of India and are empanelled as distributors with AMC. Accordingly, such stockbrokers shall be eligible to be considered as ‘official points of acceptance’ of AMC. For further details of above special products/ facilities, kindly refer SAI.

PART II. INFORMATION ABOUT THE SCHEME

A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, it is anticipated that the asset allocation of the Scheme will be as follows:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
A. Equities & Equity related securities	65	90
A1. Hedged ^	20	50
A2. Unhedged^^	15	45
B. Debt, Money Market Instruments and Government Securities*	10	35
Units issued by REITs/InvITs	0	10

* including TREPS/reverse repos, Credit default swaps, equity linked debentures margin money and securitized debt

^ Equity and equity derivatives (arbitrage opportunities) – Hedged

^^ Net long equity - Unhedged

In situations when adequate arbitrage opportunities are not available in the derivative/equity markets or on defensive considerations, the asset allocation of the Scheme would be as given below, at the discretion of the fund manager:

Instruments	Indicative allocations (% of total assets)	
	Minimum	Maximum
A. Equities & Equity related securities	15	90
A1. Hedged ^	0	50
A2. Unhedged^^	15	45
B. Debt, Money Market Instruments and Government Securities*	10	35
Units issued by REITs/InvITs	0	10

* including TREPS/reverse repos, Credit default swaps, equity linked debentures margin money and securitized debt.

^ Equity and equity derivatives (arbitrage opportunities) – Hedged

^^ Net long equity - Unhedged

Pending deployment of funds, the Scheme may invest them into deposits of scheduled commercial banks as permitted under the extant Regulations.

The Scheme may also take exposure to stock lending up to 20% of net assets of the Scheme and not more than 5% of the net assets of the Scheme shall be deployed in stock/securities lending to any single counterparty /intermediary.

The Scheme can take covered-call positions for stock derivatives, as permitted by SEBI.

The Scheme may invest in repos of corporate bonds up to 10% of its total assets, subject to applicable SEBI regulations.

The Scheme may invest in Foreign Securities up to 30% of the total assets of the scheme.

If the Scheme decides to invest in securitised debt, it is the intention of the Investment Manager that such investments will not normally exceed 20% of the net assets of the Scheme.

Derivative positions in equity instruments for other than hedging purposes shall not exceed 50% of total equity assets of the Scheme. The Scheme shall have derivative exposure as per the SEBI regulations issued from time to time.

The Scheme may take positions in fixed income derivatives up to 50% of the total fixed income assets of the Scheme for the purpose of hedging and portfolio balancing purposes. Further, in line with para 12.25.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the Scheme is permitted to imperfectly hedge their portfolio or a part of their portfolio by using Interest Rate Futures. These may include instruments such as interest rate swaps, interest rate futures, credit default swaps, forward rate agreements, etc.

The Scheme may participate in Credit Default Swap (CDS) transactions in line with the guidelines issued by SEBI/RBI from time to time. As per the extant regulatory guidelines, the exposure to a single counterparty in CDS transactions shall not exceed 10% of the net assets of the Scheme. The total exposure related to premium paid for all derivative positions, including CDS, shall not exceed 20% of the net assets of the Scheme.

The cumulative gross exposure through, debt, equity, REITs & InvITs units and derivative positions including fixed income derivatives, repo transactions and credit default swaps in corporate debt securities, and such other securities/assets as may be permitted by SEBI from time to time, subject to requisite approvals, if any, shall not exceed 100% of the net assets of the Scheme.

However, following will not be considered while calculating the gross exposure:

- Security-wise hedged position and
- Exposure in Cash or cash equivalents with residual maturity of less than 91 days. The exposure to derivatives will be calculated on notional value of the derivative contracts.

All investments shall be subject to compliance with 'Restrictions on Investment in debt instruments having Structured Obligations/Credit Enhancements' as prescribed under para 12.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and any other guidelines issued by SEBI from time to time. As per extant regulatory guidelines, the Scheme shall not invest more than 10% of its net assets in following instruments:

- Unsupported rating of debt instruments (i.e. without factoring-in credit enhancements) is below investment grade and
- Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

The Scheme may participate in instruments with special features including Additional Tier 1 bonds and Additional Tier 2 bonds as prescribed under para 12.2 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and any other guidelines issues by SEBI from time to time. As per the extant regulatory guidelines, the Scheme shall not invest –

- more than 10% of its NAV of the debt portfolio of the scheme in such instruments; and
- more than 5% of its NAV of the debt portfolio of the scheme in such instruments issued by a single issuer.

Investments will be made in line with the asset allocation of the Scheme and the applicable SEBI guidelines as specified from time to time.

Investors may note that securities which provide higher returns typically display higher volatility. Accordingly, the investment portfolio of the Scheme would reflect moderate to high volatility in its equity and equity related investments and low to moderate volatility in its debt and money market investments.

Change in Investment Pattern

Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute and that they can vary substantially depending upon the perception of the Investment Manager, the intention being at all times to seek to protect the interests of the Unitholders and meet the objective of the Scheme. Such changes in the investment pattern will be for short term and defensive considerations.

Portfolio re-balancing in case of short term defensive consideration

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per para 1.14.1.2 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and the fund manager will rebalance the portfolio within 30 calendar days from the date of deviation.

Portfolio re-balancing in case of passive breaches

Further, as per para 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 30 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 30 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period. Further, in case the portfolio is not rebalanced within the aforementioned mandated plus extended timelines the AMC shall comply with the prescribed restrictions, the reporting and disclosure requirements as specified in para 2.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024.

B. WHERE WILL THE SCHEME INVEST?

The Scheme shall predominantly invest in equity and equity related instruments (including equity derivatives), debt and money market instruments.

C. WHAT ARE THE INVESTMENT STRATEGIES?

Investment Approach and Risk Control

The fund manager will decide asset allocation between equity and debt depending on prevailing market and economic conditions. Among the metrics considered for deciding the debt-equity mix at any point of time will be the interest rate cycle, equity valuations (P/E, P/BV, Dividend Yield, Earnings yield, market cap to GDP ratio etc), medium to long term outlook of the asset class, etc.

The objective of the equity strategy will be to build a portfolio of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook. The Scheme also proposes to take long term call on stocks which, in the opinion of the Fund Manager, could offer better return over a long period.

Investment strategy equity portion (hedged and unhedged) of the portfolio:

The objective of the equity strategy will be to build a portfolio of companies diversified across major industries, economic sectors and market capitalization that offer an acceptable risk reward balance. Investment in debt securities will be guided by credit quality, liquidity, interest rates and their outlook.

The Scheme proposes to take long term call on stocks which, in the opinion of the Fund Manager, could offer better return over a long period.

The investment strategy on the derivative side includes identifying and investing into arbitrage opportunities between spot/cash and futures prices of individual stocks. The Scheme will deploy “Cash and Carry Arbitrage” strategy wherein the Fund Manager will evaluate the difference between price of an individual stock in the futures market and in the spot/cash market. If the price of a stock in the futures market is higher than in the spot/cash market, after considering the associated costs and taxes, the Scheme may buy the stock in the spot/cash market and sell the same in equal quantity in the futures market simultaneously. Similarly, the Scheme may at a later date, unwind the trade by selling cash position and buying in the futures markets. The Fund Manager after careful analysis may also decide to roll over his position if the market conditions are favorable.

Investment strategy for debt and money market portion of the portfolio

The investments in debt and money market instruments would be aimed at maintaining a balance between safety, liquidity and return on investments. The debt and money market portion of the portfolio shall be actively managed with an endeavor to generate superior risk adjusted returns. The Fund Manager shall formulate a view of the interest rate movement based on various parameters of the Indian economy, as well as developments in global markets. Investment views/decisions inter alia may be taken on the basis of the following parameters:

- Returns offered relative to alternative investment opportunities.
- Liquidity of the security
- Prevailing interest rate scenario
- Quality of the security/instrument (including the financial health of the issuer)
- Maturity profile of the instrument
- Credit Rating for the instrument
- Any other factors considered relevant in the opinion of the Fund Management team.

Further, the portfolio of the Scheme will be constructed in accordance with the investment restrictions specified under the Regulations which would help in mitigating certain risks relating to investments in securities market.

Disclosure on derivatives exposure for non-hedging purpose

SEBI has permitted all mutual funds to participate in derivatives trading subject to observance of guidelines issued by it in this behalf. Pursuant to this, mutual funds may use various derivative products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders' interest.

Accordingly, the Fund may use derivative instruments like stock index futures, options on stocks, stock indices, interest rate swaps, forward rate agreements or such other derivative instruments as may be introduced from time to time as permitted under the SEBI Regulations and guidelines.

Derivative positions in equity instruments for other than hedging purposes shall not exceed 50% of total equity assets of the Scheme. The Scheme may take positions in fixed income derivatives up to 50% of the total fixed income assets of the Scheme for the purpose of hedging and portfolio balancing purposes. The Scheme shall have derivative exposure as per the SEBI regulations issued and amended from time to time.

Disclosure on derivatives products as part of investment strategy

The Scheme will invest in various derivatives instruments including futures (index and stock), options (index and stock) and forward contracts which are available for investment in Indian markets from time to time and which are permissible as per the applicable Regulations, for the purposes of hedging, portfolio balancing and optimizing returns. Hedging does not mean maximization of returns but only attempts to reduce systemic or market risk that may be inherent in the investment.

The investments shall also be subject to limits and restrictions as may be prescribed by the Regulations or any other regulatory body.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Concepts and Examples:

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities and equities.

Futures:

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific future date. The price at which the asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfil the terms of the contract.

Currently, futures contracts have a maximum expiration cycle of 3-months. Three contracts are available for trading, with 1 month, 2 months and 3 months expiry respectively. A new contract is introduced on the next trading day following the expiry of the relevant monthly contract. Futures contracts typically expire on the last Thursday (or immediately preceding trading day if Thursday is a trading holiday) of the month. For example, a contract with the January expiration expires on the last Thursday of January.

Index Futures:

Index Futures began trading on NSE on June 12, 2000. A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled and in some cases, settlement is by way of delivery of the underlying stocks.

Let us assume that the Nifty Index at the beginning of the month October 2017 was 9979 and futures indices as under were available:

Month	Bid price	Offer price
October	9997	10032
November	10049	10084
December	10102	10155

The Scheme could buy an index of October 2017 at the offer price of 10032. The Scheme will be required to pay the initial margin as required by the exchanges.

The following is a hypothetical example of a typical trade in index future and the costs associated with the trade.

	Particulars	Index Future	Actual purchase of stocks
	Index as on beginning October 2017	9979	9979
	October 2017 futures price (in Rs.)	10032	–
I.	Execution Cost (Carry cost and other costs associated with the Index Futures - 10032-9979) (in Rs.)	53	NIL
II.	Brokerage Cost - on purchase (Assumed @ 0.04% for index future and 0.05% for spot stocks) (in Rs.) (0.04% of 10032, 0.05% of 9979)	4.01	4.99
III.	Securities Transaction Tax (in Rs.) (STT on purchase of index futures - NIL; STT on purchase of stocks - 0.1% of 2840)	NIL	9.98
IV.	Gain on surplus funds (assumed 5% returns on 90% of the money left after paying margin (10%)) (in Rs.) (5% x 9979 x 90% x 30 days/365)	36.91	NIL
V.	Spot market price at the expiry of October contract (in Rs.)	10032	10032

	Particulars	Index Future	Actual purchase of stocks
VI.	Brokerage Cost - on sale (in Rs.) (Assumed @ 0.04% for index future and 0.05% for spot stocks) (0.04% of 10032, 0.05% of 10032)	4.01	5.02
VII.	Securities Transaction Tax (in Rs.) (STT on sale of index futures - 0.01% of 10032; STT on sale of stocks - 0.1% of 10032)	1.00	10.03
	Total Cost (I + II + III - IV + VI + VII) (in Rs.)	25.11	30.02

Please note that the above example is based on assumptions and is used only for illustrative purposes (including an assumption that there will be a gain pursuant to investment in index futures). As can be seen in the above example, the costs associated with the trade in futures are less than that associated with the trade in actual stock. Thus, in the above example the futures trade seems to be more profitable than the trade in actual stock. However, buying of the index future may not be beneficial as compared to buying stocks if the execution and brokerage costs on purchase of index futures are high and the return on surplus funds are low. The actual returns may vary based on actuals and depends on final guidelines/procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorities.

Stock Futures:

Stock futures were launched on 9th November, 2001. A futures contract on a stock gives its owner the right and obligation to buy or sell the stocks. A purchase or sale of futures on a security gives the trader essentially the same price exposure as a purchase or sale of the security itself. In this regard, trading stock futures is no different from trading the security itself.

Example:

Assume that the spot price of the stock held by Mr. X is Rs. 390. Two-month futures cost him Rs. 402. For the futures contract he pays an initial margin. Now if the price of the security falls any further, he will suffer losses on the stock he holds. However, the losses he suffers on the stock will be offset by the profits he makes on his short futures position. For e.g. if the price of the stock held by him falls to Rs. 350, the fall in the price of the security will result in a fall in the price of futures. Futures will now trade at a price lower than the price at which he entered into a short futures position (assume futures trade at Rs. 340). Hence his short futures position will start making profits. The loss of Rs. 40 incurred on the security he holds, will be made up by the profits of Rs. 62 (the initial margin paid and other related costs are not considered) made on his short futures position.

Options:

An option is a contract which provides the buyer of the option (also called the holder) the right, without the obligation, to buy (call) or sell (put) a specified asset at an agreed price on or upto a particular date. For acquiring this right, the buyer has to pay a premium to the seller. The seller on the other hand has the obligation to buy or sell that specified asset at the agreed price. The premium is determined considering number of factors such as the underlying asset's market price, the number of days to expiration, strike price of the option, the volatility of the underlying asset and the riskfree interest rate. The strike price, the expiration date and the market lots are specified by the exchanges.

An option contract may be of two kinds, viz., a call option or a put option. An option that provides the buyer the right to buy is a call option. The buyer of the call option (known as the holder of the option) can call upon the seller of the option (known as writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry date of the option. The seller of the option has to fulfill the obligation on exercise of the option.

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Options are of two types: (a) European and (b) American. In a European option, the holder of the option can only exercise his right on the date of expiration. In an American option, he can exercise this right anytime between the purchase date and the expiration date.

Example on options:

Buying a Call Option: Assume that the Scheme buys a call option at the strike price of Rs. 2,000 and pays a premium of Rs. 100. If the market price of the underlying stock is Rs. 1,900, the Scheme will not exercise the option and it shall lose the premium of Rs. 100.

Thus, in the above example, the loss for the Scheme, as the buyer of the option, is limited to the premium paid by him while the gains are unlimited.

Buying a Put Option: Assume that the Scheme buys a put option at the strike price of Rs. 2,000 and pays a premium of Rs. 100. If the market price of the underlying stock decreases to Rs. 1,850 the Scheme would be protected from the downside and would be able to gain Rs. 50 (Strike Price – Spot Price of underlying – Premium paid) whereas if the stock price moves up to say Rs. 2,150 the Scheme may let the option expire and forego the premium of Rs. 100.

Writing a Call Option: Assume that the Scheme writes a call option at the strike price of Rs. 2,050 and earns a premium of Rs.100. If the market price of the underlying stock on the date of expiry increases to Rs. 2,200 (i.e. more than Rs. 2,050) then the option is exercised. The Scheme earns the premium of Rs. 100 but loses the difference between the market price

and the exercise price i.e. Rs. 150. In case the market price of the underlying stock decreases to Rs. 2,000, the Scheme gets to keep the premium of Rs. 100.

Writing a Put Option: Assume that the Scheme writes a put option at the strike price of Rs. 2,050 and earns a premium of Rs. 50. If the market value of the underlying stock decreases to Rs. 2,000 the put option will be exercised and the Scheme will earn the premium of Rs. 50 but losses the difference between the exercise price and the market price which is Rs. 50. However, if the market price of the underlying stock is Rs. 2,100, the option-holder will not exercise the option. As a result of which the option will expire and the Scheme will earn the premium income of Rs. 50.

Please note that the Scheme will not write options.

Forward Contracts:

A forward contract is a transaction in which the buyer and the seller agree upon the delivery of a specified quality (if commodity) and quantity of underlying asset at a predetermined rate on a specified future date. For example, on forward contracts, please refer below.

Assume that on June 30, 2017, the scheme has invested 1 million dollars in a US treasury security. Fund Manager expects that the yields in the US will come down in the next 6 months and plans to sell the asset on December 31, 2017 to book the gain. Rupee is trading at Rs. 63 to a US Dollar on June 30, 2017. If rupee appreciates compared to the Dollar in these 6 months to say Rs.62.50 per Dollar, the Scheme will earn lower returns in Rupee terms when the fund manager sells the investments on December 31, 2017 and converts the proceeds into Rupees. He can mitigate this exchange rate risk by entering into a forward contract to sell 1 million dollars on June 30, 2017 for value December 31, 2017 (6 month forward) and receive the prevailing premium of say 40 paise per Dollar i.e. he has locked in a rate of Rs. 63.40 per US Dollar for delivery on December 31, 2017. With this the Scheme is not exposed to the loss of Rupee appreciation or profit from Rupee depreciation.

Please note that currently, the Scheme will not invest in forward contracts.

Interest Rate Swaps:

Interest Rate Swaps is an agreement between two parties (counterparties) to exchange payments at specified dates on the basis of a specific amount with reference to a specified reference rate. Swap Agreements provide for period payment dates for both parties where payments are netted and only the net amount is paid to the counterparty entitled to receive the net payment. Consequently, the Debt Scheme's current obligations (or rights) under a swap agreement will generally be equal only to the net amount to be paid or received under the agreement, based on the relative values of the possession held by each counterparty.

Example of a swap transaction:

Assume that a Debt Scheme has a Rs. 50 crores floating rate investment linked to MIBOR (Mumbai Inter Bank Offered Rate). Thus, the Scheme has a potential interest rate risk and stands to incur a loss if the interest rate moves down. To hedge this interest rate risk, the Scheme can enter into a 6 month MIBOR swap on July 1, 2021 for 6 months that is upto January 1, 2017. Through this swap, the Scheme will receive a fixed determined rate (assume 6%) and pays the 'benchmark rate' (MIBOR), which is fixed by an intermediary who runs a book and matches deals between various counterparties, such intermediary could be the NSE or the Reuters. This swap would effectively lock in the interest rate of 6% for the next 6 months, eliminating the daily interest rate risk.

On January 1, 2017 the Scheme is entitled to receive interest on Rs. 50 crores at 6% for 180 days i.e., Rs. 1.5 crores (this amount is known at the time the swap is concluded) and will pay the compounded benchmark rate. The counterparty is entitled to receive the daily compounded call rate for 180 days and pay 6% fixed rate. On January 1, 2017, if the total interest on the daily overnight compounded benchmark rate is higher than Rs. 1.5 crores, the Scheme will pay the difference to the counterparty. If the daily compounded benchmark rate is lower, then the counterparty will pay the Scheme the difference.

Effectively, the Scheme earns interest at the rate of 6% p.a. for 6 months without lending money for 6 months fixed, whilst the counterparty pays interest @ 6% p.a. for 6 months on Rs. 50 crores without borrowing for 6 months fixed.

Forward Rate Agreement:

Forward rate agreement is a transaction in which the counterparties agree to pay or receive the difference between an agreed fixed rate and the interest rate prevailing on a stipulated future date, based on a notional amount, for an agreed period. As the interest rate is fixed now for a future period, the only payment is the difference between the agreed fixed rate and the reference rate in the future. As in the case of interest rate swaps, only notional amounts are exchanged.

Assume that on June 30, 2017, the 90 day commercial paper (CP) rate is 6.75% and the Scheme has an investment in a CP of face value Rs. 25 crores which is going to mature on September 30, 2017. If the interest rates are likely to remain stable or decline after September 2017, and if the fund manager, who wants to re-deploy the maturity proceeds for 3 more months, does not want to take the risk of interest rates going down, he can then enter into a following forward rate agreement (FRA) say as on June 30, 2017:

He can receive 3 X 6 FRA on June 30, 2017 at 6.75% (FRA rate for 3 months lending in 3 months time) on the notional amount of Rs. 25 crores, with a reference rate of 90 day CP benchmark. If the CP benchmark on the settlement date i.e. September 30, 2017 falls to 6.5%, then the Scheme receives the difference 6.75 - 6.5 i.e. 25 basis points on the notional amount of

Rs. 25 crores for 3 months. The maturity proceeds are then reinvested at say 6.5% (close to the benchmark). The Scheme, however, would have locked in the rate prevailing on June 30, 2017 (6.75%) as it would have received 25 basis points more as settlement amount from FRA. Thus, the fund manager can use FRA to mitigate the reinvestment risk.

In this example, if the rates move up by 25 basis points to 7% on the settlement date (September 30, 2017), the Scheme loses 25 basis points but since the reinvestment will then happen at 7%, effective returns for the Scheme is unchanged at 6.75%, which is the prevailing rate on June 30, 2017.

Please note that the above examples are based on assumptions and are used only for illustrative purposes.

Strategies for fixed income derivatives

- i) **Bond - Swap:** Under this strategy, the fund manager pays fixed rate on Overnight Indexed Swap (OIS) against an underlying bond of a similar or greater tenor and receives Mumbai Inter- Bank Offer Rate (MIBOR). This is essentially done for hedging interest rate risk or for rebalancing portfolio allocation to fixed and floating rate bonds. Effectively, through this trade the fund manager is able to convert a fixed rate bond into a floating rate MIBOR linked instrument. The trade has exposure to 'basis movement' - the relative movement of bond versus OIS.
- ii) **Receive OIS:** Here the fund manager receives fixed rate on OIS against either cash or a floating rate bond of a similar or greater tenor, and pays MIBOR. The objective is to rebalance portfolio in favor of fixed rate exposure.
- iii) **Curve Steepener:** This strategy aims to capture a potential steepening of the curve between any 2 tenors: say, 1 and 5 years. For example, the fund manager can receive fixed rate on 1 year OIS (against cash or floating rate bond) and pay fixed rate on 5 year OIS (against fixed rate bond). However, apart from the relative spread between the 5 year and 1 year OIS, the trade is also exposed to relative duration for the 2 tenors as well as basis risk on the bond- swap (in this example, the 5 year bond-swap).
- iv) **Curve Flatteners:** This strategy aims to capture a potential flattening of the curve between any 2 tenors: say 1 and 5 years. For example, the fund manager can pay fixed rate on 1 year OIS (against fixed rate bond) and receive fixed rate 5 year OIS (against cash or floating rate bond). Like mentioned above, the trade is also exposed to duration as well as basis risk.

For detailed derivative strategies, please refer to SAI.

Portfolio Turnover

Portfolio turnover is defined as lesser of purchases and sales as a percentage of the average corpus of the Scheme during a specified period of time. The Scheme being an open-ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. Consequently, it is difficult to estimate with any reasonable measure of accuracy, the likely turnover in the portfolio(s). Active asset allocation would impact portfolio turnover.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

Tier 1 Benchmark Index:

The performance of the Scheme will be benchmarked with Nifty Equity Savings Index. Subject to SEBI (MF) Regulations and other prevailing guidelines, if any, the Board of Directors of Trustee Company may review the benchmark selection process from time to time and make suitable changes as to use of the benchmark, or related to composition of the benchmark, whenever it deems necessary.

Justification for Benchmark

The Scheme is being benchmarked against the Index mentioned above, since the composition of it's Index is in line with the investment objective of the Scheme and is most suited for comparing performance of the Scheme. It will also enable the investors to arrive at a more informed judgement on scheme's performance.

E. WHO MANAGES THE SCHEME?

PART III - OTHER DETAILS

A. COMPUTATION OF NAV

i. Computation of NAV

The NAV of Units under the Scheme/Plan(s)/Option(s) shall be calculated as shown below:

$$\text{NAV (Rs.)} = \frac{\begin{array}{l} \text{Market or Fair Value of Scheme's investments (+)} \\ \text{Current Assets (-) Current Liabilities and Provisions} \end{array}}{\text{No. of Units outstanding under the Scheme/Option}}$$

The Direct Plan shall have a separate NAV.

The NAVs of the Scheme/Plan(s)/Option(s) (including Direct Plans) will be calculated and disclosed on every Business Day. The NAVs of the Scheme shall be disclosed up to 4 decimal places. The valuation of the Scheme's assets and calculation of the Scheme's NAV shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

The AMC shall declare a separate NAV for the Direct Plan.

The NAV of the Segregated Portfolio shall be declared on daily basis.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

ii. Methodology for calculation of sale and re-purchase of units –

The Units of the Scheme are available for sale, repurchase and switch at applicable NAV based prices, subject to prevalent load provisions, if any, on every business day.

Sale Price

Sale Price = Applicable NAV Example

If the Applicable NAV is Rs. 15 and the sales load (i.e. Entry Load) is 0%, the sales price is calculated as follows:

$$\begin{aligned} \text{Sales Price} &= 15 * (1 + 0) \\ &= 15 * 1 \\ &= 15^{\wedge} \end{aligned}$$

(^Pursuant to levy of stamp duty, the number of units allotted on the sale price to the unitholders would be reduced to that extent of @0.005% of the transaction value. Please refer for more details under “Section III → Other Details → C. TRANSACTION CHARGES AND STAMP DUTY” clause of this document.)

Repurchase Price

Repurchase Price = Applicable NAV * (1 - Exit Load, if any) Example

If the Applicable NAV is Rs. 15 and the exit load applicable is 0.5%, the repurchase price is calculated as follows:

$$\begin{aligned} \text{Repurchase Price} &= 15 * (1 - 0.005) \\ &= 15 * 0.995 \\ &= 14.925 \end{aligned}$$

The repurchase price however, will not be lower than 95% of the NAV subject to SEBI Regulations as amended from time to time.

For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The NFO expenses of HSBC Equity Savings Fund has been borne by the AMC and were not charged to the scheme.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the scheme. These expenses include Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer Agents' fee, marketing and selling costs etc. as given in the table below:

The AMC has estimated that upto 2.25% of the daily net assets of the scheme will be charged to the scheme as expenses.

The total recurring expenses of the Scheme shall be as per the limits prescribed under sub- regulation 6 and 6A of Regulation 52 of the SEBI Regulations and shall not exceed the limits prescribed there under as a percentage limit of daily net assets in the table below:

As per the Regulation 52(6), the maximum recurring expenses that can be charged to the Scheme shall be subject to a percentage limit of daily net assets in the table below:

First Rs. 500 Crores	Next Rs. 250 Crores	Next Rs. 1,250 Crores	Next Rs. 3,000 Crores	Next Rs. 5,000 Crores	Next Rs. 40,000 crores	Balance
2.25%	2.00%	1.75%	1.60%	1.50%	TER reduction of 0.05% for every increase of Rs. 5,000 crores of daily net assets or part thereof	1.05%

Further, as per current Regulation 52 (6A), the additional recurring expenses that can be charged to Scheme shall be subject to a percentage limit of daily net assets as specified below

Regulation 52 (6A) (a)	Brokerage and transaction costs (inclusive of GST) which are incurred for the purpose of execution of trades, shall be charged to the scheme as per Regulation 52(6A)(a) of SEBI (Mutual Funds) Regulations, 1996 not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions. With effect from April 1, 2023, to align with Indian Account Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction cost, over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996.
Regulation 52 (6A) (b)	<p>Expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from beyond Top 30 cities (B- 30**) are at least -</p> <p>(i) 30 per cent of gross new inflows in the scheme, or;</p> <p>(ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher.</p> <p>Provided that if inflows from such cities are less than the higher of (i) or (ii), such expenses on daily net assets of the scheme shall be charged on proportionate basis.</p> <p>Additional TER shall be charged based on inflows from retail investors from beyond top 30 cities (B- 30 cities). Inflows of amount upto Rs 2,00,000/- per transaction, by individual investors shall be considered as inflows from retail investor. Provided further that, expenses so charged shall be utilised for distribution expenses incurred for bringing inflows from beyond Top 30 cities. Provided further that amount incurred as expense on count of inflows from such cities shall be credited back to the scheme in case the said inflows are redeemed within a period of one year from the date of investment.</p> <p>** Beyond Top 30 (B30) cities shall mean beyond top 30 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography - Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.</p>
Regulation 52 (6A) (c)	<p>Additional recurring expenses of upto 0.05% of daily net assets of the scheme towards the investment and advisory fees or various other permissible expenses.</p> <p>However, in accordance with para 10.1.7 of SEBI Master Circular on Mutual Funds dated June 27, 2024, AMC shall not charge any additional expense of upto 0.05% as per Regulation 52(6A) (c), if exit load is not being levied under the Scheme. Accordingly, upon levy or introduction of exit load under the Scheme, the additional expenses upto 0.05% under Regulation 52 (6A) (c) shall be levied, and upon removal of exit load under the Scheme, additional expense upto 0.05% under Regulation 52 (6A) (c) shall be discontinued in compliance with provisions of para 10.1.7 of SEBI Master Circular on Mutual Funds dated June 27, 2024.</p>

For the actual current expenses being charged, the investor should refer to the website of the mutual fund.

The AMC has estimated the following maximum expenses of the Scheme. Please refer to the table below for indicative details

Expense Head	% p.a. of daily Net Assets* (Estimated p.a.)
Investment Management & Advisory Fee	Upto 2.25%
Audit fees/fees and expenses of trustees	
Custodial Fees	
Registrar & Transfer Agent Fees including cost of providing account statements/IDCW/redemption cheques/warrants	
Marketing & Selling Expenses including Agents Commission and statutory Advertisement	
Costs related to investor communications	
Costs of fund transfer from location to location	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost pertaining to distribution of units#	
Goods & Services Tax on expenses other than investment and advisory fees	
Goods & Services Tax on brokerage and transaction cost@	
Other Expenses (to be specified as per Reg 52 of SEBI MF Regulations)	
Maximum Total expenses ratio (TER) permissible under Regulation 52 (6) (c)	Upto 2.25%
Additional expenses under Regulations 52(6A)(c)	Upto 0.05%
Additional expenses for gross new inflows from specified cities^	Upto 0.30%

@GST on brokerage and transaction cost, over and above 12 bps and 5 bps for cash and derivative market transactions charged to the Scheme will be part of Total Expense Ratio limit as defined above.

Note: The total recurring expenses of the Direct Plan will be lower to the extent of the above mentioned distribution expenses/commission which is charged in the Regular Plan. For example, in the event that the TER of the Regular option is 1%, the TER of the Direct Plan would not exceed 0.95% p.a.

The AMC may charge the following costs and expenses in addition to the total recurring expense limits as prescribed in the table above:

- #Brokerage and transaction costs (inclusive of GST) which are incurred for the purpose of execution of trades, shall be charged to the scheme as per Regulation 52(6A)(a) of SEBI (Mutual Funds) Regulations, 1996 not exceeding 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions. With effect from April 1, 2023, to align with Indian Account Standards requirement, transactions cost incurred for the purpose of execution of trades are expensed out (viz. charged to Revenue Account instead of Capitalization (i.e. forming part of cost of investment)). Any payment towards brokerage and transaction cost, over and above the said 0.12 percent and 0.05 percent for cash market transactions and derivatives transactions respectively may be charged to the scheme within the maximum limit of Total Expense Ratio (TER) as prescribed under regulation 52 of the SEBI (Mutual Funds) Regulations, 1996;
- GST on investment management and advisory fees.
- In terms of AMFI letter no. 35P/MEM-COR/85-a/2022-23 dated March 02, 2023, the B- 30 incentive structure is kept in abeyance with effect from March 01, 2023 and shall be re- instated at a later date as per the guidelines received from SEBI/AMFI in this regards.

The expenses of the Direct Plan will be lower than that of Regular Plan of the Scheme. No commission or distribution expenses will be charged under the Direct Plan.

The above expenses are subject to change and may increase/decrease as per actual and/or any change in the Regulations but the total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI (MF) Regulations.

Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Board of Directors of Trustee Company within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

The AMC reserves the right to vary the expense ratios charged to the Scheme, at such frequencies as the AMC may decide, subject to the maximum SEBI permissible limits. The AMC would update the current expense ratios on the website at least three working days prior to the effective date of the change. This information is available on AMC's website at www.assetmanagement.hsbc.co.in.

The above expenses are subject to change and may increase/ decrease as per actual and /or any change in the Regulations but the total recurring expenses that can be charged to the Scheme will be subject to limits prescribed from time to time under the SEBI (MF) Regulations.

Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Board of Directors of Trustee Company within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Company (AMC), its associate, sponsor, trustee company or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses shall be paid out of AMC's books at actuals or not exceeding 2 bps of scheme AUM, whichever is lower. The AMC shall pay from its books only those expenses which are part of the miscellaneous expenses list provided by AMFI. Such expenses incurred by AMC shall be properly recorded and audited in the books of account of AMC at year end.

Total Expense Ratio (TER) for the Segregated Portfolio

TER for the Segregated Portfolio shall be subject to the following provisions

1. The AMC will not charge investment and advisory fees on the Segregated Portfolio. However, TER (excluding the investment and advisory fees) can be charged, on a pro-rata basis only upon recovery of the investments in Segregated Portfolio.
2. The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the Main Portfolio (in % terms) during the period for which the Segregated Portfolio was in existence.
3. The legal charges related to recovery of the investments of the Segregated Portfolio may be charged to the Segregated Portfolio in proportion to the amount of recovery. However, the same shall be within the maximum TER limit as applicable to the Main Portfolio. The legal charges in excess of the TER limits, if any, shall be borne by the AMC.

The costs related to Segregated Portfolio shall in no case be charged to the Main Portfolio.

D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the Scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC at www.assetmanagement.hsbc.co.in or may call at ISC or your distributor.

Repurchases could attract an exit load (as a % of the Applicable NAV for redemptions). Unitholders should note that the AMC retains the right to change exit load as per the provisions below:

The repurchase price however, will not be lower than 95% of the NAV subject to SEBI Regulations as amended from time to time.

Type of Load	Load Structure (Including SIP/STP/SWP, wherever applicable) for Scheme/Plans. Load chargeable (as %age of NAV)
Exit Load	<p>i. If the units redeemed or switched out are upto 10% of the units purchased or switched in (“the limit”) within 1 Month from the date of allotment – Nil</p> <p>ii. If units redeemed or switched out are over and above the limit i.e beyond 10% of the allotted units within 1 Month from the date of allotment – 0.50%</p> <p>iii. If units are redeemed or switched out on or after 1 Month from the date of allotment – Nil</p> <ul style="list-style-type: none"> • A switch-out or a withdrawal under SWP or transfer under STP (except a switch-out or a transfer under STP into any of the Equity Schemes except HSBC Arbitrage Fund) may also attract an Exit Load like any Redemption. • No Exit load will be chargeable in case of switches made between different plans and options within the Scheme. • No Exit load will be chargeable in case of Units allotted on account of IDCW reinvestments, if any. • Exit load is not applicable for Segregated Portfolio. <p>The exit loads set forth above is subject to change at the discretion of the AMC and such changes shall be implemented prospectively.</p>

Units issued on reinvestment of dividends shall not be subject to exit load for existing as well as prospective investors. The above-mentioned load structure shall be equally applicable to the special products such as HSBC SIP, HSBC SWP and HSBC STP, etc. offered by the AMC.

In case of units switched out/systematically transferred to another option/plan within the same plan/Scheme and if subsequently redeemed, for the purpose of determining the Exit Load, the date when such units were first allotted in the respective plan/Scheme will be considered as the purchase/allotment date.

The exit load charged, if any, will be credited to the schemes. Goods & Service Tax (GST) on exit load, if any, will be paid out of the exit load proceeds and exit load net of GST, if any, will be credited to the scheme.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

Subject to the Regulations, the Board of Directors of Trustee Company reserve the right to modify/alter the load structure and may decide to introduce a differential load structure on the Units redeemed on any Business Day. Such changes will be applicable prospectively. The changes may also be disclosed in the Statements of Account issued after the introduction of such load. Further, at the time of changing the Load Structure:

- The addendum detailing the changes will be attached to the SID and Key Information Memorandum. The addendum will be circulated to all the distributors/brokers so that the same can be attached to all the SIDs and Key Information Memorandum already in stock.
- Arrangements will be made to display the changes/modifications in the SID in the form of a notice in all the Investor Service Centres and distributors/brokers’ office.
- The introduction of the Exit Load along with the details will be stamped in the acknowledgement slip issued to the investors on submission of the application form and will also be disclosed in the Account Statement or in the covering letter issued to the Unit holders after the introduction of such Load.
- A notice for change in Exit Load shall be uploaded on the website of the Mutual Fund.
- Any other measures which the mutual fund may feel necessary.

SECTION II

I. INTRODUCTION

A. DEFINITIONS/INTERPRETATION

Investors are requested to refer to weblink ([Definition](#)) for detailed descriptions of the words and expressions used in this SID.

INTERPRETATION

For all purposes of this Scheme Information Document, except as otherwise expressly provided or unless the context otherwise requires:

- The terms defined in this SID include the plural as well as the singular.
- Pronouns having a masculine or feminine gender shall be deemed to include the other.
- All references to “US\$” refer to United States Dollars and “Rs.” or “₹” refer to Indian Rupees. A “crore” means “ten million” and a “lakh” means a “hundred thousand”.
- The contents of the SID are applicable to all the Scheme covered under this SID, unless specified otherwise.
- All references to timings relate to Indian Standard Time (IST).
- Words/phrases not defined herein shall have meanings as defined under SEBI (MF) Regulations.
- All references to “Master Circular” refer to Master Circular for Mutual Funds issued by SEBI dated June 27, 2024 as amended from time to time.

B. RISK FACTORS

Scheme specific risk factors

Risk factors associated with investing in Equity or Equity related Securities:

- Subject to the stated investment objective of the Scheme, the Scheme propose to invest predominantly in equity and equity related securities. Equity instruments by nature are volatile and prone to price fluctuations on a daily basis due to both macro and micro factors.
- Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities’ purchases due to settlement problems could cause the Scheme to miss certain investment opportunities.
- Investments in equity and equity related securities involve a degree of risks and investors should not invest in the Scheme unless they can afford to take the risk of losing their investment.
- The liquidity and valuation of the Scheme’s investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options.
- To the extent the assets of the Scheme are invested in overseas financial assets, there may be risks associated with currency movements, restrictions on repatriation and transaction procedures in overseas market. Further, the repatriation of capital to India may also be hampered by changes in regulations or political circumstances as well as the application to it of other restrictions on investment. In addition, country risks would include events such as introduction of extraordinary exchange controls, economic deterioration, bi-lateral conflict leading to immobilization of the overseas financial assets and the prevalent tax laws of the respective jurisdiction for execution of trades or otherwise.
- As the Fund may invest in securities which are denominated in foreign currencies (e.g. US Dollars), fluctuations in the exchange rates of these foreign currencies may have an impact on the income and value of the fund. The investment manager in India may hedge the currency risk based on his view on the forex markets.
- As the scheme may invest in stocks of different countries, the portfolio shall be exposed to the political, economic and social risks with respect to each country. However, the investment manager shall ensure that his exposure to each country is limited so that the portfolio is not exposed to one country. Investments in various economies will also diversify and reduce this risk.
- The fund will be exposed to settlement risk, as different countries have different settlement periods.
- The Scheme may also use various derivative products from time to time, as would be available and permitted by SEBI, in an attempt to protect the value of the portfolio and enhance Unitholders’ interest.

- In the event that the investible funds of more than 65% of the total proceeds of the Scheme are not invested in equity shares of domestic companies, the tax provisions as applicable for equity schemes may not be available to the Scheme. This is however subject to change as per Income Tax laws of India.
- Scheme's performance may differ from the benchmark index to the extent of the investments held in the debt segment, as per the investment pattern indicated under normal circumstances.

Risk factors associated with investing in Fixed Income Securities

Subject to the stated investment objective, the Scheme proposes to invest in debt and related instruments and the risk factors pertinent to the same are:

- The performance of Scheme may be affected by changes in Government policies, general levels of interest rates and risks associated with trading volumes, liquidity and settlement systems.
- Investments in different types of securities are subject to different levels and kinds of risk. Accordingly, the Scheme's risk may increase or decrease depending upon its investment pattern.

E.g. investments in corporate bonds carry a higher level of risk than investments in Government securities. Further, even among corporate bonds, bonds which have a higher rating are comparatively less risky than bonds which have a lower rating.

- **Price-Risk or Interest Rate Risk:** As with all debt securities, changes in interest rates may affect the NAV of the Scheme as the prices of securities increase as interest rates decline and decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.
- The change in value of a security, for a given change in yield, is higher for a security with higher duration and vice versa. Hence portfolios with higher duration will have higher volatility which leads to duration risk.
- Government securities do carry price risk depending upon the general level of interest rates prevailing from time to time. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price of the Government securities (existing and new) is influenced only by movements in interest rates in financial systems.
- In the case of floating rate instruments, an additional risk could be due to the change in the spreads of floating rate instruments. If the spreads on floating rate papers rise, then there could be a price loss on these instruments. Secondly in the case of fixed rate instruments that have been swapped for floating rates, any adverse movement in the fixed rate yields vis-à-vis swap rates could result in losses. However, floating rate debt instruments which have periodical interest rate reset, carry a lower interest rate risk as compared to fixed rate debt instruments. In a falling interest rate scenario, the returns on floating rate debt instruments may not be better than those on fixed rate debt instruments.
- **Liquidity Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- This represents the possibility that the realised price from selling the security might be lesser than the valuation price as a result of illiquid market. If a large outflow from the Scheme is funded by selling some of the illiquid securities, the NAV could fall even if there is no change in interest rates. Illiquid securities are typically quoted at a higher yield than the liquid securities and have higher bid offer spreads. Investment in illiquid securities results in higher current yield for the portfolio. In addition, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.
- The corporate debt market is relatively illiquid vis-a-vis the government securities market. Even though the government securities market is more liquid compared to that of other debt instruments, on occasions, there could be difficulties in transacting in the market due to extreme volatility or unusual constriction in market volumes or on occasions when an unusually large transaction has to be put through.
- **Spread risk:** Though the sovereign yield curve might remain constant, investments in corporate bonds are exposed to the risk of spread widening between corporate bonds and gilts. Typically, if this spread widens, the prices of the corporate bonds tend to fall and so could the NAV of the Schemes. Similar risk prevails for the investments in the floating rate bonds, where the benchmark might remain unchanged, but the spread over the benchmark might vary. In such an event, if the spread widens, the price and the NAV of the Schemes could fall.
- **Credit Risk:** Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e. will be unable to make timely principal and interest payments on the security). A sovereign security carries no default risk since Government raises money to meet its capital and revenue expenditure by issuing these debt or discounted securities. As the payment of interest and principal amount has a sovereign status implying no default, such securities are popularly known as "risk-free security" or "Zero Risk security". Thus Zero-Risk is the lowest risk, even lower than a security with "AAA" rating and hence commands a yield, which is lower than a yield on "AAA" security. Normally, the value of a fixed income security will fluctuate depending upon the changes in the perceived level of credit risk as well as any

actual event of default. The greater the credit risk, the greater the yield required for someone to be compensated for the increased risk. Because of this risk, corporate debentures are sold at a yield above those offered on Government Securities, which are sovereign obligations.

- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the “interest on interest” component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed. However, declining interest rates normally lead to increase in bond prices which may help cushion the impact of reinvestment risk to some extent.
- **Benchmark Risk:** The floating rate segment of the domestic debt market is not very developed. Currently, majority of the issuance of floating rate papers is linked to NSE MIBOR. As the floating rate segment develops further, more benchmark rates for floating papers may be available in future. The fewer number of benchmark rates could result in limited diversification of the benchmark risk.
- **Prepayment Risk:** The risk associated with the early unscheduled return of principal on a fixed- income security. The early unscheduled return of principal may result in reinvestment risk.
- **Settlement risk:** Different segments of Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the Scheme are uninvested and no return is earned thereon. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme, to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme’s portfolio, due to the absence of a well-developed and liquid secondary market for debt securities, may result at times in potential losses to the Scheme in the event of a subsequent decline in the value of securities held in the portfolio of the Scheme.
- **Market risk:** Lower rated or unrated securities are more likely to react to developments affecting the market and the credit risk than the highly rated securities which react primarily to movements in the general level of interest rates. Lower rated or unrated securities also tend to be more sensitive to economic conditions than higher rated securities.
- In addition to the factors that affect the values of securities, the NAV of Units of the Scheme will fluctuate with the movement in the broader fixed income market, money market and derivatives market and may be influenced by factors influencing such markets in general including but not limited to economic conditions, changes in interest rates, price and volume volatility in the bond and stock markets, changes in taxation, currency exchange rates, foreign investments, political, economic or other developments and closure of the stock exchanges.

Risks associated with investing in Foreign Securities

- **Foreign Securities:** Subject to necessary approvals and within the investment objectives of the Scheme, the Scheme may invest in overseas markets which carry risks related to fluctuations in the foreign exchange rates, the nature of the securities market of the country, repatriation of capital due to exchange controls and political circumstances. It is the AMC’s belief that investment in foreign securities offers new investment and portfolio diversification opportunities into multi-market and multi-currency products. However, such investments also entail additional risks. Such investment opportunities may be pursued by the AMC provided they are considered appropriate in terms of the overall investment objectives of the Scheme. Since the Scheme would invest only partially in foreign securities, there may not be readily available and widely accepted benchmarks to measure performance of the Scheme. To manage risks associated with foreign currency and interest rate exposure, the Fund may use derivatives for efficient portfolio management including hedging and in accordance with conditions as may be stipulated by SEBI/RBI from time to time.
- Offshore investments will be made subject to any/all approvals, conditions thereof as may be stipulated by SEBI/RBI and provided such investments do not result in expenses to the Fund in excess of the ceiling on expenses prescribed by and consistent with costs and expenses attendant to international investing. The Fund may, where necessary, appoint other intermediaries of repute as advisors, custodian/sub-custodians etc. for managing and administering such investments. The appointment of such intermediaries shall be in accordance with the applicable requirements of SEBI and within the permissible ceiling of expenses. The fees and expenses would illustratively include, besides the investment management fees, custody fees and costs, fees of appointed advisors and sub-managers, transaction costs and overseas regulatory costs.
- To the extent that the assets of the Scheme will be invested in foreign securities denominated in foreign currencies, the Indian Rupee equivalent of the net assets, distributions and income may be adversely affected by changes in the value of certain foreign currencies relative to the Indian Rupee. The repatriation of capital to India may also be hampered by changes in regulations concerning exchange controls or political circumstances as well as the application to it of other restrictions on investment.

Risk Factors associated with investments in Money Market instruments

- Investments in money market instruments would involve a moderate credit risk i.e. risk of an issuer’s liability to meet the principal payments. Additionally, money market securities, while fairly liquid, lack a well-developed secondary market, which may restrict the selling ability of the Scheme and may lead to the Scheme incurring losses till the security is finally sold.

- Money market instruments may also be subject to price volatility due to factors such as changes in interest rates (when interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline), general level of market liquidity and market perception of credit worthiness of the issuer of such instruments and risks associated with settlement of transactions and reinvestment of intermediate cash flows. The NAV of the Scheme's Units, to the extent that the Scheme is invested in money market instruments, will consequently be affected by the aforesaid factors. The AMC endeavours to manage such risk by the use of in-house credit analysis.
- The NAV of the Scheme's Units, to the extent that the corpus of the Scheme is invested in money market instruments, will be affected by the changes in the level of interest rates. When interest rates in the market rise, the value of a portfolio of money market instruments can be expected to decline.

Risks associated with investing in Derivatives

- The Scheme may invest in derivative products in accordance with and to the extent permitted under the Regulations and by SEBI. Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks and bonds. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility to the values.
- Investment in derivatives also requires the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme.
- The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.
- The Scheme may find it difficult or impossible to execute derivative transactions in certain circumstances. For example, when there are insufficient bids or suspension of trading due to price limit or circuit breakers, the Scheme may face a liquidity issue.
- The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However, the gains of an options writer are limited to the premiums earned. Since in case of the Scheme all option positions will have underlying assets, all losses due to price – movement beyond the strike price will actually be an opportunity loss.
- The exchange may impose restrictions on exercise of options and may also restrict the exercise of options at certain times in specified circumstances and this could impact the value of the portfolio.
- Investments in index futures face the same risk as the investments in a portfolio of shares representing an index. The extent of loss is the same as in the underlying stocks.
- The Scheme bears a risk that it may not be able to correctly forecast future market trends or the value of assets, indices or other financial or economic factors in establishing derivative positions for the Scheme.
- The risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets.
- There is the possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract.
- Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor.
- Execution of investment strategies depends upon the ability of the fund manager(s) to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager(s) involve uncertainty and decision of fund manager(s) may not always be profitable. No assurance can be given that the fund manager(s) will be able to identify or execute such strategies.
- The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

Risk factor associated with legal, tax and regulatory risk

The Schemes could be exposed to changes in legal, tax and regulatory regime which may adversely affect it and/or the investors. Such changes could also have retrospective effect and could lead to additional taxation imposed on the Schemes which was not contemplated either when investments were made, valued or disposed off.

Risks associated with investing in securitised debt

Securitised Debt: Securitised debt papers carry credit risk of the Obligor and are dependent on the servicing of the PTC/Contributions etc. However these are offset suitably by appropriate pool selection as well as credit enhancements specified by Rating Agencies. In cases where the underlying facilities are linked to benchmark rates, the securitised debt papers may be adversely impacted by adverse movements in benchmark rates. However, this risk is mitigated to an extent by appropriate credit enhancement specified by rating agencies. Securitised debt papers also carry the risks of prepayment by the obligors. In case of prepayments of securities debt papers, it may result in reduced actual duration as compared to the expected duration of the paper at the time of purchase, which may adversely impact the portfolio yield. These papers also carry risk associated with the collection agent who is responsible for collection of receivables and depositing them. The Investment team evaluates the risks associated with such investments before making an investment decision.

The underlying assets in the case of investment in securitised debt could be mortgages or other assets like credit card receivables, automobile/vehicle/personal/commercial/corporate loans and any other receivables/loans/debt.

- The underlying assets in securitised debt may assume different forms and the general types of receivables include auto finance, credit cards, home loans or any such receipts. Credit risks relating to such receivables depend upon various factors, including macroeconomic factors of these industries and economies. Further, specific factors like the nature and adequacy of property mortgaged against these borrowings, the nature of loan agreement/mortgage deed in case of home loans, adequacy of documentation in case of auto finance and home loans, capacity of a borrower to meet his obligations on borrowings in case of credit cards and intentions of the borrower also influence the risks relating to asset borrowings underlying securitised debt. Additionally, the nature of the asset borrowings underlying the securitised debt also influences the underlying risk, for instance while residential mortgages tend to have lower default rates, repossession and recovery is easier in case of commercial vehicles. Credit rating agencies take into account a series of such factors and follow an elaborate system involving stipulation of margins, over-collateralisation and guarantees to provide a rating for securitised debt.
- In case of securitised debt, changes in market interest rates and pre-payments may not change the absolute amount of receivables for the investors but may have an impact on the reinvestment of the periodic cash flows that an investor receives on securitised papers.
- Credit card receivables are unsecured. Automobile/vehicle loan receivables are usually secured by the underlying automobile/vehicle and sometimes by a guarantor. Mortgages are secured by the underlying property. Personal loans are usually unsecured. Corporate loans could be unsecured or secured by a charge on fixed assets/receivables of the company or a letter of comfort from the parent company or a guarantee from a bank/financial institution. As a rule of thumb, underlying assets which are secured by a physical asset/guarantor are perceived to be less risky than those which are unsecured. By virtue of this, the risk and therefore the yield in descending order of magnitude would be credit card receivables, personal loans, vehicle/automobile loans, mortgages and corporate loans assuming the same rating.
- **Tenor risk:** While building the planned amortization schedule for a PTC, there can be a clause stating a minimum percentage of receivable by the issue to stick to the initial cash flows. If the receivables are less than the minimum stated receivables, then the tenor of the PTC can get elongated or vice versa.
- **Risk due to prepayment:** Asset securitization is a process whereby commercial or consumer credits are packaged and sold in the form of financial instruments. In the event of pre-payment of the underlying debt, investors may be exposed to changes in tenor and yield.
- **Liquidity Risk:** Presently, despite recent legal developments permitting the listing of securitised debt instruments, the secondary market for securitised debt in India is not very liquid. Even if a more liquid market develops in the future, secondary transactions in such instruments may be at a discount to initial issue price due to changes in the interest rate structure.
- **Limited Recourse, Delinquency and Credit Risk:** Certificates issued on investment in securitised debt represent a beneficial interest in the underlying receivables and there is no obligation on the issuer, seller or the originator in that regard. Defaults on the underlying loan/decline in project SPV's receivables can adversely affect the pay outs to the investors and thereby, adversely affect the NAV of the Scheme. While it is possible to repossess and sell the underlying asset, various factors can delay or prevent repossession and the price obtained on sale of such assets may be low. Delinquencies and credit losses may cause depletion of the amount available under the Credit Enhancement and thereby the Investor Payouts may get affected if the amount available in the Credit Enhancement facility is not enough to cover the shortfall. On persistent default of an Obligor to repay his obligation, the Servicer may repossess and sell the underlying Asset. However, many factors may affect, delay or prevent the repossession of such Asset or the length of time required to realize the sale proceeds on such sales. In addition, the price at which such Asset may be sold may be lower than the amount due from that Obligor.
- **Bankruptcy Risk:** If the originator of securitised debt instruments in which the Scheme invest is subject to bankruptcy proceedings and the court in such proceedings concludes that the sale of the assets from originator to the trust was not a 'true sale', then the Scheme could experience losses or delays in the payments due. Normally, care is taken in structuring the securitization transaction so as to minimize the risk of the sale to the trust not being construed as a 'true sale'.

- **Risk of Co-mingling:** Servicers in a securitization transaction normally deposit all payments received from the obligors into a collection account. However, there could be a time gap between collection by a servicer and depositing the same into the collection account. In this interim period, collections from the loan agreements by the servicer may not be segregated from other funds of the servicer. If the servicer fails to remit such funds due to investors, investors in the Scheme may be exposed to a potential loss.

Risk associated with short selling and securities lending

- **Short Selling Risk:** The risk associated with upward movement in market price of security sold short may result in loss. The losses on short position may be unlimited as there is no upper limit on rise in price of a security.
- **Securities Lending:** The risks in lending portfolio securities, as with other extensions of credit, consist of the failure of another party, in this case the approved intermediary, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Mutual Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

Risks Factors associated with investments in REITs & InvITs

- **Market Risk:** REITs and InvITs Investments are volatile and subject to price fluctuations on a daily basis owing to the market conditions and factors impacting the underlying assets. AMC/Fund Manager's will do the necessary due diligence but actual market movements may be at variance with the anticipated trends.
- **Liquidity Risk:** As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes, settlement periods, dissolution of the trust, potential delisting of units on the exchange etc., the time taken by the Mutual Fund for liquidating the investments in the scheme may be long in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk. As these products are new to the market they are likely to be exposed to liquidity risk.
- **Reinvestment Risk:** Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, interest payments etc. Depending upon the market conditions, interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. As a result, the proceeds may get invested at a lower rate.
- **Credit Risk:** REITs & InvITs are likely to have volatile cash flows as the repayment dates would not necessarily be pre-scheduled.
- **Regulatory/Legal Risk:** REITs and InvITs being new asset classes, regulatory guidelines may be evolving in nature which may impact the investments in REITs and InvITs.

Risk associated with investing in Fixed Income instruments with Structured Obligations/Credit Enhancements

Structured Obligations ("SO") are complex financial instruments issued by entities intending to improve their financing profile with the help of non-conventional financial instruments. Credit Enhancement ("CE") rating is assigned by Credit Rating agencies to a debt security based on an identifiable credit enhancement for the security which could be in the form of letter of comfort, guarantee, shortfall undertaking etc. from another entity than the issuer, related or not related to the issuer. CE could additionally include pledging of equity shares listed on a stock exchange with a suitable haircut. Apart from standard risks related to debt instruments, these instruments are further exposed to the below risks:

Liquidity Risk: SO rated securities are often complex structures, with a variety of credit enhancements. Debt securities generally lack a well-developed secondary market in India, and due to the credit enhanced nature of CE securities as well as structured nature of SO securities, the liquidity in the market for these instruments is shallow compared to similar rated conventional debt instruments. Hence, lower liquidity of such instruments, could lead to inability of the scheme to exit such debt instruments when required and generate liquidity for the scheme or lead to higher impact cost when such instruments are sold impacting portfolio returns.

Credit Risk: Securities which have a structure with a guarantee from the corporate/promoter, may see an adverse effect if there are any signs of stress at the promoter/group level, even though the standalone borrowing entity's debt servicing capability and repayments may not see any material impact, from a future cash flow perspective. CEs are exposed to credit risk pertaining not only to the issuer of the security but also to the entity providing the credit enhancement. The credit risk of debt instruments which are CE rated is based on the combined strength of the issuer as well as the structure. Hence, any weakness in either the issuer or the structure could have an adverse credit impact on the debt instrument. The weakness in structure could arise due to inability of the investors to enforce the structure due to issues such as legal risk, inability to sell the underlying collateral or enforce guarantee, etc. Therefore, apart from issuer level credit risk, such debt instruments are also susceptible to structure related credit risk.

Risks associated with investments in Repo transactions in Corporate Bonds

In repo transactions, also known as a repo or sale repurchase agreement, securities are sold with the seller agreeing to buy them back at later date. The repurchase price should be greater than the original sale price, the difference effectively representing

interest. A repo is economically similar to a secured loan, with the buyer receiving corporate debt securities as collateral to protect against default. The Scheme may invest in repo of corporate debt securities which are subject to the following risks:

- a. **Counterparty Risk:** This refers to the inability of the seller to meet the obligation to buy back securities at the contracted price on the contracted date. The Investment Manager will endeavour to manage counterparty risk by dealing only with counterparties, having strong credit profiles, approved by our credit risk analysis team. The exposure to each counterparty will be within the overall approved credit limits. Also, the counterparty risk is to an extent mitigated by taking collateral equivalent in value to the transaction after knocking off a minimum haircut on the intrinsic value of the collateral. In the event of default by the repo counterparty, the scheme shall have recourse to the corporate debt securities.
- b. **Collateral Risk:** Collateral risk arises when the market value of the securities is inadequate to meet the repo obligations. This risk is mitigated by restricting participation in repo transactions with collateral bearing a minimum rating as prescribed by the regulators (currently AA or equivalent and above rated money market and corporate debt securities). Any rating downgrade will tantamount to either an early termination of the repo agreement or a call for fresh margin to meet the minimum haircut requirement. In addition, the Investment manager may apply a higher haircut on the underlying security than mentioned above to adjust for the illiquidity and interest rate risk on the underlying instrument. The adequacy of the collateral will be monitored on a daily basis by considering the daily market value & applying the prescribed haircut. In the event of shortfall in the collateral, the counterparty shall be asked to replenish the same. If the counterparty is not able to top-up either in form of cash/collateral, it shall tantamount to early termination of the repo agreement.
- c. **Settlement Risk:** Corporate Bond Repo shall be settled between two counterparties in the OTC segment unlike in the case of Government securities repo transactions where CCIL stands as central counterparty on all transactions which neutralizes the settlement risk. However, the settlement risk pertaining to CDRs shall be mitigated through Delivery versus Payment (DvP) mechanism which is followed by all clearing members.

Risk factors associated with investments in Perpetual Debt Instruments (PDI) including Additional Tier-1 and Tier-2 Bonds

The scheme may invest in certain debt instruments with special features viz. subordination to equity (absorbs losses before equity capital) and/or convertible to equity upon trigger of a pre-specified event for loss absorption including Additional Tier I bonds and Tier 2 bonds issued under Basel III framework (known as perpetual debt instruments). PDIs are instruments issued by the borrower to strengthen their capital structure and as the name suggests these instruments do not have a specific maturity date but have an embedded call option instead and maybe less liquid than conventional debt instruments. These bonds are subordinate to all other debt and only senior to equity capital. The issuer may call or redeem the bonds on the call exercise date if they can refinance the issue at a cheaper rate, especially when interest rates are declining. The issuers of such instruments could be Banks, NBFCs and Corporates. PDIs issued by Banks and NBFCs fall under scope of Reserve Bank of India ("RBI")'s guidelines for Basel III capital regulations. These are also referred to as Additional Tier I (AT1 bonds). However, there are no regulatory guidelines for issuance of PDIs by Corporates. Since PDIs have special features other than usual non-convertible bonds, there are additional risks associated with such instruments which are listed below –

Risk related to coupon servicing –

Banks - As per the terms of the instruments, Banks may have discretion at all times to cancel distributions/payment of coupons. In the event of non-availability of adequate distributable reserves and surpluses or inadequacy in terms of capital requirements, RBI may not allow banks to make payment of coupons. These bonds may not be permitted to pay these coupons if the Bank's financial position improves subsequently (non-cumulative).

NBFCs - While NBFCs can defer/postpone payment of coupon in case paying the coupon leads to breach of capital ratios, they also have discretion at all times to cancel payment of coupon.

Corporates - Corporates usually have discretion to defer the payment of coupon. However, the coupon is usually cumulative and any deferred coupon shall accrue interest at the original coupon rate of the PDI.

Risk of write down or conversion to equity –

In the event of shortfall in maintenance of capital adequacy ratios and/or Point of Non-Viability Trigger (PONV – a point defined by RBI when a bank is deemed to have become non-viable unless appropriate measures are taken to revive its operations or infusion of public sector capital), PDIs issued by Banks could be written down or converted to common equity. This risk does not exist in case of PDIs issued by NBFCs and Corporates.

Risk of call option not exercised by the issuer –

Banks and NBFCs - The issuing Banks and NBFCs have an option to call back the instrument after minimum period as per the regulatory requirement from the date of issuance and specified period thereafter, subject to meeting the RBI guidelines. However, if the issuer does not exercise the call on first call date, the Scheme may have to hold the instruments for a period beyond the first call exercise date and hence may be exposed to valuation impacts.

Corporates – Unlike Banks and NBFCs there is no minimum period for call date for Corporate issuers. However, if the corporate does not exercise the call option, the Scheme may have to hold the instruments for a period beyond the call exercise date and hence may be exposed to valuation impacts. Risk Mitigation – The Scheme will not invest more than 10% of the

NAV of the scheme in such instruments and will limit exposure to 5% of the NAV of the Scheme for such instruments issued by a single issuer.

Risks associated with Segregated Portfolio

Liquidity risk - Segregated Portfolio is created to separate debt and money market instruments affected by a Credit Event from the Main Portfolio of the Scheme. The Fund will not permit redemption of the Segregated Portfolio units, but the units will be listed on a recognized stock exchange. The Fund is not assuring any liquidity of such units on the stock exchange. Further, trading price of units on the stock exchange may be significantly lower than the prevailing NAV. Investors can continue to transact (subscribe/redeem) from the Main Portfolio.

Credit risk – While the AMC will put in sincere efforts to recover the securities in the Segregated Portfolio and distribute the same to unit holders, because such securities are affected by credit event, it is likely that such securities may not realize any value leading to losses to investors.

Provisions related to covered call strategy

Covered call strategy is known as selling a call option on the shares which an investor holds. Under this strategy the investor owns the shares and has taken on the potential obligation to deliver the shares to the option buyer and accept the predetermine price as the price at which he sells the shares. For his willingness to do this, the investor receives the premium on the option.

Volatility risk: Volatility risk arises when market more volatile than the Fund Manager's estimation. The investment manager holds view of range bound market and the market volatility breaches these limits, thereby increasing risk to the portfolio. This risk is mitigated as we have covered with the stocks we hold.

Opportunity loss: Writing a call option means investment manager are obligated to deliver the stock at a predetermined price called as Strike Price. In case when the stock price moves above the threshold of strike price plus premium of the call option, the upside opportunity is lost on the stock, because we have written call option.

Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares which could be unlimited.

Benefit of covered call strategy

Income Generation: Investment manager sees this strategy as income generation when investment manager is under view that the price of a share will not move beyond certain price in certain time frame, his endeavour will be to generate income by selling call option on that stock.

Downside Hedging: downside of the stock is protected to the extent of premium received under covered call strategy.

Restriction in Writing of Covered Call Options by Mutual Fund Schemes:

In terms of para 12.25.8 of SEBI Master circular dated June 27, 2024, Mutual funds have been permitted to write call options under a covered call strategy as prescribed below Mutual Fund schemes (except Index Funds and ETFs) may write call options only under a covered call strategy for constituent stocks of NIFTY 50 and BSE SENSEX subject to the following:

- a. The total notional value (taking into account strike price as well as premium value) of call options written by a scheme shall not exceed 15% of the total market value of equity shares held in that scheme.
- b. The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- c. At all points of time the Mutual Fund scheme shall comply with the provisions at paragraph (a) and (b) above. In case of any passive breach of the requirement at paragraph (a), the respective scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- d. In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (a) and (b) above while selling the securities.
- e. In no case, a scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- f. The premium received i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.
- g. The exposure on account of the call option written under the covered call strategy shall not be considered in cumulative gross exposure of the Scheme for computing 100% of the net assets of the scheme.
- h. The call option written shall be marked to market daily and the respective gains or losses factored into the daily NAV of the respective scheme(s) until the position is closed or expired.

Risks associated with transaction in Units through Stock Exchange mechanism

In respect of transactions in Units of the Scheme routed through the BSE StAR MF platform or any other recognised stock exchange platform as intimated by the AMC, allotment and redemption of Units on any Business Day will depend upon the

order processing/settlement by BSE, or such other exchange and their respective clearing corporations on which the Fund has no control. Further, transactions conducted through the stock exchange mechanism shall be governed by the operating guidelines and directives issued by BSE or such other recognised exchange in this regard.

C. RISK MITIGATION STRATEGIES

The Fund by utilizing a holistic risk management strategy will endeavor to manage risks associated with investing in equity and debt instruments. The risk control process involves identifying & measuring the risk process involves identifying & measuring the risk through various risk measurement tools.

Risks & Description	Risk Mitigants/Management Strategy
Market Risk : Value of holdings may fall as a result of market movements	Investment approach supported by comprehensive research
Currency Risk : Risk on account of exchange rate fluctuations	Investment manager could use (there is no obligation) derivatives to hedge currency risk
Country Risk : Risk on account of exposure to a single country	Investments in various economies to reduce the risk through diversification
Liquidity Risk : High impact costs	Robust process for periodic monitoring of liquidity
Concentration Risk : Risk on account of high exposure to a risk class	Investment across industries/sectors
Legal/Tax/Regulatory Risk : Risk on account of changes in regulations	This risk is dependent upon a future event and will be clearly communicated to the investor. Comprehensive documentation including disclosures and disclaimers.
Event Risk : Price risk as a result of company or sector specific event	Usage of derivatives to hedge portfolios if required, in case of predictable events.
Valuation Risk : Risk on account of incorrect valuation	Valuation as per guidelines of Pricing and Valuation policy. Usage of third party valuation agent
Interest Rate Risk : Value of holdings may fall as a result of movements in interest rate	Determination of duration bands based on extensive macro-economic analysis.
Credit Risk: inability of the issuer to make timely principal and interest payments on the security	Internal Credit assessment to determine the repayment capabilities of the issuer with a reduced reliance on external ratings

II. INFORMATION ABOUT THE SCHEME

A. WHERE WILL THE SCHEME INVEST?

The Scheme shall predominantly invest in equity and equity related instruments (including equity derivatives), debt and money market instruments.

Subject to the Regulations and other prevailing laws as applicable, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- Securities issued/ guaranteed by the Central, State and local governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills)
- Debt obligations of domestic government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- Corporate debt (of both public and private sector undertakings)
- Debt obligations of banks (both public and private sector) and financial institutions
- Money market instruments (which includes but is not limited to commercial papers, commercial bills, treasury bills, usance bills, government securities having unexpired maturity upto one year, certificates of deposit, bills rediscounting, TREPS, repo, call money and any other like instruments as are or may be permitted under the Regulations and RBI from time to time.)
- Cash or cash equivalents with residual maturity of less than 91 days will not be treated as creating any exposure.
- ADRs/GDRs issued by Indian Companies.
- Units issued by REITs and InvITs

- Equity and equity related securities including convertible bonds and debentures and warrants carrying the right to obtain equity shares.
- Derivatives Instruments as may be permitted by SEBI/RBI.
- Pass through, Pay through or other Participation Certificates representing interest in a pool of assets including receivables
- Convertible Debentures
- Deposits of scheduled commercial banks as permitted under the extant Regulations.
- Any other instruments as may be permitted by SEBI from time to time.
- The scheme may invest through Inter Scheme Transfers (IST) in compliance with para 12.30 of SEBI Master Circular on Mutual Funds dated June 27, 2024. The key extracts are as follows:
 - ISTs shall be permitted only if other resources such as cash and cash equivalent, market borrowing, and selling securities in the market are exhausted.
 - ISTs will be permitted for rebalancing of portfolio only if there is a passive breach of regulatory limits or where duration, issuer, sector, and group rebalancing are required in both the transferor and transferee schemes.
 - No inter-scheme transfer of a security shall be allowed, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.
 - If the security gets downgraded within a period of four months following such a transfer, the fund manager of the buying scheme will have to provide detailed justification to the Board of Directors of Trustee Company for buying such a security

- The Scheme may invest in various derivatives instruments including futures (index and stock), options (index and stock) and forward contracts which are available for investment in India from time to time and which are permissible as per the applicable Regulations. The Scheme may also invest in derivative instruments in international markets as and when they are permissible as per the applicable Regulations. Investment in such instruments will be made in accordance with the investment objective and the strategy of the Scheme and in accordance with the applicable Regulations, including for the purposes of hedging, portfolio balancing and optimizing returns.
- Initially the Scheme would invest only in 'stock and/or index futures'. Investments in other equity derivative instruments may be done by the Scheme only once the Board of Directors of Trustee Company are comfortable that the systems for dealing, back office and accounting are in place for derivative instruments other than 'stock and/or index futures'. Before commencing the use of other equity derivative instruments, the Board of Directors of Trustee Company will submit a separate confirmation to SEBI that the AMC has the necessary systems for dealing, back office and accounting in place for using other equity derivative instruments.
- The Scheme shall invest in Foreign Securities in accordance with requirements specified by SEBI and RBI from time to time.
- The above list is only indicative and the Mutual Fund/AMC reserve the right to change the same in the interest of the investors depending on the market conditions, market opportunities, applicable regulations and political and economic factors, but subject to the investment objective as set out in paragraph "Investment Objective".
- All investments in the Scheme shall be made in accordance with the Regulations and Guidelines issued by SEBI/RBI/any other Regulatory Authority. For applicable regulatory investment limits and other restrictions in respect of the various investible securities, please refer paragraph "Investment Restrictions".

The securities mentioned above could be listed, unlisted, privately placed, secured, unsecured, rated or unrated and of any maturity as enabled under SEBI MF Regulations/circulars/RBI. The securities may be acquired through New Fund Offers (NFOs), secondary market operations and private placement, rights offer or negotiated deals.

The scheme may participate in Structured Obligations/Credit Enhancements as prescribed under para 12.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024 and any other guidelines issued by SEBI from time to time.

The scheme may participate in Credit Default Swap ("CDS") transactions in line with the guidelines issued by SEBI/RBI from time to time.

The Scheme may participate in securities lending as permitted under the Regulations.

Such investments must also be commensurate with the investment objective as set out in paragraph "Investment Objective".

Currently, the Scheme is permitted to invest only in 'stock and/or index futures'. Investments in other equity derivative instruments may be done by the Scheme only once the Board of Directors of Trustee Company are comfortable that the systems for dealing, back office and accounting are in place for derivative instruments other than 'stock and/or index futures'. However, in terms of SEBI Regulations, the Scheme cannot write options or purchase instruments with embedded options. Before commencing the use of other equity derivative instruments, the Board of Directors of Trustee Company will submit a separate confirmation to SEBI that the AMC has the necessary systems for dealing, back office and accounting in place for using other equity derivative instruments.

The above list is only indicative and the Mutual Fund/AMC reserve the right to change the same in the interest of the investors depending on the market conditions, market opportunities, applicable regulations and political and economic factors, but subject to the investment objective as set out in paragraph "Investment Objective".

All investments in the Scheme shall be made in accordance with the Regulations and Guidelines issued by SEBI/RBI/any other Regulatory Authority. For applicable regulatory investment limits and other restrictions in respect of the various investible securities, please refer paragraph "Investment Restrictions".

Securities/Stock Lending by the Mutual Fund

Subject to the Regulations and the applicable guidelines, the Scheme and the Plan(s) there under may, if the Board of Directors of Trustee Company permit, engage in securities/stock lending. Securities/stock lending means the lending of securities/stocks to another person or entity for a fixed period of time, at a negotiated compensation. The borrower will return the securities/stock lent on expiry of the stipulated period. Please refer to risks attached with securities lending. Each Scheme, under normal circumstances, shall not have exposure of more than 20% of its net assets in securities/stock lending. The Scheme may also not lend more than 5% of its net assets to any one intermediary to whom securities/stocks will be lent. Securities/Stock Lending could be considered for the purpose of generating additional income to unit holders on the longer-term holdings of the Scheme. The AMC shall report to the Board of Directors of Trustee Company on a quarterly basis as to the level of lending in terms of value, volume and the names of the intermediaries and the earnings/losses arising out of the transactions, the value of collateral security offered etc.

Procedure followed for Investment Decisions

The Fund Manager of the Scheme is responsible for making buy/sell decisions in respect of the securities in the Scheme's portfolio and to develop a well-diversified portfolio with the aim of achieving the investment objective of the Scheme. The investment decisions are made after taking into consideration the market conditions and all relevant aspects.

The Board of the AMC has constituted an Investment Management Committee that meets at periodic intervals. The Investment Management Committee, at its meetings, reviews investments, including investments in unrated debt instruments. The approval of unrated debt instruments is based on parameters laid down by the Board of the AMC and the Trustee Company. The details of such investments are communicated by the AMC to the Board of Directors of Trustee Company in their periodical reports along with a disclosure regarding how the parameters have been complied with. Such reporting shall be in the manner prescribed by SEBI from time to time. The Committee also reviews the performance of the Scheme and general market outlook and formulates the broad investment strategy at their meetings.

It is the responsibility of the AMC to ensure that the investments are made as per the internal/Regulatory guidelines, Scheme investment objective and in the best interest of the Unitholders of the Scheme. The Fund may follow internal guidelines as approved by the Board of the AMC and the Trustee Company from time to time.

The Chief Investment Officer and Fund Manager – Equities & Fixed Income present to the Board of the AMC and the Trustee Company periodically, the performance of the Scheme. The performance of the Scheme will be reviewed by the Boards with reference to its appropriate benchmark.

However, the Scheme's performance may not be strictly comparable with the performance of its benchmark due to the inherent differences in the construction of the portfolios. The Boards may review the benchmark selection process from time to time and make suitable changes as to use of the benchmark, whenever it deems necessary.

The Chief Investment Officer and Fund Manager - Equities & Fixed Income will bring to the notice of the AMC Board, specific factors if any, which are impacting the performance of the Scheme. The Board on consideration of all relevant factors may, if necessary, give appropriate directions to the AMC. Similarly, the performance of the Scheme will be submitted to the Board of Directors of Trustee Company. The Head of Fund Management – Equities & Fixed Income will explain to the Board of Directors of Trustee Company, the details on the Scheme's performance vis-à-vis the benchmark returns.

The AMC will keep a record of all investment decisions.

Position of Debt Markets in India

The major players in the Indian debt markets today are banks, financial institutions, insurance companies and mutual funds. The instruments in the market can be broadly categorised as those issued by corporates, banks, financial institutions and those issued by state/central governments. The risks associated with any investment are - credit risk, interest rate risk and liquidity risk. While corporate papers carry credit risk due to changing business conditions, government securities are perceived to have zero credit risk. Interest rate risk is present in all debt securities and depends on a variety of macroeconomic factors. The liquidity risk in the corporate securities market is higher as compared to that in case of government securities. Liquidity in the corporate debt market has been improving due to the entry of more players and due to various measures taken by the regulators in this direction over a period of time. SEBI's directive of a compulsory rating by a rating agency for any public issuance over 18 months, dematerialisation, entry of private insurance companies, listing of debt securities and growth of fixed income mutual funds have enhanced liquidity in the corporate debt market. The setting up of clearing corporations, real time gross settlement and electronic clearing system for government securities have considerably enhanced the depth and width of the Indian debt markets and bringing it at par with developed markets.

The following table attempts to give a broad overview of the available instruments in the financial markets and their risk - return profile. The data is based on the market conditions as on the date of the Offer Document and may vary substantially depending upon the factors and forces affecting the securities market including the fluctuations in the interest rates.

The indicative yields and liquidity on various securities as on May 13, 2025 are as under:-

Issuer	Instrument	Maturity	Yields in %	Liquidity
GOI	Treasury Bill	91 days	5.75 - 5.85	Medium to High
GOI	Treasury Bill	364 days	5.80 - 5.85	Medium to High

B. WHAT ARE THE INVESTMENT RESTRICTIONS?

Investment Restrictions for the Scheme

All investments by the Scheme and the Mutual Fund, will always be within the investment restrictions as specified in the SEBI (Mutual Funds) Regulations, 1996, as amended from time to time. Pursuant to the Regulations, the following investment and other restrictions are presently applicable to the Scheme:

1. A mutual fund scheme shall not invest more than:

- 10% of its NAV in debt and money market securities rated AAA; or
- 8% of its NAV in debt and money market securities rated AA; or
- 6% of its NAV in debt and money market securities rated A and below; issued by a single issuer.

The above investment limits may be extended by up to 2% of the NAV of the scheme with prior approval of the Board of Directors of Trustee Company and Board of Directors of the AMC, subject to compliance with the overall 12% limit specified in clause 1 of Seventh Schedule of MF Regulation.

The long term rating of issuers shall be considered for the money market instruments. However, if there is no long term rating available for the same issuer, then based on credit rating mapping of CRAs between short term and long term ratings, the most conservative long term rating shall be taken for a given short term rating. Exposure to government money market instruments such as TREPS on G-Sec/T-bills shall be treated as exposure to government securities.

2. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board:

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

In accordance with the para 12.1.5. of SEBI Master Circular on Mutual Funds dated June 27, 2024, investment in unrated debt and money market instruments, other than government securities, treasury bills, derivative products such as Interest Rate Swaps (IRS), Interest Rate Futures (IRF), etc. by mutual fund schemes shall be subject to the following:

- Investments should only be made in such instruments, including bills re-discounting, usance bills, etc., that are generally not rated and for which separate investment norms or limits are not provided in SEBI (Mutual Fund) Regulations, 1996 and various circulars issued thereunder.
- Exposure of mutual fund schemes in such instruments, shall not exceed 5% of the net assets of the schemes.
- All such investments shall be made with the prior approval of the Board of AMC and Trustee Company.

3. The Fund under all its Schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

Provided that, the limit of 10 per cent shall not be applicable for investments in [case of] index fund [or exchange traded fund] or sector or industry specific scheme.

For the purpose of determining the above limit, a combination of positions of the underlying securities and stock derivatives will be considered.

4. Transfer of investments from one Scheme to another Scheme in the Mutual Fund is permitted provided:

- Such transfers are done at the prevailing market price for quoted instruments on spot basis (spot basis shall have the same meaning as specified by a Stock Exchange for spot transactions); and
- The securities so transferred shall be in conformity with the investment objective of the Scheme to which such transfer has been made.

Further, para 12.30 of SEBI Master Circular on Mutual Funds dated June 27, 2024 has prescribed elaborate guidelines for inter-scheme transfers (IST). The key extracts are as follows:

- ISTs shall be permitted only if other resources such as cash and cash equivalent, market borrowing, and selling securities in the market are exhausted.
- ISTs will be permitted for rebalancing of portfolio only if there is a passive breach of regulatory limits or where duration, issuer, sector, and group rebalancing are required in both the transferor and transferee schemes.

- No inter-scheme transfer of a security shall be allowed, if there is negative news or rumors in the mainstream media or an alert is generated about the security, based on internal credit risk assessment.
 - If the security gets downgraded within a period of four months following such a transfer, the fund manager of the buying scheme will have to provide detailed justification to the Board of Directors of Trustee Company for buying such a security.
5. The aggregate inter-scheme investment in line with the investment objectives, made by all the Schemes under the same management or in schemes under management of any other asset management company shall not exceed 5% of the Net Asset Value of the Fund. No investment management fees shall be charged for investing in other Schemes of the Fund or in the Schemes of any other Mutual Fund. Provided that this clause shall not apply to any fund of funds scheme and investments in mutual funds in foreign countries.
 6. The Scheme shall get the securities purchased or transferred in the name of the Fund on account of the concerned Scheme, wherever investments are intended to be of a long-term nature.
 7. Every mutual fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities: Provided that a mutual fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the Board: Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

8. The Mutual Fund shall, get the securities purchased or transferred in the name of the Mutual Fund on account of the Scheme, wherever investments are intended to be of long term nature. Pending deployment of funds of a Scheme in terms of investment objectives of the scheme, a mutual fund may invest them in short-term deposits of scheduled commercial banks, subject to such Guidelines as may be specified by the Board. The requirements of para 12.16 of SEBI Master Circular on Mutual Funds dated June 27, 2024 will be adhered to.

Where the cash in the Scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the Scheme shall abide by the following guidelines:

- “Short Term” for parking of funds shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
- The Scheme shall not park more than 15% of the net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with the approval of the Board of Directors of Trustee Company.
- Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
- The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
- The Scheme shall not park funds in short-term deposit of a bank which has invested in the Scheme.
- The AMC shall not be permitted to charge investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks.
- The AMC will not charge any investment management and advisory fees for funds under the Debt Schemes parked in short term deposits of scheduled commercial banks.

The above norms do not apply to term deposits placed as margins for trading in cash and derivatives market. However, all term deposits placed as margins shall be disclosed in the half yearly portfolio statements under a separate heading. Details such as name of bank, amount of term deposits, duration of term deposits, percentage of NAV should be disclosed.

9. The Scheme shall not make any investment in:
 - (a) Any unlisted security of an associate or group company of the Sponsor; or
 - (b) Any security issued by way of private placement by an associate or group company of the Sponsor; or
 - (c) listed securities of group companies of the Sponsor which is in excess of 25% of the net assets of the Scheme of the Mutual Fund, except for investments by equity-oriented exchange traded funds and index funds, subject to such conditions as specified by SEBI and as amended from time to time.
10. The Fund shall not borrow except to meet temporary liquidity needs of the Fund for the purpose of repurchase/redemption of Units or payment of interest and dividend to the Unitholders. Provided that the Fund shall not borrow more than 20% of the net assets of any individual Scheme and the duration of the borrowing shall not exceed a period of 6 months.
11. No loans for any purpose shall be advanced by the Scheme.
12. The Scheme may lend securities in accordance with the securities lending scheme of SEBI.
13. The Scheme shall not invest in a fund of funds scheme.

14. The cumulative gross exposure through equity, debt and derivative positions, shall not exceed 100% of net assets of the Scheme. However, the following shall not be considered while calculating the gross exposure:
 - a) Security-wise hedged position and
 - b) Exposure in Cash or Cash equivalents with residual maturity of less than 91 days.
15. The total exposure of a debt scheme in a group (excluding investments in securities issued by Public Sector Units, Public Financial Institutions and Public Sector Banks) shall not exceed 20% of the net assets of the scheme. Such investment limit may be extended to 25% of the net assets of the scheme with the prior approval of the Board of Directors of Trustee Company.

The investments by the Scheme in debt and money market instruments of group companies of both the sponsor and the AMC shall not exceed 10%. Such investment limit may be extended to 15% with the prior approval of the Board of Directors of Trustee Company

For above purposes, a group means a group as defined under regulation 2 (mm) of SEBI (Mutual Funds) Regulations, 1996 (Regulations) and shall include an entity, its subsidiaries, fellow subsidiaries, its holding company and its associates.

16. The total exposure of debt-oriented schemes in a particular sector (excluding investments in Bank CDs, Triparty repo on Government securities or treasury bills, G-Secs, T-Bills etc., AAA rated securities issued by Public Financial Institutions and Public Sector Banks and Short-term deposits of scheduled commercial banks) shall not exceed 20% of the net asset of the Scheme.

Provided that an additional exposure to financial services sector (over and above the limit of 20%) not exceeding 10% of the net asset of the Scheme shall be allowed by way of increase in exposure to Housing Finance Companies (HFCs) only. Further, an additional exposure of 5% of the net assets of the scheme has been allowed for investments in securitized debt instruments based on retail housing loan portfolio/an affordable housing loan portfolio.

Provided further that the additional exposure to such securities issued by HFCs are rated AA and above and these HFCs are registered with National Housing Bank (NHB) and the total investment/exposure in HFCs shall not exceed 20% of the net asset of the Scheme.

17. The Scheme will comply with any other regulations applicable to the investments of mutual funds from time to time.
18. Restrictions on investment in debt instruments having Structured Obligations/Credit Enhancements:

The investment of scheme in the following instruments shall not exceed 10% of the debt portfolio of the scheme and the group exposure in such instruments shall not exceed 5% of the debt portfolio of the scheme:

 - a. Unsupported rating of debt instruments (i.e. without factoring- in credit enhancements) is below investment grade and
 - b. Supported rating of debt instruments (i.e. after factoring-in credit enhancement) is above investment grade.

For the purpose of this provision, 'Group' shall have the same meaning as defined in para 12.9 of SEBI Master Circular on Mutual Funds dated June 27, 2024.

Investment limits as mentioned above shall not be applicable on investments in securitized debt instruments, as defined in SEBI (Public Offer and Listing of Securitized Debt Instruments) Regulations 2008.

Investment in debt instruments, having credit enhancements backed by equity shares directly or indirectly, shall have a minimum cover of 4 times considering the market value of such shares. The AMC may ensure that the investment in debt instruments having credit enhancements are sufficiently covered to address the market volatility and reduce the inefficiencies of invoking of the pledge or cover, whenever required, without impacting the interest of the investors. In case of fall in the value of the cover below the specified limit, necessary steps may be initiated to ensure protection of the interest of the investors.

19. Investments in Foreign Securities are subject to a limit of US \$ 600 million per Mutual Fund, within the overall industry limit of US\$ 7 billion. Further, investments in overseas Exchange Traded Fund (ETF(s)) subject to a maximum of US \$ 200 million per Mutual Fund, within the overall industry limit of US \$ 1 billion and any subsequent amendments thereto specified by SEBI and/or RBI from time to time.
20. No term loans for any purpose may be advanced by the Fund and the Fund shall not borrow except to meet temporary liquidity needs of the Scheme for the purpose of repurchase, redemption of Units or payment of interest or dividends to Unit Holders, provided that the Fund shall not borrow more than 20% of the net assets of the Scheme and the duration of such a borrowing shall not exceed a period of 6 months
21. The Scheme shall not invest more than 10% of its net assets in the equity shares or equity related instruments of any company. For the purpose of determining the above limit, a combination of positions of the underlying securities and stock derivatives will be considered.
22. A scheme shall hold at least 10% of its net assets in liquid assets. For this purpose, 'liquid assets' shall include Cash, Government Securities, T-bills and Repo on Government Securities. Further, in case, the exposure in such liquid assets/securities falls below the threshold mandated above, the AMCs shall ensure compliance with the above requirement before making any further investments.

23. All investments by the Scheme in equity shares and equity related instruments shall only be made provided such securities are listed or to be listed.

The Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any company. Provided that, the limit of 10 per cent shall not be applicable for investments in case of index fund or exchange traded fund or thematic/sector or industry specific scheme.

24. All investments in equities and fixed income securities should be undertaken in dematerialised form.

AMC shall comply with various investment restrictions and guidelines issued by SEBI from time to time.

The Board of Directors of Trustee Company may alter the above restrictions from time to time to the extent that changes in the Regulations may allow and as deemed fit in the general interest of the Unitholders.

It is the responsibility of the AMC to ensure that the investments are made as per the internal/Regulatory guidelines, Scheme investment objectives and in the best interest of the Unitholders of the Scheme. The Fund may follow internal guidelines as approved by the Board of the AMC and the Trustee Company from time to time. Internal guidelines shall be subject to change and may be amended from time to time in the best interest of the Unitholders. The amendments will be approved by the Board of the AMC and the Trustee Company of the Mutual Fund.

Investment restrictions related to REITs & InvITs

A mutual fund may invest in the units of REITs and InvITs subject to the following:

- (a) No mutual fund under all its schemes shall own more than 10% of units issued by a single issuer of REIT and InvIT; and
- (b) A mutual fund scheme shall not invest –
 - i. more than 10% of its NAV in the units of REIT and InvIT; and
 - ii. more than 5% of its NAV in the units of REIT and InvIT issued by a single issuer.

Provided that the limits mentioned in sub-clauses (i) and (ii) above shall not be applicable for investments in case of index fund or sector or industry specific scheme pertaining to REIT and InvIT.

Investment restrictions related to investments in repo transactions in corporate bonds

In terms of para 12.18 of SEBI Master Circular on Mutual Funds dated June 27, 2024, mutual funds can participate in repos in corporate debt securities as per the guidelines issued by RBI from time to time, subject to the following conditions:

- a. The gross exposure of the Scheme to repo transactions in corporate debt securities shall not be more than 10 % of the net assets of the Scheme.
- b. The Scheme shall participate in repo transactions only in AA and above rated corporate debt securities.
- c. In terms of Regulation 44 (2) of the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, the Scheme shall borrow through repo transactions only if the tenor of the transaction does not exceed a period of six months.

Disclosure on internal norms w.r.t. exposure limits:

HSBC Holdings plc, the ultimate parent company of the AMC, is regulated by the Federal Reserve in the United States as a Financial Holding Company ("FHC") under "The U.S. Bank Holding Company Act of 1956" (including rules and regulations), as amended from time to time (the "BHCA"). As FHC, the activities of HSBC Holdings plc and its affiliates are subject to certain restrictions imposed by the BHCA. These restrictions may limit the Scheme's ability to purchase or hold certain investments. There can be no assurance that the regulatory requirements applicable to HSBC Group including AMC will not change, or that any such change will not have any material adverse effect on the investments or performance of the Schemes.

C. FUNDAMENTAL ATTRIBUTES

Following are the Fundamental Attributes of the scheme, in terms of Clause 1.14 of SEBI Master Circular for Mutual Funds dated June 27, 2024:

(i) Type of a scheme:

- An open-ended scheme investing in equity, arbitrage and debt
- Equity Savings Fund

(ii) Investment Objective

- **Main Objective** - The investment objective of the Scheme is to generate regular income by predominantly investing in arbitrage opportunities in the cash and derivatives segments of the equity markets and debt and money market instruments and to generate long-term capital appreciation through unhedged exposure to equity and equity related instruments. There is no assurance that the investment objective of the Scheme will be achieved and the scheme does not assure or guarantee any returns.

- **Investment pattern** – The Tentative Equity/Debt/Money Market portfolio break-up with minimum and maximum asset allocation, while retaining the option to alter the asset allocation for a short-term period on defensive considerations. Please refer Section I – Part II – A. How will the scheme allocate its assets? for more details.

(iii) Terms of Issue

- Liquidity provisions such as listing, repurchase, redemption – Please refer to the relevant provisions under “**Part III – II. Information about the Scheme - D. Other Scheme Specific Disclosures**”
- Aggregate fees and expenses charged to the scheme – Please refer to “**Part III – C. Annual Scheme Recurring Expenses.**”
- Any safety net or guarantee provided – **Not applicable, as the scheme does not provide any safety net or guarantee.**

In accordance with Regulation 18(15A) of the SEBI (MF) Regulations and Clause 1.14.1.4 of SEBI Master Circular for Mutual Funds dated June 27, 2024 the Board of Directors of Trustee Company shall ensure that no change in the fundamental attributes of the Scheme(s) and the Plan(s)/Option(s) thereunder or the trust or fee and expenses payable or any other change which would modify the Scheme(s) and the Plan(s)/Option(s) thereunder and affect the interests of Unitholders is carried out unless:

- SEBI has reviewed and provided its comments on the proposal.
- A written communication about the proposed change is sent to each Unitholder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the Head Office of the Mutual Fund is situated; and
- The Unitholders are given an option for a period of atleast 30 calendar days to exit at the prevailing Net Asset Value without any exit load.

D. OTHER SCHEME SPECIFIC DISCLOSURES:

Listing and transfer of units	<p>i) Listing:</p> <p>Being an open ended Scheme under which sale and repurchase of Units will be made on continuous basis by the Mutual Fund, the Units of the Scheme are generally not proposed to be listed on any stock exchange. However, the AMC may at its sole discretion, list the Units under the Scheme on one or more stock exchanges at a later date, if deemed necessary</p> <p>ii) Transfer of Units</p> <p>The Unit holders are given an option to hold the Units by way of an Account Statement (physical form) or in Dematerialized (demat form).</p> <p>As described below, units held in Demat mode as well as in physical form (account statement) are transferable:</p> <p>Transfer of units held in Demat mode: Such units are transferable (subject to lock-in period, if any and subject to lien, if any marked on the units) in accordance with the provisions of SEBI (Depositories and Participants) Regulations, 2018, as may be amended from time to time. Transfer can be made only in favor of transferees who are capable of holding Units and having a Demat Account. The delivery instructions for transfer of Units will have to be lodged with the DP in requisite form as may be required from time to time and transfer will be effected in accordance with such rules/regulations as may be in force governing transfer of securities in dematerialized mode. Further, for the procedure of release of lien, the investors shall contact their respective DP.</p> <p>Transfer of units held in physical form: Units held in physical form are normally not certified. However, if an applicant so desires to transfer units, the AMC, upon submission of documents which will be prescribed from time to time, shall certify the units and issue a fresh statement/certificate to the extent of certified units to the investor within 5 business days of the receipt of request. If the investor intends to transfer units, it could be done to the extent of certified units mandatorily using the statement/certificate issued post certification of units. Certificate/statement issued post certifying of units must be duly discharged by the Unit holder(s) and surrendered along with the request for Transfer. AMC reserves the right to accept the request for certification of units The AMC reserves the right to reject the application for transfer, post acceptance of the same, if any of the requisite documents/declarations are unavailable or incomplete. Also, unitholders are required to surrender the certificate/statement in case they wish to carry out any other transactions (such as redemption, switch, etc.) post unit certification.</p>
--------------------------------------	---

	<p>A person becoming entitled to hold the Units in consequence of the death, insolvency, or winding up of the sole holder or the survivors of joint holders, upon producing evidence and documentation to the satisfaction of the Fund and upon executing suitable indemnities in favor of the Fund and the AMC, shall be registered as a Unit holder if the transferee is otherwise eligible to hold the Units.</p> <p>Where the Units of the Plan(s) are issued in demat form in the Demat account of the investor, the nomination as registered with the DP will be applicable to the Units of the Plan(s). A Nominee/legal heir approaching the Fund for Transmission of Units must have beneficiary account with a DP of CDSL or NSDL, since the Units shall be in demat mode. It may be noted that the nominee/legal heir is required to provide a copy of his/her PAN card as well as fulfill the Know Your Customer (KYC) requirements which is a pre-requisite for the transmission process.</p> <p>In the event of transmission of units to a Minor, documents submitted including KYC, bank attestation, indemnity etc. should be of the guardian of the minor.</p> <p>Investor(s) claiming transmission of Units in his/their name(s) are required to submit prescribed documents based on the kind of scenario for transmission. Kindly refer the Fund's website (www.assetmanagement.hsbc.co.in) for a ready reckoner matrix of necessary documents under different transmission scenarios. The Fund may also seek additional documents if the amount involved is above Rs. 5 lacs, on a case to case basis or depending upon the circumstances of each case.</p> <p>Pursuant to AMFI Best Practice Guidelines Circular No.135/BP/116/2024-25 dated August 14, 2024, a facility for transfer of mutual fund units held in Non-Demat Statement of Accounts (SoA) mode.</p> <ul style="list-style-type: none"> • To enable the surviving joint holder to add name(s) in the folio upon demise of one or more joinholder(s); • To facilitate transfer of units by the nominee of a deceased unitholder to the legal heirs post the transmission of units in the name of the nominee; • To enable addition of the name of a parent / guardian, sibling, etc. as joint holder(s) in the folio, when a minor unitholder becomes a major and changed the status from a minor to a major. <p>Pursuant to AMFI Best Practice Guidelines Circular No.135/BP/119/2024-25 dated May 08, 2025, the above procedure has been extended to all investors under Resident/ Non-Resident Individual categories for the reasons like (i) Transfer to siblings (ii) Gifting of Units (iii) Transfer of units to third party (iv) Addition/deletion of unit holder. This facility shall be available only through online mode via the transaction portals of our Registrar and Transfer Agent (i.e. CAMS) and the MF Central (as and when enabled), i.e., the transfer of units held in SoA mode shall not be allowed through physical/ paper based mode or via the stock exchange platforms, MFU, channel partners and EOPs etc. The Stamp duty for transfer of units, if/where applicable, shall be payable by the transferor.</p> <p>Unitholders can refer https://digital.camsonline.com/transfer for more details and can follow the process available on website of our CAMS if intends to transfer of their units in aforesaid scenarios.</p> <p>For further details, refer SAI.</p>
Dematerialization of units	<p>Option to hold Units in dematerialized (Demat) form</p> <p>An option is available to investors to receive allotment of mutual fund Units in their demat account while subscribing to any scheme of the Fund. Unit holders opting to hold the Units in demat form must provide their demat account details in the specified section of the application form and should furnish Bank Account details linked with their demat account. (Kindly refer the application form for Demat available on the Fund's website, www.assetmanagement.hsbc.co.in). Units will be credited to the investor's demat account after due verification and confirmation from NSDL/CDSL of the demat account details. The bank mandate registered in the demat account will be treated as the valid bank mandate for the purpose of payout by the Fund. The option to subscribe/hold Units in demat form shall be in accordance with the guidelines/procedural requirements laid down by the Depositories (NSDL/CDSL) from time to time.</p> <p>The option to hold Units in demat mode also includes allotment of Units made through SIP transactions in any scheme of the Fund, which offers the SIP facility. For SIP transactions, Units will be allotted as per 'Applicable NAV for Sale of Units' as mentioned under Section II. 'Units and Offer' and will be credited to the investor's demat account on a weekly basis upon realization of funds. The demat facility is currently not available in plans/options where the IDCW distribution frequency is less than 1 month.</p>

	<p>In case the Unit holder desires to hold the Units in a dematerialized/rematerialized form at a later date, the request for conversion of Units held in physical form into demat (electronic) form or vice-versa should be submitted along with a Demat/Remat Request Form to the Depository Participant. Unitholders will be required to submit all non-financial requests and redemption requests to their respective Depository Participant, for Units held in demat form. Such Units held in demat form will be transferable subject to the provisions laid down in the SID/SAI and/or KIM of the Fund and in accordance with provisions of Depositories Act, 1996 and the Securities and Exchange Board of India (Depositories and Participants) Regulations, 1996, as may be amended from time to time.</p> <p>The asset management company shall issue units in dematerialized form to a unit holder in a scheme within two working days of the receipt of request from the unit holder.</p>
<p>Minimum Target amount</p> <p>(This is the minimum amount required to operate the scheme and if this is not collected during the NFO period, then all the investors would be refunded the amount invested without any return.)</p>	Not applicable, as there is continuous offer of Units of the Scheme (s) at NAV based prices.
Maximum Amount to be raised (if any)	Not Applicable
Dividend (IDCW) Policy	<p>IDCW Distribution Policy</p> <p>The Board of Directors of Trustee Company propose to follow the below dividend distribution policy:</p> <p>Declaration of dividend is subject to the availability of distributable surplus. Such dividends if declared, will be paid under normal circumstances, only to those Unitholders who have opted for Income Distribution cum capital withdrawal option (IDCW) with specified sub-options. Further, no entry/exit load shall be charged for units allotted under Reinvestment of IDCW option.</p> <p>However, it must be distinctly understood that the actual declaration of IDCWs under the Scheme and the frequency thereof will, inter-alia, depend upon the distributable surplus of the Scheme, as computed in accordance with SEBI Regulations. The Board of Directors of Trustee Company reserve the right of IDCW declaration and to change the frequency, date of declaration and the decision of the Board of Directors of Trustee Company in this regard shall be final. There is no assurance or guarantee to Unit holders as to the rate of IDCW distribution nor that IDCW will be regularly paid.</p> <p>The IDCW that may be paid out of the net surplus of the Scheme will be paid only to those Unit holders whose names appear in the register of Unit holders on the notified record date. In case of Units held in dematerialized mode, the Depositories (NSDL/CDSL) will give the list of demat account holders and the number of units held by them in demat form on the Record Date to the Registrars and Transfer Agent of the Mutual Fund. The IDCW will be at such rate as may be decided by the AMC in consultation with the Board of Directors of Trustee Company.</p> <p>Investors may please note that amounts distributed under Income Distributable cum capital withdrawal options and sub-options, can be made out of investors capital (Equalization Reserve), which is a part of sale price that represents realized gains.</p> <p>Under the Growth Option, income earned on the Scheme's corpus will remain invested in the Scheme and will be reflected in the Net Asset Value (NAV). Unit holders who opt for this Option will not receive any IDCW in normal circumstances. Under the Income Distribution cum Capital Withdrawal Option (IDCW), it is proposed to distribute IDCWs at regular intervals, subject to availability of distributable profits, as computed in accordance with SEBI Regulations. Investors in the Scheme have the choice of opting for either payout or reinvestment of IDCW, as stated above. Subsequent to the declaration of IDCW, NAV of the Income Distribution cum Capital Withdrawal Option (IDCW) and Growth Option will be different.</p> <p>IDCW Distribution Procedure</p> <p>In accordance with Chapter 11 and para 13.2 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the procedure for IDCW Distribution would be as under:</p>

	<p>i. Quantum of IDCW and the record date will be fixed by the Board of Directors of Trustee Company in their meeting. IDCW so decided shall be paid, subject to availability of distributable surplus.</p> <p>ii. Within one calendar day of decision by the Board of Directors of Trustee Company, the AMC shall issue notice to the public communicating the decision about the IDCW including the record date, in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of the region where the head office of the Mutual Fund is situated.</p> <p>iii. Record date shall be the date which will be considered for the purpose of determining the eligibility of investors whose names appear on the register of Unit holders for receiving IDCWs. As para 11.6.1.3 of SEBI Master Circular on Mutual Funds dated June 27, 2024, the record date shall be 2 working days from the date of public notice.</p> <p>iv. The notice will, in font size 10, bold, categorically state that pursuant to payment of IDCW, the NAV of the Option would fall to the extent of payout and statutory levy (if applicable).</p> <p>v. The NAV will be adjusted to the extent of IDCW distribution and statutory levy, if any, at the close of business hours on record date.</p> <p>vi. Before the issue of such notice, no communication indicating the probable date of IDCW declaration in any manner whatsoever will be issued by Mutual Fund.</p> <p>In case of Liquid/Debt Scheme(s), the requirement of giving notice regarding the quantum and record date of the dividend in two newspapers shall not be compulsory for Scheme(s)/Plan(s)/Option(s) having frequency of dividend distribution from daily up to monthly dividend.</p> <p>The IDCW proceeds may be paid by way of IDCW warrants/direct credit/Electronic Funds Transfer (EFT)/any other manner through the investor's bank account specified in the Registrar's records. The AMC, at its discretion at a later date, may choose to alter or add other modes of payment. As per para 11.4 of SEBI Master Circular on Mutual Funds dated June 27, 2024 the AMC shall dispatch/credit payment of the dividend proceeds within 7 working days from the record date.</p> <p>If the actual amount of Payout of IDCW is less than Rs. 100/-, then such dividend will be compulsorily and automatically re-invested by issuing additional units on the ex-dividend date at applicable NAV. The amount of dividend reinvested will be net of applicable taxes.</p> <p>Further, AMC may use modes of dispatch such as speed post, courier etc. for payments to unitholders in addition to the registered post with acknowledgement due.</p>

The Transmitter acknowledges that Electronic Transactions are not a secure mode of communication and involve inherent risks, including inaccuracies, transmission failures, distortions, illegibility, delays, or unauthorized alterations. The Transmitter further acknowledges that any request to the Recipient to act upon an Electronic Transaction is made solely for the Transmitter's convenience, and the Recipient is not obligated to process such transactions. The Transmitter expressly authorizes the Recipient to accept and act upon any Electronic Transaction that the Recipient, in good faith, believes to have been submitted by the Transmitter, and such transactions shall be deemed as if executed under the Transmitter's original signature.</p>
--	---

For Electronic Transactions submitted via email by non-individual Transmitter (“Client”), the Recipient shall obtain from the Client a certified copy of its board resolution or an authority letter on official letterhead, expressly authorizing designated officials or employees to execute Electronic Transactions on its behalf.

The Transmitter acknowledges and agrees that the Recipient may implement security procedures to verify Electronic Transactions, which may include but are not limited to signature verification, telephone callbacks, or a combination thereof. The Transmitter consents to the recording of such callbacks and agrees to cooperate with the Recipient to verify transaction requests. A transaction shall be deemed valid only upon appropriate time-stamping in accordance with SEBI regulations and the applicable scheme terms.

In consideration of the Recipient accepting and acting upon Electronic Transactions at its sole discretion (including the right to modify, extend, or discontinue such facilities at any time), the Transmitter agrees to indemnify and hold harmless the AMC, its directors, employees, agents, representatives, the Mutual Fund, and the Trustees (collectively, the “Indemnified Parties”) from and against any and all claims, demands, liabilities, losses, damages, costs (including but not limited to interest and legal fees), and expenses of any nature, whether actual or contingent, arising directly or indirectly in connection with the Indemnified Parties accepting and acting in good faith upon such Electronic Transactions. This indemnity shall apply even in cases where the transaction request was not genuinely submitted by the Transmitter but was reasonably believed by the Recipient to have been so submitted.

The AMC reserves the right to discontinue the acceptance of Electronic Transactions at any time without prior notice. Applications that are incomplete in any respect shall be liable for rejection.

Beneficial Ownership:

SEBI circular dated January 24, 2013 read with SEBI Circular dated October 13, 2023 on identification of Beneficial Ownership has prescribed a uniform approach to be followed for determination of beneficial owners. A 'Beneficial owner' is defined as a natural person/s who ultimately own, control or influence a client and/or persons on whose behalf a transaction is being conducted, which includes persons who exercise ultimate effective control over a legal person or arrangement. All categories of investors (except individuals, company listed on a stock exchange or majority-owned subsidiary of such company) are requested to provide details about beneficial ownership in the specified section of the Fund's application forms. The Fund reserves the right to reject applications (including switches)/restrict further investments from such investors or seek additional information if the requisite information on beneficial ownership is not duly provided. In the event of change in beneficial ownership, investors are requested to update the details with the Fund/Registrar.

Third party Cheques

- i. Third party payments (i.e where payment is made from a source other than that of the first holder) will not be accepted by the Fund, except if made under the following exceptional categories, namely, i) employer on behalf of employee as payroll deductions or deductions out of expense reimbursements for SIP/Lumpsum investments, ii) Custodian on behalf of FPI/client and iii) Payment by Asset Management Company (AMC) to a Distributor empaneled with it on account of commission/incentive etc. in the form of the Mutual Fund Units of the Funds managed by the AMC through Systematic Investment Plans or Lumpsum Investment (w.e.f January 16, 2012). iv) Payment by a Corporate to its Agent/Distributor/Dealer, on account of commission or incentive payable for sale of its goods/services, in the form of the Mutual Fund Units through Systematic Investment Plan or Lumpsum Investment (w.e.f April 20, 2015). In such cases, KYC acknowledgement along with additional declarations will have to be submitted along with the application form, failing which the application will be rejected. Such declaration to be submitted in original & in the prescribed standard format and unique across each lumpsum investment. (Declaration formats can be obtained from ISCs or downloaded from the Fund's website.)
- ii. In case of payment from a joint bank account, first holder in the folio has to be one of the joint holders of the bank account from which the payment is made. Hence, joint holders may pre-register their bank accounts (single/multiple) with the AMC/RTA, by completing the Multiple Bank Account Registration Form, if they intend to make payment on behalf of other joint holder(s) in the folio. In such cases the application will be accepted and not treated as a third party payment.
- iii. Where the payment instrument does not mention the bank account holders name/s or Signature of the units holder as on the investment application does not match with the signature on the payment instrument, investor should attach a cancelled cheque leaf/bank pass book copy to substantiate that the first unit holder is one of the joint holders of the bank account. Where a payment is through a pre-funded instrument, a bank certification of the bank account no. and account holders name should be attached, in the required format. Pre-funded instrument issued against cash shall not be accepted for investments of Rs. 50,000 or more.
- iv. For RTGS/NEFT/online bank transfer etc., a copy of the instruction to the bank stating the account number debited must accompany the purchase application.
- v. The AMC reserves the right to reject the application, post acceptance of the same, if any of the requisite documents/declarations are unavailable or incomplete, in which case the AMC shall refund the subscription money.

Bank Account Numbers

In order to protect the interest of investors from fraudulent encashment of cheques, cheques specify the name of the Unitholder and the bank name and account number where payments are to be credited. As per the directive issued by SEBI vide its letters IIMARP/MF/CIR/07/826/98 dated April 15, 1998, and para 14.12 of SEBI Master Circular on Mutual Funds dated June 27, 2024, it is mandatory for applicants to mention their bank details in their applications for purchase or redemption of units.

	<p>It is important for applicants to mention their bank name, bank account number, branch address, and account type in their applications for subscription or repurchase of Units. Applications without this information shall be rejected.</p> <p>Where the Bank Account details provided for the purpose of Redemption/IDCW payout is different from the Bank Account, which is used for Subscription, then a proof of such bank account should be enclosed along with the Subscription application.</p> <p>Please refer Section II – Bank Mandate for more details.</p> <p>Please refer to the Statement of Additional Information (SAI) and instructions under the Key Information Memorandum cum Application form of the scheme for further details.</p>
The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.	<p>Presently the AMC does not intend to reissue the repurchased units. The Board of Directors of Trustee Company reserves the right to reissue the repurchased units at a later date after issuing adequate public notices and taking approvals, if any, from SEBI.</p>
Restrictions, if any, on the right to freely retain or dispose of units being offered.	<p>i. Lien/Pledge of Mutual Fund units</p> <p>If in conformity with the guidelines and notifications issued by SEBI/Government of India/ any other regulatory body from time to time, Units under the Plan(s) may be offered as security by way of a pledge/charge in favor of scheduled banks, financial institutions, non-banking finance companies (NBFCs), or any other body.</p> <p>Units held in physical form: The AMC and/or the ISC will note and record such pledged/Lien marked Units. A standard form for this purpose is available on request from any ISC and can be downloaded from the AMC's website. Disbursement of such loans will be at the entire discretion of the bank/financial institution/NBFC or any other body concerned and the Mutual Fund assumes no responsibility thereof. The Pledgor will not be able to redeem/switch Units that are pledged until the entity to which the Units are Lien marked/pledged provides written authorization to the Mutual Fund that the pledge/lien charge may be removed. As long as Units are Lien marked/pledged, the pledgee will have complete authority to redeem such Units.</p> <p>The distributions in the nature of IDCWs which are paid out on Lien marked/pledged Units shall be made in favor of the investor, unless understood and accepted between the unit holder(s) and financier/lender.</p> <p>Units held in dematerialized form: In case of Units held in dematerialized form, the rules of Depository will be applicable for Lien marking/Pledge of the Units of the Scheme. Units can be Lien marked/pledged by completing the requisite forms/formalities as may be required by the Depository.</p> <p>The AMC reserves the right to change the procedure for Lien marking/pledge of MF Units from time to time.</p> <p>Fractional Units</p> <p>Since a request for redemption or purchase is generally made in rupee amounts and not in terms of number of Units of the Scheme, an investor may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places for the Scheme. However, fractional Units will in no way affect the investor's ability to redeem the Units, either in part or in full, standing to the Unitholder's credit.</p> <p>ii. Suspension of Sale/Switch-in of Units</p> <p>The Mutual Fund at its sole discretion reserves the right to withdraw/suspend sale (via fresh/additional subscriptions/switch- ins/existing or fresh SIP/STP or such other special product) of the Units in the scheme temporarily or indefinitely, if in the opinion of the AMC, the general market conditions are not favourable and/or suitable investment opportunities are not available for deployment of funds.</p> <p>The sale or switch - in of the Units may be suspended under the following conditions:</p> <ul style="list-style-type: none"> • When one or more stock exchanges or markets, which provide basis for valuation for a substantial portion of the assets of the Scheme is closed otherwise than for ordinary holidays.

	<ul style="list-style-type: none">• In the event of breakdown in the means of communication use for the valuation of investments of the Scheme, without which the value of the securities of the scheme cannot be accurately calculated.• During periods of extreme volatility of markets, which in the opinion of the AMC are prejudicial to the interests of the Unitholders of the Scheme.• When AMC is of the view that further increasing the size of the corpus of the Scheme may prove detrimental to the interest of the existing unit holders.• In case of natural calamities, strikes, riots and bandhs.• In the event of any force majeure or disaster that affects the normal functioning of the AMC, ISC or the Registrar.• If so directed by SEBI. <p>Further, an order to purchase Units is not binding on and may be rejected by the Board of Directors of Trustee Company, the AMC or their respective agents, until it has been confirmed in writing by the AMC or its agents and payment has been received.</p> <p>iii) Suspension of Redemption of units</p> <ul style="list-style-type: none">• The AMC may, subject to specific approval of the Boards of AMC and Trustee Company, impose restrictions on redemptions (including switch- out) in the scheme(s) if there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as:<ul style="list-style-type: none">a) Liquidity issues in the market at large.b) Market failures and/or exchange closures due to unexpected events relating to, but not limited to, political, economic, military, monetary or other emergencies.c) Operational issues due to exceptional circumstances like force majeure, unpredictable operational problems and technical failures.• Restriction on redemption may be imposed for a specific period of time not exceeding 10 working days in any 90 days period.• Any imposition of restrictions on redemption will be informed to SEBI.• In the event that redemption restrictions are imposed by the AMC, in addition to above requirements, the AMC will ensure the following:<ul style="list-style-type: none">a) Redemption request up to Rs. 2 lakh shall not be subject to such restriction.b) For redemption request above Rs. 2 lakh, the AMC shall redeem the first Rs. 2 lakh without such restriction and the remaining part over and above Rs. 2 lakh, shall be subject to restriction, as may be imposed <p>iv) Freezing/Seizure of Accounts</p> <p>Investors may note that under the following circumstances, the Board of Directors of Trustee Company/AMC may at its sole discretion (and without being responsible and/or liable in any manner whatsoever) freeze/seize/do such acts to a Unit holder's account as per instructions (or deal with the same in the manner the Board of Directors of Trustee Company/AMC is directed and/or ordered) under the Scheme:-</p> <ul style="list-style-type: none">• Under any requirement of any law or regulations for the time being in force.• Under the direction and/or order (including interim orders) of any regulatory/statutory authority or any judicial authority or any quasi-judicial authority or such other competent authority having the powers to give direction and/or order.

After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education. AMC shall play a proactive role in tracing the rightful owner of the unclaimed amounts considering the steps suggested by regulator vide the referred circular. The list of names and address of unitholders in whose folios there are unclaimed amounts along with the process of claiming such unclaimed amounts are available on our website www.assetmanagement.hsbc.co.in.</p> <p>For further details refer to SAI.</p>
<p>Disclosure w.r.t investment by minors</p>	<p>Process for Investments made in the name of a Minor through a Guardian</p> <p>As per SEBI circular dated, May 12, 2023, Payment for investment by any mode shall be accepted from the bank account of the minor, parent or legal guardian of the minor, or from a joint account of the minor with parent or legal guardian else the transaction is liable to get rejected.</p> <p>Irrespective of the source of payment for subscription, all redemption proceeds shall be credited only in the verified bank account of the minor, i.e. the account the minor may hold with the parent/legal guardian after completing all KYC formalities.</p> <p>Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, updated bank account details including cancelled original cheque leaf of the new account. No further transactions shall be allowed till the status of the minor is changed to major.</p> <p>The above mentioned provisions are prescribed by para 17.6 of SEBI Master Circular on Mutual Funds dated June 27, 2024 read with SEBI circular dated May 12, 2023.</p>

	<p>Existing unit holders are requested to review the Bank Account registered in the folio and ensure that the registered Bank Mandate is in favour of minor or joint with registered guardian in folio. If the registered Bank Account is not in favour of minor or not joint with registered guardian, unit holders will be required to submit the change of bank mandate, where minor is also a bank account holder (either single or joint with registered guardian), before initiation any redemption transaction in the folio, else the transaction is liable to get rejected.</p> <p>Unit holders are required to submit the supporting document for old bank account as well as new bank account while submitting the request for change of bank mandate.</p> <p>Investors are requested to note that information will be obtained from CVL/SEBI appointed KRA (KYC Registration Agency) database and information in the AMC records will be overwritten. In the event of any discrepancy in the application on account of address or residence status, the application will be rejected and the money will be refunded upon confirmation from CVL/KRA database.</p> <p>The Fund reserves the right to include/exclude new/existing categories of investors to invest in the Scheme from time to time, subject to SEBI Regulations and other prevailing statutory regulations, if any. Subject to the SEBI Regulations, any application for Units may be accepted or rejected in the sole and absolute discretion of the Board of Directors of Trustee Company. The Board of Directors of Trustee Company may inter-alia reject any application for the purchase of Units if the application is invalid or incomplete or if the Board of Directors of Trustee Company for any other reason does not believe that it would be in the best interest of the Scheme or its Unit holders to accept such an application.</p>
<p>Any other disclosure in terms of Consolidated Checklist on Standard Observations</p>	<p>i. Risk-o-meter</p> <p>Based on the scheme characteristics, the Mutual Fund/AMC shall assign risk level for scheme. Any change in risk-o-meter shall be communicated by way of notice and by way of an e-mail or SMS to unitholders of the Scheme. Risk-o-meter shall be evaluated on a monthly basis and Mutual Funds/AMCs shall disclose the Risk-o-meter along with portfolio disclosure for all their schemes on their respective website and on AMFI website within 10 days from the close of each month. Mutual Funds shall disclose the risk level of schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on their website and AMFI website. Mutual Funds shall publish the changes on the Risk-o-meter in the Annual Report and Abridged Summary based on the guidelines prescribed by SEBI from time to time. The AMC shall comply with the requirements of SEBI circulars/guidelines issued in this regards from time to time.</p> <p>ii. Scheme Summary Document</p> <p>The AMC has provided on its website a standalone scheme document called ‘Scheme Summary Document’ for all the Schemes which contains all the details of the Scheme including but not limited to Scheme features, Fund Manager details, investment details, investment objective, expense ratios, portfolio details, etc. Scheme summary document is uploaded on the websites of AMC, AMFI and stock exchanges in 3 data formats i.e. PDF, Spreadsheet and a machine readable format.</p> <p>iii. Creation of segregated portfolio</p> <p>In order to ensure fair treatment to all clause 4.4 of Master Circular, as amended from time to time has allowed creation of segregated portfolio of debt and money market instruments by mutual fund schemes.</p> <p>Segregated Portfolio may be created, in case of a Credit Event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA). It is aimed at ring fencing a bad asset and restrict cascading effect of illiquidity on the rest of portfolio. This will ensure fair treatment to all investors in case of a Credit Event and allow HSBC AMC to deal with liquidity risk. Creation of segregated portfolio shall be optional and at the sole discretion of the AMC.</p> <p>The AMC shall make necessary disclosures as mandated by SEBI, in statement of account, monthly/half yearly portfolio statements, KIM, SID, Scheme Advertisements, Scheme Performance data, AMC’s website and at other places as may be specified. The NAV of the Segregated Portfolio shall be declared on daily basis.</p> <p>For more details, refer SAI.</p>

<p>Other Disclosures</p>	<p>i. Requirement of minimum investors in the schemes/plans of mutual funds</p> <p>The Scheme/Plan (s) shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). However, if such limit is breached during the NFO of the Scheme, the Fund will endeavour to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme/Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme/Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25% limit. Failure on the part of said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.</p> <p>ii. Compliance under FATCA</p> <p>India has executed an Inter-Governmental Agreement (IGA) with the U.S. and the Fund intends to take any measures that may be required to ensure compliance under the terms of the IGA and local implementing regulations. In order to comply with its FATCA obligations, the Fund will be required to obtain certain information from its investors so as to ascertain their U.S. tax status. If the investor is a specified U.S. person, U.S. owned non-U.S. entity, non-participating FFI (“NPFFI”) or does not provide the requisite documentation, the Fund may need to report information on these investors to the appropriate tax authority, as far as legally permitted. If an investor or an intermediary through which it holds its interest in the Fund either fails to provide the Fund its agents or authorised representatives with any correct, complete and accurate information that may be required for the Fund to comply with FATCA or is a NPFFI, Fund may be required to provide information about payment to NPFFI to upstream payor to enable them to make the appropriate FATCA withholding on NPFFIs. Further, we may be compelled to sell its interest in the Fund or, in certain situations, the investor’s interest in the Fund may be sold involuntarily. The Fund may at its discretion enter into any supplemental agreement without the consent of investors to provide for any measures that the Fund deems appropriate or necessary to comply with FATCA, subject to this being legally permitted under the IGA or the Indian laws and regulations. FATCA is globally applicable from July 1, 2014 and in order to comply with FATCA obligations, the Fund will, seek additional information from investors while accepting applications, in order to ascertain their U.S. Person status. The Fund will not accept applications which are not accompanied with information/ documentation required to establish the U.S. Person status of investors. Investors are therefore requested to ensure that the details provided under Section “Confirmation under Foreign Account Tax Compliance Act (FATCA) for determining US person status” of the application form are complete and accurate to avoid rejection of the application (updated forms are available with ISCs or on Fund’s website – www.assetmanagement.hsbc.co.in).</p> <p>Investors should consult their own tax advisors regarding the FATCA requirements with respect to their own situation. In the event of any conflict or inconsistency between any of these Terms and Conditions and those in any other service, product, business relationship, account or agreement between investor and HSBC, these terms shall prevail, to the extent permissible by applicable local law. If all or any part of the provisions of these Terms and Conditions become illegal, invalid or unenforceable in any respect under the law of any jurisdiction, that shall not affect or impair the legality, validity or enforceability of such provision in any other jurisdictions or the remainder of these Terms and Conditions in that jurisdiction. These Terms and Conditions shall continue to apply notwithstanding the death, bankruptcy or incapacity of the investor, the closure of any investor account, the termination of HSBC’s provision of the Services to the investor or the redemption of the investor’s investment in the Fund.</p>

	<p>iii. Common Reporting Standards</p> <p>India has joined the Multilateral Competent Authority Agreement (MCAA) on automatic exchange of financial information in Tax Matters, commonly known as Common Reporting Standards ('CRS'). All countries which are signatories to the MCAA are obliged to exchange a wide range of financial information after collecting the same from financial institutions in their jurisdiction.</p> <p>In accordance with Income Tax Act read with SEBI Circular nos. CIR/MIRSD/2/2015 dated August 26, 2015 and CIR/MIRSD/3/2015 dated September 10, 2015 regarding implementation of CRS requirements, it shall be mandatory for all new investors to provide details and declaration pertaining to CRS in the application form, failing which the AMC shall have authority to reject the application.</p> <p>iv. Compliance with Volcker Rule</p> <p>The Volcker Rule is a part of the U.S. Dodd Frank Act which prohibits U.S. banks from proprietary trading and restricts investment in hedge funds and private equity by commercial banks and their affiliates. HSBC Holdings plc, is a U.S. regulated bank holding company and any entity (company, fund, trust, partnership etc.) located anywhere in the world, that is directly or indirectly controlled by the parent company is subject to the Volcker Rule. The Volcker Rule is effective from July 21, 2015. As part of HSBC's Volcker Conformance obligations, the Fund is required to implement a Compliance Programme to ensure on-going compliance with the Volcker Rule and the AMC must ensure that no HSBC affiliate (fund or business entity) invests in the Fund unless it has implemented necessary controls to ensure that the ownership limits, in line with the Volcker Rule, can be met. Hence, the Scheme may not be able to accept subscriptions from HSBC group entities into the Scheme, aggregating to more than 25% of the voting rights of the Scheme. In the event of the aggregate investment by HSBC group entities crossing the above limits, the AMC will have the discretion to reject any subscription/switch applications received or redeem any excess exposure by the group entities in the Scheme, to be in compliance with the Volcker Rule.</p>
<p>Special Considerations</p> <p>(Please refer Statement of Additional Information (SAI) for more details)</p>	<p>The AMC is also registered as a Portfolio Manager under the SEBI (Portfolio Managers) Regulations, 1993 vide registration no. INP000001322 and is deemed to be registered as such under SEBI (Portfolio Managers) Regulations, 2020. The AMC has proper systems and controls in place to ensure that there is no conflict of interest between the activity of managing the schemes of the Mutual Fund and the activity of Portfolio Management Services and there exist systems to prohibit access to insider information.</p> <p>Further, an asset management company, subject to certain conditions, may also permitted to undertake activities in the nature of management and advisory services to pooled assets including off shore funds, insurance funds, pension funds, provident funds or such categories of foreign portfolio investor subject to such conditions as may be specified by SEBI from time to time, if any of such activities are not in conflict with the activities of the mutual fund. Accordingly, the AMC provides or may provide non-binding advisory services to offshore funds, through the fund managers managing the schemes of the Fund, as permitted under Regulation 24(b) of the Regulations. SEBI vide its email dated November 26, 2020 and letter dated March 20, 2024, accorded it's no objection to the AMC for providing such non-binding investment advisory services to offshore funds, which are appropriately regulated foreign portfolio investors, by the fund managers of the schemes of the Fund. The AMC has proper systems and controls in place to ensure that (a) there is no conflict of interest between the activities of managing the schemes of the Fund and other activities of the AMC; and (b) interest of the unit holders of the schemes of the Fund are protected at all times. In case of an unavoidable conflict of interest situation, the AMC shall make appropriate disclosures in an appropriate manner, which shall include the source of conflict, potential 'material risk or damage' to the Fund's investors' interests and detailed parameters for the same.</p> <p>Further, SEBI vide letter dated May 3, 2024, has accorded it's no objection to the AMC to undertake Alternate Investment Funds activity under the SEBI (Alternate Investment Funds) Regulations, 2012. The AMC before the launch of Alternate Investment Funds activity shall ensure that it has proper systems and controls in place to ensure that there is no conflict of interest between the activity of managing the schemes of the Mutual Fund and the activity of Alternate Investment Funds and there exist systems to prohibit access to insider information.</p>

• Garnishee Notice from Income Tax Authorities:

During the financial year 2011-12, an Income tax demand of Rs. 32.58 crores was purported to be recovered under garnishee proceedings, by Income Tax Authorities in respect of investments made in Pass through Certificates (PTC) by some of the debt schemes (including matured schemes) of HSBC Mutual Fund (HSBC MF), for A.Y. 2009-2010. The said demand, impacting various mutual fund players in the industry, raised originally on the trusts sponsored by IL&FS Trust Company Ltd., (Appellants) was sought to be also recovered u/s 177(3) of the Income Tax Act, from HSBC MF. Similar to AY 2009-10, HSBC MF had received a demand notice from the Income Tax authorities for AY 2010-11 for Rs. 6.95 crores. Further, assessment for the A.Y. 2007- 2008 was also been reopened by the Income Tax Authorities and demand of Rs. 2.04 Crores was made on the trust sponsored by IL&FS Trust Company Ltd. HSBC MF has not received any demand notice from the Income Tax authorities for this assessment year. Against all the above demands, an appeal was filed by the Appellant with the first Appellate Authority CIT(A) and thereafter with ITAT. The matter of several Loan Trusts were consolidated and heard by ITAT and vide order dated 17th February 2017, the Income Tax Appellate Tribunal (ITAT) passed an order allowing the appeal of the assessee and dismissed the appeal of the Revenue. The Department filed Miscellaneous Applications (MA) under section 254(2) of the Income Tax Act with ITAT against the favorable orders passed by ITAT on the ground that the Income Tax Appellate Tribunal has failed to consider all aspects of revenue contentions / appeal. The ITAT has vide its order dated March 25th 2022 dismissed the MA filed by department. An appeal filed by Revenue in the High court against the aforesaid order of February 2017 is pending before High Court.

- The AMC had acquired the entire share capital of L&T Investment Management Limited (“L&T AMC”), the asset management company of erstwhile L&T Mutual Fund, on 25th November 2022 and L&T AMC was subsequently merged into the AMC. On 02nd August 2024, Directorate General of Goods & Services Tax Intelligence has issued a Show Cause Notice (SCN) to the AMC in a matter related to claiming of Input Tax Credit on distributor commission pertaining to mutual fund schemes by L&T AMC for the period July 2017 to Oct. 2018. GST Authorities have issued an order in this matter on 21st January 2025 upholding the contentions raised in the SCN. The AMC is in the process of filing an appeal against this order.

5. Any deficiency in the systems and operations of the Sponsor(s) and / or the AMC and / or the Board of Trustees / Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed.

There are no deficiencies in the systems and operations of the Sponsor of the Mutual Fund and / or the AMC and / or the Board of Trustees which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency to be disclosed in SID.

The above information has been disclosed in good faith as per the information available to the AMC.

Please refer to the weblink ([Penalties and related disclosures](#)) for updated details of pending litigations.

Notwithstanding anything contained in this SID, the provisions of the SEBI (Mutual Funds) Regulations, 1996 and the guidelines there under shall be applicable.
