HSBC Equity Savings Fund

(An open ended scheme investing in equity, arbitrage and debt)

June 2026

Why HSBC Equity Savings Fund

The fund aims to generate regular income by predominantly investing in arbitrage opportunities in the cash and derivatives segments of the equity markets and debt and money market instruments and to generate long-term capital appreciation through unhedged exposure to equity and equity related instruments.

The arbitrage components in the portfolio of these schemes try to minimise the downside risk

The fund manager can decide asset allocation between equity and debt depending on prevailing market and economic conditions as per indicative allocation given in the Scheme Information Document.

Investment predominantly in arbitrage opportunities in the cash and derivatives segments of the equity markets; and debt and money market instruments
