Why HSBC Conservative Hybrid Fund?

- The Scheme shall invest in debt and money market instruments and would seek to generate regular returns
- The scheme may also invest in equity and equity related instruments to seek capital appreciation
- A top down and bottom up approach will be used to invest in equity and equity related instruments
- Aims to create a corpus through generating inflation-adjusted returns

Fund Approach

- Duration management to seize potential upsides when interest rates are expected to soften while also reducing risks in an uncertain environment
- Investments in a liquid portfolio to enable positioning changes based on evolving scenario.

Investment Objective

To seek generation of reasonable returns through investments in debt and money market Instruments. The secondary objective of the Scheme is to invest in equity and equity related instruments to seek capital appreciation. However, there can be no assurance or guarantee that the investment objective of the scheme would be achieved.
